Action Type

1) Legislative: Actions that relate to subjects of a long term and general applicability; such as the passing of ordinances/resolutions/policies/etc.

Strategic Plan Alignment:

Please provide specific alignment with the 2021-2022 strategic plan in identifying the overall broad goal and potential icon and definition and focus area on the goal. For example:

- Community and Economic Vitality – This request aligns with the Town's retail strategy by increasing daytime employment and adding new primary employers to the local community. Additional daytime population will help drive the need for and substantiate the case for additional retail services within the Town.

Summary Statement:

"Introduce" the request in a concise manner within the space provided. Additional information can be added below. Don't write a book, however, don't merely restate the Staff Report title above

Detail of Issue/Request:

Fully describe the issue or request. Focus on answering what, why and how more thoroughly. This may include referring to trends, statistical charts or policy documents. If you choose to refer to other materials, either include a copy or make the reference clear enough that the reader can easily find the reference material.

If the issue involves a project, you may want to describe the anticipated timeframe for completing the project. If replacing a piece of equipment that is budgeted, you should describe the condition of the equipment that is being replaced (e.g. mileage, safety concerns, etc.).

Address why this matters to the community and/or how it affects the community in a positive way.

Note: If proposing a change to a Frederick Municipal Code, Town Policy, the Frederick Land Use Code, etc., always include a copy of the respective page(s).

Legal Comments:

Discuss any legal or political issues that may be affected by this decision. If there are not any, put "Not Applicable". Examples might include "This issue is required to be addressed in this manner by the Taxpayer's Bill of Right's (TABOR)" or "Section V. of the Frederick Municipal Code requires this issue to be addressed in this manner".

> Note: You should consult with the Town Attorney when discussing legal issues to avoid creating "additional" liabilities. Be careful of unintended consequences

Alternatives/Options

Discuss any possible alternatives or other options that were considered or that may be available for consideration. Indicate the reason(s) why the proposed choice was selected over other alternatives.

Note: If you haven't thought of any alternatives or options, then you probably haven't thought enough about the issue!!

Financial Considerations

This section is primarily for more complicated issues that involve grants, debt financing, etc., If the item is already budgeted and no additional funds are necessary, then the fiscal note on page one should suffice. If this section does not apply, put "Not Applicable".

Staff Recommendation

This section is reserved for staff's recommendation on the issue in question. However, there may be times where several issues are commingled together and staff recommends approving some components, but not others. If this is the case, you need to fully describe the recommendation.

Strategic Plan Alignment:

2. Community and Economic Vitality – This request supports the strategic goal of updating the Comprehensive Plan and includes the Downtown Development Plan which supports revitalization strategies on 5th Street.

2.3 Complete analysis of revitalization strategies for 5th Street, engaging all stakeholders and strategic partners, including Downtown beautification, a cultural center with potential programming for youth, and a re-visioning of Crist Park to include lighting and safety improvements

2.4 Continue work on updating the Comprehensive Plan and Downtown Plan.

Summary Statement:

This is a request to adopt a new Comprehensive Plan and designate the Future Land Use Map as the 3-mile plan.

Detail of Issue/Request:

In the fourth quarter of 2022, staff partnered with RICK Planning + Design to begin updating the Frederick Comprehensive Plan and Downtown Plan. Over the course of 2023 and 2024, the team conducted three

extensive rounds of outreach, engaging over 4,000 individuals in both English and Spanish. This outreach was carried out through a variety of channels, including in-person open houses, community events, stakeholder meetings, and online platforms. We deeply appreciate every individual who took the time to share their thoughts, fill out surveys, or attend events. Your commitment to Frederick's future is truly inspiring—thank you, Frederick!

The team successfully completed three checkpoints with the Board of Trustees and four with the Planning Commission. The Frederick Forward Steering Committee held eight meetings, with all three groups providing invaluable support and guidance on the information and graphics included in the Frederick Forward Plan.

As required by State Statute, the Town must designate a three-mile plan for use during the annexation process, with annual updates. Historically, the Town has used the Comprehensive Plan's Future Land Use Map as its three-mile plan.

If the Planning Commission moves to adopt the Frederick Forward Plan and designates the Future Land Use Map as the three-mile plan, the Board of Trustees will need to ratify the decision.

Staff is continuing to work on the Downtown Plan, which will supplement the Frederick Forward Plan.

Public Notice: This project was properly noticed according to the requirements found in C.R.S. §24-6-402(2)(c).

Legal/Political Considerations: The application has been reviewed by the Town Attorney, whose comments have been incorporated accordingly.

Staff Recommendation: Staff recommends the Planning Commission adopt the Frederick Forward Plan and Future Land Use Map as the 3-mile plan and request the Board of Trustees ratify the decision.

Alternatives/Options:

Approval: I move to approve PCR-2024-04, which adopts the Frederick Forward Plan and designates the Future Land Use Map as the 3-mile plan and forwards it to the Board of Trustees for ratification.

Approval with Conditions: I move to approve PCR-2024-04B, which adopts the Frederick Forward Plan and designates the Future Land Use Map as the 3-mile plan and forwards it to the Board of Trustees for ratification with the following conditions; 1. (list conditions)

Denial: I move to approve PCR-2023-04C, which recommends denial of the Frederick Forward Plan.

Executive Summary

The Frederick Comprehensive Plan serves as an advisory document, guiding the community over the next 10 to 25 years. This section provides an overview of the key takeaways and major outcomes of the Comprehensive Plan process conducted in 2023 and 2024 and a summary of the most significant goals for Frederick through 2050.

Community Vision

Input from the community throughout the planning process resulted in the following Vision Statement, representing the long term, overall goal for the desired position of the community over the next 25 years.

Frederick celebrates its values, relationships, and connections as a community while providing economic vitality for residents and local businesses, quality places to live, and neighborhoods and districts with distinct character.

The following tenets or guiding principles help provide additional guidance for Frederick in achieving this desired vision.

- A well connected, outdoorsy community
- Preserving and enhancing Frederick's small town character
- Economic development for businesses of all sizes
- A strong and growing Downtown
- Thoughtful development of community infrastructure

Recommendations

The following presents overarching recommendations from the Comprehensive Plan, across the range of topic areas.

Future Land Use and Community Character

The Future Land Use Plan preserves areas to the west as agricultural and open space uses and focuses non-residential activity around a series of different mixed use focus areas, including:

- The Downtown Hub
- The Gateway Hub
- Community Hubs
- Neighborhood Villages

The Future Land Use Plan anticipates the growth and regeneration of **Downtown Frederick**, within the existing footprint of the district and through the expansion of the Downtown to the south and west. The **Gateway Hub** at I-25 and Highway 52 will serve as a regional hub for employment, commercial and entertainment uses, and various types of housing. The **Community Hubs** and **Neighborhood Villages** will provide focal points for local neighborhoods, with restaurants, shops, gathering places, and amenities serving residents within walking or biking distance.

The Future Land Use Plan also includes a new category, **Adaptable Neighborhoods**, that will allow for a wider variety of housing types, to include different attached housing units (such as townhomes or duplexes) as well as multi-family housing. An overall intent of the Future Land Use Plan is to provide the foundation for the development of a broader range of housing choices in Frederick, to serve different types of households, and to provide units that are more attainable from a cost perspective, for residents.

Chapter 5 of this document provides community design and community character guidance for the different land use types depicted in the Future Land Use Plan. The plan calls for the creation of public spaces and streets that encourage multimodal movement (for people walking and biking) and creation of desirable environments for residents and visitors.

Parks, Trails, and Open Space

The Frederick Comprehensive Plan establishes the framework for the growth of the parks and open space system serving the Frederick area. The **Frederick Central Loop Trail** and other regional trail greenways and connections will serve as the backbone of the community's future recreational system and will help link the various types of districts depicted in the Future Land Use Plan. These greenways will serve as more than normal recreational corridors and will serve as the connecting spine to help link different areas of Frederick together. They will include a wide variety of amenities that will make the greenways central gathering places in the Town. The Comprehensive Plan provides the vision for the creation of neighborhood parks and other smaller parks, with amenities that go beyond conventional park design and serve the full range of community members and visitors.

Multimodal Transportation

The Frederick Comprehensive Plan builds upon the Frederick Transportation Master Plan from 2021 to create the vision of developing **"Complete Streets"** corridors that help enhance the character of the community as it grows. The plan outlines the design of various street corridor types in Frederick as important parts of the public realm, rather than merely as transportation routes. Therefore, the different street types and corridors in Frederick will be designed with landscaping, art, public art, trees, and other elements to serve users of all travel modes and provide a comfortable environment for residents and visitors. The Comprehensive Plan also prioritizes the completion of plans and implementation of improvements for the Highway 52 corridor, to serve the growth of Frederick and its neighboring jurisdictions in southwest Weld County.

Housing and Economic Development

The Frederick Comprehensive Plan emphasizes the development of a wider range of housing types in the community, to serve the full range of households living in Frederick or desiring to live here. The plan suggests a range of strategies to explore to facilitate the development of attainable housing. In terms of economic development, the plan encourages the continued development and expansion of training and apprenticeship programs in the local area, the support of local and small businesses in the community, and leveraging regional partnerships to attract new employers and investment in Frederick.

Implementation

The Frederick Comprehensive Plan concludes with an implementation framework that the Town staff, elected and appointed leaders, and the community will use to establish priorities and projects to bring the vision for Frederick to reality. Readers should consult this chapter to understand how different entities and parties will coordinate to complete the various projects and ideas presented in the Comprehensive Plan.

2

The Planning Process

What is a Comprehensive Plan and How Will the Community Use It?

A Comprehensive Plan serves as a high level, advisory document that guides the operations and evolution of a community over a long-term period (typically, 10 to 20 years). The Frederick Comprehensive Plan establishes a set of goals and action items relating to future land use and development; community character; housing and economic development; parks, trails, and open space; multimodal transportation; community facilities and services; infrastructure; and resiliency. Importantly, it also outlines how the community will implement the action items resulting from the plan including how Frederick can partner with other jurisdictions and organizations.

Communities develop, use, and maintain Comprehensive Plans to proactively plan for potential changes in a town, to maintain or improve the quality of life, and to help establish priorities for a community's resources, initiatives, and programs. Frederick's Planning Commission and Board of Trustees will use this document to help evaluate land use proposals, develop budgets on an annual basis, prioritize the actions and work plans of Town officials and employees, and to guide the ongoing actions of the Town government along with different boards and commissions. The Comprehensive Plan serves as the umbrella document that informs other current and future planning documents, including the Parks, Recreation, Open Space, and Trails Plan, the Downtown Plan, and plans for individual parks, neighborhoods, and districts within Frederick. It also establishes the vision and regulatory structure for Frederick's Land Use Code Update, which sets formal regulations for development in the Town.

Residents, businesses, and visitors use the Comprehensive Plan to understand the vision for the community, the goals and action items the community is pursuing, and how different areas around Frederick will change and develop over the next 20 years.

Under Colorado law, Comprehensive Plans are advisory in nature and are not binding on the future actions of the Town, the Board of Trustees, the Planning Commission, or other boards and commissions in Frederick. Colorado statutes empower the Planning Commission to formally review and adopt the Town's Comprehensive Plan and refer it to the Board of Trustees, the Town's governing body, for ratification.

Organization of the Frederick Comprehensive Plan

The Frederick Comprehensive Plan is organized around a set of Goals and Action Items, by topic. Elected leaders, Town staff, the business community, residents, and visitors can refer to each chapter for guidance regarding how the community will achieve its Vision for the future. The following text provides definitions of Goals and Action Items.

Goals

A goal is a qualitative statement of desired direction or future condition(s). Goals read like directives to the community at-large. Goals should be carefully crafted to ensure that they are achievable. An example of a goal for Parks and Open Space may be to "maintain an interconnected systems of trails, open lands, and natural areas using a variety of conservation methods."

Action Items

Actions summarize recommended initiatives that the Town should pursue to achieve the goals identified in each chapter of the Comprehensive Plan. Some goals may have many actions and some goals may have only a few actions.

Actions can be assigned to general categories, such as:

- Regulations (e.g., changes to the Town's municipal codes)

- Plan development / revisions
- Public / capital improvements
- Policy changes / updates
- Programs
- Coordination and Partnerships
- Financial mechanisms

The Planning Process

The "Frederick Forward" community engagement effort encompassed the gathering of community and stakeholder input for both the Frederick Comprehensive Plan and the new Downtown Plan (a separate document). Frederick Forward involved a very comprehensive outreach program to residents of Frederick and surrounding communities, business owners and developers, community organizations, and elected and appointed leaders in the Town. It also involved outreach in both English and Spanish to reach Spanish speakers in the Frederick area. Frederick Forward involved input from over 4,000 individuals in 2023 and 2024.

Project Webpage and Town-Initiated Publicity

A project webpage (www.frederickforward.org) provided information throughout the planning process including the project schedule, links to online versions of the three community surveys, a mapping tool for participants to provide comments on different areas around Frederick, copies of alternatives and draft versions of components of the plan, and links to provide comments and ask questions of the project team.

The Town of Frederick promoted community surveys and open houses through its email newsletter (Frederick Flash), social media posts, and the Town's webpage. Members of the Board of Trustees and other boards and commissions also promoted activities tied to Frederick Forward through their contacts. The project team maintained a contact list of individuals and organizations participating in the planning effort and provided updates regarding surveys and the progress of the plan to these contacts.

In-Person Engagement: Open House and Community Events

Frederick Forward engaged the community through dozens of outreach sessions in 2023 and 2024 as the Comprehensive Plan took shape. The project team conducted sessions at the following venues, meetings, and events.

- Community Open House, June 2023
- Community Open House, March 2024
- Talk and Tour sessions in 2023 (a total of five different neighborhood gatherings around Frederick, hosted by the Board of Trustees, during evenings in the Summer of 2023)
- Frederick in Flight festival, June 2023
- Chainsaws and Chuckwagons festival, July 2023
- Pop-Up Outreach at the following Frederick businesses:
  - Mountain Cowboy (three times)

- Mirror Image Brewing (six times)
- Gabe's Café (two times)
- Rumbo 52 restaurant (two times)
- Peel Handcrafted Pizza (two times)
- Georgia Boys restaurant (three times)

- Pop-Up sessions at Carbon Valley Recreation Center (five times)
- Presentation to seniors' lunch at Carbon Valley Community Center
- Presentations to third grade classes at Legacy Elementary School (two times)

Stakeholder Meetings and Other Presentations / Meetings

- Frederick Business Roundtable
- Presentations to Carbon Valley Chamber of Commerce (two times)
- Presentations to Carbon Valley Rotary (two times)
- Presentations to PROST Commission (two times)
- Presentations to Frederick Planning Commission (two times)
- Work sessions with Board of Trustees (two times)
- Developer Forum
- Presentations to Student Council at Frederick High School (three times)
- Carbon Valley Recreation District

A Steering Committee of 12 community members met on a regular basis to review content for the planning effort, provide feedback and input, and discuss the overall direction of Frederick Forward. This committee included local business owners, a representative from the Planning Commission, and representatives from various community organizations.

In addition, the Frederick Forward team met with interested property owners and business owners as needed throughout the process to discuss issues specific to their interests as the future land use plan and other components of the plan developed over time.

Project Timeline

The Frederick Comprehensive Plan developed over a timeline of roughly 18 months, as outlined below. Town staff updated the Board of Trustees and Planning Commission regarding the progress of the plan throughout the process and the project website contained updates regarding the schedule.

Community Context

The following provides highlights of the context of the Frederick community and major factors of the community's position that impacted the discussions and decisions made during the Comprehensive Plan process. The Appendix to this document contains a complete Existing Conditions report for Frederick, for reference.

Continued Population Growth

Frederick has steadily grown over the last 40 years, from a population under 1,000 in 1990 to around 16,000 in 2023. The Town anticipates growth to a population of over 17,000 residents by 2028. Future population growth will depend on several factors, including economic cycles, water availability, and the desires of individual property owners. Given the growth of the I-25 corridor over the next 20 years, Frederick could grow to 40,000 to 60,000 residents within the next 25 years.

Lack of housing diversity

As of 2023, single family detached housing represented around 95 percent of all housing units in Frederick. In contrast, most communities around metro areas nationwide include a much wider range of housing, including single family attached units, apartments, and senior housing units. The lack of housing diversity in Frederick limits the options for places to live for younger people and for older populations. It also limits options for single person households and individuals who work in Frederick but are unable to find adequate housing. At the same time, rising costs of rent and home ownership have created significant challenges for current and prospective residents, at nearly all price points. Housing has emerged as a significant crisis facing communities in Colorado and the issue remains a top concern in Frederick.

Need to grow employment base

With a jobs-to-housing ratio of 0.79, Frederick continues to operate as a "bedroom" community for surrounding employment hubs, including Boulder, Denver, Fort Collins, and other larger cities. The Comprehensive Plan aims to provide the framework for the continued growth of employment and overall economic growth in Frederick.

Need for transportation improvements

Residents have expressed significant concerns with traffic backups and safety issues on Highway 52. Several of the arterial roads in Frederick will require some expansion as the community grows (such as Silver Birch, Godding Hollow, etc.). Community members have concerns about the safety and lack of facilities for people walking and biking around Frederick. The Comprehensive Plan presents goals and strategies to proactively plan for the community's transportation system.

Need for additional retail and commercial businesses

For years, Frederick has been losing sales tax revenue to neighboring communities, including Firestone, Erie, and other towns in northern Colorado. The opening of the King Soopers Marketplace in 2025 will significantly grow the Town's retail tax base. However, the community will need to continue to build its commercial tax base to provide for the services, amenities, and improvements highlighted in the Comprehensive Plan and the Town's normal operations. Frederick's strategic location along the I-25 corridor presents opportunities to build the commercial strengths of the community, through new retail and entertainment offerings and new employment areas.

Constrained and Expensive Infrastructure Systems

Frederick continues to proactively plan for its water availability to serve growth. However, the cost of water is very high and threatens to hinder growth in Frederick and many other communities in the region. In addition, the costs of expanding other trunk infrastructure lines (such as sewers and stormwater) are significant. The Comprehensive Plan explores ways to efficiently use infrastructure resources and to plan more proactively for Frederick's long term infrastructure needs.

4

Community Vision

Frederick Forward gathered input from thousands of residents, businesses, and visitors throughout the process that informs the 20-year Vision for the community. The first and second rounds of community outreach in 2023 gathered input regarding the major issues or challenges facing Frederick and how participants envision the community evolving over the next 20 years.

The following key words and phrases emerged to describe the desired position or nature of Frederick in the future:

- Small town character, anchored by a strong and historic Downtown
- A connected community, between different neighborhoods and parts of town
- Welcoming, down to earth, and accessible
- A fun place to be, with great restaurants and places to spend time
- A community geared toward small and locally owned businesses
- A great community for families, young people, and the older population
- Focusing on an active, outdoorsy Colorado lifestyle
- A distinct character, avoiding the cookie-cutter nature of most communities along the Front Range

This input, along with various discussions with stakeholders and the broad program of community engagement described in Chapter 2, informed the following Vision Statement for Frederick in 2045.

> **Frederick celebrates its values, relationships, and connections as a community while providing economic vitality for residents and local businesses, quality places to live, and neighborhoods and districts with distinct character.**

The following provides additional description of the key tenets underpinning the Community Vision:

A Well Connected, Outdoorsy Community

Frederick has a system of outstanding greenways, trails, and open space corridors that connect the major destinations in town, including Downtown, the Frederick Recreation Area, Frederick Regional Park and Open Space, and other community hubs and districts outlined in this plan. These open space and recreational corridors unite the east and west sides of Frederick and connect the town with its neighbors and with regional trails. The Frederick Central Loop Trail is a signature amenity that serves as a focal point for the community. Frederick has a great system of parks, trails, and open spaces that celebrate the region's outdoor lifestyle and make the community one of the most desired communities in the region.

Preserving and Enhancing Frederick's Unique Character

The consensus from input throughout Frederick Forward indicated that the community understands that the area will continue to grow and develop over time. However, the community wants to avoid cookie-cutter suburban development and thoughtfully pursue development that builds upon the unique character of Frederick. The Frederick Comprehensive Plan establishes principles for community design and the Land Use Code builds upon these principles by setting regulations that maintain the desired character of neighborhoods and districts as the community continues to grow.

Economic Development for Businesses of All Sizes

Frederick will continue to seek out opportunities to attract and retain larger employers providing good paying jobs. At the same time, the community will focus on providing support for local and small businesses and promote an entrepreneurial environment that encourages start-ups, mom and pop operations, and other smaller enterprises. Frederick will continue to leverage its quality of life and its unique small-town atmosphere to promote quality economic development in the community.

A Vibrant and Thriving Downtown

As illustrated in the Frederick Downtown Plan, the downtown district will build upon its small-town heart along 5th Street and will expand in the immediate vicinity and to the south and west as the community continues to grow. The Frederick community considers the downtown district to be the heartbeat of the small-town nature of the community and a special asset to continue to nurture and improve over time. As other communities along the I-25 corridor continue to grow and expand, Frederick will carefully develop its downtown, with the goal of creating the best, and most vibrant and thriving, downtown in the local area and the most desired downtown district between Denver and Fort Collins. The community will continue to add desired and unique amenities, including improvements to Crist Park and Centennial Park, a farmers market, and other civic destinations in the downtown area. Downtown Frederick will continue to serve as the central focal point for the community and the most popular gathering place in the Carbon Valley.

Quality Neighborhoods with Diverse Housing Options

Frederick will support the development and maintaining of strong neighborhoods with a variety of housing options to support existing and future residents. Neighborhoods across Frederick will provide housing options for various types of households and ranges of incomes. By having a diverse range of housing available, Frederick will serve as a great home for residents at every stage of life.

Thoughtful Development of Community Infrastructure

Frederick will continue to proactively plan and implement improvements to local streets and transportation corridors in advance of growth and development, including improvements to major corridors such as Highway 52 and Colorado Boulevard. The Town will invest in multimodal transportation improvements to improve safety and efficiency and positively impact transportation corridors and neighborhoods. It will proactively plan for water and other infrastructure and will promote policies and actions to conserve water and plan for infrastructure in a resilient manner. The community will develop community infrastructure designed to serve Frederick in an orderly manner over the next two decades.

5

Community Framework and Community Character

Frederick Forward, through the Future Land Use Plan presented in this chapter and associated guidelines regarding the desired character of different areas in the community, helps shape the development of neighborhoods, shopping and gathering areas, employment centers, open space, and other areas around Frederick. The Future Land Use Plan provides the framework for the future use of land, including development and redevelopment, for areas within the current boundaries of the Town of Frederick and for surrounding unincorporated areas of Weld County, located within the Planning Area for the Town. The Future Land Use Plan outlines the patterns of growth and redevelopment the Frederick community expects over the next two decades and it will provide the basis for the evaluation of development and land use proposals as the Town continues to grow and evolve.

The Future Land Use Plan has a planning horizon of 2050. Projections for growth in Weld County and surrounding areas, input from Town leaders, and input throughout the Frederick Forward process from community members and stakeholders influenced the development of the Future Land Use Plan. The timing of development of the different areas shown on the Future Land Use Plan will depend on market forces, the desires of property owners, ongoing community and stakeholder input, and decisions made by elected leaders in Frederick. The Town of Frederick will revisit and make necessary revisions to the Future Land Use Plan on a regular basis (at least every five years) as conditions and influencing factors change, to ensure that the plan remains a strong and viable tool to guide community growth, development, and redevelopment.

Guiding Principles: Community Framework and the Future Land Use Plan

Drawing from community input from throughout the Frederick Forward process, the Future Land Use Plan and the overall community framework draw from the following "guiding principles."

The Creation of "15-Minute Neighborhoods"

Many of the existing neighborhoods around Frederick remain spread out across the landscape. Input from community members throughout the Frederick Forward process noted that residents currently drive to most of their daily destinations, including stores, places to eat and drink, and major local parks. While the community may address some of these concerns over time by adding more restaurants and places of business around Frederick, the Future Land Use Plan anticipates creating a framework where residents will have access to their daily needs within an accessible, 15-minute walk from their place of residence. Places developed as "15-Minute Neighborhoods" provide access within a short walk or bike ride to a café or eatery, a grocery store or similar store with everyday needs, a park, a library, and a community gathering place. The development of these types of neighborhoods encourages residents to conduct much of their daily activities by foot or by bike and thus avoid using vehicles to complete regular errands. By encouraging more walking and biking, these neighborhoods help foster greater interactions between residents and visitors, create greater levels of activity and vitality in neighborhoods, and better tie primarily residential areas with nearby employment centers and local businesses. As outlined on the pages that follow, Frederick Forward creates a vision for a series of "community hubs" and "neighborhood villages" distributed around the Frederick area, providing local access to daily needs, for nearby residents. In addition, a new land use category for neighborhood development, the "Adaptable Neighborhood" category, allows for the development of small retail shops or destinations (such as a corner coffee shop or small retail store) within the fabric of residential neighborhoods, providing additional local destinations for residents and visitors. As Frederick continues to evolve, this framework provides the foundation for a more integrated network of neighborhoods that serves local needs, reduces reliance on local vehicular trips, and provides for greater levels of vitality. As outlined in the figure that follows, around 83 percent of respondents to the third community survey either "strongly agreed" or "agreed" with the general concept behind the "15-Minute Neighborhood."

3rd Community Survey, Question 2 - One of the foundations of the Draft Future Land Use Plan is the idea of creating neighborhoods and organizing land uses so that residents can have their daily needs (coffee shop, small store, locally based retailer, etc.) within walking or biking distance, to reduce the need to drive around town. What is your opinion of this idea as a foundation for the plan?

Connected Network of Hubs and Villages

The Future Land Use Plan orients a series of mixed-use regional hubs (the Downtown Hub and the Gateway Hub at I-25 and Highway 52), Community Hubs, and Neighborhood Villages around different areas within the Frederick planning area. These hubs and villages will emphasize the mixing of different land uses (residential, commercial, civic, etc.) to foster increased vitality and community integration and reduce reliance on vehicular travel. The Frederick Central Loop Trail, described in greater detail in Chapter 6, will serve as a central greenway for the community, connecting areas to the east and west of I-25. The Frederick Central Loop Trail will connect the regional hubs and several Community Hubs and Neighborhood Villages depicted on the Future Land Use Plan, thus allowing residents and visitors to walk, bike, or use a scooter to connect between these different districts of activity around Frederick in the future, without having to travel along arterial roads. The development of eateries, breweries, civic gathering places, and other amenities within the hubs and villages will provide amenities and destinations along the Frederick Central Loop Trail. Additional trails and street connections will link hubs and villages along the Frederick Central Loop Trail to outlying community hubs and neighborhood villages within the planning area. Together, the system of hubs and villages will provide a variety of choices for residents and visitors for places to live, work, and play around the Frederick community.

Respondents in the second community survey for Frederick Forward chose (in Question 13) between a series of concepts for the overall organization of development in the community and preferred locations for the concentration of non-residential activity (such as commercial businesses and eateries). The Future Land Use Plan integrates elements of the two most popular concepts (Concepts 1 and 2) through the development of two regional hubs, community hubs, and neighborhood villages.

2nd Community Survey, Question 13 - I like the following orientation for how Frederick should evolve the next 20 years, as shown. (Please select ONE option):	
OPTION	RESPONSES
Concept 1 – "Community Hubs" – Focusing retail and shopping in larger, main hubs (Downtown; Hwy 52 / I-25; and Hwy 52, west of Aggregate Ave), involving several blocks of development with strong transportation connectionsbetween them (including trails, trolleys, shuttles, gondolas, or similar ideas)	38.4%
Concept 2 – "Fabric of Districts" – Creating a network of smaller neighborhood hubs or districts (of one to two blocks in size), with their own character, with places to live, work, and conduct daily business.	27.2%
Concept 3 – "Focus on Corridors" - Focusing retail and shopping along major corridors such as Colorado Blvd, Highway 52, and I-25	22.7%
Concept 4 – "Suburban Status Quo" – Following the traditional patterns of development in the area	7.5%
Other – Please add your thoughts	4.3%

Increased Housing Diversity

As mentioned in Chapter 3, single-family detached homes represent around 95 percent of the existing housing stock in the Town of Frederick. The community lacks a diversity of housing to provide options for households less likely to desire or be able to afford the traditional, detached house in Frederick, including seniors, young adults, lower income individuals, individuals with disabilities, and other households that desire smaller or lower-maintenance housing choices. Frederick lacks options in terms of townhomes, condominiums, senior living communities, apartments, and other forms of housing. As outlined in the pages that follow, the Future Land Use Plan provides additional opportunities around Frederick, particularly within the Adaptable Neighborhood and various Mixed-Use land use designations, for the development of a broader fabric of housing to serve the Frederick community in the future. Input from stakeholders and elected leaders in Frederick throughout the Frederick Forward process supported efforts to diversify the range of housing offered in the community, and the Future Land Use Plan focuses on providing the foundation for this diversity as the community continues to evolve through 2050.

Open Space and Agriculture Preservation

Throughout the Frederick Forward process, community members noted that Frederick's small-town charm and heritage as an agricultural area in Weld County remain two of its best characteristics, even as the area continues to experience growth. Many residents moved to the Frederick area to enjoy more open space, proximity to nearby farming areas, and the stunning views of Longs Peak and the Front Range Mountains. The Future Land Use Plan continues to preserve large portions of the planning area, toward and beyond Boulder Creek, as areas for preservation as open space or agricultural uses. The Plan includes a new area designated as Open Space / Agricultural Preservation, to the west of Boulder Creek, east of County Line Road (CR 1), and to the south of Weld County Road (WCR)-20. In response to community input received through the third community survey, the final version of the Land Use Plan incorporated some additional areas for Open Space / Agricultural Preservation to the west of Aggregate Blvd (near the Frederick Regional Park and Open Space) and to the south and west of I-25 and Highway 119.

In addition, the Future Land Use Plan identifies the general corridor for the Frederick Central Loop Trail and several other greenway corridors, connecting with regional trails and with adjacent jurisdictions. While plans for individual neighborhood developments will incorporate neighborhood and other smaller parks over time, the Future Land Use Plan identifies these major greenway or open space corridors as notable foundations of the overall community framework.

The third community survey for Frederick Forward highlighted the draft version of the Future Land Use Plan and gathered input regarding the level of support for the plan and additional comments on desired edits to the elements of the plan. Nearly 70 percent of respondents to the third survey indicated that they either loved the Draft Future Land Use Plan or "like it, but would modify it a bit."

Guiding Principles: Community Design Framework

The Future Land Use Plan reflects the overall desire of community members and stakeholders, communicated over the course of the Frederick Forward process, to create a well-designed community, as opposed to "Anywhere USA." While the community understands that growth is continuing across the Carbon Valley and this part of Colorado, Frederick remains dedicated to creating neighborhoods, districts, parks, and places that reflect the unique, friendly, small-town vibe of the community. Frederick desires community design that avoids "cookie cutter" planning and results in neighborhoods and districts that stand the test of time. To that end, the following overarching community design principles guide the development of public and private spaces across all land use categories depicted in the Future Land Use Plan.

Comfortable, Attractive Public Realm Areas

Community members expressed support for the creation of street corridors and public areas in Frederick that feature attractive, well-designed landscapes, as opposed to standard-issue roadway or street designs. While acknowledging that growing and maintaining trees will require a certain level of irrigation, the community strongly supported design guidance and street and trail designs that emphasize the planting of trees for the value of shade and of cooling the air temperature during the hotter months in Frederick. The Frederick community also expressed support for the integration of public art within commercial and residential areas in the future, and many community members expressed support for the expansion of art beyond the chainsaw carvings found in many locations around Frederick.

High Quality Residential Design

The community expressed, in the second survey for Frederick Forward, support for the development of residential neighborhoods that emphasize front porches, to encourage greater interaction between residents and add to the level of activity along residential streets. Question 10 in the second community survey contained a scoring scale from 1 to 6, with 1 meaning "most preferred" and 6 meaning "least preferred" as strategies to provide for neighborhood character and avoid "cookie cutter" residential design. Around 60 percent of respondents in Question 10 in the second community survey ranked the statement "Require homes to have front porches to encourage greater activity and connections within neighborhoods" with a score of 1 to 3. Respondents also supported requirements for residential neighborhoods to integrate public art. Over 53 percent of respondents assigned a rating of 1, 2, or 3 to requirements that developments "locate some driveways and garages to the rear of homes, to enhance the appearance of local streets." Nearly 68 percent of respondents assigned ratings of 4, 5, or 6 (meaning "less preferred") to the statement that read that neighborhood developments should "follow the practices that developments in the Carbon Valley have followed over the last 10 to 20 years." Drawing from this input, the Comprehensive Plan and the Land Use Code Update set the foundation for regulations and guidance for the development community to create residential neighborhoods with a greater attention to quality and design.

High Quality Commercial Design

Similarly, the community expressed the desire to pursue several strategies to enhance commercial character and avoid "cookie-cutter" design, as illustrated in the results of Question 12 from the second survey. Respondents to this survey supported requirements for commercial developments to include outdoor seating or gathering areas as well as integrate public art into their designs. Respondents also supported, somewhat less strongly, requirements that commercial developments include enhanced or elevated architecture. The option suggesting a requirement that commercial developments include buildings oriented closer to the adjacent streets received mixed support. The idea of following conventional commercial development practices received the least support, with nearly 80 percent of respondents rating this option as a "4" or "5" in terms of level of preference. The Comprehensive Plan draws from this community input, as well as input from stakeholders throughout the Frederick Forward process, and establishes a foundation for a focus on high quality design of commercial areas and districts in Frederick over the next 25 years.

A Walkable, Bikeable, and Accessible Community

The Frederick community strongly supported the concept of better connecting different areas of town through walkable, bikeable, and accessible trails, streets, and related connections. Beyond the highly popular concept for the Frederick Central Loop Trail, the community supported efforts to develop the Town to provide safer and easier ways to walk and bike around Frederick. The community supported efforts to make Frederick more accessible to everyone regardless of ability or access to resources. This general community design principle informed the creation of the land use categories that follow and provides the basis for the Town's Land Use Code Update, as a follow-up effort to the Comprehensive Plan.

Land Use Categories: Descriptions and Community Design Guidance

The following pages provide general descriptions of the land use categories included within the Future Land Use Plan. These descriptions provide the general guidelines for land use planning by category in Frederick through 2050. The following section also provides more detailed community design guidance for several of the land use categories within the Future Land Use Plan. The land use category descriptions and associated community design guidance provide the foundation for the formalizing of regulations included in the Land Use Code Update.

Single Family Oriented Residential

This land use category includes various housing styles and types with a density range of 2 - 12 units per acre, including traditional single family detached homes along with single family attached units such as townhomes and duplexes. A wide variety of lot sizes, house sizes, and architectural styles may be included within the Single Family Oriented Residential designation. In addition to residential uses, areas shown as Single Family Oriented Residential may include various parks and open spaces, including neighborhood and pocket parks, faith-based institutions, schools, and other community facilities and amenities. The Single Family Oriented Residential category captures most of the established residential neighborhoods in the Town of Frederick.

Housing Types: Single Family Detached, Townhomes and Duplexes

Allowed Residential Density: 2 – 12 dwelling units per acre

Adaptable Neighborhoods

Adaptable Neighborhoods are designed to provide a diversity of housing to accommodate a wide range of households in Frederick, ranging from younger, single adults, to families with children, to empty nester households. The range of housing provides options for smaller housing units, which may be more affordably priced for younger people and people on fixed incomes, as well as maintenance-free housing (such as townhomes) that would appeal to seniors and residents with busy schedules. Adaptable Neighborhoods may include various types of employee, workforce, and attainable housing. The design of adaptable neighborhoods will allow for residents to walk or take a short bike ride to another location, within the neighborhood, to satisfy many of their daily needs. Thus, adaptable neighborhoods will include different types of parks and plazas within walking distance of every residential unit.

Housing Types: Single Family Detached, Townhomes and Duplexes, Multi-Family, along with some limited neighborhood retail

Allowed Residential Density: 4 – 24 dwelling units per acre

Possible Building Height: 1 to 3 stories

Adaptable Neighborhood Commercial Overlay:

The overlay portion of adaptable neighborhoods (shown in the red crosshatch areas) would allow for smaller, neighborhood serving commercial businesses to serve everyday needs (such as a corner store, coffee shop, small restaurant, bank, etc.). Adaptable Neighborhoods with the commercial overlay will allow for retail in these select areas, along collectors or arterial streets, to serve local needs. The intent of Adaptable Neighborhood Commercial Overlay is to provide a self-sufficient neighborhood that serves a diverse mix of households with different options for housing and options for their daily needs and services.

Gateway Hub (Vertical Mixed Use)

This regional hub, on either side of I-25 along Highway 52, contains a significant concentration of shopping, entertainment, civic destinations, and residential uses, designed to attract business and visitation from the broader region. The Town of Frederick completed more detailed planning for the northeast quadrant of the interchange between I-25 and Highway 52 in 2021 (the I-25 / Highway 52 Subarea Plan). This plan influenced the development of the community design guidance for the Gateway Hub. This hub will include a north-south central street, perpendicular to Highway 52 and to the east of I-25, with vertically integrated mixed use (including combinations of active uses on ground floors and residential, office, or hospitality uses on upper floors). The hub will include concentrations of employment in campuses or integrated into areas along or near the central street or along I-25. The Gateway Hub will enjoy access to the Frederick Central Loop Trail, including a grade-separated crossing of the trail over I-25, connecting the east and west sides of this hub. The design of streets throughout the Gateway Hub will include areas for entertainment, access to parks and plazas, and a fabric of moderate to higher intensity housing, providing a range of housing choices for households in the area. The Gateway Hub may include larger retailers, drawing from its visibility to I-25. With a diversity of options for shopping, working, and living at this key interchange along the I-25 corridor, the Gateway Hub will emerge as one of the central gathering places for the Carbon Valley area and beyond.

Housing Types: Townhomes and Duplexes, Patios Homes and Row Homes, Multi-Family

Allowed Residential Density: 15 – 70 dwelling units per acre

Possible Building Height (of livable or usable space, not including structured parking): 5 to 8 stories

Community Design Guidance – Gateway Hub:

The following text and tables provide an overview of the community design guidance for the Gateway Hub. The Land Use Code Update provides additional details regarding the community design standards and the vision for the development of the Gateway Hub area over time.

- Central or "high streets" should include attractive streetscape elements, including areas for seating, public art, signage and wayfinding, street trees, plantings, public art, and areas for outdoor dining.
- Streetscapes and landscaping within the Gateway Hub will incorporate xeriscaping where feasible to reduce water consumption and conserve resources.
- The Gateway Hub will include connections (vehicular, as well as trails and sidewalks) to nearby neighborhoods and to nearby open spaces and trails.
- Building heights should transition from greater heights along central or "high" streets to nearby residential areas.
- The Gateway Hub should include public parking areas that are located away from central or "high" streets, to the rear of commercial or mixed use buildings.
- Development of ground floor areas along central or "high" streets should include active uses such as retail or entertainment.
- The development of the Gateway Hub should integrate greater levels of density in close proximity to future transit stops or hubs along Highway 52 in order to encourage greater ridership.
- The Gateway Hub will include multi-modal facilities such as bike lanes, trails, sufficient sidewalks, and high quality transit facilities.
- The Gateway Hub will include community gathering places such as plazas, small parks, and connections to nearby parks and open space.
- The Gateway Hub will be developed with street layouts that create usable blocks for changing land uses over time.
- The design of buildings, particularly along central or "high streets", should provide flexibility for the use of space within buildings, over time, as economic conditions and trends change. For example, the design of a building constructed today for residential living should allow for ease of conversion to other uses (such as commercial) in the future.

Downtown Hub (Vertical and Horizontal Mixed Use)

The Downtown Hub includes the historic Downtown area, generally located between 4th and 8th Streets and between Main and Locust Streets, and includes potential expansion of the Downtown area to the south and west. The Miners Park area, located between Centennial Park and Highway 52 and to the east of Colorado Boulevard, was included in the Downtown land use category in the previous version of the Frederick Comprehensive Plan and remains in the Downtown Hub classification in the new plan. The Downtown Hub envisions expansion of the Downtown framework to the west, across Colorado Boulevard and extending west to William Bailey Avenue and south to Highway 52. Developers are currently in the process of constructing the new King Soopers Marketplace and associated shopping center at the northwest corner of Highway 52 and Colorado Boulevard. By extending Downtown to the south and west toward the area around the King Soopers Marketplace, Frederick has an opportunity to leverage the energy and commerce generated through this new shopping center.

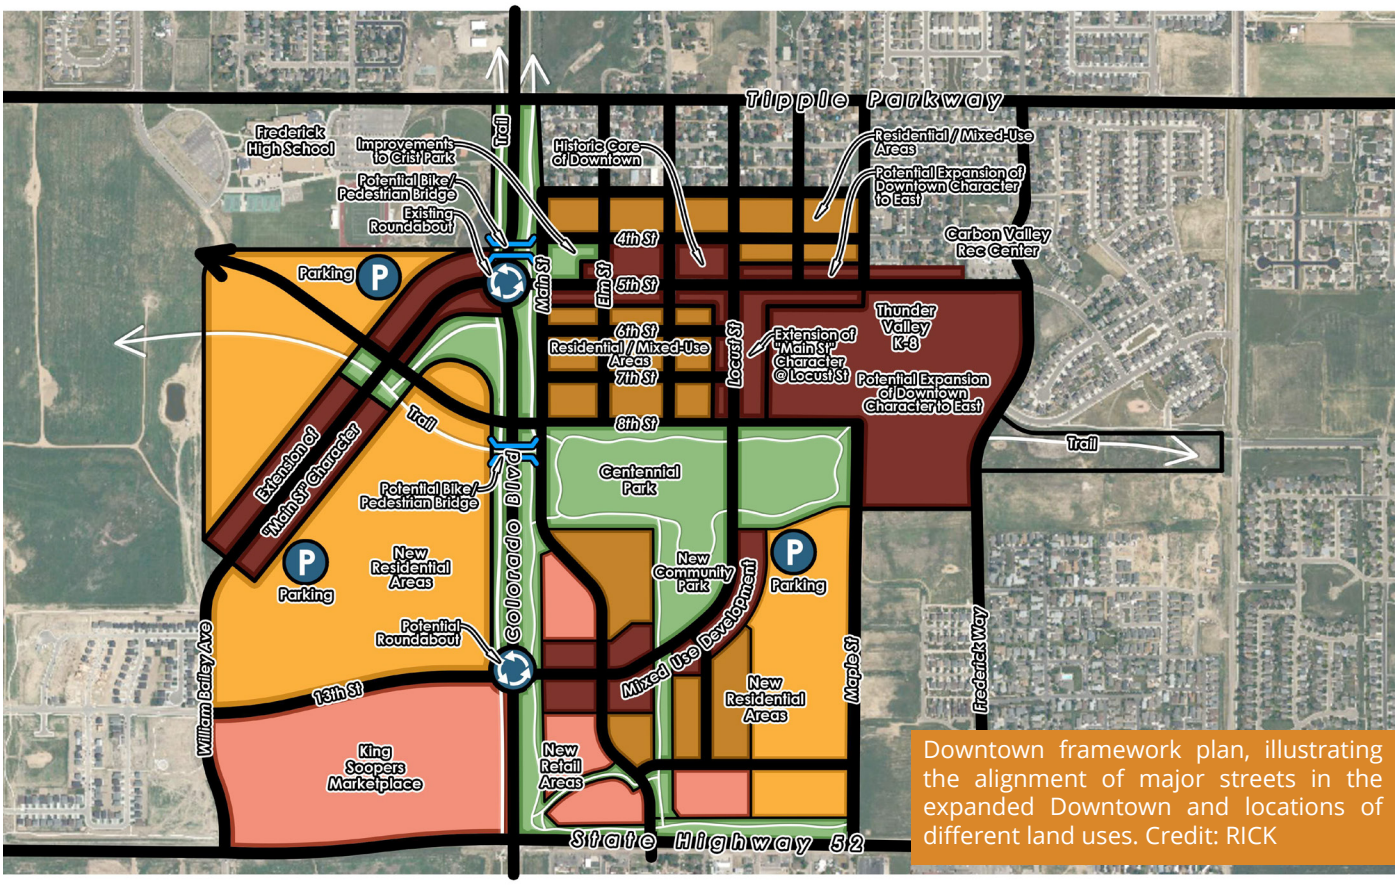
The Downtown framework highlights the following:

- The extension of the "Main Street" orientation along 5th Street to the west across Colorado Boulevard, and then to the southwest, terminating at the signalized intersection at William Bailey and Highway 52. This extension would provide additional areas for mixed use, Main Street-style development in the Downtown area over time, as the Carbon Valley area continues to grow.
- A street connection from the new King Soopers Marketplace along 13th Street to the north and east, linking with Locust Street within the heart of the historic portion of Downtown. This street extension would feature mixed use development as well and would help to extend the energies of King Soopers Marketplace and the Downtown area toward each other.

Housing Types: Single Family Detached, Townhomes and Duplexes, Patios Homes and Row Homes, Multi-Family. Historic single-family homes permitted.

Allowed Residential Density: Minimum 15 dwelling units per acre (for new construction / development)

Possible Building Height (of livable or usable space, not including structure parking): 1 to 5 stories within expanded areas of Downtown to the south and west (1 to 3 within Historic Overlay areas)



Downtown framework plan, illustrating the alignment of major streets in the expanded Downtown and locations of different land uses. Credit: RICK

This expansion of the Downtown area would provide opportunities for notable improvements in this portion of Frederick.

- The existing Downtown area is limited to around three to four blocks along 5th Street. The area lacks the room to expand with larger mixed use buildings and to expand parking facilities over time. The expansion of Downtown to the south and west would provide various locations where parking facilities, including parking garages, could be constructed to serve the growth of the Downtown area.
- While Crist Park serves as a great gathering place in the Downtown area, the expansion of the Downtown fabric provides additional areas for the development of gathering and civic places and parks (both large and small) over time. The Downtown framework anticipates that a notable town park will develop to the west of Colorado Boulevard, along the "Main Street," and this park could include various civic uses, including a community center, farmers market, a new Town Hall, or other facilities.
- The expansion of Downtown to the south depicted on the Downtown framework aligns with plans for the expansion of drainage areas within Centennial Park. The drainage areas within this park will expand to the east, necessitating the relocation of the soccer fields, picnic shelter, and parking areas that currently exist at the east end of the park, near 8th and Maple. The Downtown framework anticipates that the focus of active park activities at Centennial Park will shift to the southwest, to a location along the extension of Locust Street, to the south of the drainage area. This relocated park will represent a notable community park, serving the Miners Park area as well as attracting visitors from the historic

portion of Downtown and from patrons at the King Soopers Marketplace area. The community park could include an amphitheater and could serve as the relocated home for some of the notable festivals in Frederick, including the Chainsaws and Chuckwagons festival held each summer.

The Town anticipates that the Downtown Hub, including the existing buildings along 5th Street as well as expansions to the south and west, will continue to develop using community design strategies that align with the historic nature of this part of Frederick. As outlined in greater detail in the Downtown Plan, the "Main Street" portions of 5th Street, as well as the extensions to the west to William Bailey and along Locust Street south and west to Colorado Boulevard, will feature ample amenities as part of their streetscape design. These streets and adjoining areas will feature ample shade trees, seating areas, public art, landscaping, and Downtown-themed signage and wayfinding to help create a distinctive Downtown brand for this part of Frederick. The Town will require the development of active uses along the ground floor of buildings along these important streets, including retail, entertainment, or active amenity areas, with upper floors containing more quiet uses including residential, lodging, office, or related uses. The streets that surround these Main Streets within the Downtown Hub will include a mixture of residential units to provide a range of options for potential residents, ranging from single family detached homes to attached homes (including patio homes and townhomes) to various forms of multi-family residential units. The design of the Downtown area will emphasize the integration of residential and Main Street areas

through a grid of local streets that include sidewalks, bike lanes and other bike facilities, ample street trees, landscaping, and other features.

The concept of expanding Downtown Frederick to the south and west generated significant support from the Frederick community, with over 70 percent of respondents in the third survey for Frederick Forward indicating that they either "Strongly Agree" or "Agree" with the concept of Downtown expansion.

The heart of Downtown may include the redevelopment of the block located between 4th and 5th Streets, from Oak to Locust. The Town of Frederick owns nearly all of the acreage within this block and currently

utilizes the existing buildings for the main Town Hall building and as space for the police department, engineering department, and other administrative functions. The current functions of the Town offices within this block are rather disjointed, and the Town may explore the opportunity to relocate its various functions within this block into a new Town Hall within the Downtown Hub footprint, leaving this block available for redevelopment. As illustrated in greater detail in the Downtown Plan, the Town could redevelop its properties within this block into a mixture of commercial, residential, entertainment, and lodging land uses. This redevelopment would strengthen the historic portion of the Downtown area and potentially create new gathering places and hubs for activity in the Downtown.

Community Design Guidance – Downtown Hub:

The following text and tables provide an overview of the community design guidance for the Downtown Hub area within Frederick. The Downtown Plan document and the Land Use Code Update provide additional details regarding the community design standards and the vision for the development of the broader Downtown district over time.

- Preservation of designated historic properties (both residential and commercial).
- Allow for integration of different housing types within the existing residential fabric, including accessory dwelling units.
- Integration of additional housing types within existing residential lots should complement the architecture and character of existing residential units and the surrounding neighborhood.
- Building heights should transition from potentially taller buildings along Main Streets in the Downtown Hub area, in a "staircase" manner, down to the prevailing height of surrounding residential land uses.
- The Land Use Code Update will reduce minimum parking requirements for the Downtown Hub area and will allow site plans to count on-street parking spaces toward parking requirements. The Land Use Code Update will also explore establishing parking maximums for certain areas within the Downtown Hub.
- Integration of additional open space areas, such as plazas and pocket parks, is encouraged along the Main Streets and throughout the Downtown Hub, as part of projects.
- Developments along the Main Streets should include an attractive streetscape that provides for active uses and encourages greater visitation to the Downtown Hub.
- The design of buildings, particularly along 'Main Streets', should provide flexibility for the use of space within buildings, over time, as economic conditions and trends change. For example, the design of a building constructed today for residential living should allow for ease of conversion to other uses (such as commercial) in the future.
- The design of streetscapes and landscapes throughout the Downtown Hub will emphasize the installation of native plantings and xeriscaping to reduce water consumption.
- The design of streetscapes and public areas throughout the Downtown Hub will encourage active and non-vehicular modes of travel (such as, primarily, walking and bicycling).

Historic Overlay:

The crosshatched area shown on the Future Land Use Plan, covering the historic part of Downtown as well as areas extending to the north, across Tipple Parkway and including the Evanston area of unincorporated Weld County, represents a "historic overlay" classification that applies to properties within this area, beyond the land use guidance envisioned in the overall land use categories of the Plan. The Evanston area carries the historic overlay designation as this district contains the remaining streets and structures of the originally planned town of Evanston, just to the north of Frederick. The existing inventory of homes within the historic overlay area may qualify as historic buildings through the State of Colorado or through local designations of historic structures (if or when a local program of historic designations is created). The structures with potential to be designated as historic primarily include single-family homes constructed during the early 1900s, as well as some commercial buildings. The Town will provide additional design guidelines and standards designed to preserve the historic structures and features within this area as part of the Land Use Code Update.

Community Hubs (Vertical Mixed Use)

The Community Hubs will provide mixed-use districts that include shopping, entertainment, and residential options serving a more localized market. The districts will include a two to three block long mixed-use core where uses will be integrated vertically and anchors, such as civic destinations or entertainment, will draw residents from nearby neighborhoods in Frederick. The development of these community hubs will integrate into surrounding residential neighborhoods through a grid network of streets and high-quality sidewalk and trail connections. The Community Hubs will largely be located along the Frederick Central Loop Trail and thus will benefit from enhanced connectivity to other parts of Frederick.

As illustrated on the Future Land Use Plan, these Community Hubs will develop over time in the following locations around Frederick:

- Around the intersection of Aggregate Boulevard and Godding Hollow Parkway, just to the north and east of the Frederick Regional Park and Open Space property.
- Around and to the east of Bella Rosa Parkway and I-25. This location will take advantage of concentrations of employment in the Business Flex areas along the I-25 corridor and visibility from the I-25 corridor.
- An area along the east side of Colorado Boulevard, across from the Frederick Recreation Area and to the north of the shopping center anchored by Safeway, along the east side of Colorado. This hub will take advantage of visitation to the FRA and the nearby Safeway shopping center.

- Along Highway 52, near WCR-3.5, as part of the new Shores development. This hub will leverage the development of several hundred new homes just to the south across Highway 52, in the Town of Erie, and the flow of traffic along the Highway 52 corridor.
- The area south and west of I-25 and Highway 119, which currently includes a mixture of highway-oriented commercial uses (a truck stop, fast food restaurants, and gas stations), could represent a long-term area for the development of a community hub. This area is currently located within unincorporated Weld County but could develop as a hub for Frederick in the future, taking advantage of the strategic location at the junction of these two main highways connecting Longmont, Fort Collins, Loveland, and the Denver metro area.

Housing Types: Townhomes and Duplexes, Patios Homes and Row Homes, Multi-Family

Allowed Residential Density: Minimum 15 dwelling units per acre

Possible Building Height (of livable or usable space not including structured parking): 3 to 4 stories overall (but up to 6 stories facing I-25 or arterial streets)

Community Design Guidance – Community Hubs:

The following community design principles and guidance inform the establishment of regulations in the Land Use Code Update pertaining to Community Hubs in Frederick.

- "Central streets" or "high streets" will include attractive streetscape elements, including areas for seating, public art, signage and wayfinding, street trees, plantings, and areas for outdoor dining.
- Community Hubs will include connections (vehicular, as well as trails and sidewalks) to nearby neighborhoods and to nearby open spaces and trails.
- Building heights should transition from greater heights along central or "high" streets to nearby residential areas.
- Community hubs should include public parking areas that are located away from central or "high" streets to the rear of commercial or mixed use buildings.
- Development of ground floor areas along central or high streets should include active uses such as retail or entertainment.
- Community hubs should include multi-modal facilities such as bike lanes, trails, sidewalks, and (where applicable) accommodations for high quality transit facilities. Community hubs should also include, where feasible, walking or biking paths that are separated or protected from adjacent streets.

- Community hubs should include community gathering places such as plazas, small parks, and connections to nearby parks and open spaces.
- Community hubs should be developed with street layouts that create usable blocks for changing land uses over time. These usable blocks of streets should include on-street parking to help relieve the need for parking spaces developed as separate uses within community hubs.
- Development of streetscapes and landscapes within Community Hubs will emphasize the use of native plantings and xeriscaping to reduce water usage.
- The design of buildings, particularly along arterial streets and central or "high streets", should provide flexibility for the use of space within buildings, over time, as economic conditions and trends change. For example, the design of a building constructed today for residential living should allow for ease of conversion to other uses (such as commercial) in the future.

The following illustrates these community design principles for a Community Hub in a "prototype" location. This graphic provides an example of the orientation of streets, arrangement of different land uses, and the quality of streetscape and public amenities the Town envisions for Community Hub locations in the future.

Note: Streets not labeled as arterial streets in this diagram would function as either collector or local streets.

Neighborhood Villages (Horizontal or Vertical Mixed Use)

These small districts (one to two blocks in length) will serve nearby neighborhoods with a corner restaurant or store and a limited area of mixed-use (integrating residential with commercial uses). These villages will align along arterial routes within Frederick but will enjoy sidewalk and trail connectivity to nearby neighborhoods. As illustrated on the Future Land Use Plan, Neighborhood Villages will develop over time at the following locations:

- At the southwest corner of Godding Hollow Parkway and Colorado Boulevard, to take advantage of visitation to the Frederick Recreation Area, to the north.
- Along Silver Birch Blvd, to the south of Bella Rosa Parkway, and along the Frederick Central Loop Trail.
- Along WCR-5, to the north of the Bulrush Open Space.
- Over time, a neighborhood village could develop at the southeast quadrant of Highway 119 and Aggregate Blvd.

Multi-Family

Limited areas around Frederick already have zoning or plans in place for apartments or similar types of multi-family housing. These developments would accommodate a larger number of households within a given area and would typically include amenities for residents including a clubhouse, exercise and meeting rooms, and possibly a pool. As depicted on the Future Land Use Plan, Multi-Family areas include parcels at the northeast corner of Highway 52 and Silver Birch Blvd, the northeast corner of Highway 52 and Aggregate Blvd, and along Highway 52 within the Shores development, to the west of Bulrush Open Space.

Business Flex

This classification captures areas traditionally reserved for Business Park or Industrial uses, mainly along the I-25 corridor in Frederick, and represents the locations where various ranges of industrial uses will be permitted. This designation allows and encourages more innovative forms of development related to employment, including the development of live-work units, flex spaces, or the development of housing units (potentially, for employees) above commercial operations and buildings. Business Flex also allows for restaurants, breweries, and entertainment (such as sports facilities combined with food and beverage) and convenience-oriented retail uses (such as dry cleaners, personal services, etc.). The design of Business Flex areas emphasizes the creation of high-quality developments with streetscapes, bike and pedestrian facilities, enhanced landscaping, and other aesthetic treatments to make these areas recognizable districts that may evolve in use over time.

Heavy Industrial Overlay Areas:

The Future Land Use Plan denotes several areas within the Business Flex area where "heavy industrial" uses, as defined in the Land Use Code, are permitted. This overlay includes areas within Frederick that already include heavy industrial uses as well as lands that have undermining subsidence or similar site issues that make the development of buildings and other features commonly found in business parks infeasible. The areas for the Heavy Industrial Overlay include the following:

- The industrial zone to the south of Highway 52 and west of I-25
- The area to the north and east of I-25 and Bella Rosa Parkway
- Areas to the south and east of Godding Hollow and I-25
- The area to the north and west of Godding Hollow and I-25

Community Design Guidance: Business Flex

The following community design principles and guidance inform the establishment of formal regulations in the Land Use Code Update pertaining to Business Flex areas in Frederick.

- The integration of different land uses, including limited retail, entertainment, and live-work units, is encouraged within Business Flex.
- Business Flex developments should include higher quality streetscape, including street trees, sidewalks and trail connections, crosswalks, and bike lanes where feasible.
- Business Flex areas should include trail and sidewalk connections to nearby open space areas and trail routes in Frederick, as well as multimodal connections to nearby community destinations and regional transit facilities.
- The Business Flex area will allow for vertical and horizontal mixing of different land uses.
- The Business Flex area should encourage the installation of public art and use of varying types of architecture to cultivate the eclectic nature of this part of Frederick.

Agricultural / Open Space

This area will serve as a buffer between Frederick and other communities to the west and will assist in efforts to preserve the agrarian heritage of the Frederick area. This classification allows for traditional farm operations, smaller or boutique farms, agricultural entertainment (such as pumpkin patches, corn mazes, etc.), and associated residential units. The Agricultural / Open Space buffer will preserve open spaces along and to the east of Boulder Creek, including the various areas of floodplain in this portion of Frederick, as undeveloped areas. It also preserves open spaces and agricultural uses to the west of Boulder Creek (to the Weld-Boulder county line), between Highway 52 and WCR-20. The classification allows for existing residences located in the area to remain but limits additional residential construction to lots of no less than 10 acres in size, to preserve the rural or semi-rural character of this area.

Housing Types: Single Family Detached Homes

Estate Residential

Estate Residential includes two existing subdivisions, in the western part of Frederick's planning area, that include homes on larger lots. The intent of Estate Residential is to preserve these existing subdivisions and their emphasis on lower density, semi-rural living.

Housing Types: Single Family Detached Homes

Allowed Residential Density: Maximum of one home on every 5 acres

Park / Open Space

This classification includes existing and planned areas for formal parks and open spaces in the Town of Frederick. This category includes the larger parks in the community, including the Frederick Recreation Area, Centennial Park, the Frederick Regional Park and Open Space, and others as designated on the Future Land Use Plan.

Public

The areas shaded in blue, for Public, may include public buildings and uses including schools, medical centers, recreation centers, and other facilities. The Public category also includes some parcels that have public infrastructure facilities (such as for sewer and water) and related public sector uses.

WCR-19 Sub-Area

The Future Land Use Plan does not provide guidance for the crosshatched, gray area on the map, located within one mile to the west of WCR-19, within the Frederick planning area. Frederick, along with other nearby municipalities, is undertaking a subarea planning effort to define the allowed future land uses in an area one mile to the east and one mile to the west of WCR-19, from Highway 52 north to Highway 66. The land use guidance for this area will be defined in an amendment to the Frederick Comprehensive Plan following the completion of the subarea planning effort.

Goals and Actions:

Goals, policies, and actions provide the direction to implement the Frederick Comprehensive Plan. The following goals, policies, and actions are not listed in order of priority but are intended to cover a wide range of topics related to land use planning and community character.

Goal 5.1 – Expand and enhance Downtown Frederick to make it one of the best small town downtowns in the region

Action 5.1.1 – Complete designs for and implement upgrades to Crist Park, including the identification of appropriate and available funding sources for park improvements.

Action 5.1.2 – Develop funding and incentive strategies to facilitate the development of Downtown to the west of Colorado Blvd, as outlined in the Comprehensive Plan and the Downtown Plan.

Action 5.1.3 – Collaborate with property owners to finalize a plan for Miners Park in line with the concepts for Downtown outlined in the Comprehensive Plan and the Downtown Plan.

Action 5.1.4 – Complete final designs for, and implement, upgrades to the Centennial Park area.

Action 5.1.5 – Explore the potential to facilitate redevelopment along Locust Street, south of 5th Street, including collaboration with the Carbon Valley Recreation District and the St. Vrain Valley School District, as well as along Oak Street, from 5th Street north to Tipple Parkway.

Action 5.1.6 – Pursue the redevelopment of the Town-owned parcel in Downtown Frederick into a mixture of retail, entertainment, and other land uses, along with community gathering spaces.

Action 5.1.7 – Complete streetscape and civic amenity improvements for the historic portion of Downtown as identified in the Downtown Plan.

Action 5.1.8 – Implement the program of multimodal connections, amenities, streetscape improvements, and gathering places for the expansions of Downtown to the west and the south, as identified in the Downtown Plan.

Action 5.1.9 – Complete and implement plans to re-launch the Frederick Farmers Market in the Downtown area.

Action 5.1.10 – Explore the potential to develop a community center in the Downtown area, based upon the input provided through the Comprehensive Plan effort.

Action 5.1.11 – Implement the remainder of the recommendations outlined in the Downtown Plan.

Goal 5.2 – Develop plans and facilitate the development of the Gateway Hub at I-25 and Highway 52

Action 5.2.1 – Update the Land Use Code to provide guidance for the design of development in the Gateway Hub , drawing from the outcomes of the I-25 / Highway 52 Subarea Plan.

Action 5.2.2 – Explore a partnership with a master developer for the Gateway Hub.

Action 5.2.3 – Finalize plans for the Frederick Central Loop Trail as it passes through the Gateway Hub, including plans and funding for the trail crossing of I-25.

Action 5.2.4 – In line with the transportation chapter, explore opportunities to develop shuttles between the Gateway Hub and Downtown Frederick.

Action 5.2.5 – Explore opportunities for regional connections (via transit, and for walking and biking) to Erie and Dacono, to the south.

Goal 5.3 – Cultivate the development of Community Hubs and Neighborhood Villages, as envisioned in the Comprehensive Plan

Action 5.3.1 – Update the Land Use Code to provide guidance for the development of these hubs and villages, integrating the community design guidance provided in the Comprehensive Plan.

Action 5.3.2 – Develop networks and partnerships with developers in the region who may be interested in developing one or more community hubs or neighborhood villages.

Action 5.3.3 – Identify incentives or public improvements the Town may offer to help facilitate the development of community hubs and neighborhood villages, in line with the vision of the Comprehensive Plan.

Goal 5.4 – Ensure that local neighborhoods develop in line with the vision of the Comprehensive Plan

Action 5.4.1 – Update the Land Use Code to reflect the community design guidance provided in the Comprehensive Plan for Single Family Oriented Neighborhoods, Adaptable Neighborhoods, and Multi-Family land use classifications.

Goal 5.5 – Promote the development of the Business Flex areas as areas of commerce and character that help distinguish Frederick along the I-25 corridor

Action 5.5.1 – Update the Land Use Code to reflect the community design guidance provided in the Comprehensive Plan for Business Flex areas.

Action 5.5.2 – As part of economic development efforts, develop marketing materials and communications to promote Frederick's Business Flex area.

Goal 5.6 – Promote the preservation and enhancement of the Agricultural and Open Space areas as outlined on the Future Land Use Map

Action 5.6.1 – Update the Land Use Code to reflect the community design guidance provided in the Comprehensive Plan for Agricultural / Open Space areas.

Action 5.6.2 – Develop and implement a strategy for the Town to acquire agricultural properties to help preserve them as agriculture and/or open space.

Action 5.6.3 – Facilitate conservation easements on properties within the Agriculture / Open Space category.

Action 5.6.4 – Develop marketing materials and communications to promote small scale agriculture, agritourism, and agri-entertainment within the Agriculture / Open Space area.

Action 5.6.5 – Acquire regional trail easements as development occurs for a future greenway trail along the Boulder Creek corridor.

Goal 5.7 – Ensure that the Future Land Use Plan reflects changes in community sentiment and market conditions over time

Action 5.7.1 – Update the Future Land Use Plan as needed (on an annual basis).

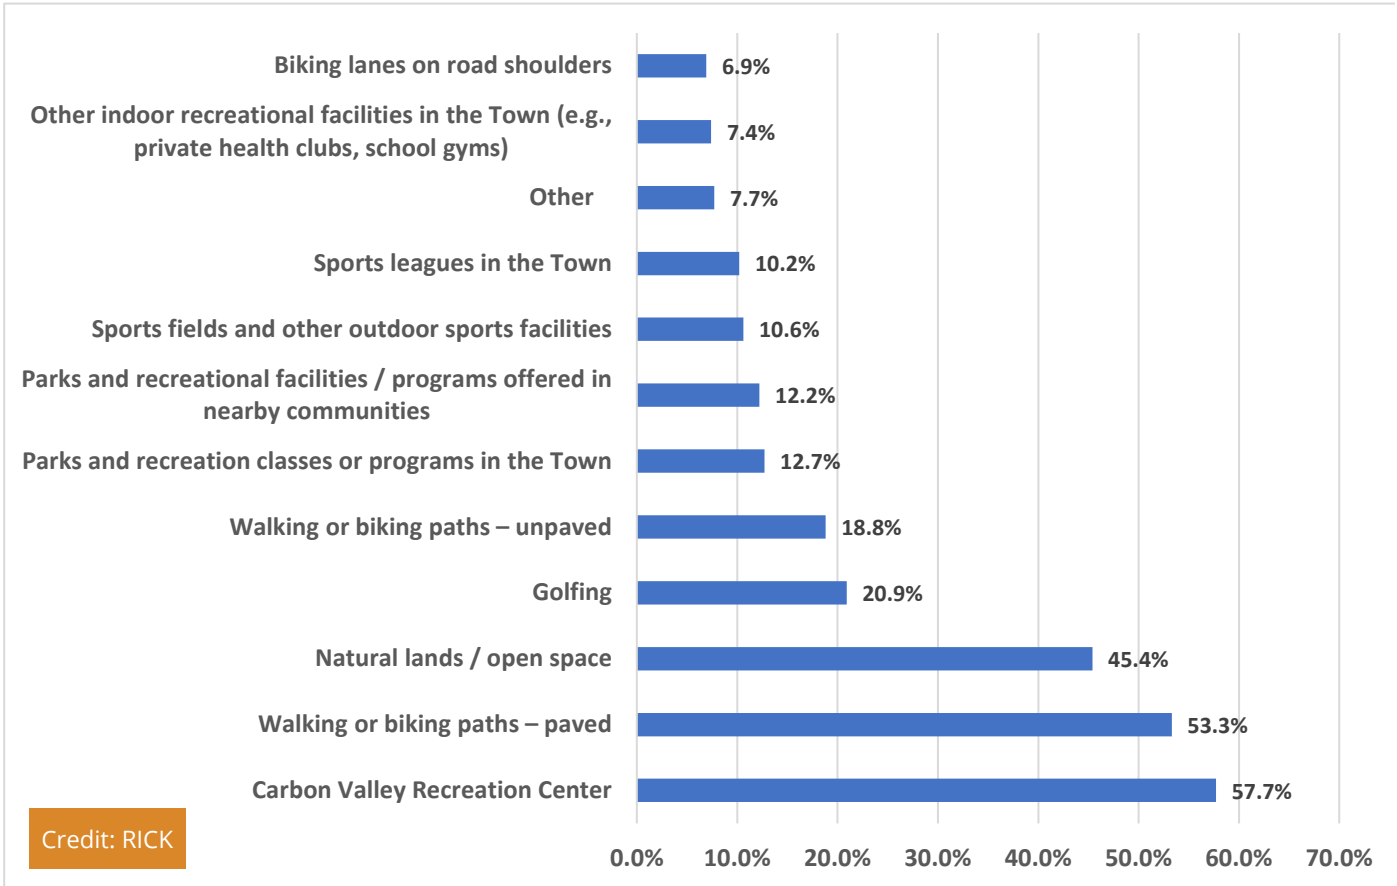
Parks, Recreation, Open Space, and Trails

The Town of Frederick boasts some very impressive parks and open space amenities, including the Frederick Recreation Area and Milavec Reservoir (FRA), Crist Park, and Centennial Park. During the same time that Frederick Forward gathered input from the community, the Town gathered input regarding the conceptual design for improvements to these main facilities. The Town is working on conceptual planning for the Frederick Regional Park and Open Space property in western Frederick and launching the completion of "Go Outdoors Frederick 2050" (GOF 2050) as the next version of Frederick's Parks, Recreation, Open Space, and Trails Plan. While GOF 2050 will plan for the details of design for neighborhood and community parks and how Frederick's Parks and Open Space Department will operate and budget for resources going forward, the Comprehensive Plan draws from significant community input to illustrate the overall vision for the Town's parks, recreation, open space, and trails systems.

While Frederick boasts notable community parks such as those listed above, it also has a variety of local neighborhood and pocket parks. Through public outreach, the community and stakeholders have expressed a desire to improve the amenities and levels of service within existing parks and open spaces. Many subdivisions around Frederick contain remnant parcels that were intended to be maintained by homeowners' associations as parks or open spaces but have not received adequate maintenance. The Town created a dedicated Parks and Open Space Department in early 2022 to improve service levels and create a long-term strategic planning matrix. Through resident support, Initiative 2C, passed in the fall of 2023, broadened a 0.5% sales tax for the purposes of maintenance and improvements to parks, open spaces, and trails throughout the community. The new GOF 2050 effort will help articulate maintenance and funding strategies for the department. Throughout the Frederick Forward process, community members expressed desires to have more parks and open spaces throughout the area and to better link residential areas to key commercial nodes and open space resources.

1st Community Survey, Question 8 - Of the following, which THREE are the top parks or recreational amenities that you like in the Frederick area?

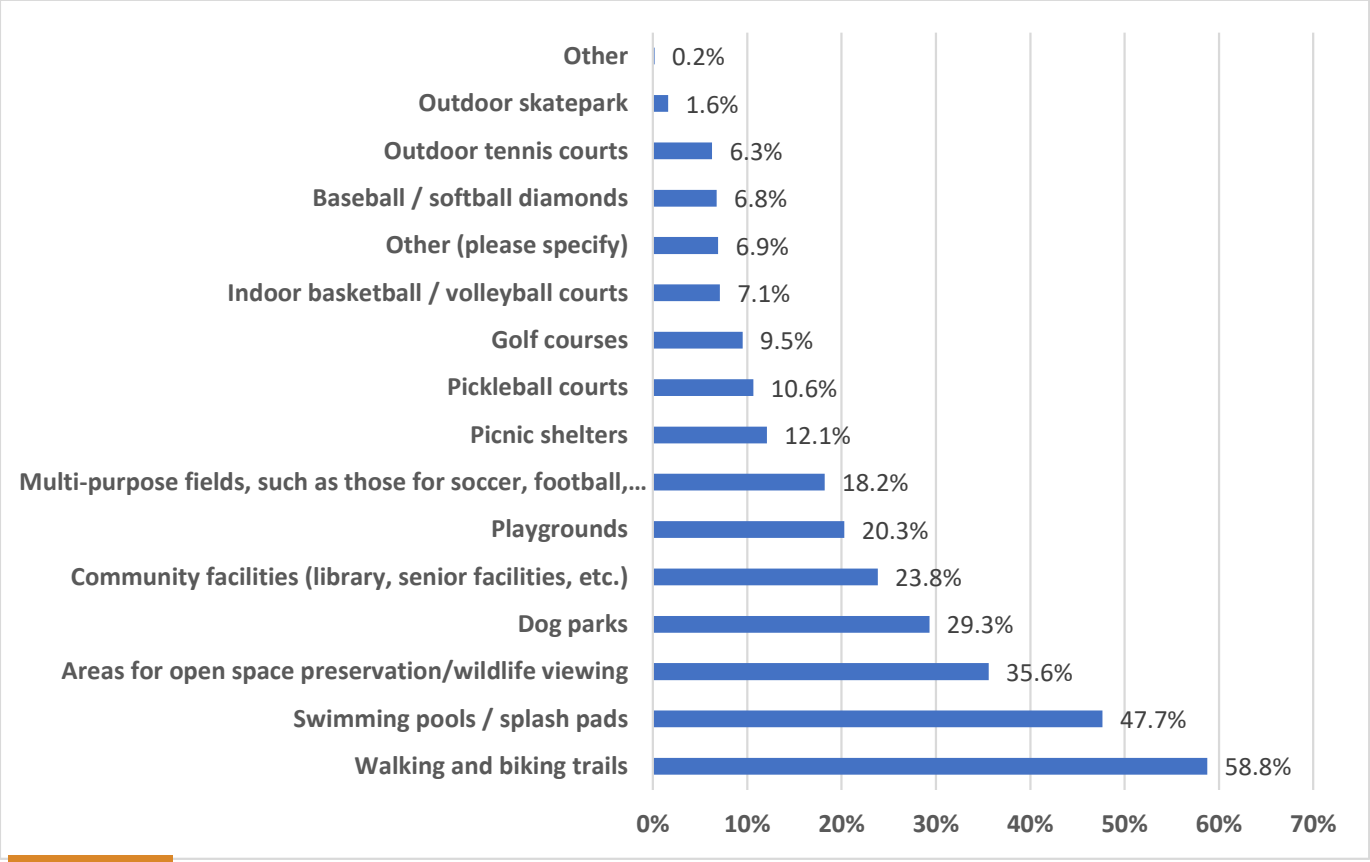


Credit: RICK

Respondents to the first community survey for Frederick Forward indicated that the Carbon Valley Recreation Center, paved walking and biking paths in the area, and natural lands and open space were their favorite parks and recreation amenities in the Frederick area. Similarly, in Question 9 of the first community survey (see below), respondents indicated that they strongly desired to see walking and biking trails along with swimming pools/ splashpads and open space areas for wildlife viewing expanded in the Frederick area.

The community input provided through the initial community survey informed the presentation of a series of "themes" or long-term concepts for the parks and open space system, for the community to consider during the second survey and the second round of engagement for Frederick Forward.

1st Community Survey, Question 9 - What THREE types of park and recreation features, that Frederick currently has, would you like improved or expanded?



Credit: RICK

2nd Community Survey, Question 6 - I am in favor of the following big-picture, long-term concepts for the parks and open space system in Frederick (Please choose your TOP TWO)	
OPTION	RESPONSES
"Fred Circle Tour" – A loop trail around Frederick with locations for eateries and food trucks, shops, and interactive playgrounds	52.3%
"Tree Town" – Emphasize the planting of trees native to our climate, to provide for shade.	32.3%
"Frednatural" – A trail and open space network emphasizing native grasses and plantings (to reduce the use of water) and quiet spaces	31.9%
"Fred Fountains" – A network of fountains and splash pads (using continually recycled water, to minimize water use) oriented along trails and in parks	27.9%
"Farm Focus" – Emphasize networks of community gardens and the preservation of agriculture areas for open space or for small farms.	27.5%
"Sports Town" – Focus on creating a sports complex with nearby eateries and entertainment.	21.9%
"Business as Usual" – Playgrounds, parks, and open spaces typical of communities in the area	9.5%
Other:	5.9%

Credit: RICK

The concept of creating a "circle loop trail" around Frederick attracted the most support. However, the other options in Question 6 from the second survey, except the "Business as Usual" option, also attracted notable levels of support from the Frederick community. As noted, the community has repeatedly expressed a desire for having more trees and shade, emphasizing the natural qualities of the landscape, honoring the agrarian heritage of the area, and including more water features. Besides "Other" and "Business as Usual," the concept driven by creation of a sports complex with related entertainment and places to eat attracted the least support from the community in the second survey.

Drawing from this input in the second community survey, the Comprehensive Plan outlines a framework for the development of the parks, recreation, and open space system in Frederick that draws from the various themes presented to the community during Frederick Forward, as outlined as follows.

Overall Framework for Parks, Recreation, and Open Space

The following highlights the major components of recommendations for parks, recreation, and open space included in the Comprehensive Plan.

Frederick Central Loop Trail and Greenway System

One of the most popular ideas resulting from the Frederick Forward effort involves the creation of a central loop trail that would develop as a signature greenway for the Frederick community. This loop will deviate from most of the trails shown in previous master plans for the community and will include a greenway located away from arterial road corridors, and within neighborhoods. The Frederick Central Loop Trail will meander between neighborhoods and will follow existing features in the landscape, such as creek corridors, drainage ditches, and wooded areas, to link different neighborhoods together. As shown in the diagram that follows, and as mentioned in Chapter 5, the Frederick Central Loop Trail will connect the Gateway Hub, Downtown Hub, several community hubs, and other community destinations including Centennial Park, FRA, the Frederick Regional Park and Open Space, Bulrush Open Space, and local

schools. The community expressed enthusiasm for how the Frederick Central Loop Trail will connect areas of Frederick to the east and west of I-25.

In addition to the Frederick Central Loop Trail alignment, the network of similar greenways will connect this central loop with nearby municipalities and other destinations in the Carbon Valley and beyond. Two trail connections will link the western portion of the loop trail with a regional greenway trail that will run along or near the Boulder Creek corridor. This creek corridor will eventually connect from Erie and points south, through Frederick, and connect with the St. Vrain State Park to the north of Frederick, across Highway 119. An eastern extension of the loop trail will run from Centennial Park to the east and eventually link with areas closer to WCR-19. Other trail connections will link the loop trail with areas to the north in Firestone and to the south in Erie (such as Erie's trail along WCR-3). In addition, a north-south trail will connect the north and south sides of the loop, along the creek corridor running parallel to the east of I-25.

The vision for the Frederick Central Loop Trail is to create a regional greenway that serves as the anchor for various community amenities and destinations. Many communities around the country have leveraged trail corridors with a similar vision to attract nearby amenities. For example, several communities along the Monon Trail in the Indianapolis area have attracted restaurants and breweries to locate directly along the trail, creating destinations for people walking and biking and a great amenity for these establishments. The greenway system in Minneapolis, the Grand Rounds, links several signature lakes and parks in the city and also features a series of restaurants, pop-up concession locations, music and performing arts venues, and activity centers at different hubs along the greenway. Here in Colorado, the Colorado Tap House recently opened in Arvada along the Ralston Creek trail, and several breweries and similar destinations have developed along trails along the Poudre River in the Fort Collins area and along the South Platte River in the Denver area in recent years. Greenways around the country now routinely serve as great amenities for adjacent areas of mixed-use development and neighborhood districts, including adjoining residential units of various types. Communities increasingly view trails and greenways as more than simply recreational corridors. These types of greenways can help to link different key districts in a community and can serve as a central focal point of activities for both recreational users and everyday residents.

The design of the Frederick Central Loop Trail will incorporate various amenities at different locations. However, the entire length of the greenway system in Frederick will include the following features, at a minimum:

- A wide trail section to accommodate road and gravel bicyclists and pedestrians, including a 10-foot concrete, multi-use path, along with a four-foot wide side path (using crusher fine materials)
- Rest areas (every one-half mile to mile along the length of the greenway) to include the following:
  - Shade or shelter areas
  - Seating areas
  - Water fountain and/or water station (to fill water bottles)
  - Bike repair stations (including tools for bikes along with air for bikes)
  - Restrooms or portable restrooms
- Exercise stations
- Public art installations
- Lighting at rest areas or at trail junctions
- Signage and wayfinding that notes the mileage along the greenway route and calls out distances to nearby destinations in Frederick and surrounding communities
- Integration of natural landscapes and native plantings, minimizing areas dedicated to turf grass
- Introduction of ample additional trees along and near the greenway to provide areas of shade and to provide a more comfortable environment for trail users during the warmer months

The design of the Frederick Central Loop Trail and other greenways in the community should encompass an easement of at least 50 feet in width. Drawing from examples from great greenways across the country, the greenway should expand to 70 to 100 feet in width in areas where wider trail corridors are possible. For example, the greenway will likely expand as it passes through open space areas or through properties owned by the Town of Frederick.

In line with the design of notable regional greenways across the Denver area and nationally, the design of the Frederick Central Loop Trail and other greenways will include grade separated crossings of the trail as it crosses arterial streets and collector streets. The design of neighborhoods along the greenway should align residential streets to limit the number of at-grade crossings of the greenway. The design of neighborhoods should also locate neighborhood or pocket parks along the greenway, to help link neighborhood parks and recreation amenities with the broader regional network and encourage residents to visit different neighborhood parks as they traverse the greenway.

Based upon the strong support for the Frederick Central Loop Trail concept in the second community survey, the final survey for Frederick Forward asked participants how the Town should implement the greenway over time. Most participants supported the idea of the Town purchasing land to provide for the greenway corridor, as well as requiring developments to dedicate corridors within neighborhoods for the greenway corridor.

Agriculture and Open Space Areas

As outlined in Chapter 5, the Future Land Use Plan designates significant areas in western Frederick and unincorporated areas of Weld County, on either side of Boulder Creek, as open space or agricultural areas. Officially designated open space areas within the planning area may include parcels that have protections provided by conservation easements or properties acquired by the Town of Frederick or other governmental agencies or non-profit groups for the intent of preservation as open space. The intent of open space areas on the Future Land Use Map is to preserve land in its natural state, emphasizing the preservation of natural plants and trees. wildlife protection, and native prairie conditions. Open space and agricultural areas in western Frederick help to provide a visual buffer between Frederick and other communities, help maintain the visual corridors from Frederick toward Longs Peak and the Front Range mountains, and help to preserve the agrarian heritage of this part of Weld County.

Preservation of areas as agricultural uses provides additional "open space" in the western portion of the planning area. Frederick encourages the development of locally based small farms within agricultural areas, in addition to traditional farming of macro crops (such as alfalfa, wheat, or corn). The Town encourages the development of operations that incorporate local vegetable production, local dairy production, and the raising of various types of animals. Farms in the Frederick area also have the potential to develop agricultural tourism (or agri-tourism) themes, including corn mazes, pumpkin patches, U-pick (pick your own) fruit and vegetable farms, and related concepts. Some farms in Frederick may pursue "farm to table" concepts, in which farms raise their own food and serve farm

dinners to guests. These ideas could help Frederick from an economic development perspective, by bringing outside visitation and spending into the community.

Community Parks

As illustrated in ongoing planning efforts for Crist Park, FRA, and Centennial Park, the Comprehensive Plan envisions the development of community park facilities that accommodate the many events held in Frederick on an annual basis (Frederick in Flight, Chainsaws and Chuckwagons, etc.), while providing a wide range of sports and recreational facilities for residents and visitors.

The FRA will serve as the largest community park in Frederick and provide space for sports fields, various walking and running trails, and access to Milavec Reservoir. The redesign of Crist Park envisions the redevelopment of the southern half of the park, closer to 5th Street, to include a civic space to host community events, live music, and outdoor dining, while retaining the "neighborhood" feel of the northern half of the Park.

As mentioned in the Downtown section of Chapter 5 and illustrated further in the Downtown Plan, the redevelopment of Centennial Park will relocate the focal point of the park to the north end of Miners Park and along the "Main Street" that will connect 13th and Colorado to the east end of Downtown, via Locust Street. This new community park will include space for outdoor performances and room to accommodate larger community events, taking advantage of the central location of this park within the Downtown Hub.

Neighborhood Parks

The vision for existing and new neighborhood parks in Frederick is to take a new approach to how these types of parks are designed and used. Neighborhood parks across the U.S. have traditionally included a picnic shelter, playground equipment, picnic tables and grills, and open areas that may be used for organized or informal sport activities. Most neighborhood parks developed in suburbs and towns across the country over the last several decades have primarily catered to the traditional family household, including one or two parents and school-age children. While picnic shelters and open areas in traditional neighborhood parks certainly provide value to residents of all ages and abilities, the approach to neighborhood parks in Frederick provides greater focus on providing amenities for residents of all ages, all abilities, and all backgrounds. Neighborhood parks in Frederick will include interesting public art and attractive landscaping features that may appeal just as much to young single people as traditional families, for

example. These parks will emphasize the creation of gathering spaces designed for adults and diverse ranges of households to hold events or gather for recreation. Neighborhood parks may include individual park shelters to attract individual users to visit neighborhood parks to read a book, rest and relax, or otherwise recreate.

The Town is committed to facilitating the development of new or retrofitting of existing neighborhood parks to emphasize natural landscape areas and xeriscaping to minimize, as much as possible, areas that require irrigation (such as turf grass). This strategy will reduce maintenance requirements for neighborhood parks and help the Town in its efforts to conserve water. The traditional suburban model of neighborhood park development, emphasizing large areas of irrigated grass, is fading into history, as park designers across Colorado embrace a more natural and sustainable approach to neighborhood park design.

Frederick is also committed to creating opportunities for "nature play" (unstructured play that utilizes items from the natural world including rocks or boulders, logs, sand, etc.) within existing or new neighborhood parks. The Town will pursue the integration of features into neighborhood parks that are unique, contribute to the distinct look and feel of each neighborhood park, and avoid "off the shelf" designs (for playgrounds and other features).

Pocket Parks

Similar to the themes of neighborhood park design, the Town envisions the development of new or existing "pocket parks" to include natural features and landscapes. Trail and sidewalk connections will link pocket parks to neighborhood parks, nearby greenways and trails, and other destinations in the immediate areas. Pocket parks will include unique and nature-oriented playground equipment and related features to avoid "cookie cutter" designs of pocket parks in the future.

The Go Outdoors Frederick 2050 plan will provide separate and more specific guidance regarding the standards and amenities to be used in planning for the full range of parks and open spaces in the community (including neighborhood parks, community parks, trails and greenways, and open space and agricultural areas).

Innovative Public Spaces

The Town will encourage the development and maintenance of creative and innovative types of public spaces throughout Frederick, and in particular in Neighborhood Villages, Community Hubs, the Downtown Hub, and the Gateway Hub. Communities around the country have begun to explore how to create more engaging public spaces, including civic plazas, interactive features, public art, and other features not found in many traditional parks and open spaces. The Town will encourage projects throughout the community to integrate creative designs for public spaces to complement the conventional design of many existing parks and open spaces in Frederick.

Proactive Management and Maintenance Strategies

The Town of Frederick, through the completion of the GOF 2050 plan, will establish maintenance standards and procedures for the various parks, open spaces, and civic spaces maintained by the Town. Maintenance strategies will address how to minimize irrigation, support native plantings, and minimize overhead expenses while retaining the desired level of quality and functionality of public spaces in the community.

Goals and Actions:

The following goals and actions will guide the Town and partners at the local, regional, and state levels, as well as the private sector, in implementing the vision for parks, recreation, and open space in Frederick. The following are not listed in order of priority but are intended to cover the full range of topics related to parks, recreation, open space, and trails.

Goal 6.1 – Ensure that every member of the Frederick community has equitable and walkable access to a nearby park or open space

Action 6.1.1 – Update the Land Use Code to require developments to provide parks, open space areas, or gathering places so that every resident is within one half mile of a neighborhood park and within one fourth of a mile of a pocket park.

Action 6.1.2 – Update park and open space standards to ensure that parks and open spaces are designed to meet the needs of residents of all abilities and ages.

Action 6.1.3 – Update park and open space standards to ensure that parks and open spaces are well connected to nearby neighborhoods and destinations for people walking and biking.

Goal 6.2 – Develop a local trails system that serves as one of the main amenities for Frederick and connects the community to the broader region

Action 6.2.1 – Develop a set route and final plans for the Frederick Central Loop Trail, as outlined (conceptually) in the Comprehensive Plan.

Action 6.2.2 – Develop an implementation plan to develop and complete the Frederick Central Loop Trail within 15 years.

Action 6.2.3 – Develop final plans and implementation strategies for other regional trail connections outlined in the Comprehensive Plan including those to Boulder Creek, St. Vrain State Park, and neighboring municipalities.

Action 6.2.4 – Develop standards for amenities, signage and wayfinding, lighting, separations from traffic, and other features to be included in local-serving and regional-serving trails to be constructed in Frederick in the future.

Action 6.2.5 – Integrate the plans for trail systems identified in the Comprehensive Plan into the Town's new Go Outdoors Frederick 2050 plan.

Action 6.2.6 – Develop standards for trail surfacing and widths for different trail typologies to be constructed in Frederick in the future.

Goal 6.3 – Develop neighborhood, community, and regional parks and open spaces that enhance quality of life and help make Frederick a leader in the region for outdoor recreation

Action 6.3.1 – As part of the Go Outdoors Frederick 2050 plan, update design standards for different types of new park and open spaces amenities in Frederick to emphasize nature play, the use of natural materials, standards for the use of xeriscaping and other water-wise landscapes, and design for residents of different ages and abilities.

Action 6.3.2 – Finalize and implement projects and improvements identified in the design for the Frederick Recreation Area.

Action 6.3.3 – Develop conceptual plans and implementation strategies for the Frederick Regional Park and Open Space and the Bulrush Open Space.

Action 6.3.4 – Finalize, budget for, and implement improvements to Crist Park.

Action 6.3.5 – Complete detailed design and implement improvements and modifications to Centennial Park.

Goal 6.4 – Provide programs and programming that serve the needs of the full range of residents and households in Frederick

Action 6.4.1 – Continue to partner with St. Vrain Valley Public Schools, Colorado Parks and Wildlife, and the Carbon Valley Recreation District to provide programming for residents of all ages and abilities.

Action 6.4.2 – Ensure that Town communications effectively distribute information regarding parks and recreational programs offered in the Frederick community.

Multimodal Transportation

The transportation network in Frederick is primarily based on a grid of arterial roadways. The ongoing addition of parallel collector streets, as new developments are completed, continues to improve the network by adding alternate routes and relieving demands on arterial roads. The Town enjoys a strategic location along the I-25 corridor, with Highways 119 and 52 providing east-west access along the northern and southern edges of the community. However, the interstate creates challenges in providing east-west connectivity across Frederick, beyond the interchanges at Highways 119 and 52 and the grade separated crossing (at Bella Rosa Parkway). Given the growth along the I-25 corridor from Denver to Fort Collins as well as ongoing growth in the Carbon Valley and surrounding communities, concerns related to traffic and transportation continue to remain important to the Frederick community.

Throughout the Frederick Forward community outreach process, residents expressed concerns that roads and highways in the area lack sufficient capacity to serve the existing population in the Frederick area and that continued growth would cause significant congestion and safety issues.

Data from the first community survey, outlined as follows, highlights the importance that participants in Frederick Forward placed on transportation issues. Over 80 percent of respondents indicated that the management of traffic flow is "very important" or "important" for the future of Frederick. Almost 77 percent of respondents rated the completion of walking and biking paths in the community as "very important" or "important," and 70 percent rated having an ease of travel on local or neighborhoods streets as "very important" or "important." More respondents rated providing transit service in the local area as "very important" than "not important," and over 62 percent rated having sufficient parking availability in Downtown Frederick as "very important" or "important."

How important are the following items for the future of Frederick? (For each option, choose a number from 1 to 5, with 1 meaning "very important"to 5 meaning "not important")

OPTION	1 VERY IMPORTANT	2	3 NEUTRAL	4	5 NOT IMPORTANT
Management of traffic flow on major roads	56.8%	24.8%	15.6%	1.5%	1.3%
Ease of travel on local or neighborhood streets	41.3%	29.1%	25.8%	2.2%	1.6%
Providing transit service within Frederick and connecting to other towns	20.3%	21.6%	34.2%	8.8%	15.1%
Completing the network of walking and biking paths throughout Frederick	46.4%	30.5%	18.0%	3.1%	2.0%
Parking availability in Downtown Frederick	28.9%	33.3%	29.5%	4.2%	4.1%

The Town of Frederick adopted its first Transportation Master Plan (TMP) in February 2021. The TMP includes roadway, intersection, and multimodal improvement projects to address concerns about growth and traffic in the Frederick area. Frederick Forward tested some of the major recommendations in the TMP as well as additional concepts and ideas that aligned with many of the other themes presented to the community during the planning process for the Comprehensive Plan.

The results from Question 8 within the second community survey highlighted that community members continue to prioritize conventional approaches to improvements to the transportation system serving the Frederick area. Participants expressed the most support for widening roads to provide room for additional vehicular traffic, redesigning arterials and highways to provide paths for walking and biking, and using street corridors and trails for pedestrians to safely walk or bike to conduct their daily business.

As a follow up to this question, Question 9 within the second community survey gauged support for different types of features in the designs of streets and highways in the Frederick area. Participants expressed the strongest support for designing streets and roadway rights of way with an emphasis on flowers, gardens, and other landscape features, with 67 percent selecting this option. Nearly 40 percent of respondents indicated that streets should include improved lighting (as well as the use of lighting as a form of public art), and 27 percent favored an option that would emphasize public art in the design of streets.

As a follow up to the second survey, Question 8 in the third and final community survey tested support for a range of options and ideas to help encourage more walking and biking around Frederick. As illustrated as follows, respondents favored introducing a bike sharing system along trails and in other locations around Frederick, implementing an entertainment-related shuttle in the Downtown area on weekends or for special events, and establishing shuttles between the Downtown, the Gateway Hub, and other employment centers in Frederick, along the I-25 corridor.

Overall Direction: Multimodal Transportation

The Comprehensive Plan's direction for multimodal transportation planning and implementation in Frederick draws from the significant community input provided through Frederick Forward. It integrates transportation projects with other components of the Comprehensive Plan related to trails, the framework for parks and open space, and planning for different hubs, villages, and residential areas outlined in the Future Land Use Plan. This direction helps bring the recommendations of the Frederick TMP of 2021 into focus and into alignment with other major drivers of planning for the community's future.

The following components will help implement the vision for multimodal transportation expressed during Frederick Forward:

1. Expansions and introduction of new arterial and collector streets, as outlined in the Frederick TMP

As the Frederick area continues to grow, the community will continue to complete expansions and upgrades to arterials (such as Bella Rosa, Godding Hollow, Silver Birch, Aggregate, etc.) over time. The Town, working with developers, will continue to build out the network of collector street alignments articulated in the TMP. While the Frederick community has expressed a desire to prioritize the movement of people walking and biking around the community, the street network provides important connections as Frederick continues to add new areas of development.

2. Implementation of "Complete Streets" concepts and corridor design for arterials and collectors throughout Frederick

The 2021 TMP outlined a vision for Frederick to develop its street network using Complete Streets principles. Complete Streets design emphasizes the comprehensive development of roadway rights-of-way to fully accommodate walking and biking as well as vehicular traffic in a safe manner. Complete Streets designs also incorporate the nature of surrounding land uses in the design of local streets to help facilitate the safety and success of adjacent land uses and the community fabric. Drawing from input through the Frederick Forward process, the Comprehensive Plan further emphasizes and expands upon the design of local streets as Complete Streets corridors.

The Comprehensive Plan emphasizes the following as part of Complete Street designs for arterials and collector streets:

- The narrowing of travel lane widths, where feasible, to help slow the average speed of vehicular traffic and thus enhance safety for people walking and biking, particularly in the Downtown area.
- The introduction of significant plantings and maintenance of trees within rights-of-way to build the tree canopy within Frederick, produce shade for people walking and biking, and help provide cooling during the warmer months.
- The introduction of public art pieces and installations along arterial and collector streets in Frederick, to help further develop the character and unique feel of Frederick in the region. The installation of art pieces should extend beyond the series of chainsaw carvings currently found around the community and should introduce different types of public art over time.
- The introduction of lighting fixtures that help reduce glare, minimize light pollution, and enhance safety and the crossing areas for people walking and biking.
- As noted in the TMP document, the installation of wider multi-use paths (for people walking and biking) within the rights-of-way of arterial streets, separated from travel lanes by landscaping buffers.
- The installation of landscaping areas and buffers along arterial and collector streets that create attractive rights-of-way in Frederick. Importantly, these installations should incorporate native plantings and grasses to minimize the need for mowing and significantly reduce water usage.
- The installation of a signage and wayfinding program along arterials and collector streets that guides people to major destinations and districts around Frederick and helps improve safety for people driving, walking, and biking around the community.

3. Development of the Frederick Central Loop Trail and Greenway system as a major component of the multimodal transportation system in Frederick

As discussed in Chapter 6, the Frederick Central Loop Trail and associated greenway connections within Frederick and to neighboring municipalities and destinations provides one of the major foundational pieces of the Comprehensive Plan. These greenways help connect the regional hubs (Downtown and the Gateway Hub), community hubs, and neighborhood villages, as well as the major parks and open space destinations in Frederick such as the FRA, Centennial Park, and the Frederick Regional Park and Open Space and Bulrush Open Space areas. As Chapter 6 noted, these greenways will be designed to serve not only recreational purposes, but also to facilitate daily trips and travel around Frederick. Residents of Frederick will eventually be able to walk or bike comfortably along the Frederick Central Loop Trail and other greenways to run errands, commute to work, and to reach destinations to dine or conduct other business. The completion of the Frederick Central Loop Trail and associated greenways will serve as one of the pillars of the Town's transportation system, beyond the network of arterial and collector corridors around Frederick. As discussed further in the Implementation section (Chapter 10), the completion of this greenway system is one of the very highest priority items resulting from the entire Comprehensive Plan community outreach process.

4. Completion of additional trail and sidewalk linkages from the TMP and Go Outdoors Frederick 2050 plans

In addition to the completion of the greenway system, the Town will implement the series of trails, sidewalks, and related connections for walking and biking articulated in the TMP document as well as the forthcoming Go Outdoors Frederick 2050 document. These additional connections will ensure that the Town (and developers) fill in gaps in the existing sidewalk and trail system and link existing neighborhoods to one another. It will also ensure that future neighborhoods and developments consider and address linkages between residential and commercial uses.

5. Implementation and completion of upgrades to the Highway 52 corridor

Throughout the Frederick Forward process, community members emphasized the urgency of addressing traffic congestion and safety issues along the Highway 52 corridor. The corridor is already operating at capacity during rush hours, as the highway is limited to one primary travel lane in each direction and the communities along the corridor have expanded considerably over the last two decades. Many community members have expressed fears that congestion issues along Highway 52 will only worsen as development of neighborhoods and commercial areas moves forward.

The Highway 52 Planning and Environmental Linkages (PEL) study established an overall vision and parameters for access control along the corridor. The 2021 Frederick TMP highlighted the installation of a multi-use path along Highway 52 to provide safer bike and pedestrian movement east-west across the Frederick area, in addition to the widening of the corridor to accommodate higher levels of vehicular traffic.

Because Highway 52 is a state highway, the Colorado Department of Transportation (CDOT) takes the lead in securing funding, developing detailed construction plans, and installing improvements. The statewide demand for funding in a time of funding shortfalls makes the successful pursuit of funding challenging, but not impossible. It remains important for Frederick to closely coordinate with CDOT and adjacent jurisdictions to emphasize the importance of needed improvements along Highway 52. Therefore, the Comprehensive Plan calls for Frederick to pursue formal joint partnerships with other governmental entities, including the neighboring towns, Weld and Boulder counties, and other stakeholders along the corridor, to foster a cooperative approach to funding Highway 52. Frederick should work through its membership in the Denver Regional Council of Governments' (DRCOG) Southwest Weld County Forum to define and advocate for priority short-term transportation needs and build consensus to position Highway 52 for funding. The process of securing funding for highway improvements remains very competitive in Colorado, and demonstrating collaboration between the different towns, counties, and other entities involved in the Highway 52 corridor will improve the likelihood of

securing funding more rapidly. Frederick and the other jurisdictions along the corridor may consider the following funding strategies going forward:

Conventional Funding:

- Cost sharing funding agreements between the jurisdictions along the corridor to fund improvements
- Pursuing federal funding specifically directed to bike and pedestrian improvements along the corridor
- Securing federal funding through DRCOG for the corridor

Development Fees:

- Levying development impact fees along the corridor to fund corridor improvements
- Implementing a benefit district on properties along the corridor to fund corridor improvements

The jurisdictions may pursue a mixture of these funding strategies to secure the funding necessary to achieve the vision for the Highway 52 corridor. Importantly, the Town must reach out to other jurisdictions and partners now, to lay the groundwork for improvements to take place sooner, rather than later. The jurisdictions and partners could, for example, commit to fund a higher share of total project costs, thus increasing the scores that projects along Highway 52 will receive, in a competitive funding process. Time is of the essence, and failure to proactively plan for the Highway 52 corridor could choke off the growth of the area and significantly harm the quality of life in Frederick and surrounding communities.

6. Implement Additional Bicycle-Friendly and Pedestrian-Friendly Features Around Frederick

Frederick will continue to pursue opportunities, on both existing streets and trails and on newly planned facilities, to enhance the safety and comfort of walking and biking around Frederick. These improvements may include the following:

- Installation of a bike-sharing system that would allow people to rent bikes on an hourly basis along trails, and within the Downtown, Gateway Hub, and community hubs around Frederick.
- Continued installation of bike storage and bike parking facilities around Frederick.
- Installation of additional crosswalks and related safety features such as high-intensity activated crosswalk (HAWK) signals to improve the safety of crossing streets and traveling along trails around Frederick.
- As the greenway and trails system is implemented, installation of grade-separated crossings (at arterial streets and highways) over time. As noted in Chapter 6, the best greenway systems around Colorado and nationally feature grade-separated crossings of major arterials to provide a seamless route for people walking and biking and provide the safest crossings. The Town will continue to identify and implement grade-separated crossings in existing neighborhoods and as new areas of Frederick develop over time.
- Installation of improved signage to alert trail and sidewalk users, as well as motorists, of crossings along streets.

- Installation of improved lighting and seating areas along sidewalks and trails to improve safety and comfort.

7. Actively Pursue Transit Connections from Frederick to Nearby Communities and the Region

While the Carbon Valley is not part of the Regional Transportation District ("RTD") system and may remain independent of RTD and other regional transit systems, the Frederick community will actively work internally and with nearby jurisdictions to improve local transit service. These improvements will include the following:

- Exploring the use of transit shuttles and regional trails to connect Frederick to the north end of the RTD light rail system (the N line in Thornton).
- Exploring transit shuttles to connect Frederick to the future Front Range Passenger Rail system (anticipated to run from Denver to Boulder, Longmont, and Fort Collins).
- Providing local transit or shuttle buses from different districts around Frederick to the mobility hub along I-25 at Highway 119.
- Introducing east-west transit service along the Highway 52 corridor from the Carbon Valley to Boulder (a major center of employment in the region). This transit connection could take the form of a bus rapid transit system along the Highway 52 corridor, for example.
- Introduction of local shuttles to connect the major districts in Frederick, such as the Gateway Hub and Downtown, as well as employment centers. These shuttles could run during peak times to help alleviate congestion. The shuttles may also operate during weekends and at night to help facilitate dining and entertainment in the community hubs, the Downtown, and the Gateway Hub. The third community survey results highlighted the popularity of introducing a "Brewery Bus" or similar kind of "entertainment shuttle" in Frederick in the future. Downtown Longmont's Brewery Bus is very popular and this concept could be replicated in Frederick in the future, as the area continues to grow and the Downtown expands.

Picture of the "Brewhop" brewery bus in Longmont, Colorado. The bus is pictured along a road in a rural area.

8. Continue ongoing efforts for street and trail maintenance

As is the case with many community planning efforts across the country, many community members expressed the belief during Frederick Forward that Frederick should focus on making sure existing roads and facilities are well maintained, before pursuing additional expansions and new streets and projects. As noted in the Goals and Actions that follow, the Town of Frederick will continue to pursue regular maintenance projects to ensure that the existing transportation system remains in good condition, regardless of any expansions of transportation networks in the future.

Goals and Actions:

The following goals and actions will guide the Town and partners at the local, regional, and state levels in implementing the vision for multimodal transportation in Frederick. The following are not listed in order of priority but are intended to cover the full range of topics related to multimodal transportation.

Goal 7.1 – Continue to expand the local street network and capacities, using Complete Streets principles

Action 7.1.1 – Develop street sections and street designs for the street widenings and other features (such as intersection reconfigurations, acceleration/deceleration lanes, etc.) outlined in the TMP, with an emphasis on including shared-use sidewalks

or trails separated from streets, bike lanes, landscaping, and trees, in line with the feedback from the community during Frederick Forward.

Action 7.1.2 – Advance the designs for the expansion of Highway 52 through Frederick.

Action 7.1.3 – Develop a partnership with Weld County, Erie, and Dacono to pursue funding to begin construction and implementation of Highway 52's expansion along Frederick's shared boundaries with Erie and Dacono.

Action 7.1.4 – Update the Capital Improvements Program (CIP) on a regular basis, identifying streets to be widened or upgraded, using input from the TMP and information regarding upcoming developments as a guide.

Goal 7.2 – Continue to maintain existing Town streets

Action 7.2.1 – Regularly update the PMP with an annual list of street maintenance projects around the Town, prioritized based upon pavement condition data and engineering evaluation.

Action 7.2.2 – Continue to implement the guidance from the Town concerning street maintenance initiatives.

Action 7.2.3 – Maintain an ongoing plan to incorporate bike facility planning into roadway resurfacing projects for bike priority streets.

Goal 7.3 – Continue to expand and enhance facilities for people walking and biking around Frederick

Action 7.3.1 – As part of Chapter 6, develop final plans and an implementation strategy to complete the Frederick Central Loop Trail and other regional trail connections identified in Chapter 6.

Action 7.3.2 – Continue to identify and complete projects to close sidewalk gaps around the community.

Action 7.3.3 – Develop bike and pedestrian projects for funding through funding programs designed for local bike-ped projects.

Action 7.3.4 – Implement the bike and pedestrian improvements identified in the Downtown Plan.

Action 7.3.5 – Complete any additional bike / pedestrian improvements identified in the Go Outdoors Frederick 2050 plan.

Goal 7.4 – Explore and implement projects to provide for local and regional transit connections

Action 7.4.1 – Continue to explore and potentially implement a workforce shuttle that could also serve as an entertainment shuttle or restaurant shuttle serving Downtown Frederick and/or other community and regional hubs in Frederick.

Action 7.4.2 – Explore, as part of efforts to improve Highway 52, the potential to integrate transit service along the Highway 52 corridor to Erie and Boulder.

Action 7.4.3 – Explore opportunities to provide transit connections to the north end of RTD's light rail lines in Thornton.

Action 7.4.4 – Explore the introduction of local transit connections (such as shuttle buses or buses on demand) and regional trails to provide connections to the mobility hub at Highway 119 and I-25.

Housing

Housing affordability and having sufficient types of housing for different types of households has emerged as one of the biggest issues facing communities across Colorado. Colorado now has the most expensive housing market of any state not located on a U.S. coastline, and high housing costs have begun to drive some Coloradans to relocate to more affordable states. The high cost of housing also makes it difficult for younger people raised in communities like Frederick to remain in the local area. The high costs have also created challenges in attracting and retaining workers in essential positions such as teachers, fire and police officers, and nurses.

As outlined in Chapter 3, traditional single family detached housing represents over 90 percent of housing units in Frederick as of 2023. The community has very few housing options for those who cannot afford the traditional detached house with a yard. Seniors, young adults, and lower income households have relatively few options for housing in Frederick. As discussed in Chapter 4, the future land use plan introduces additional land use categories that provide greater flexibility for developers to introduce new and more varied programs of housing as Frederick continues to evolve over the next 25 years. The "adaptable neighborhood," "community hub," "neighborhood village," "mixed-use," and "downtown" categories allow for various types of attached housing units (townhomes and duplexes) as well as some multifamily units (stacked flat apartments and condominiums).

Respondents to the first community survey for Frederick Forward highlighted housing as an important issue facing Frederick. A plurality of 41 percent of respondents indicated that the affordability of housing is a "very important" to the future of Frederick. Forty-six percent of respondents also indicated that it was "very important" or "important" for Frederick to have various types of housing available in the future.

A large majority of respondents to the third community survey (65 percent) supported one or more of several listed actions to provide attainable or employee housing in Frederick. The largest share supported having the Town use incentives to encourage the development of affordable or workforce housing in Frederick (35 percent). Many respondents also supported the establishment of a housing authority to coordinate efforts to provide affordable housing in Frederick (26 percent) and requiring new residential developments to provide a portion of units as workforce or attainable housing (25 percent).

However, despite the apparent need to address housing issues throughout the region, respondents to the third survey for Frederick Forward ranked initiatives to provide more attainable or workforce housing as the lowest priority, of the nine priorities outlined in Question 14. Thus, the action items outlined in this chapter for housing may represent lower priorities for Town leaders, at least in the near term.

The Town of Frederick will continue to explore creative ideas to provide a diversity of housing and more attainable housing choices in the community in the future. The Town and its partners will explore the introduction of ideas such as tiny homes, single room occupancy (SRO) housing, co-housing and housing cooperatives, and other ideas in the future. Providing sufficient and attainable housing for residents in Colorado communities is an important goal, and Frederick and other communities in the region will continue to explore creative ideas to help resolve this very important issue.

Goals and Actions:

Goals and actions provide direction to implement the Frederick Comprehensive Plan. The following goals, policies, and actions are not listed in order of priority but are intended to cover topics related to housing.

Goal 8.1 – Maintain a balanced housing supply with housing availability for local residents and workers at all income levels and unit types and sizes that meets the varying lifecycle needs and housing preferences of Frederick residents

Action 8.1.1 - Explore opportunities for the Town of Frederick to land bank (purchase parcels for future construction of residential units) for attainable housing.

Action 8.1.2 - Explore potential state, federal, and other applicable grant funding for the construction, rehabilitation, preservation, or improvement of housing that is attainable for low- to moderate-income households.

Action 8.1.3 - Develop housing units that are attainable for low- to moderate-income households on Town-owned parcels, in alignment with the land use guidance provided in the Comprehensive Plan.

Action 8.1.4 - Develop an incentive program (involving the use of density bonuses) to encourage residential developments to include attainable housing as a portion of their developments. This program would allow for greater residential density in exchange for the provision of a percentage of residential units in a project as attainable.

Action 8.1.5 - Develop an incentive program (involving fee waivers and/or reductions in site plan review times) for projects that include attainable housing units.

Action 8.1.6 – Develop an attainable housing trust fund (funded by fees on development) to provide financial support for projects that include attainable housing units.

Action 8.1.7 – Market Frederick to developers experienced in developing senior housing and attainable / workforce housing in the region.

Action 8.1.8 - Complete a housing needs assessment and action plan for the Town of Frederick and / or the Carbon Valley area on a regular basis, in accordance with legislation from the State of Colorado.

Action 8.1.9 – Remove unintended barriers to the development of affordable and attainable housing in the Town's Land Use Code and other Town policies and regulations, where consistent with other Town goals.

Action 8.1.10 – Encourage the development of housing in mixed-use development, in order to promote walkability, provide the option for car-free lifestyles, increase transportation efficiencies, and promote economic vitality.

Goal 8.2 – Promote the maintenance and rehabilitation of existing homes in Frederick

Action 8.2.1 – Promote the maintenance, rehabilitation, weatherization, and energy efficiency of older homes in the Town of Frederick by enhancing awareness and utilization of rebate programs and services offered by third party providers. In addition, consider implementing a Town-managed incentive program (e.g. in the form of sales tax or property tax rebates) for the rehabilitation and maintenance of older homes owned by income-qualified residents in the Town of Frederick.

Action 8.2.2 – Explore forming partnerships with local lending institutions to provide low interest or zero interest loan programs for housing rehabilitation or remodeling of older homes.

9 Economic Development

In terms of overall economic development, over 63 percent of respondents in the first community survey indicated that job creation and increasing job opportunities was "very important" or "important" for the future of Frederick. Around 55 percent of respondents to the second community survey indicated that the Town should focus on having affordable space available for small, locally owned businesses. Respondents to the second survey also supported the provision of incubator space, with shared resources to help support the growth of startup or small businesses in the community.

While the community expressed a desire to provide more affordable space for small or locally owned businesses, as part of the second survey, the results of Question 14 of the third community survey revealed that respondents ranked this action item as the 8th highest priority (of the options provided). Thus, the community appears to value other notable categories of priorities for Frederick (such as Downtown or the Frederick Central Loop Trail) more strongly than this action item.

Drawing from the community input provided throughout the Frederick Forward process, the Comprehensive Plan identifies the following as the major drivers of the community's economic development strategy through 2045.

Facilitate and expand apprenticeship programs for high school / college students with local companies

Companies in Frederick and across the country continue to face challenges in attracting and retaining employees with the necessary skills to serve industry needs. In general, companies across the country have leveraged apprenticeship or internship programs to help identify and train potential new entrants into the job market. The Town of Frederick will work with other partners and encourage the development or expansion of ongoing internship or apprenticeship programs, through local community colleges and with the St. Vrain Valley School District. These programs will help increase the marketability of the Frederick community for companies as they consider expansion.

Pursue recruitment of companies identified as part of target industry clusters

The Town of Frederick will pursue industry clusters and target industries in line with its long term strategies for recruitment of employers.

Employee housing initiatives as economic development strategy

The lack of attainable housing for employees in Frederick presents challenges for local companies in attracting talent. Companies in Frederick seeking entry-level workers face challenges, given the misalignment between the wages paid to these workers and the cost of housing in the community. The Town of Frederick will continue to refine its economic development strategy to emphasize the pairing of new employment wins in the community with the provision of workforce housing to serve these new employees working at companies in Frederick.

Goals and Actions:

Goals and actions provide direction to implement the Frederick Comprehensive Plan. The following goals, policies, and actions are not listed in order of priority but are intended to cover topics related to economic development.

Goal 9.1 – Promote Frederick as a great place for business investment and employment

Action 9.1.1 – Continue to develop and maintain marketing campaigns to promote Frederick as a place for business, at the local, regional, state, and national levels.

Action 9.1.2 – Integrate marketing and business development efforts for Frederick into regional economic development efforts coordinated by organizations in the Carbon Valley, the Upstate Colorado Economic Development Corporation, the Denver Metro Chamber of Commerce, Global Chamber Northern Colorado, and other related organizations.

Action 9.1.3 - Develop services, facilities, and infrastructure in support of start-up companies, entrepreneurs, and those working remotely in Frederick. These efforts may include the development of small business incubators or co-working spaces.

Action 9.1.4 – Develop an incentive policy and program designed for small or new businesses in Frederick.

Action 9.1.5 – Refine and adjust financial incentives, as needed, designed to attract larger companies with larger workforces to Frederick (including tax increment financing, tax rebates, grants, etc.).

Goal 9.2 – Attract and develop a quality labor force that meets the needs of businesses in Frederick and responds to trends in different industries

Action 9.2.1 – Coordinate with local businesses to establish or expand existing internship or apprenticeship programs between local high schools and local businesses and organizations.

Action 9.2.2 – As part of economic development efforts, coordinate with local high schools, trade schools, colleges, and universities to design training programs tailored to local companies or as part of efforts to attract new employers to the community.

Action 9.2.3 – Explore the possibility of attracting a community college or trade school campus to locate in Frederick.

Action 9.2.4 – Offer the development of employee housing as an incentive to attract companies to locate in Frederick.

Action 9.2.5 – Leverage the Town of Frederick Target Industry Cluster Study to inform future inventive delivery and to build a stronger and continuously sustainable economy for the Town and broader region.

Action 9.2.6 - Continue to work with regional economic development partners to further strengthen the employment network within the Town of Frederick and the broader region.

Goal 9.3 – Protect and enhance the economic vibrancy and character of Downtown Frederick, consistent with the Frederick Downtown Plan.

Action 9.3.1 – Develop downtown specific incentive programs that can inject additional investment into Downtown Frederick to further advance the Downtown Plan.

Action 9.3.2 – Utilize the creation of a Downtown District to leverage additional funding sources for the preservation and enhancement of historic Downtown Frederick.

Action 9.3.3 – Build a coalition of downtown based businesses to create and promote downtown centric events and marketing programs to keep Downtown relevant.

Action 9.3.4 – Develop and implement a shop local program to drive additional traffic Downtown.

Action 9.3.5 – Develop and implement a cohesive town-wide wayfinding signage program to direct visitors and the public to Downtown Frederick.

Action 9.3.6 – Coordinate with planning on additional ways to advance the objectives of the Downtown Plan.

Community Infrastructure and Sustainability

The Town of Frederick collaborates with other agencies and jurisdictions in providing infrastructure (including water, sewer, and stormwater) to Town residents. Private entities provide various services to Town residents, including Xcel Energy (electricity), Black Hills Energy (natural gas), and Xfinity and other providers (broadband services). In addition, community infrastructure includes multimodal transportation (covered in Chapter 7 of this plan). Like all municipalities across Colorado, Frederick remains very focused on topics related to water supply and water quality. The cost of acquiring sufficient water to serve residents and businesses has skyrocketed over the last decade in Colorado. At the same time, concerns about the scarcity of water across the entire western United States have become major policy issues at the state level. Communities across Colorado are pursuing ways to better conserve water usage given these threats, and Frederick has pivoted over the last few years to a strong focus on water conservation, as outlined in various sections of the Comprehensive Plan.

While the Town does not generally face the same capacity issues and threats to wastewater and stormwater infrastructure, Frederick is maintaining a focus on efficiently and carefully planning for expansions and upgrades to these infrastructure systems. The Town is committed to prudently planning for infrastructure given the environmental issues related to infrastructure but also the financial implications of infrastructure costs on the Town, local developers, and local ratepayers. Frederick discourages new developments that would require substantial extensions of trunk lines and major infrastructure services. Instead, to minimize fiscal impacts of new development, Frederick prioritizes developments that are adjacent to or close to existing infrastructure facilities.

Environmental sustainability remains a top issue across Colorado and across the country, as governments, corporations, and individuals focus on the promotion of more environmentally sustainable energy sources and the responsible disposal of waste and other externalities. While the actions of Frederick as a town will have limited impact on the overall environmental quality of Colorado, the Town continues to consider environmental actions that make sense from a financial perspective and align with the values of the community.

Overall Direction: Community Infrastructure and Environmental Sustainability

The following content highlights the major outcomes from the Frederick Comprehensive Plan related to infrastructure and sustainability.

Strong Focus on Water Conservation

The Town, through its departments and operations, will pursue every opportunity to minimize water usage and promote water conservation. The new Go Outdoors Frederick 2050 plan will outline the vision for how the Town's parks, open spaces, and trails will transition to landscape patterns and maintenance strategies that emphasize minimal water usage through native plantings, water re-use, and other strategies. The Town will continue to emphasize water conservation to water customers, including adjusting rate structures to encourage conservation and modifying landscape and land use codes and regulations to emphasize the use of native plantings, xeriscaping, and similar measures.

Promote Regional Solutions and Green Infrastructure to Address Stormwater

The Town will require the development of regional stormwater plans to efficiently manage drainage and stormwater issues. It will modify the Land Use Code and regulations to encourage the use of green infrastructure strategies and low impact designs, to help minimize the need for expensive and expansive stormwater facilities as the Town continues to grow.

Pursue and Promote Environmental Sustainability at the Municipal and Individual Levels

The Town will explore how to convert its various operations to a model focused on sustainability. These strategies may emphasize the use of renewable energy, the generation of renewable energy on Town properties, the use of green vehicles, and related strategies. The Town will encourage residents and businesses to pursue environmental sustainability through recycling, composting, water re-use, and related strategies.

Goals and Actions:

The following goals, policies, and actions will guide the Town and its partners in providing infrastructure and promoting sustainability in the Frederick area. The following are not listed in order of priority but are intended to cover the full range of topics related to community infrastructure and sustainability.

Goal 10.1 – Develop and manage the water supply to serve existing and future users in an environmentally sustainable manner

Action 10.1.1 – Implement the phased improvements outlined in the Water System Plan for the Town of Frederick.

Action 10.1.2 – Revise the landscape standards and other areas of the Town code to strongly incentivize the use of xeriscaping and other conservation techniques in both new and existing developments and neighborhoods, to minimize per-capita water usage.

Action 10.1.3 – Explore the implementation of a water re-use strategy for non-potable water uses in the Town.

Action 10.1.4 – Develop educational materials for local residents and businesses regarding water conservation and water quality tools and programs offered by the Town of Frederick and other partners.

Goal 10.2 – Coordinate with the St. Vrain Sanitation District (SVSD) to provide sanitary sewer service in the Town in an efficient manner

Action 10.2.1 – Coordinate with the SVSD as the district updates its sanitary sewer master plans for the Frederick area to ensure that the district's plans integrate the Town's future land use plan.

Action 10.2.2 – Coordinate with the SVSD to prioritize development within areas that are already served by the district or can be serviced efficiently through system expansion.

Goal 10.3 – Proactively plan for stormwater management in the Town of Frederick

Action 10.3.1 – Require the creation of regional stormwater plans (that incorporate multiple developments together) rather than having stormwater detained on a project-by-project basis.

Action 10.3.2 – Regularly update the stormwater master plan for the Town.

Action 10.3.3 – Encourage the use of bioswales, greenways, and other green infrastructure strategies and low impact design to help manage stormwater in new development projects.

Goal 10.4 – Pursue initiatives to encourage environmental sustainability in the Frederick community

Action 10.4.1 – Explore the potential to install electric charging stations at Town facilities, to help encourage and accommodate electric vehicles.

Action 10.4.2 – Explore opportunities to install solar, wind, or other renewable energy facilities on Town-owned properties.

Action 10.4.3 – Collaborate with other partners in the region to share information with residents regarding recycling, composting, and community garden opportunities.

11

Implementation

The Town Board, Planning Commission, PROST Commission, Town staff, and other partners will work together over the short-term and long-term to implement and complete the action items identified in Frederick Forward. These entities, along with the community at large, will work together to realize the vision for Frederick articulated by the community. This Implementation section provides guidance about the Town departments involved in executing action items and the boards, commissions, and other partners involved in completing action items. The Implementation Plan matrix that follows also outlines general order of magnitude costs associated with each action item, as well as an anticipated timeframe for completion (short-term, mid-term, or long-term). Several of the action items listed in the plan will continue on an ongoing basis and, therefore, boxes are checked for all three timeframes for these action items.

Survey 3, Question 14: Please rank the following, potential "Big Actions" from the Frederick Comprehensive Plan (rank from 1 to 9, with 1 having the highest priority). This feedback will help the Town Board and Town staff prioritize resources over the next several years.

The Implementation Plan is intended to provide a general guide for the completion of the action items in the plan. Input from the community influenced the timeframes anticipated for the various action items. Question 14 from the third and final community survey highlighted the prioritization of several of the more notable action items resulting from the Comprehensive Plan. As noted in the table that follows, the community very strongly prioritized the completion of the Frederick Central Loop Trail, expansion of Downtown, and preservation of agricultural and open space. The results of Question 14, along with outreach with the community that may occur in the future, and input from the Town Board and other Town leaders, will inform the precise prioritization of the action items in the plan. The prioritization of action items may change due to changes in conditions in the City and changing preferences of elected and appointed leaders in Frederick over time. The prioritization will inform the creation of formal projects and budget requests made by the Town. The Implementation Plan will also help the Town and its partners in securing grants and other sources of funding for the action items.

Introduction

As Frederick plans for the overall growth of the community over the next two decades, this Community Assessment provides a foundation of information concerning where the community stands today. The information in this document provides key information that informs the development of the Town's new Comprehensive Plan and the new Downtown Plan for Frederick. The Community Assessment outlines where Frederick is doing well, areas where Frederick could improve, and opportunities for the community to grow and change over the next two decades.

Information from a range of sources, including the Town of Frederick, Weld County, the U.S. Census, local officials, and stakeholders, informed the conclusions provided in the Community Assessment.

Review of Previous Planning Efforts

Communities typically build upon the work completed in previous planning efforts, in developing a new Vision and Plan for their futures. The following section summarizes some key takeaways from previous planning efforts in Frederick, as they relate to the new Comprehensive Plan and Downtown Plan.

Frederick Comprehensive Plan (2016)

The Town's existing Comprehensive Plan outlines the vision of the community in 2035 and key action items and recommendations, across a range of topic areas. The vision statement from the Comprehensive Plan emphasized the following as desired qualities of Frederick in the future.

- A regional destination with a high quality of life
- Having a strong, locally based Downtown district
- Having additional commercial and retail offerings along the Highway 52 and I-25 corridors, and thriving business parks
- Having well connected trail systems and a "Complete Streets" orientation
- A community with large open spaces and many parks that help distinguish Frederick from its neighbors
- The Comprehensive Plan outlines recommendations for actions across various topics, summarized in the Implementation section of the document. The plan has helped guide the growth and evolution of Frederick over the last six years. The following summarizes a series of key goals that the Town has, and has not, completed from the 2016 Comprehensive Plan.

Key Initiatives / Goals Completed – From the 2016 Comprehensive Plan

- Frederick is in the process of updating its Land Use Code, as one of the main recommendations coming out of the 2016 Comprehensive Plan. The new Land Use Code will assist the Town in implementing other recommendations in the 2016 Plan as they relate to future land use and development, incentives and related strategies.
- Frederick completed the 25 / 52 East Subarea Plan in March 2022. This document provides additional guidance concerning future development and improvements in the areas to the north and east of the I-25 / Highway 52 interchange.
- The Town has continued to complete segments of sidewalks and trails to increase connectivity between different areas of Frederick and along main corridors, such as Highway 52.
- Frederick updated the Parks, Open Space, and Trails (POST) Master Plan in early 2021.
- The Town has continued to work with the St. Vrain Valley School District and providers of community facilities to residents in the Town to identify future needs and plan for improvements.

- The Town completed a new Frederick Transportation Master Plan in early 2021.
- The Town has continued to implement its streetscape design guidelines and other design guidance in the approval of development plans.

Key Initiatives / Goals That Remain to Be Completed – From the 2016 Comprehensive Plan

- Various sidewalk and trail connections remain to be completed around different areas of Frederick.
- Frederick continues the process of identifying additional community events and cultural activities to be held throughout the year. The COVID-19 pandemic put many efforts concerning cultural events and activities on hold, but Frederick continues to focus on these goals going forward.
- Frederick and its neighbors continue to explore opportunities and ideas to strengthen regional transit connections from the Carbon Valley area to nearby metro centers, including the Denver metro, Boulder, and various cities in Northern Colorado. The lack of a regional transit provider for the Carbon Valley area continues to make it more difficult to secure transit improvements in the Frederick area.
- Frederick continues to explore ideas and concepts for community gateways and how to create a consistent look and feel for the community.
- The Town continues to explore ways to better connect areas to the east and west of I-25, as the interstate is a major divider in the local area.
- The Town continues to explore ways to improve the streetscapes within the Downtown district, and the new Downtown Plan will focus on streetscape and a variety of other potential improvements for Downtown.
- The Comprehensive Plan articulated a vision for the extension of mixed use development from the Downtown area to the south, through the Miners Park development area. However, development of these parcels between the Downtown area and Highway 52 has not yet materialized.
- While Frederick has continued to add housing and new residents, the Town continues to trail its neighbors in offering a full range of retail shopping options.

25 / 52 East Subarea Plan (2022)

This subarea plan provides guidance for the future land use and development of over 600 acres at the northeast quadrant of Highway 52 and I-25, with the goal of creating an area that will enhance the character, image, and identity of the Frederick community. The Plan established four guiding principles for the development of the area:

- Promoting an inviting and vibrant retail and mixed use destination
- Responding to the market with a uniquely "Frederick" place
- Leveraging the high visibility of the location
- Responding to environmental constraints of the site

The Subarea Plan provides the vision for six land use typologies: Retail / Entertainment; Corporate Campus / Office; Mixed Residential; Public / Civic; Recreational; and Industrial.

The land use vision outlined in the Subarea Plan calls for areas of retail and entertainment in the southwestern portion of the subarea, closest to the I-25 interchange. A corporate campus / office area will locate to the north of the retail and entertainment area, along the east side of I-25, with an industrial area in the northern portion of the subarea. Mixed residential units, of various types and densities, would generally orient in the eastern portion of the subarea, with areas for public and recreational uses serving as a transition from the retail / entertainment area to residential neighborhoods to the northeast.

The Subarea Plan provides general guidance on how to create a "destination place" through architectural style and character, building placement, mobility and access, landscaping and buffering, the design of loading and service areas, and lighting. The Plan provides the vision for public spaces, gateways and wayfinding, streetscaping, public art, the roadway network, and sidewalk network.

The Subarea Plan concludes with implementation recommendations, including calling for the creation of a detailed market study and marketing plan, public / private partnerships and financing of public improvements, and short term and long term regulatory strategies.

The updating of the Town's Land Use Code will help support ongoing discussions and efforts to develop properties in this portion of Frederick, using the 25 / 52 East Subarea Plan as a vision for the area's development.

Parks, Open Space, and Trails (POST) Master Plan (2021)

The POST plan examined the parks, open space, and trails assets and amenities in the Frederick area and established a wide range of goals and strategies to achieve the vision of the community in this area over the next two decades.

The POST Master Plan outlines the following as recommended "big moves" for the park system in Frederick:

Top Priorities:

- Enhance water quality and provide water-based recreational activities in Milavec Lake at the Frederick Recreation Area.
- Add winter activities to the existing park system (sledding, ice skating, etc.)
- Replace or enhance outdated play equipment
- Build a destination playground at Frederick Recreation Area (FRA) or Centennial Park

Secondary Priorities:

- Expand the existing dog park at FRA or construct a new dog park with more acreage and amenities.
- Improve access to Bulrush Park by removing the existing gate while maintaining gated access to adjacent oil well properties.
- Secure land and begin the process of developing a community park west of I-25

Priorities for all parks:

- Develop a strategy for providing additional shade tree planting
- Implement native and low water grasses and shrub beds

The POST Master Plan identified a series of park "search areas" (for the potential location of future park facilities) in different locations in Frederick and identified a series of recommended trail linkages between different neighborhoods and areas within Frederick, and from the Frederick community to the broader region. The priority trail corridors include the following:

- Bella Rosa Parkway from Legacy Trail to Boulder Creek Trail
- Boulder Creek Trail (South)
- Highway 52 Trail
- Aggregate Blvd from Wyndham Hill to Wildflower / Country Meadows Farm Neighborhoods
- Downtown-Wyndham Hill Connection
- Canal Connection from Highway 52 to Bella Rosa Parkway
- Frederick Way
- Ridgeway Blvd

- Aggregate Blvd through Mendoza Open Space from Highway 52 to Highway 119
- Boulder Creek Trail (North)

The POST Master Plan provided recommendations and action items tied to:

- Maintenance
- Recreational equity
- Nature integration
- Play for all ages
- Walkability, accessibility, and wayfinding
- Art and placemaking
- Water-wise solutions

Downtown Development Plan (2010)

The Downtown Development Plan outlines the overall vision for the Downtown district, provides general design guidance for the public realm, and outlines a series of implementation recommendations for the Town to use as development and improvements in the Downtown district move forward.

The document provides general design guidelines and concepts for a range of public improvements including: landscaping, intersection enhancements, entry treatments, public open space, crosswalks, lighting, street furnishings, benches and trash receptacles, public art, signage and banners, and related items. While the document provides general recommendations for improvements to these features, it does not constitute a formal "streetscape plan" or a conceptual plan for improvements on a block-by-block basis.

Based upon regional real estate and growth trends, the Downtown Development Plan identified the potential to develop an additional 222 residential units and an additional 405,000 square feet of commercial space in the Downtown district by 2030. These totals would represent an increase of 160 percent in the number of downtown residential units from 2010 to 2030, and an increase of more than five times in the amount of commercial space in the Downtown district.

The Downtown Development Plan reviewed the infrastructure capacities and considerations impacting the growth of the district. The document indicated that it was unknown, at the time, whether the existing sewers and wastewater facilities in the Downtown area would accommodate the anticipated growth in the area. It stated that the water capacities in the area were anticipated to accommodate the build-out of the Downtown area, and that stormwater infrastructure should also accommodate the expected growth.

The Downtown Development Plan concluded with an implementation plan that articulated recommended policy and related actions to bring the vision for Downtown Frederick into reality. Incentives discussed in the plan included fee and tax reductions, entitlement incentives, direct financial assistance for projects, and other incentives.

Transportation Master Plan (TMP) (2021)

This master plan involved significant community outreach and arrived at the following vision elements as part of its main plan themes for Frederick:

- Right-sized streets
- Safety
- Connecting activity centers
- Exploring transit partnerships

The Plan outlined a series of transportation-related programs for the Town to pursue, organized in the following fashion:

Roadway network:

Develop a connected roadway network strategy

- Update the Town's design guide for roadways to align with the TMP's goals
- Establish a system of ongoing traffic counts for all modes of travel
- Complete an annual crash report
- Develop a Travel Demand Management (TDM) Toolkit
- Consider a long term pavement plan for all county roads

Active transportation network:

- Update the bikeway design guide and selection policy to align with the TMP's goals
- Establish a system of ongoing counts for all modes of travel
- Incorporate planned on-street bicycle facilities into street maintenance projects
- Americans with Disabilities Act (ADA) compliance

Transit network:

- Establish working groups to explore transit services

Policies and Programming:

- Long term dedicated funding strategy
- Project development / funding toolbox
- Maintain up-to-date GIS data systems
- Wayfinding program framework
- Impact fee ordinance
- Land Development Code change recommendations
- Alignment of developer requirements to the TMP
- Form strategic partnerships

The TMP outlined a set of recommended projects for completion, organized into the following categories:

- Intersection projects
- Roadway projects
- Highway 52 projects
- I-25 projects
- Active transportation network projects
- Transit projects
- Downtown projects

The following highlights some of the most notable projects in these categories within the TMP:

- Along the Highway 52 corridor, as part of the widening of this corridor from Ridgeway to Aggregate Blvd: median installation and speed mitigation; bike and pedestrian crossings, including over I-25; creation of a separated multi-use path; and preservation of critical access points.
- Implementation of the list of recommended trails from the POST plan
- Improvements to multimodal access, connecting to the Transit Center along Highway 119
- Introduction of shuttle systems to Town events and to the Transit Center along Highway 119
- Creation of a Carbon Valley Transit System to connect the Frederick area to Boulder, Longmont, and the broader RTD system
- Downtown projects: bike / pedestrian and walkability enhancements; event street improvements, and exploration of a long term parking solution as the Downtown grows

Key Takeaways – Review of Previous Planning Efforts

- Frederick has outlined a copious number of potential projects and improvements across the POST plan, TMP, the previous Downtown Plan, and other planning efforts. While these previous plans helped in prioritizing and articulating the implementation of the recommended projects and efforts, the Comprehensive Plan has an opportunity to bring the various recommendations together and outline a comprehensive, prioritized set of actions for community improvements.
- The Downtown Plan outlined a series of general recommendations, but it appears that most of the recommendations in the Plan have not come to fruition.
- The interconnectedness of different parts of Frederick continues to emerge as a key issue for the community as it grows.

Demographic, Economic and Housing Analysis

This section identifies key demographic, economic, and housing trends that influence the concepts, strategies, and ideas included in the Comprehensive Plan. It draws from information from the U.S. Census, the State of Colorado, and the Town of Frederick. It also includes various data from ESRI Business Solutions, a national database of economic and market data derived from U.S. Census data, along with national database information concerning retail and consumer spending, living patterns, and related metrics. Together, the information presents a picture of where Frederick is today and how it may evolve in terms of demographics, the housing market, and economic development over the next two decades.

Demographic Profile

Historic and Projected Population

Frederick, along with its Carbon Valley neighbors Firestone and Dacono, and the Town of Erie, have experienced significant population growth since 2000. Erie has experienced tremendous growth, increasing its population nearly five times between 2000 and 2020. Frederick has grown from a small town of just over 2,400 residents in 2000 to an estimated population in 2022 of nearly 16,000 residents. Firestone has experienced similar rates of growth as Frederick. The City of Longmont has continued to grow rapidly, with an increase of over 16,000 residents between 2010 and 2022. Dacono has experienced less growth over the last ten years, as has Fort Lupton. Projections provided by ESRI indicate that Frederick, Firestone, Dacono, and Erie will continue their strong growth over the next five years, with relatively limited growth in Longmont and Fort Lupton.

Frederick, along with its neighbors, will continue to reflect the significant population growth anticipated for Weld County over the next three decades. The Colorado State Demography Office projects that Weld County will add over 280,000 residents between 2020 and 2050, and that Adams County will add nearly 278,000. Larimer County anticipates an additional 135,000 residents over the next 30 years, while Boulder and Broomfield counties will experience much less robust population growth. The State and many regional observers believe that Colorado's strongest growth is quickly moving into the Northern Colorado region, from the Frederick, Dacono, and Erie areas to the north and east. Frederick's strategic location along I-25, with access to the Denver metro, Boulder, and various communities to the north in Northern Colorado, puts the community in the bullseye of potential future growth in the region.

Age Breakdown

Frederick has a relatively similar median age for its population compared to Weld County and the State, but an older population compared to some of its neighbors (Firestone, Dacono, and Fort Lupton), as outlined in the Figure that follows.

While the overall median age for Frederick's population is similar to that of Weld County and Colorado, the composition (by age range) differs for the Town compared to the county and State. As outlined in the table that follows, nearly 30 percent of Frederick residents are under the age of 20, compared to around 25 percent statewide. Over 15 percent of Colorado residents are over the age of 65, compared to just under 13 percent of Frederick residents and 13.5 percent of Weld County residents. Residents in their prime earning years (from age 35 to 54) account for a larger share of Frederick's population compared to Weld County and Colorado.

Projections produced by ESRI anticipate that the population of residents age 65 to 84 in Frederick will increase over the next five years and that the number of residents under age 35 will decrease. These anticipated trends mirror trends expected in Colorado and across the country, as the demographic makeup of the United States continues to age.

Race and Ethnicity

Frederick has traditionally had less ethnic and racial diversity than Weld County, the State, and some of its neighbors, including Dacono, Longmont, and Fort Lupton. Estimates from ESRI indicate that just over 18 percent of residents in Frederick are of Hispanic origin in 2022. In contrast, 30 percent of residents in Weld County and 22 percent of Colorado residents classified themselves as Hispanic in 2022. Nearly 13 percent of residents in Frederick classify themselves as "two or more races", further

reflecting the community's diversity.

Around five percent of Frederick residents consider themselves to be "some other race, alone", compared to 11 percent in Weld County and eight percent state-wide. Erie is the least diverse of the communities in the area around Frederick, with over 80 percent of its residents classified as "White Alone" and only 10.5 percent of residents consider themselves of Hispanic origin in 2022.

Historical and projected population information indicates that the share of the population in Frederick classified as Hispanic has grown modestly since the last U.S. Census in 2010 and will continue to grow through 2025. The percentage of residents who consider themselves of be of two or more races has increased significantly, from 3.2 percent in 2010 to nearly 13 percent in 2022, mirroring trends at the state and national levels. The share of the population classified as Asian Alone has grown over the last 12 years, from 2 percent of the population in 2010 to an estimated 3.4 percent in 2022, and the share of the population classified as White Alone has decreased steadily from 88 percent in 2010 to an estimated 77.7 percent in 2022. The "White Alone" category includes both Hispanic and non-Hispanic classifications. The U.S. Census considers the "Hispanic origin" classification separately from the population totals by racial category.

As illustrated below, the Hispanic population in Frederick and the population identifying as Pacific Islander or "Multiple Races" is considerably younger than the population identified as White, Black, or American Indian. Almost 30 percent of Hispanic residents, as well as 35 percent of residents identifying as "Multiple Races" or "Other" in the Town, were under the age of 14 in 2022.

An estimated 16.5 percent of the Hispanic population in Frederick is age 55 or older, compared to 26.9 percent of the White population in the town.

Household Income

Frederick is relatively less affluent, based upon estimates of household income, compared to data for Erie (which has a median household income of $134,154). However, the median household income for the Town exceeds that of its other neighbors, Weld County, and the State, as of 2022. Frederick had a median household income of just under $113,000 in 2022, compared to a median household income of just over $86,000 for Weld County and around $84,500 for Colorado. The average household income for Frederick in 2022 is just under $138,000, compared to $109,000 for Weld County and around $119,000 for the State.

Households in Frederick are relatively evenly distributed, in terms of household incomes, in a range generally from $50,000 to over $200,000. Only 11.8 percent of households in the community are estimated to have incomes below $50,000 per year. The greatest proportion of households (30.3 percent) report incomes between $100,000 and $150,000 annually. In contrast, 24 percent of households in Weld County have incomes between $100,000 and $150,000, and 25.7 percent of households in the county report incomes of less than $50,000.

Data from ESRI also provides a breakdown of estimated household incomes for residents age 55 and older. Logically, the median household income for residents age 65 and older is less than the incomes for residents still in their prime working years (before age 65). Income for residents older than 65 often includes Social Security payments, income from investments, and various forms of fixed income. Over 26 percent of the households headed by someone over age 75 report household incomes of less than $35,000 per year. Almost 60 percent of households headed by someone between 55 and 64 years of age report incomes of greater than $100,000, compared to 49 percent of households headed by someone age 65 to 74 and 22 percent of households headed by someone over the age of 75. These patterns regarding the incomes of older adults are typical of most communities across the country.

Educational Attainment

Frederick includes fewer adults who have earned college or professional degrees, compared to the average for Colorado. Just over 37 percent of adults age 25 or older in Frederick have a Bachelor's Degree or a Graduate or Professional Degree, compared to over 44 percent for Colorado and 33 percent nationally. Only 3.7 percent of adults over age 25 in Frederick have not completed high school education. In contrast, 6.6 percent of adults age 25 or older in Colorado have not finished high school, and 10.1 percent of adults age 25 or older nationally do not have a high school diploma (or its equivalent). The levels of education reported in Firestone are similar to those reported in Frederick. Adults in Erie and Longmont have the highest reported levels of education, among Frederick's neighbors, with 64.5 percent of adults over the age of 25 in Erie, and 49.1 percent of adults over the age of 25 in Longmont, having completed a bachelor's or higher degree, as of 2022. Adults in Dacono, Fort Lupton, and Weld County (overall) report having lower levels of educational attainment compared to Frederick and its other neighbors (Erie, Frederick, and Longmont).

Key Takeaways: Demographic Profile

- Frederick is continuing to grow in population, given the overall growth of the Northern Colorado market and proximity to I-25.
- Frederick has a younger and more diverse population than some other communities in Northern Colorado.
- The younger nature of the population and the wide range of household incomes in Frederick means that the community needs to outline strategies to provide a diversity of housing choices for the range of households and incomes. Similarly, the community should look to provide activities and programming geared to a relatively young and diverse population, but also keep the needs of older adults in mind.

Psychographic Analysis

Psychographic profiles provide information about the predominant trends of households concerning their buying habits, hobbies, lifestyles, and related key metrics, that begin to define segments of the population into "cohorts". The ESRI database has classified households across the country into a series of 68 psychographic "Tapestry" groups that also account for neighborhood-level socioeconomics, demographics, and levels of urbanization. The following outlines the psychographic groups present in the Town of Frederick (as a percentage of households).

The descriptions of the various psychographic profiles provide details concerning the incomes, housing preferences, and lifestyle and spending habits of these various groups. Although the data presented for the various psychographic segments is based upon national data, the various descriptions together help paint a picture of the various types of households, and their preferences, in the Frederick community.

The following outlines the profiles for these psychographic segments within the Town of Frederick.

NOTE: The data outlined below (concerning home ownership rates, median household incomes, and related metrics) are based upon national averages, for each psychographic segment. ESRI does not provide data for each psychographic segment, for specific geographies around the country, but has provided the following information based upon national averages.

Boomburbs (33.1 percent of households in Frederick)

This household group predominantly includes well educated, young professionals with families (with children) that have moved to some of the newest housing in suburban neighborhoods. This is an affluent group but it has a higher proportion of households with mortgages compared to national averages. Neighborhoods with a strong representation of Boomburbs households are rapidly growing and mainly include single family homes, on the periphery of large metropolitan areas, and Boomburb households have some of the longest commutes in the nation. This group has a very high labor force participation rate and the group is well connected, with the latest high tech devices.

Other Key Attributes of Average Households in this Group:

- Style is a major factor for Boomburbs households, from personal appearance to the style of their homes. Consumers in the group are often busy furnishing their homes and completing remodeling projects.
- Physical fitness is a priority for this group, including memberships to gyms and the use of home exercise equipment.
- Common leisure activities for this group include a range of activities from sports (hiking, bicycling, swimming, and golf) to visits to theme parks or water parks.
- This group tends to contribute generously to charitable organizations.

Boomburbs - Characteristics (U.S. Data)	
Average Household Size	3.25
Diversity Index (1 to 100) (U.S. Average is 64.0)	63.2
Typical Housing	Single Family
Average Home Ownership Rate (U.S. Average is 62.7%)	84.0%
Median Age (U.S. Median is 38.2)	34.0

Middleburg (17.6 percent of households in Frederick)

Neighborhoods containing Middleburg households have transformed from the easy pace of country living to semi-rural subdivisions over the last decade, as the housing boom has spread beyond large metropolitan areas. Residents of this segment are traditional, family-oriented consumers, and while they are thrifty, they are willing to carry some debt and are investing in their futures. This group relies on its smartphones and mobile devices to stay in touch. This segment prefers to buy American and travel within the U.S. This market is younger than average but growing in its size and financial resources. The group tends to include young couples with many children, and traditional values are the norm for this group (including faith, country, and family). In terms of education, nearly two thirds of adults have a high school diploma or some college training.

Other Key Attributes of Average Households in this Group:

- Middleburg is a very family-oriented market, with a focus on children's toys or apparel or home do-it-yourself projects.
- This group tends to favor domestic vehicles, with a focus on trucks, SUVs, and motorcycles.
- The entertainment choices of this group are family focused, including TV and movie rentals or theme parks and family restaurants.
- Popular sports for this segment include hunting, fishing, bowling, and baseball.
- The media preferences for this segment tend to focus on country and Christian channels.

Middleburg - Characteristics (U.S. Data)	
Average Household Size	2.75
Diversity Index (1 to 100) (U.S. Average is 64.0)	48.5
Typical Housing	Single Family
Average Home Ownership Rate (U.S. Average is 62	73.4%
Median Age (U.S. Median is 38.2)	36.1

Up and Coming Families (16.7 percent of households in Frederick)

Up and Coming Families include households in transition, with younger residents that are more mobile than previous generations. This group tends to be ambitious, working hard to get ahead in their careers, and willing to take some risks to achieve goals. This group tends to include young families living in newer homes in rapidly growing subdivisions on the suburban periphery of metropolitan areas. This is a highly educated group with a high labor force participation rate and tends to include careful shoppers, aware of prices and willing to shop for deals. Up and Coming Families seek out the latest in technology and endure longer commutes to metro areas as a tradeoff for more affordable housing.

Other Key Attributes of Average Households in this Group:

- Nationally, 67 percent of adults in this segment have completed some college.
- Nationally, the labor force participation rate for this segment of 71 percent exceeds national averages.
- Members of this group tend to find leisure in family activities, movies at home, trips to theme parks or the zoo, and sports, from golfing and weight lifting to taking a jog or run.
- This group tends to be very busy with work and family obligations.

Up and Coming Families - Characteristics (U.S. Data)	
Average Household Size	3.12
Diversity Index (1 to 100) (U.S. Average is 64.0)	73.9
Typical Housing	Single Family
Average Home Ownership Rate (U.S. Average is 62	73.9%
Median Age (U.S. Median is 38.2)	31.4

Savvy Suburbanites (16.0 percent of households in Frederick)

Savvy Suburbanites residents are well educated, well read, and well capitalized. The group tends to include empty nesters and empty nester wannabes (who still have adult children at home). The suburban lifestyle of this group includes home remodeling and gardening and the active pursuit of sports and exercise. The group enjoys good food and wine, plus the amenities of the city's cultural events. Savvy Suburbanites live in established neighborhoods found on the suburban periphery of large metropolitan areas.

Other Key Attributes of Average Households in this Group:

- Nationally, 51 percent of adults in this segment are college graduates, and 78 percent have completed at least some college education.
- Nationally, the labor force participation rate is 68 percent, with proportionately more two-worker households.
- Gardening and home remodeling are priorities of this group. Most households tend to complete these tasks themselves, although they do hire contractors for heavy lifting.
- This group tends to extensively use housekeeping and personal care services.
- Savvy Suburbanites are foodies. They like to cook and prefer natural or organic products.
- This group includes financially active investors, using various resources for informed investing.
- This group is physically fit, with residents pursuing various sports, from skiing to golf and investing heavily in sports gear and exercise equipment.

Savvy Suburbanites - Characteristics (U.S. Data)	
Average Household Size	2.85
Diversity Index (1 to 100) (U.S. Average is 64.0)	36.2
Typical Housing	Single Family
Average Home Ownership Rate (U.S. Average is 62	90.6%
Median Age (U.S. Median is 38.2)	45.1

Home Improvement (11.9 percent of households in Frederick)

This group tends to include married-couple families living in single family homes in low-density suburban neighborhoods. Families in this group tend to spend a lot of time on the go (for work and various activities) and as a result tend to eat out regularly. When at home, this group spends weekends working on home improvement and remodeling projects. This group includes cautious consumers who are paying off student loans and mortgages and spend a lot of time commuting to work.

Other Key Attributes of Average Households in this Group:

- This group has high labor participation rates with most households including two or more employed workers.
- Members of this group typically spend 4 to 7 hours per week commuting and therefore spend significant amounts on car maintenance.
- This group spends heavily on eating out, at both fast-food and family restaurants.
- This tends to prefer to work at home, when possible.
- This group frequently buys children's clothes and toys and makes frequent trips to warehouse or club stores (Costco, Sam's, etc.) and home improvement stores.

Home Improvement - Characteristics (U.S. Data)	
Average Household Size	2.88
Diversity Index (1 to 100) (U.S. Average is 64.0)	65.7
Typical Housing	Single Family
Average Home Ownership Rate (U.S. Average is 62	79.4%
Median Age (U.S. Median is 38.2)	37.7

Professional Pride (4.7 percent of households in Frederick)

This group includes well educated, higher net worth career professionals that have worked hard to build their professional reputations. Families in this group work long hours to maintain their upscale suburban lifestyles but fine-tune their schedules to meet the needs of their school-age children. This group is financially savvy, invests wisely, and benefits from interest and dividend income. This group takes pride in their newer homes and spends time and energy in upgrading their homes, which tend to be furnished with the latest in-home trends, including home gyms and in-home theaters. This group is goal oriented and values lifelong earning and learning. Life for the Professional Pride segment is well organized, and routine is a key ingredient of daily life.

Other Key Attributes of Average Households in this Group:

- Professional Pride consumers are highly qualified in the science, technology, law, or finance fields.
- Nearly 80 percent of Professional Pride households (nationally) include married couples, and nearly half of these families have kids. The average household size of 3.13 for this segment reflects the presence of children.
- Homes owned by households in the Professional Pride segment are valued at more than twice the U.S. median home value, although three out of four homeowners in this group have mortgages to pay off.
- Professional Pride neighborhoods are primarily located in the suburban periphery of large metropolitan areas.
- Professional Pride members are frequent travelers and typically take several domestic trips each year.
- Consumers in this segment find time in their busy schedules for themselves. They work out in their home gyms, owning at least a treadmill, an elliptical, or weightlifting equipment.
- This group tends to include avid readers.
- Residents in this group, both young and old, are tech savvy. They not only own the latest and greatest in tablets, smartphones, and laptops but also use the features each has to offer.

Professional Pride - Characteristics (U.S. Data)	
Average Household Size	3.13
Diversity Index (1 to 100) (U.S. Average is 64.0)	44.5
Typical Housing	Single Family
Average Home Ownership Rate (U.S. Average is 62	91.6%
Median Age (U.S. Median is 38.2)	40.8

Key Takeaways: Psychographic Analysis

- Many of the psychographic segments in Frederick enjoy performing arts, theaters, and other entertainment offerings, as opposed to entertaining at home. The Comprehensive Plan should therefore consider how entertainment and events should integrate with land use plans and other components of the plan.
- Most of the psychographic segments in Frederick focus on family life, and thus the Comprehensive Plan should consider amenities and features that appeal to the large number of families present in the community.
- Many households in Frederick commute a great deal on a weekly basis. Opportunities to develop a broader range of employment opportunities within Frederick could help reduce the burden on households facing escalating commuting costs.

Housing Analysis

Historic Growth of the Housing Inventory

As described earlier, Frederick – along with southwestern Weld County generally, and the northern periphery of the Denver Metro area – has been growing rapidly in recent years. This pattern is apparent from the age of Frederick's housing stock. After decades of modest growth from its founding through the early 1990s, Frederick's growth accelerated in the mid-1990s and then boomed starting in 1999. The late 2000s Great Recession and 'housing bust' temporarily slowed Frederick's growth, but more rapid growth resumed by 2012 and has continued since at least 2018.

Overall, Frederick added an average of 219 units per year over the 1999-2021 period, and approximately 90 percent of its housing stock has been built since 1999. Frederick's rapid growth is likely due to a combination of market and regulatory factors, including its location within paths of growth pushing

north from Denver, east from Boulder County, and (to a lesser degree) south from the northern Front Range, accelerated in part by growth restrictions in some adjacent communities (especially in Boulder County).

Profile of the Housing Inventory

As illustrated in the figure that follows, single-family detached homes comprise nearly all (94 percent) of Frederick's existing housing stock. Townhomes or similar attached homes represent another 4.2 percent of the total, and manufactured homes account for 1.9 percent of the existing housing stock.

Compared to most of the nearby communities and Colorado as a whole, Frederick has a comparatively high share of single-family detached units, and a low share of attached units, as outlined in the figure that follows. This housing mix has implications for housing size, affordability, and the degree to which Frederick can accommodate the housing needs of diverse population groups. Diversifying the housing stock and enhancing the availability of workforce and affordable housing are listed as goals in the existing 2016 Frederick Comprehensive Plan.

In large part reflecting its predominantly newer, single family detached housing stock, Frederick has a comparatively high share of owner households (93.5 percent of all households), and a low share of renter households (6.5 percent). Most nearby communities have a substantially higher share of renter households (ranging from 14 percent to over 36 percent), as does the state as a whole (with renter households accounting for almost 34 percent of all households in Colorado).

Also consistent with its predominantly single family detached inventory, Frederick has a relatively high share of larger homes, with 93.8 percent of units having three or more bedrooms during the period of 2017 through 2021, compared to 64.5 – 88.2 percent in nearby communities and 61.6 percent for Colorado. Conversely, Frederick has a comparatively low share of units including two or fewer bedrooms (6.2 percent of the total in Frederick, versus 11.8 – 35.5 percent in nearby communities and 38.3 percent statewide).

The 2016 Frederick Comprehensive Plan also identified conservation design (e.g. water conservation and environmental sustainability) and the clustering of residential units (to help preserve

open space) as objectives for at least a portion of new housing development in Frederick. The size of single family detached lots in the community can impact the potential to achieve these objectives. Around two-thirds of developed single family detached lots in Frederick comprise 8,000 square feet or less, while 16.3 percent of lots comprise 8,000 to 10,000 square feet, and lots greater than 10,000 square feet represent 17.8 percent of all lots in Frederick.

Housing Costs and Affordability

For the 2017 to 2021 period, according to the American Community Survey completed by the U.S. Census, Frederick's median monthly owner costs were $2,144 for owners with a mortgage. This median cost was similar to that of Firestone and Dacono, lower than that of Erie, and higher than that of Longmont, Fort Lupton and Colorado as a whole. Frederick's median monthly gross rent was $1,918, which was lower than the median for Erie and higher than the medians for other nearby communities and Colorado as a whole.

Sales prices for single family detached homes in Frederick have escalated dramatically since 2011, with particular acceleration in 2021 and early 2022, reflecting regional and statewide patterns. While this has led to gains in wealth for existing homeowners, it has also negatively impacted affordability for prospective homebuyers. Recent increases in mortgage interest rates appear to have slowed price gains, but these interest rate increases have also negatively impacted affordability for potential homebuyers.

With a median single family detached sales price of $553,100 in 2022, Frederick remains comparatively affordable relative to Boulder County, where the median single family detached sales price was $850,000 in 2022.

As Frederick has begun adding some attached housing products, the range of housing price points available to potential buyers has expanded. The median sales prices for duplexes, triplexes and townhouses sold in Frederick in 2022 were approximately $116,000 to $130,000 less than the median sales price of single family detached homes.

Housing affordability can be assessed by comparing housing costs to household income. A common standard is that housing is affordable if housing costs (mortgage, rent, utilities, condominium fees, and property taxes) consume less than 30 percent of household income. Households paying over 30 percent of their income on housing costs are termed 'cost burdened', and households paying over 50 percent of their incomes on housing costs are defined as having a 'severe cost burden'.

In Frederick, during the 2017 to 2021 period, data from the American Community Survey indicated that 25.2 percent of all households were experiencing a housing cost burden. In contrast, between 24.5 and 41.5 percent of households in nearby communities, and 32.4 percent of households statewide, were experiencing a housing cost burden. Renters in Frederick were much more likely to be housing cost burdened (45.7 percent of all renters) than owners with a mortgage (25.8 percent of all owners with a mortgage) and owners without a mortgage (11.1 percent of owners without a mortgage).

Frederick currently has some 'naturally occurring' affordable housing, including its mobile home stock. The Town also allows for accessory dwelling units, which can provide additional housing options. The community does not have any affordable housing units that are formally restricted to residents of certain incomes. The Greeley-Weld Housing Authority administers Section 8 rental housing vouchers in Frederick.

Anticipated Future Housing

Based upon development applications made over the last few years, the Town of Frederick anticipates significant residential growth, including the development of a wider range of housing types, including attached housing. As of January 2022, Frederick had annexed lands with the capacity to develop roughly 16,784 housing units, based on subdivision plats and the anticipated zoning for unplatted lands. Based on current plans and zoning, the housing stock could evolve from the current status, in which single family detached accounts for over 90 percent of units, to a housing stock with detached units representing approximately 76 percent of all units and attached units representing the remaining 24 percent of the total housing stock.

The development of additional and currently unincorporated areas located within the Town of Frederick planning area could further increase the potential development of residential units in the Town. In addition, changes in development plans, Town development policies, market conditions and related factors may impact the pace of residential development in Frederick over the next two decades, as well as the mix of residential housing types developed in the community.

Key Takeaways: Housing Analysis

- Frederick is a rapidly growing and evolving community. While maintaining historic roots and a small-town feel, Frederick has experienced dramatic growth over the past three decades. Single family detached units have accounted for most of the recent residential growth in the Town, although the Town has begun to add some attached housing products over the last few years.
- Frederick has offered relative housing affordability compared to many neighboring communities to the west, has provided a high quality of life, and has accommodated growth pressures stemming from regional market conditions and land use regulations in some of its neighboring communities.
- The Town has for many years expressed an interest in diversifying its housing stock and enhancing its suitability and affordability for a broader range of residents. Approved developments and zoned lands in the Town have the potential to increase this housing diversity going forward. With growth pressures likely to continue growing forward, the Town likely also has an opportunity to take additional steps to plan for and encourage the development of a more diverse housing stock.

Employment

The following provides a breakdown of employment in Frederick by classification. The presence of various industrial users along the I-25 corridor within the community has resulted in a concentration of jobs in the Construction and Manufacturing sectors, the two largest categories for employment in Frederick. Construction and Manufacturing, as well as Wholesale Trade, account for much larger shares of Frederick's employment base (16 percent and 15 percent of total employment, respectively) compared to Weld County and the State. Frederick also has a greater concentration of employment in food stores and gas stations compared to the County and the State, but less employment in Eating and Drinking Places compared to Weld County and Colorado. Employment in the Services sector lags in Frederick compared to the County and the State, with Health Services, Education Institutions and Libraries, and Other Services accounting for a smaller share of employment in Frederick compared to the overall region. Frederick also has a base of employment in the Government sector, mainly reflecting the employees of the Town of Frederick, and relatively limited employment in the Finance, Insurance, and Real Estate industries. As Frederick continues to grow over the next few decades, the community may gain a larger base of employment in services, to provide for the growing population. However, unless a larger medical institution (such as a hospital), a larger educational institution, or a government agency begins operations in Frederick, employment in these areas may remain relatively limited compared to other communities along the Front Range.

While employment in Frederick is more concentrated in the Construction, Manufacturing, and Wholesale Trade industries, the Services sector represents the largest share of business entities based in the community. Service-oriented businesses or entities account for just over 35 percent of all businesses in Frederick. However, a larger share of businesses in Frederick are centered on the Construction, Manufacturing, and Wholesale Trade industries compared to the breakdown for Weld County and Colorado. Retail businesses represent 15.9 percent of businesses in Frederick, compared to 18.8 percent in Weld County and 19.4 percent statewide. The breakdown of businesses by industry is more broadly distributed than that for the breakdown of employees, for businesses within the limits of Frederick.

Local Real Estate Market Profiles

The following provides information about the current and recent conditions in real estate markets for various property types in Frederick.

Office

The office markets in Northern Colorado and along the Front Range in general have faced difficulties over the last few years as Covid-19 and the trends toward remote working have diminished demands for traditional office spaces. The direct vacancy rate for office space in the Northern Colorado market was 5.6 percent during the first half of 2022. However, the market reported a small positive absorption of office space during the first half of the year. The average direct leasing rate of $16.65 per square foot during the first half of 2022 represented a stable rental rate compared to the two previous years.

The "Weld County South" submarket, which includes Frederick, accounts for only 56,000 of the total 10.5 million square feet of office space in the overall Northern Colorado market. In general, the Carbon Valley includes relatively small quantities of smaller offices, including medical office and related uses. Larger corporate office facilities are not present in the local market, as these facilities have clustered traditionally along the Highway 36 corridor, in Boulder, or in the larger cities to the north (Longmont, Loveland, and Fort Collins).

Retail

The Town engaged an outside consultant to complete a retail market study, entitled Analysis of Sales Leakage and Retail Opportunities in The Town of Frederick, CO, completed in April 2021. The report analyzed the sales tax and retail sales patterns within the Town and the surrounding Carbon Valley market over the last several years. The following table summarizes the overall retail sales market, in terms of leakage versus surplus, in Frederick in 2019.

The term "leakage" implies that the Town is losing retail sales generated by the demand from local residents to outside jurisdictions, and the term "surplus" conversely implies that the Town is recording greater retail sales in a particular category, compared to the demand generated from residents inside its boundaries. Given the presence of several auto dealerships and service operations in Frederick, the Town reports a surplus of retail sales tax from the automotive repair and maintenance category. The Town also has a surplus of retail sales in the e-commerce and mail order categories. The Town, however, has significant retail sales leakage in the sales categories most visible to average residents – retail spending from bricks and mortar stores, and retail sales generated from food and beverage establishments.

The 2019 retail report provided the profiles of different retail industry sectors in Frederick. The following summarizes key takeaways from these profiles that the Comprehensive Plan will integrate into future plans and concepts for Frederick.

Figure 26: Retail Leakage and Surplus, Town of Frederick

Source: Analysis of Sales Leakage and Retail Opportunities in the Town of Frederick, CO, April, 2021. Anderson Analytics.

Motor Vehicle and Parts Dealers: This was Frederick's largest retail sector, in terms of total sales, in 2019. The Town is a major retail destination along the I-25 corridor for buyers of cars and trucks, motorcycles, and RVs and trailers. The various dealers in Frederick likely attract a significant share of their customer traffic to Frederick from other markets. An important consideration for Frederick is how to build upon the significant foot traffic to motor vehicle and parts dealers to stimulate additional retail spending in other categories in Frederick.

Furniture & Home Furnishings Stores: The Town of Frederick did not have any furniture and home furnishings stores in 2019, and therefore no sales were generated in this industry category. The Town experienced a net leakage of $1.49 million in taxable sales from furniture stores in 2019, and a net leakage of $1.49 million in taxable sales from home furnishing stores. However, given the favorable demographics in Frederick and the Carbon Valley area, there is potential to attract and nurture stores in this category in the Town.

Electronics and Appliance Stores: Frederick did not have any electronics or appliance stores as of 2019 and therefore no sales were generated. The Town experienced a net leakage of $4.95 million in taxable sales from electronics and appliance stores in 2019. Traditional electronics and appliance store retailers have the potential to deliver significant taxable sales to Frederick, but these sectors have been relatively tumultuous over the last two decades, with several box store retailers in these categories going through consolidation and bankruptcy. To the extent that Frederick and the Carbon Valley continue to grow, future opportunities to attract electronics and appliance stores to the community will likely arise.

Building Materials, Garden Equipment and Supply Stores: Frederick experienced a net leakage of $8.41 million in taxable sales from building materials and supplies dealers in 2019 and a net import of $3.79 million in taxable sales from lawn and garden equipment and supply stores. The Town did not have any dealers of building materials and supplies in 2019 and sales in this category originated entirely from lawn and garden equipment and supply stores. A large home improvement center currently operates in Firestone and therefore another similar store locating in Frederick would face significant competition. Any new building materials, garden equipment and supply store in Frederick would likely need to effectively differentiate itself from the other existing retailers in Carbon Valley or attract a significant number of new customers from beyond the immediate area.

Food and Beverage Stores: Frederick does not have any grocery stores within its boundaries, and therefore the $2.7 million in total sales in this category generated in 2019 in the Town originated from beer, wine and liquor stores. This resulted in a net leakage of $2.44 million in taxable sales from grocery stores in 2019, a net leakage of $19,000 in sales from specialty food stores, and a net import of around $832,000 in sales from beer, wine and liquor stores. Frederick may have an opportunity to gain retail sales in this category by attracting a general merchandise retailer (such as a Walmart or Target) to the community, as these stores generate significant sales from groceries and have taken market share from traditional grocers such as Safeway and King Soopers.

Health and Personal Care Stores: No traditional health and personal care stores operated in Frederick in 2019 and therefore no sales were generated. However, the Salud Family Health Clinic at Colorado and Iris in Frederick, a clinic offering medical and dental services to lower income and disadvantaged communities, operates a pharmacy. The Town experienced a net leakage of $2.76 million in taxable sales from this category in 2019. The overall Carbon Valley area experienced leakage of sales in this category in 2019 despite the presence of other stores and pharmacies in Firestone. Therefore, an opportunity likely exists to help satisfy part of the Carbon Valley market with the introduction of another retailer in this category within the Town of Frederick. The Indian Peaks Medical Center (including an urgent care facility) opened along Highway 52 in 2013 and the presence of this center presents potential opportunities for development nearby of health-related stores.

Gasoline Stations: Frederick reported $8.57 million in total gasoline sales in 2019, representing a net leakage of $7.08 million in total sales. The other communities in the Carbon Valley market include various gas stations and the Carbon Valley market likely is a net importer of sales, given that it receives sales from individuals traveling along the I-25 corridor through the area. Frederick currently has three gas stations, including one that opened

in 2020. A key question for Frederick is how to generate additional retail sales in other categories, from individuals who stop in the Frederick area for gasoline during their journeys.

Clothing and Clothing Accessories Stores: There were no stores in these categories in either Frederick or the broader Carbon Valley in 2019. Frederick experienced a net leakage of $6.61 million in taxable sales in this category in 2019 and the Carbon Valley experienced a net leakage of $17.26 million. With a significant share of spending of clothing moving from traditional national retailers to online sales, opportunities to expand sales in Frederick in this category may more likely originate from smaller, and boutique, stores, as the population of the area continues to increase.

Sporting Good, Hobby, Book & Music Stores: Frederick exhibited a net import of around $213,000 in taxable sales from sporting good / hobby / musical instrument stores in 2019, and a net leakage of $227,000 in taxable sales from book, periodical and music stores. Given the size of the Carbon Valley market, some types of stores in this category locating in Frederick would likely need to attract a significant share of their business from outside the market. This category of retail is more challenging given the shift to e-commerce and the presence of larger sporting goods retailers in Northern Colorado and the Denver metro market.

General Merchandise Stores: Frederick did not have any stores in this category and experienced a net leakage of $1.81 million from department stores and $9.68 million from general merchandise stores in 2019. Given the anticipated growth in population in the Carbon Valley area and the area's favorable demographics, including the presence of a significant number of families with children, demand for additional general merchandise stores will likely increase in the Frederick area going forward.

Food Services and Drinking Places: Food services and drinking places in Frederick generated an estimated total of $12.91 million in total and taxable sales in 2019. The Town experienced a net leakage of $1.30 million in taxable sales from special food services in 2019, a net leakage of about $334,000 in taxable sales from drinking places – alcoholic beverages, and a net leakage of $8.6 million in sales from restaurants and other eating places. There is sizable potential for additional development of food services and drinking places in Frederick. The level of household income in Frederick also translates into a relatively high density of demand for food services and drinking places by consumers living in Frederick. The Town's visibility and connectivity to I-25 and Highway 52 also provide opportunities for businesses in this sector to generate business from customers passing through the area.

Automotive Repair & Maintenance: Frederick experienced a net import of $3.79 million in this retail category in 2019, and establishments in this category in the Town represent most of the sales in the Carbon Valley area. There is potential for Frederick to gain additional businesses in this category as enterprises tend to "cluster" together in the automotive arena to help draw larger volumes of customers together.

The overall vacancy rate for retail space in the Northern Colorado market was 4.3 percent in the first half of 2022 and the average lease rate was $16.28 per square foot.

Industrial

The availability and vacancy of industrial properties in the Northern Colorado market in 2022 reached their lowest levels since 2018. Nearly 6 million square feet of industrial space was under development during the first half of 2022, representing the largest amount of industrial development at one time in Northern Colorado. However, the total is skewed higher by the development of a 3.8 million square foot Amazon facility in Loveland. The average lease rate for industrial space in the market was $1.44 per square foot, on a triple-net basis, during the first quarter of 2022. The "I-25 South" submarket within Northern Colorado includes Frederick and adjacent communities along I-25, to the south of Highway 119. This submarket has over 2.3 million square feet of industrial space with an average asking price of $16.29 per square foot. A significant portion of this industrial space is located within Frederick including in a series of smaller business parks along and to the east of I-25.

The 25 / 52 East Subarea Plan anticipates the development of additional industrial square footage in this general vicinity within Frederick and the Town has a significant opportunity to continue to grow its industrial base, given the overall growth of the region and its proximity to the I-25 corridor.

Key Takeaways: Real Estate Market Profiles

- Given the prospects for continued growth of the Frederick population and continued interest from companies looking to expand in the Frederick market, long term demand for all real estate types (retail, office, industrial, and residential) remains positive. Frederick has significant potential to expand its industrial base given the inventory of land available for development along the I-25 corridor.
- While Frederick must compete directly with its neighbors in the Carbon Valley for retail spending across all categories, the visibility of the Town along the I-25 corridor presents opportunities to fill gaps in the local retail market.

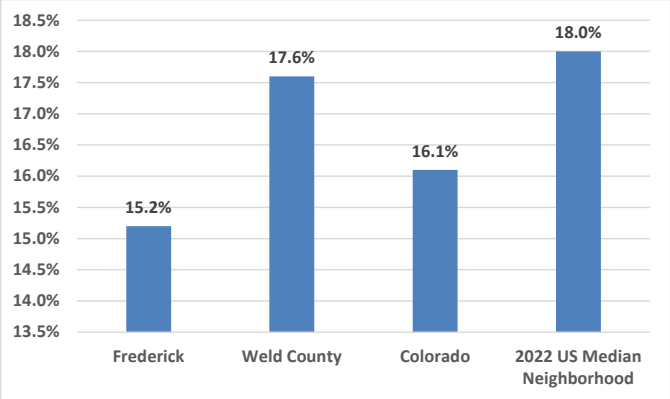
Community Health and Quality of Life

Frederick's Comprehensive Plan outlines the goals and vision for the community regarding many of the topics that are usually associated with Comprehensive Plans, including future development, housing, parks and open space, and infrastructure. The Plan also outlines strategies for the community to improve upon metrics and measures of community health and overall quality of life. This section identifies key metrics and issues regarding community health and quality of life.

Community Health

Frederick has better community health metrics compared to those for Weld County, Colorado, and the nation. Just over 15 percent of residents in Frederick smoked cigarettes or cigars as of 2022, compared to 17.6 percent in Weld County, 16.1 percent for all of Colorado, and 18.0 percent for the median U.S. neighborhood.

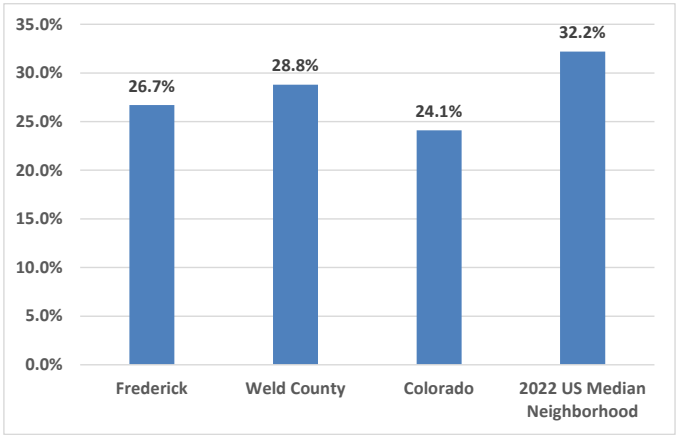
Figure 27: Percentage of Residents Who Smoke (2022)



Source: AARP, 2022

Similar to the pattern across Colorado, which is one of the most active states in the country, Frederick has a relatively low obesity rate. According to the AARP, the community's obesity rate is 26.7 percent, above the statewide average of 24.1 percent but below the obesity rates for Weld County and the nation.

Figure 28: 2022 Obesity Rate



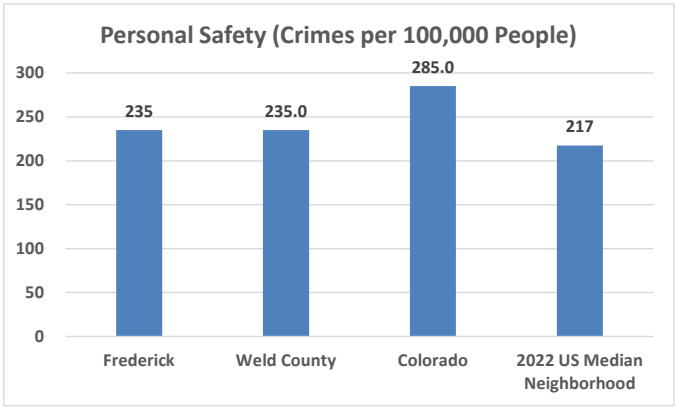
Source: AARP, 2022

Quality of Life

The term "quality of life" for a community can be evaluated on a range of metrics and topics, but usually involves metrics pertaining to crime, technological connectivity, and civic engagement.

Frederick, along with Weld County and Colorado as a whole, has a slightly higher crime rate compared with the median U.S. neighborhood, as outlined in the table that follows.

Figure 29: Personal Safety Metrics, Frederick and Comparable Communities

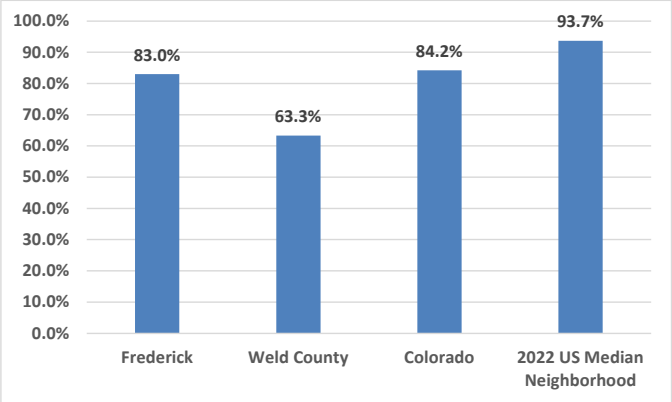


Source: AARP, 2022

As outlined in the Figure that follows, Frederick ranks relatively well compared to Weld County with regard to access to high-speed, low-cost internet,

but its metrics for connectivity trail those for Colorado and the nation. Communities with more affordable, stronger, and more reliable Internet connectivity are usually better able to compete for economic development opportunities. Having good quality Internet provides the foundation for children and adults in lower income households to gain additional training (through online classes and resources). During the Covid-19 pandemic, having strong and reliable Internet connectivity was essential for families with children in following lessons and completing assignments for class online.

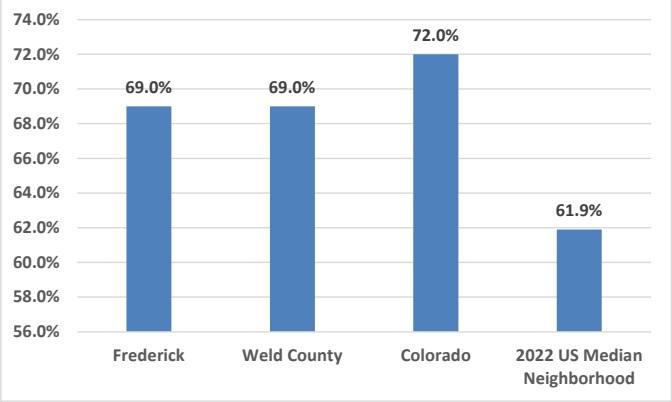
Figure 30: Access to High Speed, Low Cost Internet, Frederick and Comparable Communities



Source: AARP, 2022

Communities with strong voting rates and actively involved groups of residents tend to have higher rates of social cohesion and a greater sense of community and well-being. As outlined as follows, Frederick has a relatively strong voting rate, compared to national averages.

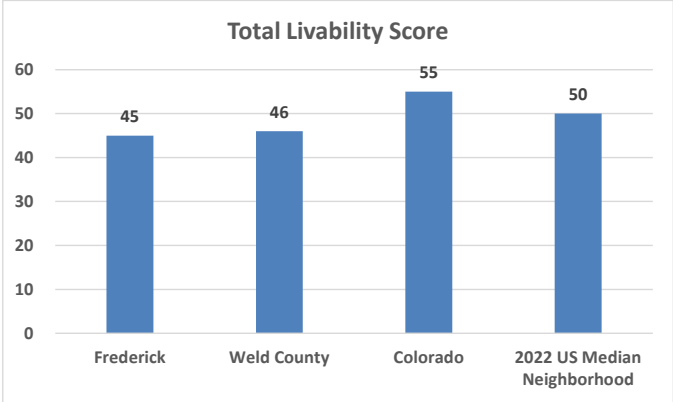
Figure 31: Voting Rate, 2022



Source: AARP, 2022

AARP draws from the metrics information on the full range of topics to assign a "Total Livabiility Score" for a community. The average Total Livability Score for all communities nationally is 50. Frederick's Total Livability Score of 45 ranks slightly below that of Colorado and the national median neighborhood.

Figure 32: Total Livability Score



Source: AARP, 2022

Key Takeaways – Community Health & Quality of Life

- The community health of Frederick is relatively good, with lower rates of obesity compared to national averages. However, ongoing efforts to encourage more recreation and active living would help in the continual improvement of metrics tied to public health.
- Frederick should explore ways to reduce the cost of Internet connectivity to enhance economic development efforts.
- Frederick should continue to promote civic engagement to draw from the voices of the full range of community members and stakeholders.

Existing Land Use and Zoning

The new Comprehensive Plan may result in changes to the Town's Land Use Plan for different areas in the community, and in adjoining areas of unincorporated Weld County, within the Town's planning area. Changes in the Town's future Land Use Plan may, in turn, result in changes to zoning classifications in different areas of Frederick, over time.

Existing Zoning

The following outlines the current breakdown of zoning designations by acreage, within the current boundaries of the Town of Frederick, followed by the current zoning map for the Town.

The following provides additional explanations of the different zoning classifications in Frederick.

Figure 35: Current Zoning Classifications in Frederick

FREDERICK ZONING DISTRICTS		
Symbol	**Zoning District**	**Purpose**
R-1	Residential Low Density District	Intended primarily for single family homes on individual lots. Characterized by tree-lined local streets, interconnected pedestrian connection systems, and proximity to schools and parks
R-E	Estate District, Large Lot With Common Open Space	A very low-density residential district intended to encourage the preservation of open space, natural features and agricultural land in conjunction with the clustering of single-family detached dwellings.
P	Public District	This district includes public parks, playgrounds, recreation facilities and public or quasi-public buildings.
I	Industrial District	This district provides areas for various employment activities including manufacturing, warehousing and distributing, indoor and outdoor storage, and other commercial and industrial operations. This district may also include supporting services such as
C-E	Employment District	This district provides locations for workplaces, including light industrial uses, research and development, office and business parks, and supporting uses such as hotels, restaurants, convenience shopping, housing, and childcare.
TBD	To Be Determined	Areas where zoning will be determined upon development.
A	Agricultural District	This low density district is characterized by growing crops, raising animals, and related activities. It covers areas intended to remain in a farm-orientation, or uses that are transitioning from agricultural to other uses over time.
BLI	Business / Light Industrial District	This district provides locations for a variety of workplaces, including light industrial uses, research and development offices and institutions. This district also supports secondary uses that support workplace activity, including hotels, restaurants, convenience shopping, child care, and housing.
C-H52	Mixed Use Commercial - Highway 52 District	This district is anticipated to include a wide range of commercial and residential uses, including regional retail, office uses, and multi-family housing. The district may also include mixed-use dwelling units.
R-2	Residential Medium Density District	This medium-density residential zone is intended to preserve the traditional building pattern of mixed residential development, which historically has been integrated to form a vibrant, active and cohesive neighborhood unit. This District provides for attached residential dwelling units in addition to single-family detached dwelling units.
C-C	Commercial District, Community	This district is intended to include auto-oriented and auto-dependent uses. It may also include uses that provide goods and services for the broader community, including business users and people traveling by highway through Frederick.
R-3	Residential High Density District	A high-density residential zone intended mainly for multi-family units. Development of these housing units is encouraged near a neighborhood commercial center. These multi-family housing units should be developed around or adjacent to open space. The designs of streets and open spaces in these districts should encourage pedestrian movement and discourage higher vehicular speeds.
R-MH1	Manufactured Home District 1	A high-density residential district on a parcel of land under single ownership or control on which two (2) or more manufactured homes are occupied as residences.
C-N	Commercial District, Neighborhood	This district is intended to serve as an area for mixed-use commercial centers, with uses oriented vertically (with commercial uses on the ground floor and office or residential uses on the upper floors). These areas are intended to serve as focal points for pedestrian activity and to be well integrated with surrounding neighborhoods.
DN-B	Downtown - A	Downtown, Zone A (along primary streets within the Downtown district)
DN-A	Downtown - B	Downtown, Zone B (along primary streets within the Downtown district)

Source: Rick Planning + Design; Town of Frederick

The following summarizes takeaways or key observations of the current zoning breakdown in the Town of Frederick, relative to other communities in the region, and compared to most communities around the country.

- A significant portion of the Town is zoned as Residential Low Density or Estate Residential, with these two low density classifications accounting for almost half (49.4 percent) of all acreage within the current Town boundaries. Residential Medium Density and Residential High Density districts account for less than 6 percent of the total acreage in the Town.
- Frederick has a sizeable area (over 1,500 acres) zoned as either Industrial, Employment, or Business / Light Industrial districts. These districts are primarily located along the I-25 corridor and include a variety of business operations and the largest employers within the Town.
- The Neighborhood Commercial and Community Commercial zoning districts are currently oriented primarily along the Colorado Blvd corridor within the Town of Frederick.
- The Mixed Use Highway 52 district includes over 400 acres of land that represents key locations for future retail and associated services along this emerging corridor, along the southern edge of the Town of Frederick.
- A sizeable acreage (479 acres) currently has a "TBD" designation, with zoning of these parcels to be assigned upon application for development.
- The Public zoning classification includes several hundred acres, including the sizeable Frederick Recreation Area along the west side of Colorado Blvd.
- The two Downtown zoning classifications together account for only 46 acres, reflecting the relatively small size of the existing Downtown district in Frederick.

Key Takeaways – Existing Land Use & Zoning

- Frederick has a considerable inventory of industrial and employment-oriented zoned lands but may need to plan for additional areas for employment as part of the Comprehensive Plan.
- Frederick has a substantial inventory of undeveloped retail and commercial properties along the Highway 52 corridor and in the areas around I-25 and Highway 52.
- The Town largely includes traditional zoning classifications. To provide more options for housing around Frederick, the Comprehensive Plan may examine how existing housing areas could evolve to integrate a wider range of housing types, such as accessory dwelling units, smaller format housing units, and other options.

Multimodal Transportation

Frederick is a growing community served by its location along an interstate and two state highways, which provide residents and commuters with access to and from other communities along Colorado's northern Front Range. As growth of both population and employment within the Town and regionally will continue to increase, so will the demand on all aspects of the transportation network.

The Town is actively addressing ongoing and future transportation needs and challenges, evidenced in part by the adoption of its first Transportation Master Plan (TMP) in 2021, established maintenance programs and strategies, and a Capital Improvements Plan that includes transportation infrastructure.

The State of the System Report (April 2020), a component of the TMP, provided a comprehensive review of prior planning efforts, existing conditions, and current issues with multimodal transportation in the Town of Frederick. The report identified key transportation issues and opportunities which include, but are not limited to, the following:

- Frederick's proximity to Interstate 25 (I-25), Colorado State Highway 52 (CO 52) and CO 119 provides access to nearby cities and metropolitan areas and contributes to continued development within the Town, as people choose to either commute to employment within the Town limits or live in a municipality perceived to offer amenities associated with "small town living."
- The continued development of the Town provides opportunities to invest in transportation infrastructure, close gaps in the transportation network, and improve multimodal connections and options to increase accessibility and mobility for all residents, visitors, and commuters.
- An estimated 96 percent of Frederick residents work outside the Town. Approximately one-third of outbound commuters travel to Denver, Boulder, and Longmont for employment. Workers who live elsewhere and travel to Frederick for employment work primarily in construction and manufacturing. The top three sources of in-flow workers are residents from Longmont, Loveland, and Thornton.
- Most Frederick residents (84 percent) drive to work alone and approximately 9 percent carpool, with the majority of residents traveling more than 30 minutes to and from work. Nearly six percent work from home. To reach transit options such as the Colorado Department of Transportation's (CDOT's) Bustang or routes provided by Denver's Regional Transportation District (RTD), Frederick residents must travel to stations or Park-and-Ride locations outside of the Town boundaries.
- The 2020 State of the System Report noted that households in Frederick spend 59 percent of their income on housing and transportation, a figure higher than the recommended metric of 45 percent. The Center for Neighborhood Technology's 2022 Housing and Transportation (H+T) Affordability Index updated the metric for total spending on transportation and housing (combined) in Frederick to 54 percent of household income. The 2022 metrics indicate that on average, housing costs consume 29 percent of household income in Frederick and transportation costs an additional 25 percent. The 2022 update also estimated annual transportation costs in Frederick of $18,561 per household.
- The Town has a well-documented budget process. The annual budget includes the Streets and Alley Fund, with itemized funding categories that include (but are not limited to) road repairs, multiple maintenance categories (streets, sidewalks, traffic signals, etc.), and Transportation Expansion and Capital Improvements.

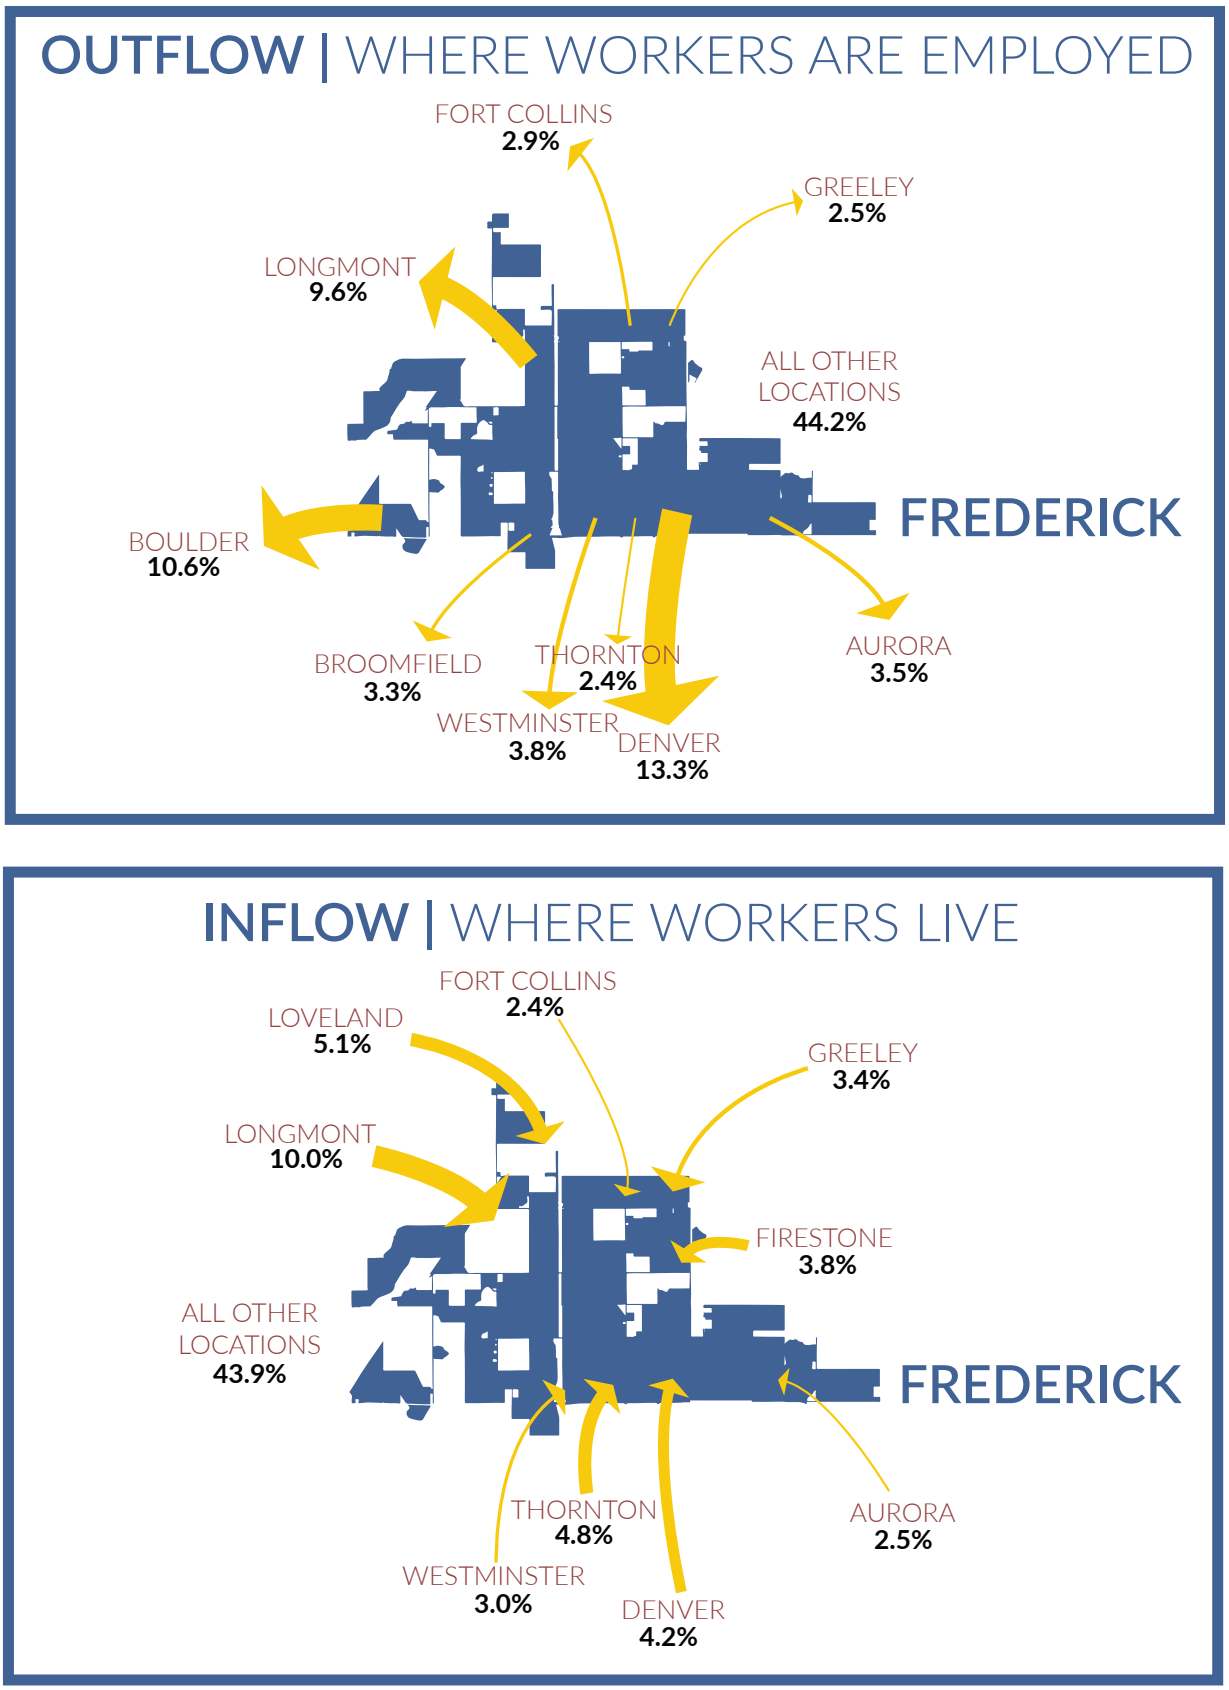
Transportation Facilities

Frederick is served by adjacent regional roadways under CDOT jurisdiction: I-25, CO 119 at the northern planning area boundary, and CO 52 along the southern Town boundary.

Frederick's internal roadway network is a well-maintained arterial grid with arterial roadways generally located along section lines. Collector roads and local streets provide access to neighborhoods and individual properties.

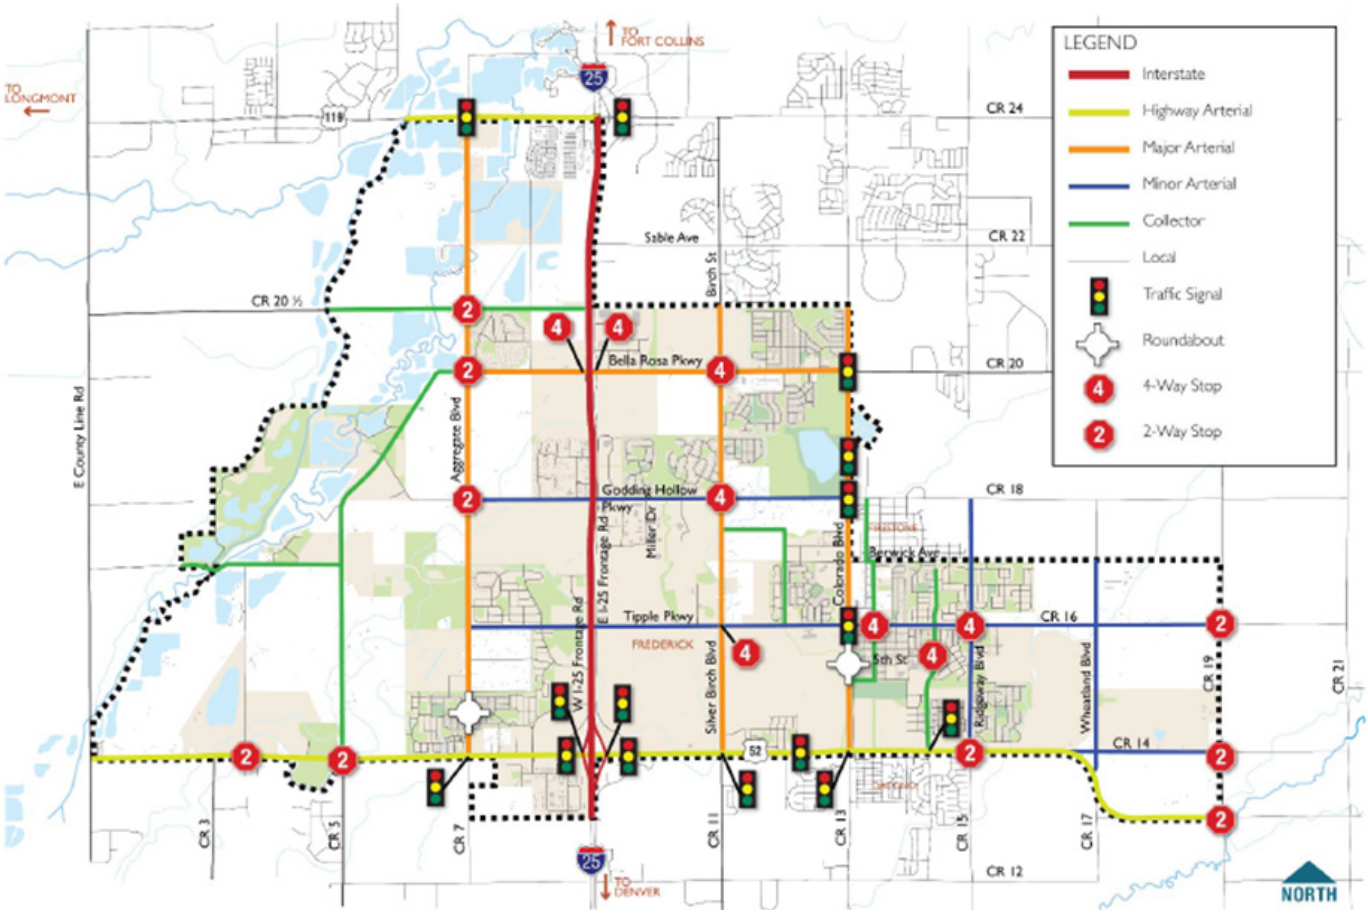
Most of the signalized intersections are along the state highways and Colorado Boulevard.

Figure 36: Commuter Outflow and Inflow



Source: State of the System Report, 2020, FHU

Figure 37: Roadway Network – Functional Classification and Intersection Controls



Source: Frederick, TMP, 2021, FHU

Unsignalized intersections include four-way stops, two-way stops, and roundabout facilities that feature all-way yield signs.

- The Daily Volume to Capacity (V/C) analysis completed as part of the TMP indicated that while the existing arterial network may be functional regarding through-travel lane capacity, congestion illustrated by the Peak V/C may point toward a need for intersection improvements, additional lanes to increase capacity, or strategies to reduce or distribute peak hour traffic in Frederick.
- Travel demand modeling (with a forecast year of 2040) indicated the potential for increased stress along roadways currently operating over capacity and multiple new segments that will operate slightly over capacity in the future. The regional roadways (CO 52, CO 119, and I-25) may exceed capacities through 2040. In addition, Bella Rosa Parkway from Colorado Boulevard to Bullrush Road and various segments of north/south arterials may operate above capacity at the peak hour level by 2040. Since the roadway segments that are forecast to be over capacity are mainly state highways, Frederick should actively engage with CDOT to develop solutions that work for Frederick and address safety concerns, future travel demand, adjacent land uses, wayfinding, and other elements important to the community.
- Frederick's local roadways are challenged mainly by issues with intersection operations, including turning movements and the ability of emergency vehicles to bypass congestion.

Safety

- At the time of completion of the TMP, nearly half of the total accidents and a quarter of the injury crashes in Frederick occurred at intersections along CO 52. Intersections near Frederick High School are also crash hot spots. Safety should serve as an ongoing metric for identifying and prioritizing transportation improvements.

Multimodal Transportation

Trails and Sidewalks

Frederick has an ADA policy in place to continually replace sidewalks with ADA compliant infrastructure, and design standards specify the addition of sidewalks whenever new roadways are created. However, gaps in the sidewalk network exist between neighborhoods, commercial centers, schools, and other activity centers in the Town.

The bicycle network spans roughly 18 miles and provides accessibility to many destinations and neighborhoods. While the existing bicycle system is expansive, it is not consistently connected. On-street bike facilities are rare in Frederick.

Transit

The TMP indicated that there is a consensus and strong desire for improving transit options for residents. However, the Town does not currently have any dedicated funding sources for transit. Frederick is located outside of the RTD service area, and existing CDOT and RTD bus services do not stop within Frederick. Though not within town limits, transit connections and planned improvements are available nearby.

Vanpool programs sponsored by Denver Regional Council of Governments (DRCOG) and the North Front Range Metropolitan Planning Organization (NFRMPO) are available to Frederick residents. Carpool parking lots are located near the southeast corner of I-25 and CO 119 and the northwest corner of I-25 and CO 52.

Recent and Ongoing Studies

Frederick Transportation Master Plan (2021)

The TMP formalizes the Town's transportation objectives and recommends transportation solutions in the form of policies, programs, and projects.

Parks, Open Space & Trails (POST) Master Plan (2021)

The POST plan outlines a series of recommended park improvements as well as various trail and bike connections to be completed around Frederick. These recommendations informed some of the major recommendations included in the TMP, which was completed after the adoption of the POST plan.

CDOT Highway 52 Planning and Environmental Linkages (PEL) Study and Access Management Plan (2022)

The PEL team divided the 42-mile CO 52 corridor into four segments. Frederick lies along Segment 2, which spans from the Boulder/Weld County line to Weld County Road (WCR) 19 but excludes the portion of roadway between the I-25 interchange ramps. The Recommended Corridor Alternatives Map (PEL Figure 4-18) shows the following:

- The segment from the Boulder/Weld County line east to the I-25 Interchange: 4-lane Rural
- The segment from the I-25 Interchange east to WCR 15: 4-lane Urban
- The segment from WCR 15 to WCR 19: 4-lane Rural

The PEL also documents preferred intersection and multimodal improvements along the corridor (PEL pages 50 and 51).

These documents outline the long-term plan for the expansion of the Highway 52 corridor to four lanes through the Frederick area and define the standards for access management, including intersection and driveway spacing along the corridor. These plans represent the precursor to more formal design and funding of improvements along the CO 52 corridor. The plans for expansion of the CO 52 corridor would require additional funding from CDOT or other sources.

I-25 / 52 Subarea Plan (2022)

The Subarea Plan's Guiding Principles include the creation of a pedestrian-friendly mixed-use destination and leveraging the high visibility of the I-25 and CO 52 interchange, which as the key gateway into the Frederick community experiences more than 125,000 vehicles passing through daily. The study area encompasses acreage on the northeast corner of I-25 and CO 52. The plan

identifies proposed access points and circulation roads, as well as intentions regarding the bike network, sidewalk network, intersections and crosswalks, and parking lots.

Takeaways / Key Issues for Transportation

East/West Mobility

Frederick's roadway network continues to be challenged by limited east/west mobility. Access between the east and west sides of town is via CO 52, CO 119, and Bella Rosa Pkwy, but the capacities on these roads are limited, which creates congestion challenges.

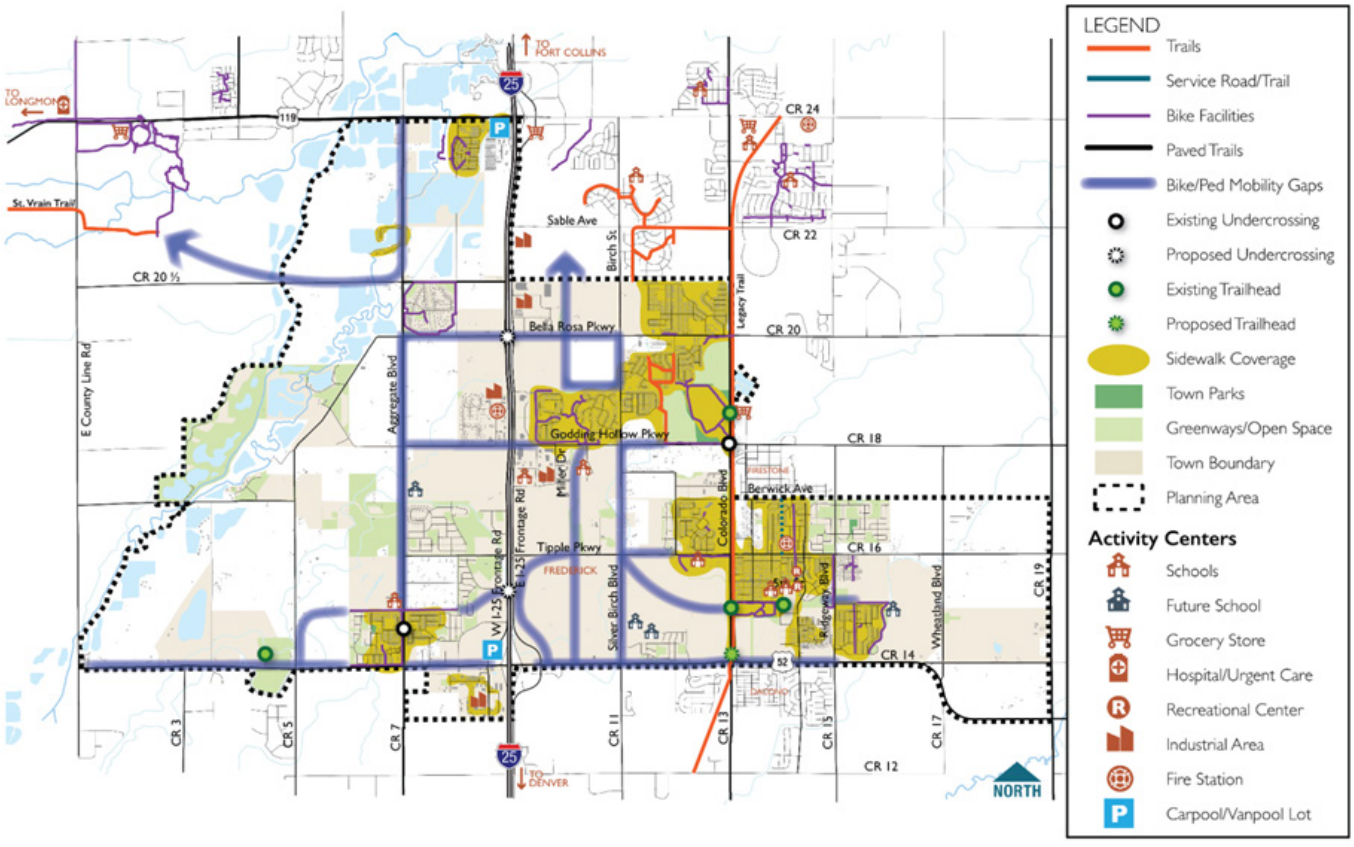
Interstate Access

Access to I-25 is limited to two I-25 interchanges: one at CO 52 along Frederick's south boundary, and one five miles to the north at CO 119, the northern planning boundary. This limited access increases congestion at the two interchanges. An additional I-25 access point and crossing would mitigate the barrier effect of the current five-mile gap between interchanges at CO 52 and CO 119 and could reduce congestion at those interchanges.

Multimodal Improvements

A robust active transportation network would enhance the transportation network by providing significant coverage for pedestrians and bicyclists to various assets around Frederick. Closing the gaps would create greater accessibility and support travel choice for all modes.

Figure 38: Active Transportation Network



Source: TMP Figure 22, 2022, FHU

Regional transit options are available, but access points are located several miles outside of the Town limits. Transit solutions in the Frederick area could initially include providing more convenient access to existing regional routes, followed over time by the addition of transit connections directly into Frederick. These transit improvements would require regional collaboration, changes to land use patterns, and significant investment.

Figure 39: Regional Transit Connections

Parks and Open Space

As outlined in the POST Master Plan, the Town of Frederick contains a variety of park types across 20 different properties totaling over 380 acres, as outlined in the table that follows.

Figure 40: Town of Frederick Parks Inventory

Classification	# of Sites	Total Acres	Examples
Regional Park	1	128.5	Frederick Recreation Area
Community Park	1	40.7	Centennial Park
Neighborhood Park	9	44.1	Fox Run Park, James M. Crist Park, Eagle Valley Park
Mini Park	8	7.9	Carriage Hills Park, Firefighters; Park, Ironworks/Maplewood Park
Special Use	2	159.3	Bella Rosa Golf Course, Bulrush Wetland Park
Total -->	**21**	**380.4**	

Source: POST Master Plan (2021)

Overall, the POST plan noted that 67 percent of Frederick's residents are served by neighborhood-serving facilities within 1/3- mile of neighborhood parks and 1/5-mile of mini parks. This exceeds the national average of 55 percent of residents with 1/2-mile (10-minute walk) of a park. By national standards, the Town is far exceeding expectations. However, 33 percent of the current population lacks park access, per Frederick's standards. The POST plan identified gap areas where existing or developing residential areas are located beyond a one-third mile radius of neighborhood parks and a one-fifth mile radius of mini parks. The POST plan noted that while these gap areas remain around Town, Frederick may mitigate the gaps by enhancing trail and walking connections to other nearby parks, addressing facility needs in existing parks, and planning for new parks as new residential areas develop.

The Town also includes over 22 miles of trails as of the completion of the POST Master Plan, as outlined in the table that follows.

Figure 41: Town of Frederick Trails Inventory

Trail Classification	Total Miles
Concrete Trail, 8 Feet or Wider	13.48
Concrete Trail, Less than 8 Feet Wide	1.89
Natural Surface Trail, 8 Feet or Wider	6.90
Natural Surface Trail, Less than 8 Feet Wide	0.12
Total -->	**22.39**

Source: POST Master Plan (2021)

The Town's parks and open space system also includes 35 different open space and landscaped areas totaling over 530 acres. These assets include greenway trails, natural surface paths, and unirrigated grasslands. The Town anticipates that its open space inventory will continue to grow as developments dedicate open space areas upon approval and development of projects. The Town generally expects that new developments will dedicate around 20 percent of development areas for preservation as open space.

The POST plan included a series of observations concerning the current conditions of parks, open space, and trails in Frederick, as outlined below:

- There are opportunities to improve habitat, ecological function, and nature-based recreation activities such as fishing, nature education, and related areas.
- Growing the tree planting system in Frederick is a primary opportunity.
- HOA parks in Frederick vary in quality and the types of facilities provided.
- Some sites within the POST system are underutilized or have unusable park areas. There are opportunities to naturalize or repurpose some park areas for different uses.
- There are opportunities to have a greater variety of recreational opportunities and consider new trends and future uses for various park and open space areas.
- Several park areas have uneven turf areas.
- There is a need to provide facilities for aging residents in the Frederick community.
- There are opportunities to provide for more events and to better facilitate events in the Frederick community.

- Most of the lands designated as open space in Frederick are inaccessible and require improvements to improve public access through trail development and habitat restoration.
- The Town should continue to balance open space acquisition with construction and maintenance costs for existing and planned facilities.
- Frederick needs improved cross-town trail connections.
- Frederick has few on-street bike facilities.
- Frederick needs more water-based recreation and winter outdoor activities. It also needs more opportunities for "challenge elements" within its parks and open space.
- One third of Frederick residents are in need of improved access to neighborhood parks
- There is a need to develop more neighborhood parks and community parks that are age-appropriate as the population continues to grow.

Key Takeaways – Parks and Open Space

- Frederick currently has a deficit of acreage in various park categories and will need to continue to dedicate additional lands for mini parks, neighborhood parks, and community parks as the population continues to grow.
- Additional trail and other linkages are needed between various park and open space assets around the community.
- Upgrades to park facilities to serve a wider range of users (including seniors) should be considered going forward.
- The Frederick community has an interest in having additional winter, water, and "challenge" oriented park and recreational amenities in the future.
- Frederick should continue to monitor trends in park and recreational uses and changes in the community's population in designing and implementing park and recreational facilities and programs.

Schools and Community Facilities

The St. Vrain Valley School District operates two schools within the Town's boundaries – Frederick High School and Thunder Valley K-8. The high school has a current enrollment of just over 1,000 students, from grades 9 through 12, and includes students from surrounding jurisdictions in addition to Frederick. The high school features a variety of college-prep courses, including 17 Advanced Placement classes and the ability for students to complete 16 courses through the University of Colorado (CU), representing 53 credit hours at CU. It also includes a biomedical sciences program, extensive fine arts programs, and seventeen varsity sports programs.

Thunder Valley K-8 opened its doors in 2013 and previously operated as Frederick Elementary. Today the school serves approximately 500 students from kindergarten through 5th grade and 350 students in the middle school grades (grades 6 through 8). Thunder Valley includes students from Frederick, Dacono, and parts of Firestone.

Frederick High and Thunder Valley include athletic facilities and open spaces often used by Frederick community members for indoor and outdoor recreation.

The Carbon Valley Recreation Center on 5th Street is the only full-service recreation center serving the Firestone / Frederick / Dacono area. It includes a variety of facilities, including a lap pool and aquatic center, full-court gymnasium, elevated indoor track, workout room, fitness studio, meeting and party rooms, and a variety of fitness classes and programs. The recreation center encompasses 50,000 square feet. The Carbon Valley Gymnastics Center, located within the recreation center, features a full-size competition floor, tumble track, cargo net, preschool equipment, and equipment for kids' gymnastics programs.

The Carbon Valley Senior Center, located across from the rec center on 5th Street, is open to anyone age 55 or older and includes a senior library, lounge, computer station, and daily activities for seniors.

Takeaways – Schools and Community Facilities

- Frederick is fortunate to serve as the home base for two of the larger schools in the Carbon Valley, Frederick High School and Thunder Valley K-8, and these schools provide facilities that benefit the entire community. As Frederick and the surrounding communities continue to grow, the St. Vrain Valley School District will continue to explore the potential construction of additional school facilities as needs evolve.
- Frederick is also fortunate to serve as the base of operations for the Carbon Valley Recreation District and its facilities on 5th Street (the rec center and senior center). Input from the community during the initial stages of the Comprehensive Plan effort suggested that another recreation center, or expansion of the current facility, may be needed to serve the growing population in the area. The Comprehensive Plan may consider additional locations for Carbon Valley Recreation District facilities around Frederick as the community continues to grow.

Public Facilities and Infrastructure

Through various planning efforts over the last several years, the Town of Frederick has proactively evaluated its utility infrastructure to identify current concerns and determine the improvements needed to provide for the future growth of the community. Specifically, the Town has or is in the process of completing Short and Long-Term Water Supply Plans, a Water Efficiency Plan, and an Outfall System Plan to help manage the Town's stormwater drainage systems. This section outlines the existing public infrastructure serving Frederick and information to guide the growth of the Town.

Sanitary Sewer Collection System

Existing Conditions

The St. Vrain Sanitation District (SVSD) provides sanitary sewer service to the Town of Frederick. SVSD is actively working on completing upgrades to its wastewater system which will increase capacity and treatment capabilities. It does not anticipate having any issues in serving existing customers and future growth anticipated in the Town of Frederick.

In 2018, SVSD completed a master plan for its wastewater treatment plant (WWTP). This plan defined the actions and improvements needed to modify the existing facility to meet anticipated growth in its service area and environmental requirements.

SVSD began a two-year, nearly $37 million capital improvement project to complete new upgrades to the WWTP in 2021 and anticipates completing these efforts by May 2023. The new WWTP will have a capacity of processing 6 million gallons per day (MGD) and 15,200 pounds of Biochemical Oxygen Demand (BOD) per day. The facility discharges effluent into the St. Vrain Creek and in doing so meets the regulatory requirements in the district's NPDES (National Pollutant Discharge Elimination System) permit. The plant operates at 56 percent of its organic capacity. As SVSD continues to see development and growth, the plant is designed for expansion to keep pace with increasing demand. The plant is located on the north side of Weld County Road 26 between Weld County Roads 13 and 15.

Existing Water Supply and Distribution System

Existing Conditions

Potable Water Supply

Within Frederick's town limits, there are three entities involved with providing the public potable water supply (water fit for consumption by humans and other animals): the Town of Frederick; Central Weld County Water District (CWCWD); and Left Hand Water District. All Frederick residents located to the east of I-25 are Town of Frederick water customers.

The CWCWD treats water from its treatment and storage facilities located west of Berthoud, Colorado. A high-pressure CWCWD transmission main transports water to the Town's distribution water mains through several master meters, from which point the Town's water distribution system begins.

Future Potable Water Supplies

To avoid expensive capital investments and to be good stewards of limited natural resources, the Town encourages water conservation through financial and educational means. In order to secure adequate supplies of high-quality water for the Town's current and future potable supplies,

Figure 43: Sanitary Sewer Service Area, St. Vrain Sanitation District

Frederick is one of 14 Northern Colorado water providers involved with the Northern Integrated Supply Project (NISP). This project is working on securing long term water supplies for various communities, but it appears that the process of obtaining meaningful amounts of additional water may take several years.

Raw Water

The Town of Frederick has implemented a Raw Water System (RWS) for irrigation to complement the town's potable water system. The Raw Water System supply is fed from the Lower Boulder Ditch and stored in Milavec Lake. Untreated, non-potable water is pumped out of Milavec Lake to supply three irrigation ponds located on Town property. Two ponds are located on the Bella Rosa Golf Course and the third pond is located in Centennial Park.

Raw Water System Expansion

The Town has plans to expand the RWS to a majority of the area within the Town limits. New developments are installing raw water lines to use raw water to irrigate their shared open spaces and parks. The Town plans to add raw water distribution lines into additional developments as funds allow. There are also plans to develop the Town's raw water irrigation facilities on the west side of I-25 and the Town has discussed this possibility with Left Hand Water District.

Potable Water Master Plan

The Town has kicked off the preparation of its new Potable Water Master Plan. The Town's water system serves residents on the east side of I-25. The Town used to treat and distribute water from Milavec Lake to the Town until the 1980s when water quality concerns led the Town to enter into an agreement with Central Weld County Water District for the purchase of wholesale water. After treated water from the District enters into the Town's water distribution system at multiple locations throughout the Town, the distribution of water becomes the Town's responsibility. The new Potable Water Master Plan will address:

- The reliability and sustainability of potable water infrastructure, now and in the future
- Water for emergency responses (fire protection)
- Water management and conservation
- Water quality
- The connectivity of Town services between different neighborhoods and areas
- Social equity
- The relationship between land uses, housing and potable water, in planning for a livable community

Recommended System Improvements

Upon completion of the Potable Water Master Plan, the Town will then be able to evaluate and prioritize water-related projects into a Capital Improvement Project list and identify sources of funding.

Existing Stormwater and Drainage Systems

The Town of Frederick's Stormwater Utility Enterprise provides stormwater drainage services to the community. Following the dissolution of the Tri-Area Sanitation District at the end of 2007, Frederick entered into agreements with St. Vrain Sanitation District and Weld County that made the Town of Frederick responsible for all stormwater drainage services within the Town's boundaries and the part of unincorporated Weld County known as Evanston.

As a result of this change, in May 2008 the Town Board approved an ordinance creating the stormwater utility as an enterprise fund within the Engineering and Utilities Department. By establishing the stormwater utility as an enterprise fund, the Board assured that all costs associated with the provision of drainage services will be funded through rates and fees specifically collected for that purpose.

The primary functions of the stormwater utility are to protect the lives and welfare of residents and to guard against damage to property from flooding during severe rainfall events. The Town accomplishes these functions in part by ensuring that new development provides storm sewers, inlets, and detention ponds to keep storm runoff at or below historic runoff rates.

The utility maintains public drainage facilities in Frederick to ensure that stormwater lines and inlets are clean and ready to handle runoff when a storm occurs.

In September 2020 the Town of Frederick and the City of Dacano hired Anderson Consulting Engineers to develop an Outfall System Plan (OSP) and the OSP was completed in April 2022. The purpose of the OSP study was to:

- Update the hydrologic and hydraulic modeling for the major drainage basins in the area
- Identify existing flooding problem areas
- Estimate the impact of future development on the existing flooding problem areas
- Develop a plausible, prioritized plan for future capital improvement projects (with cost estimates) that addresses the existing and future flooding problems
- Provide a consistent plan for future development within Frederick and Dacono

Recommended System Improvements

The Town is currently evaluating and prioritizing projects identified in the Outfall System Plan to develop a Capital Improvement Project list and sources of funding to facilitate needed stormwater drainage projects.

Floodplain Regulations (Article 8 of the Town's Land Use Code)

- The Town Board adopted floodplain management regulations in 2013.
- These regulations promote the protection of human life and health, the environment, and public and private property.
- The regulations also identify how development can occur in a safe manner within a floodplain or floodway.
- The Town also established a floodplain development permit process in 2013, outlining the process for obtaining permits prior to beginning any work within any area of special flood hazard.

Existing Natural Gas System

Black Hills Energy provides natural gas service to the Frederick area. The system has the capacity to serve any area within the existing Town limits and gas mains are in place.

Black Hills Energy works with developers to determine the feasibility of extending gas service to proposed developments based on the number and type of units (residential, commercial, etc.) planned in projects. Black Hills normally establishes in its agreements with developers a set development period, by which time the improvements outlined in the agreement should be constructed. This development period can be extended based upon mutual agreements between the parties.

Electrical Power System

United Power provides electric service to the Town of Frederick. The existing electrical system supplies the area encompassed by the current Town limits, with no service currently extended outside of the Town limits. Typically, as new development occurs, United Power evaluates the load requirements of new developments and assesses the specific infrastructure to serve residential, commercial, or industrial needs.

Key Takeaways – Public Utilities & Infrastructure

- The St. Vrain Sanitation District has sufficient capacity to serve additional growth in the Frederick area over the next 20 years.
- Frederick will need to secure additional water supply capacities to serve additional growth over the next 20 years.
- The provision of electricity, natural gas, and dry utilities will not place limits on future development in the Town of Frederick.

116	Target	3/2/2023 8:41 PM
117	Bestbuy ? Murdocs ? Chipotle	3/2/2023 6:53 PM
118	All we have is auto parts, tires and banks mostly. Need more places for socializing like restaurants, Pickleball and volleyball courts, and places that cater to seniors and families with small kids like Rec and pools and parks. Also need to encourage more diversity.	3/2/2023 4:42 PM
119	Restaurants and bars; retail shops	3/2/2023 3:31 PM
120	We have EVERYTHING ALREADY, or within a VERY few miles. DONT turn Frederick into	3/1/2023 11:00 PM

	Firestone or Erie total congestion in all ways!	
121	We enjoy the local, small town character-don't loose or change that.	3/1/2023 9:17 PM
122	There is not much to do for adults or kids around Fredrick or Carbon Valley. More retail, more places for kids to hang out and more quality sit down restaurants would be great. Smaller chain grocery stores like Sprouts or Trader Joe's would be amazing. There is no need for large box stores, that will ruin the quality of the town.	3/1/2023 8:01 PM
123	a Target would be nice. There is nothing like it within 20+ minutes. More sit-down restaurants.	3/1/2023 7:26 PM
124	Frederick is fine as it is, Firestone offers enough and is close enough. Don't ruin the feel of Frederick more than all the new homes already have. We've lost the open fields, the beautiful mountains, please don't ruin the town more.	3/1/2023 6:48 PM
125	More dining options. I typically drive to Longmont or Thornton to eat.	3/1/2023 4:57 PM
126	beauty, pet boutiques, veterinarian, target	3/1/2023 3:59 PM
127	at this point anything would add value. Frederick doesn't even have a grocery store at all. zero fast food options. it is just homes and gas stations	3/1/2023 1:00 PM
128	I would like to see more quick places to eat that also have room to eat outside in good weather. I would love a natural food type store. If we grow a lot we need these!	3/1/2023 11:44 AM

212	Little Cesar’s, chick fil-a, Thai food, kids indoor gym	2/13/2023 5:27 PM
213	Gift stores, cafes, shopping, resteraunts, theatre.	2/13/2023 3:37 PM
214	I would love to see a department store such as Target.	2/13/2023 9:13 AM
215	Chic fil a, Target, UPS, Michaels, Sprouts, World Market, cellular stores (AT&T, TMobile, Verizon, Xfinity, etc), Victoria's Secret, Ulta, Dollar Tree, sit down Italian (Carrabas, Macaroni Grill), Pei Wei, Ramen/Pho, Jimmy Johns / Jersey Mikes	2/12/2023 8:11 PM
216	Target, Sprouts, Trader Joes	2/12/2023 8:55 AM
217	None. I want to keep open areas open. I don’t want this area to become another Thornton.	2/11/2023 10:22 PM
218	Really would like to see more sit down food options	2/11/2023 7:35 PM
219	Things to do. A larger rec center. Apartments, places to eat fast food and sit down. Shopping target, shops	2/11/2023 7:31 PM

226	Whole Foods, NO MORE PIZZA PLACES	2/11/2023 12:09 PM
227	Restaurants. We have so few options in the area and the ones we do have usually aren't great. My grocery shopping and shopping in general would be great.	2/11/2023 11:37 AM
228	Retail and food so we don't have to spend out money or drive to other communities for basic needs.	2/11/2023 11:26 AM
229	I would love to see a bakery and a store selling local produce in downtown Frederick	2/11/2023 11:09 AM
230	Big box grocery	2/11/2023 11:01 AM
231	Frederick is perfect the way it is. We don't want to be like Boulder	2/11/2023 10:44 AM
232	would be best with minimal options. no more transplants	2/11/2023 9:33 AM
233	A grocery store in Frederick. Both stores are Firestone and almost all my sales taxes go to Firestone or Longmont	2/11/2023 8:05 AM
234	Frederick currently has a beautiful balance of old town feel with access to shopping within a 15 min drive. Not many CO towns have this anymore (Fort Collins Old Town was ruined with 287 and big box stores, Lafayette is a congested historic town but without common amenities, Boulder is also congested and lost all charm with big box stores). Bringing in chain/fast food restaurants will kill small restaurants and the overall charm of Frederick. Similarly bringing in big box stores will create a ghost town feel (ie. N Thornton Larkridge Shopping Center..it's really only still in business because of Costco). More ethnic restaurants would be fabulous (ie. Thai food, Ethiopian, Nepalese, Indian,	2/10/2023 3:04 PM
235	Small single owned restaurants, businesses, and cultural centers.	2/10/2023 8:02 AM
236	More local restaurants	2/10/2023 7:47 AM
237	King Soopers Marketplace, Trader Joe's, Sprouts	2/10/2023 7:40 AM
238	Bowling alley	2/10/2023 7:25 AM
239	Target!	2/10/2023 7:14 AM
240	Grocery, big box, restaurants, and bars / entertainment	2/10/2023 6:52 AM
241	Independent restaurants and shops	2/10/2023 6:40 AM
242	Yoga studio / community center	2/10/2023 5:45 AM
243	UPS Store	2/9/2023 9:33 PM
244	A casual restaurant would be nice. More services. Places to shop. Target!	2/9/2023 8:15 PM
245	Locally owned stores of all kinds! I think a painting store would be great to have or pottery making. Anything hands on would be great!	2/8/2023 11:10 AM
246	Better restaurants	2/7/2023 5:42 PM
247	Clothing stores, shore stores	2/6/2023 9:41 PM
248	Stores with home goods and clothing; Restaurants	2/6/2023 5:56 PM
249	In N Out	2/6/2023 5:35 PM
250	Chipotle	2/6/2023 5:29 PM
251	Fast food and grocery store	2/6/2023 10:24 AM
252	Strip club	2/6/2023 9:58 AM
253	Small shops / restaurants, boutiques, dispensary (missing out on tax money)	2/6/2023 9:52 AM
254	Trader Joes, a yoga place, more restaurants	2/4/2023 8:47 PM
255	Arts & Craft, coffee shops, bubble tea, ethnic foods	2/4/2023 4:39 PM

256	I would LOVE a target and more dining options. We need more options for quick pick up in Frederick.	2/4/2023 4:23 PM
257	Chipotle, jimmy johns, target, more retail so we don't have to always leave town to spend money	2/4/2023 3:56 PM
258	Some clubs	2/4/2023 3:30 PM
259	Dry cleaners, Target	2/4/2023 3:21 PM
260	Trader Joes, Sprouts	2/4/2023 11:31 AM
261	Sit down restaurants sports bars Targets Walmarts restaurants affordable strip malls wing place affordable, grocery stores get rid of Safeway… big liquor store…. Shopping centers. Just to name a few.	2/4/2023 11:08 AM
262	Restaurants, fast food chains, Walmart	2/3/2023 10:35 PM
263	A grocery store in Frederick, preferably a Natural Grocers or something to fill the gap that Firestone stores are missing. A Target would be nice	2/3/2023 10:33 PM
264	More gym options	2/3/2023 9:58 PM
265	Grocery and hardware	2/3/2023 12:57 PM
266	While not opposed to chain stores or fast food I don't think it belongs in downtown area. More along 52.	2/3/2023 11:35 AM
267	Entertainment center for kids of all ages. Roller rink or something like that	2/2/2023 6:22 PM
268	Target/Walmart, Walgreens, King Soopers	2/2/2023 5:58 PM
269	More casual dining. Different grocery like Sprouts, TraderJoes	2/2/2023 1:32 PM
270	Olive Garden, chik-fil-a	2/1/2023 8:59 PM
271	Trader Joes or Sprouts, ReStore or similiar	2/1/2023 12:02 PM
272	Put a Sonic across from the high school	2/1/2023 8:59 AM
273	I just want a Trader Joe's.	1/31/2023 12:46 PM
274	Is there such a thing as "small-box" stores? I'm more concerned about the appearance of big-box and chain stores and restaurants, in conflict with a small-town feel and a strong downtown.	1/31/2023 12:42 PM
275	More entertainment and more healthy food options (being gluten free is a little rough in Frederick).	1/31/2023 12:22 PM
276	Better restaurants, anything for kids	1/30/2023 10:22 PM
277	We need a Walmart out here. Need this for other things grocery stores don't provide.	1/30/2023 1:09 PM
278	Sams / Costco / Walmart - we all spend a lot of money at these in neighboring communities - I'd like to see some of the jobs / tax receipts in town	1/30/2023 9:49 AM
279	Home depot, King soopers	1/30/2023 6:20 AM
280	Small entertainment	1/29/2023 7:46 PM
281	More options for food & a Natural grocers or Trader Joe's	1/29/2023 7:27 PM
282	Target	1/29/2023 7:14 PM
283	Needs a nice steak restaurant! And a wing place.	1/29/2023 5:16 PM
284	Local businesses to eat, drink and play	1/29/2023 4:14 PM
285	Target, sprouts, Whole Foods, healthy food options, bagel shop, bakery, boutique, juice or smoothie bar	1/29/2023 4:10 PM
286	Trader Joes	1/29/2023 3:56 PM
287	No more dentists	1/29/2023 1:43 PM

288	clothing, shoe, kids' activity services	1/29/2023 11:59 AM

291	Target and sit down restaurants	1/29/2023 8:33 AM
292	Hobby shops	1/29/2023 12:42 AM
293	Target, sprouts, barbs and noble, assistant living for seniors, pool	1/28/2023 10:04 PM
294	Places to hang out at	1/28/2023 7:43 PM
295	None or else call us Longmont	1/28/2023 7:25 PM
296	Privately owned small businesses	1/28/2023 1:51 PM
297	I absolutely love how Frederick is locally owned businesses only. Firestone is filled with chains and I hate it. Keep the charm by keeping small ma an pops.	1/28/2023 1:49 PM
298	More locally-owned restaurants, entertainment and shops. Would love a refresh to parts of downtown. Vacant buildings are a huge eye-sore and we NEED restaurants and businesses to fill them. People are itching for quality, local places that are upscale and comfortable like Mountain Cowboy. Would love a full-service bakery or classic Italian restaurant. Need more places to create things (pottery shop/painting studio/hobby shop).	1/28/2023 1:15 PM
299	Things to do - bowling, coffee shop/place to gather and relax with friends, art/performing artsvenues	1/28/2023 11:26 AM
300	None in town proper, build on the peripheral	1/28/2023 9:53 AM
301	I like everything just the way it is.	1/27/2023 10:21 PM
302	More sit down restaurants besides Mexican food, Culvers, Chik-Fil-A would be good	1/27/2023 10:18 PM
303	Trader Joe's, Target, a cute downtown area with cute boutiques and unique restaurants. Like downtown Louisville.	1/27/2023 8:07 PM
304	We need a Wells Fargo bank!	1/27/2023 5:09 PM
305	locally owned anything, that does not require ass kissing of the mayor	1/27/2023 5:09 PM
306	Chipotle!!!	1/27/2023 2:50 PM
307	Walmart or Target; department stores like Kohl's or JCPenney	1/27/2023 1:39 PM
308	Sprouts	1/27/2023 1:24 PM
309	Target! More variety of food options	1/27/2023 11:51 AM
310	Sprouts, Trader Joe’s, sit down restaurants.	1/27/2023 11:32 AM
311	Walmart!!!!	1/27/2023 11:32 AM
312	Low cost fitness ea. Planet fitness or chose fitness -Trader Joes - activities places ea. Juming or skate rink	1/27/2023 10:36 AM
313	Trader Joe's, toddler play	1/27/2023 10:00 AM
314	Good breakfast to dinner type cafes !	1/27/2023 9:09 AM
315	Sprouts Framers Market	1/27/2023 8:07 AM
316	A T-Mobile store	1/26/2023 11:19 PM
317	Specialty restaurant/ethnic foods/health food store	1/26/2023 10:56 PM
318	Walmart	1/26/2023 10:04 PM
319	more medical such as Walgreens (firestone's is terrible!) or clinic, eateries that are good, PARKING! cannot even get to the 3 restaurants as no parking but on street & they are OVER CROWDED since have no where else to eat here	1/26/2023 9:43 PM

320	More casual dining and chain food so Frederick can compete with Firestone and Erie	1/26/2023 9:19 PM
321	Restaurants, wine bar, target	1/26/2023 5:09 PM
322	Whataburger / Slim Chickens / Pollo Loco	1/26/2023 4:34 PM
323	Grocery choice or really any retail.	1/26/2023 3:05 PM
324	Maybe off 52 another grocery store, additional restaurants, daycare	1/26/2023 2:50 PM
325	more grocery and general shopping options (i.e. Target)	1/26/2023 2:10 PM
326	Variety in food or activities options	1/26/2023 1:27 PM
327	Office supply/shipping	1/26/2023 11:51 AM
328	Grocery stores, franchise restaurants, shopping (Kohls, etc)	1/26/2023 9:22 AM
329	Small boutiques, clothing , gift shops	1/26/2023 7:26 AM
330	Small locally owned stores and restaurants. We could use a single small shopping center (Colorado and Hwy 52?)	1/26/2023 5:24 AM
331	Regional stores	1/25/2023 11:27 AM
332	We need more of most services. Frederick is predominantly homes, we are a house community. People sleep here and live elsewhere. To retain, grow, and enrich the lives of people who call Frederick home we need to offer more than just a place to lay your head. Yes, Firestone is right there, but I would rather spend my money in Frederick.	1/25/2023 10:50 AM
333	Indoor kid activities-climbing, trampolines, ice rink	1/25/2023 8:01 AM
334	UPS Store	1/24/2023 9:40 PM
335	I would like a Wells Fargo in Frederick	1/24/2023 8:26 PM
336	Target, Home Goods, Marshalls	1/24/2023 8:14 PM
337	Trader Joe’s, Chipotle, Whole Foods, Target, better restaurants	1/24/2023 7:18 PM
338	Food options like Noodles & Company	1/24/2023 6:54 PM

80	It's too small	3/16/2023 10:19 AM
81	Lack of commercial for a growing community. Majority of community goes to neighboring cities for commerce	3/16/2023 10:06 AM
82	Not keeping up with the amount of people moving here	3/16/2023 9:58 AM
83	Drainage in downtown	3/16/2023 9:49 AM
84	Growth but keep the charm	3/16/2023 9:39 AM
85	1. High house prices 2. Traffic	3/16/2023 9:26 AM
86	1. Safety 2. Housing / convenience	3/16/2023 8:35 AM
87	Schooling isn't the best.	3/16/2023 8:29 AM
88	It's a small town that is growing and will in the future and probably will lose that feel. Some streets have drainage issues especially during the winter months when snow thaws and refreezes over the sidewalks. Especially 3rd Street between Oak and Elm	3/16/2023 8:19 AM
89	We need more major businesses.	3/16/2023 8:09 AM
90	Apathy of residents Establishing tax revenue base	3/16/2023 7:57 AM
91	Lack of variety in things to do for entertainment. Mobility around town (streets, trails, bike paths, walking paths).	3/15/2023 9:55 PM
92	We need a better trash system on our trails- there is so much abandoned dog poo and other trash, that ultimately destroys the towns charm	3/15/2023 9:42 PM
93	Traffic mitigation and store availability	3/15/2023 8:51 PM
94	Lack of sit down restaurants and nightlife.	3/15/2023 7:50 PM
95	Hwy 52 congestion and not enough commercial growth with all the residential growth.	3/15/2023 7:35 PM
96	Water, housing(multi family)	3/15/2023 1:31 PM
97	Not enough retail options	3/15/2023 9:20 AM
98	Affordable housing and keeping the small town feel	3/14/2023 9:03 PM

99	Safety	3/14/2023 3:34 PM
100	Lack of entertainment and programs for kids	3/13/2023 6:55 PM
101	The desire to keep the small town feel is important and nice. However, it means that a lot of residents go elsewhere for big box shopping, greater restaurant choices and other needs.	3/13/2023 2:51 PM
102	Infrastructure, utilities,streets, WATER. Lack of affordable housing.	3/13/2023 10:04 AM
103	Maintaining character while growing	3/12/2023 9:23 PM
104	Keeping its small town feel	3/12/2023 9:18 PM
105	Only building houses and not building anything for our youth to do in our community	3/12/2023 9:13 PM
106	Overshadowed by Longmont	3/12/2023 9:00 PM
107	Lack of commerce	3/12/2023 8:52 PM
108	Having a tax base that supports infrastructure improvements and lack of multi path system to connect parks & recreational opportunities.	3/12/2023 8:49 PM
109	Bad roads, pot holes, etc.	3/12/2023 8:42 PM
110	Keep small town feel	3/12/2023 8:25 PM
111	Mixing new spaces with the old historic places.	3/12/2023 8:16 PM
112	Quality of roads - lots of potholes and areas that are not in good condition.	3/12/2023 8:10 PM
113	Parking, as the area grows	3/12/2023 8:04 PM
114	Growth and diversity	3/12/2023 7:56 PM
115	Rapid growth in residential.	3/12/2023 7:36 PM
116	Water, safety, affordable sumgle family housing	3/12/2023 7:17 PM
117	It's too small	3/12/2023 2:33 PM
118	Trying to be a big town	3/12/2023 2:19 PM
119	Growth without overgrowth or losing focus of the small town feel that we moved here for	3/12/2023 2:12 PM
120	Affordable housing and the lack of a dog park	3/12/2023 8:36 AM
121	Water	3/12/2023 8:11 AM
122	Roads, preserving small town feel	3/12/2023 7:27 AM
123	Traffic on 52 and Colorado BLVD	3/12/2023 6:56 AM
124	A gateway to Northern Colorado	3/11/2023 9:40 PM
125	Providing more amenities for the fairly dense single family residential going up all over. Needs better traffic management, more restaurants and experiences	3/11/2023 9:24 PM
126	Population is growing but roads and stores need to grow with our Population growth.	3/11/2023 6:32 PM
127	Growth traffic, crime vehicle theft	3/11/2023 4:10 PM
128	There is flat out not enough entertainment in Frederick, I would like to be able to stay in town and be entertained rather than drive somewhere else. We need more businesses, perhaps local buisnesses	3/11/2023 1:25 PM
129	Road congestion with new people moving in.	3/11/2023 7:59 AM
130	Lack of amenities (stores, restaurants, activities) and traffic congestion	3/11/2023 5:46 AM
131	Parking in downtown, lack of retail shops	3/11/2023 12:49 AM
132	Lack of shopping and restaurants, thus contributing tax dollars at retailers outside of town. Improvement in the whole tri-town area in preserving local history and making it easily accessible.	3/10/2023 9:58 PM

133	Too much growth	3/10/2023 9:41 PM
134	Managing growth to maintain small town feel.	3/10/2023 8:58 PM
135	No development of things people actually need. Both stores we have are Firestone, meaning we spend our money there instead of in Frederick.	3/10/2023 7:42 PM
136	Quality of neighborhood roads	3/10/2023 7:13 PM
137	Sustainable expansion that maintains the small town feel and community culture	3/10/2023 6:30 PM
138	Traffic and too many people. The king Soopers won't help matters.	3/10/2023 5:56 PM
139	Affordable single family housing without overcrowding; keeping open space; safety; water	3/10/2023 5:44 PM
140	1. We have to be realistic about this notion of "small town feel." Everyone wants a small town feel but at the same time want a grocery store down the street. Retain your small town feel in the downtown area, but be ok with the rest of Frederick not feeling that way and providing employment/sales tax revenue that supports the community, while maintaining access to parks and open spaces. 2. Frederick needs to coordinate transportation improvements with neighboring municipalities. Hwy. 52, county roads, I-25 frontage, and trails are all used by Erie, Dacono, and Firestone residents to a degree. Attempt to pool resources and complete large scale projects.	3/10/2023 3:09 PM
141	Growth & infrastructure	3/10/2023 2:00 PM
142	Frederick needs more for teens and families to do. Outdoor pool, bowling alley, batting cages, shopping center.	3/10/2023 1:12 PM
143	I'm not incredibly familiar with the issues here because my family doesn't live in Frederick.	3/10/2023 1:05 PM
144	Growing at a very rapid rate. Too many people	3/10/2023 12:58 PM
145	It needs more diverse food and dinner places.	3/10/2023 12:23 PM
146	Traffic Overcrowding in places like restaurants, grocery stores, etc.	3/10/2023 12:13 PM
147	Lack of entertainment for all ages Not much food that is quickly accessible	3/10/2023 11:56 AM
148	1 - Water 2 - Education (DEI)	3/10/2023 11:48 AM
149	1. Oil and gas infrastructure, fracking 2. Loss of character due to rapid development	3/10/2023 11:39 AM
150	Lack of sidewalks connecting to Firestone Trail. Example Saddleback and Owl Lake neighborhood have no safe way to bike or walk on the Firestone trail	3/10/2023 11:34 AM
151	Fast growing population	3/10/2023 10:26 AM
152	Managing growth	3/10/2023 10:16 AM
153	Jobs and housing	3/10/2023 10:10 AM
154	1) Lack of commercial development so we can spend money in this community. 2) Transitioning away from fracking (ugly wells)	3/10/2023 9:41 AM
155	Repairing streets	3/10/2023 9:35 AM
156	Growth and expansion	3/10/2023 9:28 AM
157	I believe we have enough "starter homes" in the area. Cheap housing shouldn't be a main priority.	3/10/2023 9:18 AM
158	Schools	3/10/2023 9:12 AM
159	Lack of food options, lack of teenage entertainment	3/10/2023 9:09 AM
160	Too much of a small town feel. Needs more entertainment, things to do.	3/10/2023 9:06 AM
161	Sprawl-Frederick is so spread out that it doesn't feel like a cohesive community. It feels like a bunch of disjointed sections of different kinds of housing neighborhoods. The folks on the west side of I-25 identify with Erie more than Frederick. Also, crime and quality of schools has not been addressed in your survey, but these are important topics to prospective home buyers which impacts your growth. Finally, entry level housing is key to building a vibrant and youthful	3/10/2023 9:00 AM

	community. As our population ages, attracting young people is essential. You'll need apartments/rentals to house the early 20's age ranges and lifestyle amenities to keep them as they transition to young families. I guess my point is to study the demographics of Boulder which indicates that they are a rapidly aging and dying community and do the opposite like Erie which is exploding in vibrant growth.	
162	Road improvements	3/10/2023 8:56 AM
163	Infrastructure needs to be better for the growth we have seen and we need more entertainment type things (whether it be parks and Rec related or fun, experiences) for our youth.	3/10/2023 8:54 AM
164	Community growth	3/10/2023 8:46 AM
165	1. Not providing big box retail/chain restaurants in line with massive residential growth. 2. Lack of structural changes to accommodate increase in traffic and residents (adding turn lanes, widening roads to accommodate continued future growth, bike lanes, etc).	3/10/2023 8:24 AM
166	Providing more bike paths to allow bikers better access across the entire town without riding across streets.	3/10/2023 8:09 AM
167	Roads, traffic	3/10/2023 8:06 AM
168	Traffic highway 52. Too much growth.	3/10/2023 7:51 AM
169	Keeping up with growth and attracting good businesses	3/10/2023 7:47 AM
170	Not sure	3/10/2023 7:39 AM
171	Increasing traffic on single lane roads	3/10/2023 6:34 AM
172	Too many people moving here and this water will become a huge issue, heck new developments are having to get their water from Lafayette, Colorado already. Slow the growth, keep the small town, invest in the small downtown, for example, papa franks old place, what is to be done with that? Is it for sale? What are the plans for it? Be a small town and keep the small town. Do not become Erie.	3/10/2023 6:14 AM
173	Expansion while maintaining small town feel. Definitely a challenge.	3/9/2023 11:35 PM
174	I think the issues could be not having enough entertainment options especially for young teens. We understand that there are various parks however, if we had things such as bowling or some Soert of place where young teens could go would be great. I also think that there should be more inclusivity with all those who live near Fredrick we have many surrounding neighborhoods that we should make events bigger and funner!!! Bring back the carnival	3/9/2023 11:14 PM
175	Traffic on 52 / lack of entertainment	3/9/2023 11:01 PM
176	Housing expansion with no concrete plan for traffic on major roads (52 & Colorado). Houses on top of houses with no community areas within the housing communities that have small local shops, restaurants, bars, art, etc. No connecting bike paths, and no real plan for infrastructure.	3/9/2023 10:59 PM
177	Parking	3/9/2023 10:43 PM
178	The lack of amenities. Everyone leaves and we leave eith our money. Instead of the money staying in our town, we have to leave to eat, to play, to shop, etc. If we want more money in thr town, we need to keep it here.	3/9/2023 10:33 PM
179	Not enough businesses, too many new houses	3/9/2023 10:32 PM

217	Bringing in external people to eat and shop. Erie has done an amazing job of luring in unique and quaint restaurants, coffe shops etc for dining. Erie still has nice small community feel but they have update their store fronts, etc to look more updated. Parts of downtown Frederick look run down or dates but not in cute historical way. Cowboy brewing, Peel, Georgia Boys have helped.. more of those type options with nice outdoor seating. More healthy food restaurant options as well. More arts would also be draw. Art stores, outdoor theater for music and performances during summer. Summer Arts season with scheduled performances to bring people to Frederick on weekends. 292	I moved here to live in a small town 10-12 years ago and since then the town has steadily expanded to offer more housing. It was probably already starting before I moved here. The town wants to be a bigger part of the state, after all, we will eventually be another suburb of Denver. It will just take a few years to get there. I guess if you want to get bigger you need to start expanding more into industry expansion. As the town grows, the downtown will eventually become a slum area and places will close up and more more to the outskirts where it's easier to get to. This is the way towns have always done in the past. It's the way of prosperity. As with all things we should get the water we need for the future. We should have a plan laid out to where industrial should be and lay in a network underground for the expansion.	3/2/2023 9:25 AM

441	Town is divided with Firestone	2/17/2023 8:25 PM
442	1. Housing becoming trashed / unkempt buildings and junk yards. 2. Traffic - Colo Blvd attracts street racing and immense through traffic	2/17/2023 8:20 PM
443	1. Seems resistant to growth and change. 2. Community has major diversity	2/17/2023 8:13 PM
444	Lack of local employment for nearby residents	2/17/2023 8:04 PM
445	Nothing for kids to do. The kids all want to hang out at Safeway.	2/17/2023 7:58 PM
446	Not enough retail shops and convenient commercial amenities. Also, the Town suspended its cash in lieu program for non-potable water (Lower Boulder Ditch) therefore some new home communities in Frederick need to resort on extremely expensive Colorado Big Thompson (CBT) potable water to irrigate which is cost prohibitive and also a waste of drinkable water. The dual system for new communities (using non-potable water for irrigation and potable water for households) is therefore not possible in some new communities which refrain them from getting developped.	2/17/2023 3:49 PM
447	Crime, dark skies, consideration of all residents when constructing outdoor venues (skatepark) should be a dusk to dawn park with NO lighting!	2/17/2023 7:50 AM

475	Not enough fast food chains	2/14/2023 9:44 PM
476	We don't have enough services here to continue to grow our local area.	2/14/2023 9:32 PM
477	Better roads, more businesses	2/14/2023 9:24 PM
478	1. Running out of space 2. No retail - Our business is going to Longmont and Westminster and also Amazon	2/14/2023 9:09 PM
479	Lack of downtown businesses.	2/14/2023 8:57 PM
480	Balancing the history and small town character of Frederick with the growth and its possible opportunities and advantages.	2/14/2023 8:51 PM
481	1. Stuck in the past - Frederick used to be a tiny historical town but you let developers build tons of houses so it's not small anymore and you need to give residents resources! 2. Lack of small business opportunities. The Town needs to help new businesses open downtown and get rid of the wrecked houses.	2/14/2023 8:44 PM
482	Water and new businesses.	2/14/2023 8:15 PM
483	Town staff are under paid for the different roles they support. Communities on the rise have different departments with Directors managers and staff that are dedicated to a specific profession.	2/14/2023 5:53 PM
484	More experienced town staff, a mayor who listens and stop making changed that only benefits her subdivision and fix the roads.	2/14/2023 5:26 PM
485	1. Lack of availability (in terms of space) for new businesses to move in. 2. So many new homes and families moving in but no growth of businesses to keep up	2/14/2023 5:23 PM
486	I feel we need more things for kids to do. Movie place or bowling alley, this way kids wouldn't get into bad things.	2/14/2023 5:05 PM
487	Not enough restaurants. Not enough local restaurants.	2/14/2023 4:59 PM

488	Curated growth	2/14/2023 12:08 PM
489	We need more schools for all the families that are moving to this area and there also needs to be more activities/plays to go/ hang out for teens and young adults.	2/14/2023 12:00 PM
490	Traffic and too much building (ex all the new townhomes on 52 and tipple/ridgeway	2/14/2023 8:28 AM
491	Increasing crime. Condition of our streets.	2/14/2023 7:28 AM
492	Keeping a balance of the small town feel and needed growth in commercial businesses to meet the residents needs.	2/14/2023 12:54 AM
493	Growth scares most residents because we know we don't have adequate infrastructure to handle many more homes. Also, most residents are concerned with a population boom bringing more crime.	2/13/2023 10:55 PM
494	Too many houses and people, not enough resources and business.	2/13/2023 10:31 PM
495	We need more for the kids! More schools more outlets more fun! We need community connection	2/13/2023 10:29 PM
496	Probably budget	2/13/2023 10:18 PM
497	Need more retail	2/13/2023 9:28 PM
498	To many people moving here	2/13/2023 9:11 PM
499	In an effort to retain small town feel, it also deflects young families or adults from living here. There's nothing to do.	2/13/2023 8:54 PM
500	There are hardly any sit down restaurant options or entertainment	2/13/2023 8:34 PM
501	No place for teens to hang out	2/13/2023 6:49 PM
502	The town is split. The communities not part of the downtown area are often overlooked and dismissed. As we keep growing, we need to combine, not separate.	2/13/2023 5:27 PM
503	Terrible Highway 52. Needs expanded	2/13/2023 5:27 PM
504	Lack of anything to do. My family visits and there nothing to take them to. My husband runs bbq in fort Collins & Denver. Sorry Georgia boys is dry. So what does that leave me? A German deli that also closed??? Bake sale quality chocolate? Don't even get me started with Mexican food in this area. Our down town looks like we're deserted. Not thriving. It's sad. I bought a home here cause it reminded me of downtown Louisville...so much potential. But city council seems to want to stay stale.	2/13/2023 3:37 PM
505	Too many houses and other types of houses going up all at once, seemingly without any thought to open space, tree planting, etc.	2/13/2023 2:00 PM
506	Lack of department stores such as Target.	2/13/2023 9:13 AM
507	Water rights, expansion through major businesses	2/12/2023 8:11 PM
508	Infrastructure/traffic. The town is growing faster than anything else is keeping up. Under developed downtown. Taxes are too high for the amount of growth	2/12/2023 5:57 PM
509	Not enough restaurants and	2/12/2023 8:55 AM
510	Festivities	2/12/2023 1:49 AM
511	1. Too much building - we need to keep our open spaces and create more places/opportunities for people to go outside. Not more places for us to spend money. 2. Traveling in the neighborhoods in the winter - this winter the roads in the neighborhoods have been very dangerous to drive on.	2/11/2023 10:22 PM
512	Traffic	2/11/2023 9:38 PM
513	Closed stores in downtown Frederick More dinning choices	2/11/2023 8:48 PM

630	Traffic flow and parking spaces	2/4/2023 10:05 AM
631	Not enough shops and restaurants	2/3/2023 10:35 PM
632	Slowing residential development until the town can provide for the current residents' needs. Why try to attract more when we're not taken care of? Puts all the value on new residents and their money versus making sure people want to stay here and spend money here (right now all my shopping is done in Longmont or Firestone).	2/3/2023 10:33 PM
633	(1) The Population explosion is well ahead of currant infrastructure, roads need expansion i.e. hwy 52, Colorado Blvd. (2) Frederick has very little to offer in the way of retail or restaurants, especially along Hwy 52	2/3/2023 9:58 PM
634	Not enough retail/food options	2/3/2023 7:26 PM
635	Need more restaurants and a king soopers. More things to do.	2/3/2023 4:23 PM

648	1. Water for residents, need to figure out common sense solutions to allow for attainable housing 2. Attainable housing for the middle class	1/31/2023 4:43 PM

649	Roads/traffic including a complete system for biking.	1/31/2023 3:26 PM
650	I just don't want this to be one of those towns that has a million warehouses and stuff that doesn't provide anything to the community except more traffic. We also need more creative opportunities like co-op/shared spaces and classes.	1/31/2023 12:46 PM
651	1) Losing any semblance of identity due to cookie-cutter neighborhood and commercial development. 2) Risk of downtown not growing along with the whole town and losing its attractiveness.	1/31/2023 12:42 PM
652	As a mom, there are limited options on where to take little kids to play for a low cost. Open gym is great but it's not available throughout the week. Library is wonderful but is limited in spaces. This town is growing and having toddler-5/6 yr spaces to run around inside is important.	1/31/2023 12:22 PM
653	Population growth	1/31/2023 11:27 AM
654	Need more Higher end or next level homes. Also, subsidized senior housing.	1/31/2023 6:53 AM
655	I've heard families go to Mead for school. Improvement of the schools should be important. Recognizing there are people from all over the country that moved here and somehow embracing that.	1/30/2023 10:22 PM
656	Too much growth ruining the small town open space feel that we moved here for.	1/30/2023 1:09 PM
657	Transportation - roads need fixed, upgraded to existing standards; walking / bike paths need connected; need sidewalks along major roads for safe pedestrian travel; crosswalks are needed at major intersections; proper signage, marking of roads; some intersections need signals; Public transportation options should be explored cooperatively with neighboring communities	1/30/2023 9:49 AM
658	1. I belive majority of people living in Frederick are leaving town for work, as well as on weekends. This the stimulation of the local economy is being neglected. 2. The youth in the area are not testing well and the crime/shooting are unacceptable	1/30/2023 8:19 AM
659	not enough businesses	1/30/2023 6:20 AM

662	Roads Schools	1/29/2023 7:46 PM
663	As the city grows I've started to see more crime. Our alley is currently tagged up by hoodlums. Also people are parking in front of our driveway this blocking it. People need more parking downtown	1/29/2023 7:27 PM
664	Getting traffic efficiently and safely from i25/Hwy 52 intersection to downtown Frederick. Ie need to expand hwy 52 to 2 lanes each way. Having enough sit down restaurants with options for food allergies	1/29/2023 7:14 PM
665	Keep the small town feel.	1/29/2023 5:16 PM
666	Developing commercial spaces so that people can spend money here instead of having to go to Longmont or Thornton. And maintaining a community that values the Colorado lifestyle with parks, open space, beautification (particularly in light of all the ugly fracking wells).	1/29/2023 4:14 PM
667	Lack of schools for the amount of growing community and lack of entertainment/activities for growing community	1/29/2023 4:10 PM

672	Rising crime and traffic	1/29/2023 10:17 AM
673	Lack of dining and shopping opportunities. Keep our tax revenue local!	1/29/2023 8:48 AM

674	Increasing crime/ theft. Lack of food available for growing population.	1/29/2023 8:47 AM
675	Too much traffic on Highway 52 and Colorado	1/29/2023 8:33 AM
676	Roads- highway 52 Quality of water	1/29/2023 7:37 AM
677	Traffic issues and water pressure	1/29/2023 12:42 AM
678	Overcrowding. They complain there is no water and jack up the price, yet continue to approve new housing and recruit new businesses.	1/29/2023 12:03 AM
679	Not sure	1/28/2023 10:04 PM
680	We need more places to eat and shop	1/28/2023 9:59 PM
681	Housing growth could comprise the small town feel, lack of childcare options close to our homes	1/28/2023 8:16 PM
682	Housing is not affordable	1/28/2023 7:44 PM
683	There is no parking. I own a small business that provides parking, but it is next to Mountain cowboy that has no parking. people visiting mountain cowboy fill up Clark Plaza Shopping Center so our guests have nowhere to park.. it's super frustrating to take care of removing snow only to have your customers have to walk down the street because the parking lot is full from the neighboring business that provides no parking for their customers.	1/28/2023 7:43 PM
684	Too much growth Elimination of nature/wildlife	1/28/2023 7:25 PM
685	Need more trails and a dog park	1/28/2023 6:39 PM
686	Too much growth, no restaurants	1/28/2023 3:50 PM
687	Too much growth	1/28/2023 2:57 PM
688	Lack of stores and restaurants	1/28/2023 2:04 PM
689	Roads and services Too much growth too quickly	1/28/2023 1:51 PM
690	Traffic on Colorado and getting something fun and new to replace Pete's.	1/28/2023 1:49 PM
691	1. Overdevelopment of residential and underdevelopment of businesses and shops to support those new neighborhoods. People live in Frederick, but there aren't enough things to do here to support us spending time in Frederick in our free time. 2. We NEED to get a handle of the transportation issues plaguing Highway 52. Frederick cannot expand until people can comfortably commute to/from here. That is not the case right now. 52 is a nightmare and that stands in the way of people wanting to live and work here.	1/28/2023 1:15 PM
692	Growth, cost of living	1/28/2023 1:03 PM
693	Need for a new recreation center. The town is growing rapidly and the ONE small Rec center can not sustain that growth	1/28/2023 12:29 PM
694	The lack of quality parks/trails The horrendous public works departments response to any kind of snow	1/28/2023 12:26 PM
695	Lack of convenient retail, restaurants, and entertainment	1/28/2023 11:48 AM
696	Lack of snow removal	1/28/2023 11:46 AM
697	Too many people here for current infrastructure. We have to buy our water and water is an issue for development.	1/28/2023 11:27 AM
698	Options for entertainment, shopping, and dining are limited. We're forced to spend money outside our community and gather in places outside of Frederick, which decreases pride and connection to where we live and those around us	1/28/2023 11:26 AM
699	Small town feel, more retail/restaurant options	1/28/2023 11:17 AM
700	Over building, and oil rigs	1/28/2023 9:53 AM
701	Thefts from cars.	1/27/2023 10:58 PM
702	Traffic on Hwy 52 and over crowded schools.	1/27/2023 10:21 PM

703	Not very many family restaurants, not many senior programs	1/27/2023 10:18 PM
704	I think one of the main issues is so much growth and not having some of the infrastructure in place to continue with the growth like water or city development for emergency	1/27/2023 9:21 PM
705	The lack of retail opportunities here in town forces its residents to leave Frederick and take their money to other towns.	1/27/2023 8:07 PM
706	Park maintenance and residential safety.	1/27/2023 5:09 PM
707	Water and maintaining the current infrastructure. Big problems....	1/27/2023 5:09 PM
708	Lack of places to eat and shops	1/27/2023 4:06 PM
709	Not much for children to do	1/27/2023 4:05 PM
710	new rec center needed, new or bigger grocery store needed	1/27/2023 3:46 PM
711	We need more food and entertainment. We feel like a commuter community and now a full living community	1/27/2023 2:50 PM
712	We desperately need tax revenue from larger retail or larger sit-down restaurants. We need to keep our town safe from all the crime in the state.	1/27/2023 1:39 PM
713	Not enough dining options, not enough dog parks.	1/27/2023 1:24 PM
714	Disproportionate businesses. We don’t need so many tire/car shops and so many fast-food places.	1/27/2023 1:02 PM
715	There are too many houses being built and not enough restaurants/retail/schools/etc. to support all the new people.	1/27/2023 12:21 PM
716	Road infrastructure to accommodate the growth and The need for more extracurricular activities to accommodate for the growth ie community center, libraries, schools, etc	1/27/2023 11:51 AM
717	Bringing in enough businesses to fill space and road maintenance.	1/27/2023 11:32 AM
718	Walmart is too far away. No big chains close	1/27/2023 11:32 AM
719	I think we are spending a lot of our money out wide of Frederick. Whenever I have to go shopping or work out, I have to go to boulder longmont or Westminster. I just wish we had more close to home.	1/27/2023 10:36 AM
720	Safety after the shooting a few weeks ago and the lack of retail	1/27/2023 10:00 AM
721	Better water! Better streets !	1/27/2023 9:09 AM
722	Growth planning	1/27/2023 8:07 AM
723	Losing its small town appeal. Too much growth!	1/27/2023 8:03 AM
724	Growth. Utility supplies ie water electricity etc	1/27/2023 5:18 AM
725	Public transit is desperately needed.	1/26/2023 11:19 PM
726	Traffic & crime.	1/26/2023 10:56 PM
727	Infrastructure and population growth	1/26/2023 10:04 PM
728	Idk	1/26/2023 9:43 PM
729	look of downtown is TERRIBLE & some of the surrounding homes/streets, NOTHING to do in downtown to draw you to want to go there, when get there there is NO parking & it looks like a 'deadbeat' town & like it is going under. Perfect setting for 'low lifes' to move in & take over.	1/26/2023 9:43 PM
730	Over crowded, too many houses being built without fixing the roads or infrastructure. We need to replace the Mayor!	1/26/2023 9:35 PM
731	Safety issues and lack of options when it comes to food and shopping	1/26/2023 9:19 PM
732	Expansion	1/26/2023 8:06 PM
733	Increase in crime	1/26/2023 6:56 PM

734	Needs more events and stuff to do downtown	1/26/2023 5:09 PM
735	Traffic	1/26/2023 5:05 PM
736	Highway 52 traffic.	1/26/2023 4:34 PM
737	Too many homes being built, too crowded	1/26/2023 3:54 PM
738	Lack of commercial and retail resulting in small sales tax base. Segmented community east and west of I25.	1/26/2023 3:05 PM
739	There is barely any childcare (for young children) in the area. My daughters daycare closed in town here, now I have to drive 30+ min one way to bring her to daycare. The downtown needs revitalization. I'm so upset they decided to put a crematorium there. What about stores and restaurants to actually drive people downtown?	1/26/2023 2:50 PM
740	Crime	1/26/2023 2:47 PM
741	Affordable housing. Too much growth (King Soopers coming to Frederick and all other shopping and chains coming along highway 52 near Silverstone devp	1/26/2023 2:19 PM
742	Lack of shopping options (most desperate - Grocery store!); and the flow of traffic on Hwy 52 through Frederick from Ridgeway to Aggregate	1/26/2023 2:10 PM
743	Lack of business development and business closures	1/26/2023 1:27 PM
744	Traffic and Crime	1/26/2023 9:58 AM
745	I currently have to drive 8 miles to by groceries!!! No store in my own home town.	1/26/2023 9:22 AM
746	The growth is an issue, loosing small town feel, crime increases with growth, infrastructure impacted, causing high taxes	1/26/2023 7:26 AM
747	Growth and infrastructure are going to need to be addressed along with services. Frederick has seen tremendous growth with little accompanying growth of infrastructure to match. Connecting Frederick’s bike paths to Longmont, Erie and South should be high on our to-do list.	1/26/2023 5:24 AM
748	We need an updated downtown with more businesses, restaurants and night life.	1/25/2023 10:07 PM
749	Growing sustainably and not only building single family housing	1/25/2023 8:35 PM
750	Making downtown more appealing with a few more restaurants, but keeping the small town feel, parades concerts, Santa visits etc.	1/25/2023 5:09 PM
751	Smart growth services development and lack of mix use housing	1/25/2023 2:05 PM
752	Affordable housing for young individuals. Shops for food (grocery store)	1/25/2023 12:54 PM
753	Expensive water when it comes to attracting development and lack of attainable housing.	1/25/2023 11:27 AM
754	Affordability of housing and lack of services.	1/25/2023 10:50 AM
755	Lack of diverse housing and retail options.	1/25/2023 7:42 AM
756	Shortage of workforce housing, water	1/24/2023 9:40 PM
757	Frederick high school traffic on Tipple Pkwy and Bailey St	1/24/2023 8:26 PM
758	Growth and not enough open space.	1/24/2023 8:14 PM
759	It's that small town feel and safe feeling that is important. I do with we had maybe more of a place for families….maybe bowling, etc. That families/teens could gather at. Thankfully it's close to everything so the drive to something isn't bad.	1/24/2023 7:39 PM
760	Lots of people, nothing to do- widening our roads	1/24/2023 7:18 PM
761	Too many people moving in, resulting in crowds and traffic.	1/24/2023 6:54 PM

Q14 What do you see as the most important issue(s) facing Frederick as it grows in the future?

99	Infrastructure. All of our major roads are already starting to swell with traffic. We need to start winding or creating new roads before they get more congested. We also need a bigger rec center. There is a wait time to use the machines and the family dressing room is way to small. I will not take my grandchild there for swimming lessens anymore because there is not enough private rooms and the area with the curtains leave you to expose to all the older kids using that as a quick in and out.	3/14/2023 8:11 AM

299	I feel that growth is inevitable BUT it seems like the GREED for tax income is swaying the mindset of our officials. There's SO MUCH that needs to be addressed & fixed already before reaching for the "brass ring"!	3/1/2023 11:00 PM
300	So much growth (residential) that the roadways can't handle it. Don't seek or try to be a bigger town/city, remain the quaint community, don't fill up all of the open space!	3/1/2023 9:17 PM
301	Housing and infrastructure. There are thousands of houses being built which means an increase in people. The current businesses, roads, amenities, public services, can't handle the growth in people.	3/1/2023 8:01 PM
302	Access to the communities where people work. Frederick is a bedroom community and continuing to grow as one. No one works in Frederick and it's creating a traffic problem.	3/1/2023 7:26 PM
303	Loss of safety	3/1/2023 6:48 PM
304	Snow removal - more housing = more streets that will require snow removal, and it's already an issue that the town won't plow 100% of roadways.	3/1/2023 4:57 PM
305	- road infrastructure and traffic flow. Highway 52 from I-25 is already crowded, if there is plans on building 500 more homes next to the open space surrounding the High School, that will significantly impact the 1 main road getting into town.	3/1/2023 3:59 PM

4	Continued growth with a small town family feel	3/20/2023 8:24 AM
5	Small town to visit and enjoy	3/20/2023 8:20 AM
6	Steady controlled growth. Expansion of trails and path connectivity Continued focus on keeping the character of the town and not becoming a small town on the side of the interstate. Somewhere where residents can stay within town and have plenty of things to do.	3/20/2023 8:15 AM
7	To maintain same historical small town feel; however, expanded for future generations.	3/20/2023 8:10 AM
8	Make developers spend their own money on their own projects without caning up fiefs of a disjointed government.	3/20/2023 8:05 AM
9	Improve its value, but remain a small town	3/19/2023 11:09 PM
10	Slow growth of a small town	3/19/2023 11:03 PM
11	Senior citizen housing development	3/19/2023 10:30 PM
12	A small community where those who want to be in it work for it.	3/19/2023 10:21 PM
13	Outdoor pool :)	3/19/2023 10:11 PM
14	Maintain open space	3/19/2023 9:59 PM
15	Keeping small town	3/19/2023 9:53 PM
16	Keeping it a small town	3/19/2023 9:48 PM
17	A place families can grow in	3/19/2023 9:38 PM
18	I see Frederick still having a small town feel, but managed growth. Having more entertainment options, shops, etc.	3/19/2023 9:27 PM
19	Bedroom community to Denver and the mountains, with niche restaurants and boutiques. Frederick is where residents come home from work, they don't bring work home. Fun destination for festivals, arts in the park, and farms markets in the summer. Restaurants to Add: smoothie store, burger joint, wings, chipotle. Businesses to add: hotel, animal hospital, 420 dispensary. Parks & rec improvement: lake restoration - make the lake accessible! add shade sheds, kayak rentals, something to clean the green.	3/19/2023 4:55 PM
20	Continue controlled growth and improvement of our infrastructure town government facilities and staffing and community amenities such as parks and a community meeting center.	3/19/2023 10:20 AM
21	Too crowded	3/19/2023 10:03 AM
22	A slowly / conservatively growing community that reacts to the changing needs of its growing population. Fun, safe, respected	3/19/2023 9:53 AM
23	Continue to grow and expand but partnering with Firestone and Dacono to make a Tri-Town area that works together	3/19/2023 9:46 AM
24	To live here	3/19/2023 9:40 AM
25	- Fiber internet - Increased conservation measures - Turn the lights out at the skate park when no one is using (they stay on all night during snow storms). Use motion activated street lights -	3/19/2023 9:35 AM

	Reduced trash pick up options...go to an every other week schedule!	
26	My hope is for small business to get the green light to make a more diverse area	3/19/2023 9:28 AM
27	Maintain small town feel while staying progressive	3/18/2023 11:07 PM
28	- Managed growth - Building parks - Preserving and growing green space in the community	3/18/2023 11:01 PM
29	More restaurants etc.	3/18/2023 10:55 PM
30	Small town community conveniently located with everything needed within the tri-town area.	3/18/2023 10:48 PM
31	Growth and a small town feeling	3/18/2023 10:34 PM
32	Large outdoor rec center. Large walking paths. Large shops like Pearl Street	3/18/2023 9:09 PM
33	A place where I can ride an electric bike or scooter and get to everything.	3/18/2023 8:53 PM
34	A community that cares for its citizens and small business owners. A charming place people love to come to visit and vacation. Walking paths, small lakes for people and enjoy being in nature without having to drive to the mountains. Stay quaint and family oriented	3/18/2023 8:45 PM
35	To stay a small affordable town that keeps you away from Denver and Fort Collins	3/18/2023 8:33 PM
36	Frederick will expand and grow while keeping a small town vibe. They will prioritize trails and keeping the city connected. Both via public transportation and biking trails, etc.	3/18/2023 8:20 PM
37	Sustainable growth, good infrastructure	3/18/2023 8:03 PM
38	Steady growth without losing the soul of the town we love.	3/18/2023 7:57 PM
39	- Expansion of rec center - Expansion of Hwy 52 - More options for dining and shopping - More parking downtown - More community events	3/17/2023 10:51 PM
40	Close knit community with potential	3/17/2023 10:36 PM
41	Maintaining a small town feel but gaining new restaurants and small entertainment options.	3/17/2023 10:30 PM
42	Keeping a small town feeling while managing infrastructure	3/17/2023 10:21 PM
43	Added small town amenities with restaurants, breweries, etc. without the big box growth	3/17/2023 10:09 PM
44	Even though growing, maintain a sense of small town community	3/17/2023 10:01 PM
45	I'd like to see it keep as much of its original feel as possible. Having lived here basically my whole life, I don't want it to end up feeling like an impersonal city.	3/17/2023 9:55 PM
46	More retail Expanded roads Expanded transportation	3/17/2023 9:38 PM
47	Not sure I will stay growing not the same. To many people to much crime. It’s not the safe town it once was	3/17/2023 9:17 PM
48	Small town living	3/17/2023 5:55 PM
49	Would like to comfortably retire here but to maintain a small town but safe feel.	3/17/2023 1:37 PM
50	Sustainability	3/17/2023 8:15 AM
51	To have our town become profitable through uncompromised values focused on community, family, and entrepreneurial style living.	3/16/2023 10:39 PM
52	Stay small. Not every square inch needs to be developed.	3/16/2023 8:41 PM
53	To stay a nice small safe community.	3/16/2023 8:33 PM
54	Increased trail system, second community center, new shopping/ dining areas. Hopefully a Target! :-)	3/16/2023 6:56 PM
55	A safe place to raise a family	3/16/2023 3:58 PM
56	I would like for Frederick to maintain its charm while growing and not just feel like another place to stop for food just off I-25.	3/16/2023 3:56 PM
57	I want it to remain a small town feel but have options - like Erie or Lafayette and Louisville.	3/16/2023 3:12 PM

	They've done a great job with their downtown areas.	
58	I want it to be my ideal place to retire,	3/16/2023 2:50 PM
59	Keeping the small town feel, but adding just the right amount of convenient retail/restaurants.	3/16/2023 2:06 PM
60	Yes growth but also keep a small town feel and not allow for massive growth	3/16/2023 1:09 PM
61	Growth while maintaining the small town feel.	3/16/2023 12:51 PM
62	Inordinate growth	3/16/2023 12:48 PM
63	Inordinate growth	3/16/2023 12:48 PM
64	The socialization of the eclectic is connected to the illusion of narrative sequence. Pootwattle's carefully researched summary of the relationship between the totalization of the gaze and the authentication of power is exceptionally resistant to summary, as befits its project. The socialization of the eclectic is connected to the illusion of narrative sequence. The totalization of the gaze allegorizes the authentication of power. Pootwattle's carefully researched summary of the relationship between the totalization of the gaze and the authentication of power is exceptionally resistant to summary, as befits its project.	3/16/2023 12:25 PM
65	Road improvements and kept up downtown.	3/16/2023 10:40 AM
66	Do not grow too fast and outgrow infrastructure	3/16/2023 10:34 AM
67	Continue to be a small cute town	3/16/2023 10:28 AM
68	Continued residential growth bringing larger format stores and jobs	3/16/2023 10:24 AM
69	It's going to stay the same	3/16/2023 10:19 AM
70	A town that provides a safe and healthy place for a family to live. Lots of parks and rec.	3/16/2023 10:06 AM
71	Keep the community safe and small town feel but also keeping up with the population increase. Community pools or water park type thing for kids	3/16/2023 9:58 AM
72	Keep the family events and small town feel	3/16/2023 9:49 AM
73	Need to keep the small town feel	3/16/2023 9:39 AM
74	Be a diverse community filled with opportunities	3/16/2023 9:26 AM
75	- More growth - Better schools - Safety and more jobs	3/16/2023 8:35 AM
76	It's gonna get overpopulated.	3/16/2023 8:29 AM
77	More family owned restaurants	3/16/2023 8:23 AM
78	Fun place to raise a family	3/16/2023 8:19 AM
79	Add more major businesses.	3/16/2023 8:09 AM
80	Establish a favorable mix of retail/business/residential establishments. No need to make it too commercial.	3/16/2023 7:57 AM
81	Having it be a town that I can stay in and have all of my needs met instead of having to run over to Longmont or out to other towns/areas.	3/15/2023 9:55 PM
82	Small town feel, but still has great shopping, restaurants, and a dedication to creating and maintaining a beautiful town to live in	3/15/2023 9:42 PM
83	Small town feel, family focused, community based	3/15/2023 8:51 PM
84	Controlled growth and maintain character.	3/15/2023 7:50 PM
85	Community focused, diverse	3/15/2023 1:31 PM
86	Still have a small town feel, but growing to better our future at the same time	3/15/2023 9:20 AM
87	Safe small tight-knit community with a focus on family.	3/14/2023 9:03 PM
88	A community supported town with an emphasis on children (K-12) and safety.	3/14/2023 3:34 PM

89	Great small community	3/13/2023 6:55 PM
90	We will grow, likely south and east. It is inevitable. We might as well plan it out so we can at least control how we do it instead of waiting for others to decide for us.	3/13/2023 2:51 PM
91	Acknowledge diversity in all areas, be intentional about acquiring open space	3/13/2023 10:04 AM
92	Keeping the small town feel	3/12/2023 9:18 PM
93	A growing community with a small town feel. More restaurants and rec centers for kids. Maintain small town Frederick and find creative business opportunities.	3/12/2023 9:13 PM
94	Thriving small town with everything you need	3/12/2023 9:00 PM
95	More entertainment and shops	3/12/2023 8:52 PM
96	One stop shop and we don’t have to drive to another town for variety.	3/12/2023 8:49 PM
97	Keep it small and a comfortable feel. Slow the growth	3/12/2023 8:42 PM
98	1. Hopefully keep small town feel. 2. Keep open space	3/12/2023 8:25 PM
99	Grow at a rate that matches jobs, housing, and people	3/12/2023 8:16 PM
100	Continue to be a community for families and better roads and flow of traffic	3/12/2023 8:10 PM
101	To be a place people want to live, play and work in while keeping the community feel with all the events the town hosts throughout the year	3/12/2023 8:04 PM
102	To become a place people continue to want to be a part of the community while helping support families with the upcoming changes to work and home life	3/12/2023 7:56 PM
103	Small town feel, safe, community minded driven by the Town’s history.	3/12/2023 7:36 PM
104	Keeping the small town feel and character of Frederick. Not becoming another "cookie cutter" suberb with a McDonald's, Subway, dentist and car/tire shop on every corner (i.e. see Fireatine for what not to do)	3/12/2023 7:17 PM
105	It will continue growing	3/12/2023 2:33 PM
106	A small town that is old looking but still looks nice	3/12/2023 2:19 PM
107	Be one of the Carbon Valley "havens" in the midst of the crazy I-25 corridor	3/12/2023 2:12 PM
108	Just like every other 125 corridor community. Too many people and not enough affordable housing	3/12/2023 8:36 AM
109	Focus on small town feel, preserving nature whenever possible, building family community	3/12/2023 7:27 AM
110	The downtown area needs more small businesses for food and drink. And a sustainable business center so we don't have to travel to Brighton or Longmont all the time.	3/12/2023 6:56 AM
111	I believe having a place for the arts and cultural spaces to expand and grow	3/11/2023 9:40 PM
112	To continue to grow for our community but not to out grow and become a suburb	3/11/2023 6:32 PM
113	Open space, parks and rec	3/11/2023 4:10 PM
114	A big community with lots of things to do, all connected by Biking walking paths, with no need to travel out of frederick for most things.	3/11/2023 1:25 PM
115	A growing downtown with shops and food places and road widening	3/11/2023 7:59 AM
116	A well established suburb of the Denver metro area	3/11/2023 5:46 AM
117	Restructuring of downtown area to accommodate food and retail stores with associated parking	3/11/2023 12:49 AM
118	A town that preserves its historic roots but grows into a flourishing community such as Louisville.	3/10/2023 9:58 PM
119	Stay a small Town	3/10/2023 9:41 PM
120	More things we can patronize that actually bring in revenue for the town	3/10/2023 7:42 PM

121	Maintaining small community feel	3/10/2023 7:13 PM
122	That it is still a great place to live and raise a family. Affordable with good schooling.	3/10/2023 6:30 PM
123	Still be a small town but with dog parks!	3/10/2023 5:56 PM
124	A safe community to live, relax, recreate, and raise children (in good schools)	3/10/2023 5:44 PM
125	Maintaining the small town feel	3/10/2023 2:00 PM
126	Hopefully the city will grow with the amount of people moving to Frederick.	3/10/2023 1:12 PM
127	* Continue providing opportunities for families (recreation) * Bring in small businesses * School safety a top priority	3/10/2023 1:05 PM
128	We love it here but would definitely like to see more options but trying to maintain the small town feel! Would love to see a Walmart and a bigger rec center with more youth sport options and an outdoor pool / water park! Would love to see a Sprouts, Whole Food, or Natural Grocers. Keep affordable housing. More restaurant options. Excited for the new King Soopers!	3/10/2023 12:58 PM
129	Small-town feel with a really amazing community	3/10/2023 12:13 PM
130	Continue to *feel* smaller yet expand on services that are good for the community.	3/10/2023 11:56 AM
131	A safe place to raise a family with opportunities for work and recreation.	3/10/2023 11:39 AM
132	Growth with community in mind (improved paths, rec centers, improved quality of schools)	3/10/2023 11:34 AM
133	Keeping the small town feel but grow financially	3/10/2023 10:26 AM
134	A safe place to call home and having a small town feel	3/10/2023 10:21 AM
135	I've lived in Frederick for 23 years. I realize growth is important for a community to survive. However, I would hate for it to look like many other areas in Colorado, filled with strip malls and shopping centers.	3/10/2023 10:16 AM
136	Lots of growth and staying family friendly	3/10/2023 10:10 AM
137	A small town community that values open space and is forward thinking	3/10/2023 9:41 AM
138	Expand shopping and sit down restaurants	3/10/2023 9:35 AM
139	Limit growth	3/10/2023 9:23 AM
140	I want to see a town that keeps its history...and the small town feel. That's why most people are attracted to this area.	3/10/2023 9:18 AM
141	Would be nice to connect Frederick to Longmont by bike path	3/10/2023 9:12 AM
142	To be like Longmont was about 10/20 years ago	3/10/2023 9:09 AM
143	Expansion, growth. Being a top place to live in Colorado.	3/10/2023 9:06 AM
144	Retail and entertainment should be a big priority, water supply and renewable energy is important, creating a cohesive community identity and job creation to attract the younger population.	3/10/2023 9:00 AM
145	To make sure the town keeps a healthy relationship with its residents, smart growth that allows amenities for all to enjoy and to remember the history of the town. We can’t have it all but let’s keep everyone happy and proud of the town we have.	3/10/2023 8:54 AM
146	Keep the old. Do not move quickly.	3/10/2023 8:46 AM
147	Rapid growth in structure and retail that is commensurate with the residential growth. Frederick cannot continue to build residential homes (single or multi family dwellings) without adjusting road structure to provide better traffic flow as well as bike paths. Furthermore, if Frederick continues to allow residential growth, it needs to move away from the concept of a “bedroom” community and provide more services locally. As it is, spending 20-30 minutes driving one way to other local communities for basic services is time and money better served in Frederick.	3/10/2023 8:24 AM
148	To evolve towards a more dense town with multiple options of transportation through the town.	3/10/2023 8:09 AM
149	More family activities	3/10/2023 8:06 AM

150	Keep small town feel but that's not going to happen with all the new houses being built	3/10/2023 7:51 AM
151	I'd like to see Frederick grow into a well rounded suburb with businesses in town to support	3/10/2023 7:47 AM
152	To offer more amenities to its current residents and to expand to welcome new ones.	3/10/2023 7:39 AM
153	More small businesses owners.	3/10/2023 6:40 AM
154	Continuing to keep the small town feel, while improving the lives of its residents with open space, outdoor activities, a new rec center/outdoor pool/splash pad. We love the events like Frederick in Flight and Chainsaws & Chuckwagons!!!	3/10/2023 6:34 AM
155	Keep the small town small!	3/10/2023 6:14 AM
156	Expanding families and small businesses	3/9/2023 11:35 PM
157	I would hope to see Fredrick on the outskirts of town be very nice and developed and efficient for the growing population that's to come. However near the heat of downtown there should be restoration to old buildings aswell as a new look on some older houses that need some fixing	3/9/2023 11:14 PM
158	Small town that grew slightly with fun things to do during the day and night. Opportunities for children and safe places to raise children.	3/9/2023 11:01 PM
159	Community-centric. Frederick has all the potential! I envision the Main Street filled with local shops, bars, breweries, and restaurants (please no more mortuaries on Main Street!) I envision there also being shops and restaurants with outdoor seating that line the east and south side of centennial park (perhaps with apartments/condos on the 2nd and third floors). I see a huge connected walking/bike path that goes through all of the new neighborhoods being built and also connects to the bike pathway to the northwest so riders can bike into Longmont. I see Frederick having a big block party on main street every year - with bluegrass bands, local artists, and artists from the greater northern colorado region. I see Frederick as a town that is built on community. I see sparse pieces of land being used as community gardens. I I see a potter's studio where adults, children, and seniors can take pottery classes. I see an arts council.	3/9/2023 10:59 PM
160	Slow down the growth but realistically it will probably double in population.	3/9/2023 10:43 PM
161	Louisville 2.0	3/9/2023 10:33 PM
162	More business to the area	3/9/2023 10:32 PM
163	Don't grow too quickly Focus on quality of life for current residents not bringing in more people	3/9/2023 10:31 PM
164	Growth, expansion, good community's	3/9/2023 10:16 PM
165	I would love to see it in its own sustained community. I love the tri-town area and want to see Frederick be able to bring people into the community	3/9/2023 10:14 PM
166	A place that you don't have to leave for goods and services	3/9/2023 10:11 PM
167	I think Colorado Springs all the way to Fort Collins will eventually be connected, and it'd be great if we can accommodate that growth while maintaining affordability and safety.	3/9/2023 10:07 PM
168	Remain a suburb/commuter area with a great sense of community	3/9/2023 9:57 PM
169	We can not deny it is a growing community. We need a consistent vision for the look and feel of growth attracting diverse higher income households who are invested in the community. St Vrain school district needs to address quality and reputation of Thunder Valley, Coal Ridge and FHS and prepare for growth - a new HS and feeder schools in tri-towns. We also need bigger Rec centers but the marketing for recent proposals missed the mark because the community needs other infrastructure issues addressed such as increased traffic on 52 and Colorado.	3/9/2023 9:57 PM
170	Unsure	3/9/2023 9:50 PM
171	Growth	3/9/2023 9:43 PM
172	Thriving downtown with various types of restaurants that have outdoor dining, shopping downtown (boutiques, better hair salons, sandwich shop, paint your own pottery or a place to make pottery with a kiln, etc.), Edison lights above 5th street, block party in the street once a month with live music, fire pits. Less manufacturing/ industrial and more retail stores along I-25 - clothing and home decor stores such as Marshals, TJ Maxx, Home Goods, Old Navy,	3/9/2023 9:41 PM

	Maurices, Target - we don't need more auto/tire shops, liquor stores, etc. Don't build on every piece of land. Leave lots of open areas. That's why like it here. Please don't add anything more around Milavec Lake and take away from the natural feeling it has or force wildlife to leave. I line seeing the bald eagles over there. I mine that kids have a skate park, but the location is it is awful. It of ruins natural feel of the area. Speaking of which, is there any way you could turn the lights off when the weather is bad and people can't skate? I don't even live that close to it, but the lights are obnoxiously bright and shine in my house through my curtains.	
173	Growth and more development to make families want to stay. What is available for us? Where do we go to shop, eat, leisure? Currently it’s not here, but it can be if we build it!	3/9/2023 9:38 PM
174	Plenty of shopping and restaurants/bars. Keeping the small town feel and community focused.	3/9/2023 9:25 PM
175	A small town with family oriented amenities.	3/9/2023 9:09 PM
176	Restaurants!	3/9/2023 8:55 PM
177	I love Frederick and the small-town community feel. I just hope it doesn't get too big, bringing more traffic through	3/9/2023 8:51 PM
178	Keeping it family friendly, low crime rates, growing enough business that families/citizens aren't having to commute to other towns to invest their money in to shop.	3/9/2023 8:42 PM
179	Not sure	3/9/2023 8:42 PM
180	Small town feel	3/9/2023 8:27 PM
181	A town that becomes highly desired to live in and visit. Similar to many of the previously developed front range towns between Denver and Frederick.	3/9/2023 8:19 PM
182	Great suburban neighborhood	3/9/2023 8:18 PM
183	Positive, friendly, communication oriented community	3/9/2023 8:17 PM
184	Just a tad bit larger than it is now.	3/9/2023 8:11 PM
185	Growing and developing downtown Frederick but focusing on local bars and restaurants to bring in business	3/9/2023 8:07 PM
186	To maintain the small town feel.	3/9/2023 8:03 PM
187	Continue smart growth	3/9/2023 7:39 PM
188	To maintain the good thing it has going right now	3/9/2023 7:35 PM
189	To see my kids grow here properly.	3/9/2023 7:23 PM
190	More golf courses	3/9/2023 7:02 PM
191	A balance of growth while retaining small town feel with community events.	3/9/2023 6:58 PM
192	Stay small but support what grows	3/9/2023 6:41 PM
193	That I will be able to shop in Frederick for most of my needs, eat out at a variety of restaurants and traffic flow will be better	3/9/2023 6:23 PM
194	To hopefully have that small town feel and not to overgrow the community.	3/9/2023 6:21 PM
195	Maintain a small town feel. Keeping Big Box out that will impact and hurt our restaurants and stores	3/9/2023 2:28 PM
196	A vibrant community that people are attracted to	3/9/2023 11:55 AM
197	A beautiful city with a lot of open space but more technology centered businesses.	3/9/2023 9:02 AM
198	Would like to see more connection of Frederic with surrounding communities/neighborhoods with bike/walk paths, outdoor activities for kids. Very little activity options for kids other than Rec Center. Had hoped we would get outdoor water park proposed.	3/9/2023 8:26 AM
199	That its growth be well managed and not rushed. Take into consideration of people’s properties when business wants to be located/started here.	3/9/2023 5:35 AM
200	Frederick still remains a small town compared to other larger cities. We have everything we	3/8/2023 9:50 PM

	need in our town without having to drive so far…more restaurants, retail shops, schools, parks, etc.	
201	Smooth ROADS and a business friendly environment.	3/8/2023 2:04 PM
202	Balanced place to live.	3/8/2023 1:53 PM
203	I would like to see more options available for retail services, shopping, restaurants, etc. And, as walker, I would love to have some nice walking paths to enjoy. I hope it doesn't become like the big cities, and lose its small town feel!	3/8/2023 1:03 PM
204	I'd like it to keep its quaint, small-town charm But landowners sell and developers develop There will be huge growth and I'll move and sell my house	3/8/2023 12:58 PM
205	I will be moving out of here way before then	3/8/2023 12:40 PM
206	A big small town with lots of local businesses and open spaces/ walking areas.	3/8/2023 12:34 PM
207	Keep it friendly and safe	3/8/2023 12:29 PM
208	Growing into a longmont-type of town.	3/8/2023 12:22 PM
209	Forget about old town and draw something new and big to the I25/52 interchange. Other similar towns are outpacing Frederick.	3/8/2023 10:40 AM
210	Staying small but having enough fun things for every stage of life. Kids,adults,elders	3/8/2023 8:26 AM
211	Still small town Frederick.	3/8/2023 8:26 AM
212	I would like to see family entertainment like bowling, drive in movies, stores like target	3/8/2023 8:23 AM
213	Various housing	3/8/2023 8:23 AM
214	Keeping the small town feel and the historic events that have been here since the start of the town. Also, expanding the town to add more modern retail and restaurants.	3/8/2023 8:21 AM
215	Still small town Frederick	3/8/2023 8:18 AM
216	Still a small town feel with more opportunities for food and entertainment.	3/8/2023 8:17 AM
217	Keeping a tight community	3/8/2023 8:15 AM
218	I would like to see more shops and a target	3/8/2023 8:15 AM
219	That it is still a small town but also grows into somewhere that everyone can do something	3/8/2023 8:15 AM
220	I think Frederick needs to expand while maintaining the way it was in the begging and adding more things to do for teens in the future	3/8/2023 8:13 AM
221	A clean built up town with welcoming charm	3/8/2023 8:13 AM
222	Keeping it small and local. Do what u want but don’t go crazy. Keep it small town.	3/8/2023 8:11 AM
223	More homes and parks	3/8/2023 8:11 AM
224	I think it will grow into a large town still retaining a small town feel similarly to Longmont.	3/8/2023 8:11 AM
225	To keep the same small town feel but having more housing	3/8/2023 8:09 AM
226	More expanded, still close community. But more opportunities for Frederick citizens.	3/8/2023 8:09 AM
227	more businesses	3/8/2023 8:08 AM
228	more homes, more parks + fields	3/8/2023 8:08 AM
229	Expansion while maintaining small town feel	3/8/2023 8:08 AM
230	Too much growth!	3/8/2023 7:18 AM
231	Don’t get too populated	3/7/2023 3:27 PM
232	Sustainable growth while maintaining small town feel and community	3/7/2023 11:10 AM
233	Retain its small town and community focused feel.	3/6/2023 8:02 PM

234	Expanding Solar and Wind energy Reducing dust bowl image Tax the churches	3/6/2023 6:56 PM
235	Quaint, fun, entertaining. Great outdoor trails, outdoor swimming pool would be amazing!	3/6/2023 6:18 PM
236	Good clean living for all with good schools and active support of its citizens.	3/6/2023 3:54 PM
237	I see the Town growing and meeting the needs of its citizens.	3/6/2023 3:00 PM
238	Retain the small town feel.	3/6/2023 10:19 AM
239	Growth with the ability to not loose the sense of community and small town feel.	3/6/2023 10:09 AM
240	If Frederick doesn't learn now how to grow up and manage Its larger population, in 20 years it will be a violent eyesore.	3/6/2023 10:06 AM
241	I don't have an answer	3/6/2023 9:43 AM
242	Controlled growth	3/6/2023 9:36 AM
243	Keep the small town feel with a few added amenities for convenience	3/6/2023 9:05 AM
244	I would hope that we could develop a downtown area where people can visit to hang out. There’s one decent restaurant in downtown and that’s sad.	3/6/2023 9:02 AM
245	N/a	3/6/2023 8:33 AM
246	sustainable growth in housing, shopping, and restaurants that will help to bring in tax revenue for improved roads and community amenities	3/6/2023 4:01 AM
247	Make it community friendly where it’s a destination to live, shop, eat and play	3/5/2023 6:43 PM
248	Will at least double in size; possible consolidation of services with neighboring towns	3/5/2023 1:26 PM
249	grow but still maintain small town community	3/5/2023 7:26 AM
250	Good question: I'd like Frederick to maintain the ideas of supporting "family" and "community" with family-friendly activities/services is my biggest suggestion and vision.	3/4/2023 12:31 PM
251	A small town that grows into a nice place to live with a great quality of life, unaffected by a too fast rate of growth that negatively affects that QOL.	3/4/2023 12:30 PM
252	I would like to see more shopping, dining options and open spaces. I'd like Frederick to be seen as a similar area compared to Lafayette & Louisville	3/4/2023 10:18 AM
253	Improved roads. Manageable traffic. Place I can easily and and shop after getting home from work in boulder	3/3/2023 8:56 PM
254	To not over-grow.	3/3/2023 10:07 AM
255	To feel the same small town vibe	3/3/2023 7:09 AM
256	I hope to see Frederick become a place the people who love here want to stay in. A place that encourages community, and doesn’t become another generic sprawling suburbia. Development is fine but keep the natural beauty around us accessible and at the forefront.	3/3/2023 7:03 AM
257	120th or 144th are probable examples of where it is heading. That kind of development needs to happen to some degree.	3/2/2023 9:40 PM
258	Growth Commerce Quality school	3/2/2023 8:41 PM
259	A small town with affordable housing and supportive of senior citizens that has some cultural events	3/2/2023 6:53 PM
260	Would be nice to have more housing, social/shopping job and transportation’s opportunities like you see in Thornton, Brighton, communities that were once small but we’re able to grow and accommodate	3/2/2023 4:42 PM
261	I don't know	3/2/2023 4:29 PM
262	create a quaint small town	3/2/2023 3:31 PM
263	A town that can be sustainable for the people who live here. Having the resources a available so they don't need to travel to nearby towns and cities to fill their needs.	3/2/2023 12:52 PM

264	Keep it small and add to downtown	3/2/2023 12:42 PM
265	To grow with the vision of be nice , clean and safe. That's all that matters. Our public works does not do there job over and over. Streets lights our out all over town. Should not be that way.	3/2/2023 11:38 AM
266	Would love to have it like Arvadas little downtown. Mix of different shops and restaurants with outdoor patios / rooftops. More fun parades, art markets and etc. to get out of the house. Jazz festival? Either another king soopers or adding Trader Joe’s	3/2/2023 11:24 AM
267	To grow with the vision of be nice , clean and safe. That's all that matters. Our public works does not do there job over and over. Streets lights our out all over town. Should not be that way.	3/2/2023 11:18 AM
268	Job opportunities and a robust restaurant and nightlife selection (locally owned), while retaining small town feel.	3/2/2023 10:38 AM
269	xx	3/2/2023 10:24 AM
270	Stay small. After I’m gone I don’t care.	3/2/2023 9:25 AM
271	Safe community	3/2/2023 5:24 AM
272	I’m HOPING that growth & infrastructure will be heavily reviewed & forward efforts will be seriously considered!	3/1/2023 11:00 PM
273	Maintain the small community, Weld county conservativeness.	3/1/2023 9:17 PM
274	More businesses, retail and restaurants so residents don’t have to drive to Thornton or Longmont for basic needs. More space for kids to explore and hang out	3/1/2023 8:01 PM
275	A thriving and growing community able to stand on its own (versus simply existing as a bedroom community for more expensive cities/towns where the jobs are)	3/1/2023 7:26 PM
276	Maintain small town feel, Maintain safety.	3/1/2023 6:48 PM
277	Retaining the small town feel but with more people. I'd like to see more dining/shopping options so that the people that move here spend more money here. I would also love to see regulations on how new businesses can have signage - something that will prevent new businesses from putting up billboards.	3/1/2023 4:57 PM
278	Maintain small feel with a revamped downtown shopping and grocery options.	3/1/2023 4:04 PM
279	If you don't mind losing the small town feel of Frederick, then building it up to be similar to Broomfield. A rich, diverse city with plentiful recreation and shopping options for its residents in a typical suburban feel.	3/1/2023 3:59 PM
280	Continue to have a small town feel	3/1/2023 2:08 PM
281	Keep that small town feel.	3/1/2023 1:46 PM
282	growth in the way of retail and food options	3/1/2023 1:00 PM
283	It WILL grow. We need to make sure there is planned traffic flows and water supplies for the growth. ALSO!!! We need a cemetery somewhere in the tri-city area. There are a LOT of us older folks who now call Frederick/Firestone home.	3/1/2023 11:44 AM
284	A homie feel like berthoud	3/1/2023 10:12 AM
285	A town with amenities that keep people staying here and spending their money here.	3/1/2023 9:52 AM
286	Retain small town feel and incorporate more small, locally owned businesses in Frederick	3/1/2023 9:15 AM
287	More retail	3/1/2023 9:05 AM
288	.	3/1/2023 8:57 AM
289	I believe we will be like Arvada or Brighton eventually	3/1/2023 8:50 AM
290	Growth of the sense of community, specifically the community-based events that make Frederick so nice to live in. Frederick needs to grow in its backing of individual liberties, and	3/1/2023 7:03 AM

	not take the approach of the gradual usurpation of said liberties via incrementalism. In other words, be the opposite of Boulder.	
291	One of the last small towns standing.	3/1/2023 6:54 AM
292	Keep small town, slow speed style while spreading out so others can enjoy this privilege too without cramping the current residents.	3/1/2023 6:18 AM
293	IT hub for businesses and lots of bile and walking paths.	2/28/2023 10:42 PM
294	a vibrant downtown and more housing like apartments that are afforable for families that helps us all continue our community activities	2/28/2023 9:41 PM
295	Erie is the new Broomfield - we hope Frederick is the new Erie	2/28/2023 9:12 PM
296	Minimal to no growth. Population cap to prevent the (in what would otherwise be inevitable) decline in quality of the town.	2/28/2023 8:57 PM
297	Purposeful growth	2/28/2023 8:50 PM
298	Increase small businesses but overall focus on preserving the small town feel and limiting residential and bigger business development	2/28/2023 8:35 PM
299	Continued growth and downtown with restaurants and retail.	2/28/2023 8:32 PM
300	I wont be here in 20 yrs	2/28/2023 8:23 PM
301	Addition of several locally owned shops, businesses and restaurants. Little to no chains. No big box stores. Maintaining the affordable, family friendly community feel.	2/28/2023 8:23 PM
302	Safety, crime control, limiting growth	2/28/2023 7:46 PM
303	stay small	2/28/2023 6:37 PM
304	Growing while retaining small town feel	2/28/2023 6:20 PM
305	To keep the small town feel, but expand the down town for a more diverse, outgoing, and popular area for locals.	2/28/2023 6:03 PM
306	Keeping community feel to the area. I hope we always have the balloons and carving and community events here. It’s what makes it feel small town. I would like to see the small town feel with some more amenities here like restaurants and small businesses.	2/28/2023 5:40 PM
307	To manage growth and maintain small town community atomsphere.	2/28/2023 5:38 PM
308	This is the town people travel to and have lunch and do fun things with their family (water park, bowling, shopping, etc)	2/28/2023 5:36 PM
309	That I can still see the mountains and feel at peace while living in Frederick.	2/28/2023 5:23 PM
310	Continue to be a safe and great place to live. Historic feel but with growth that makes lives easier and fun.	2/28/2023 5:16 PM
311	I would love to see a revived downtown with local restaurants, bars, etc	2/28/2023 4:42 PM
312	Small community feel with family-centric events year round. Vibrant amenities that represent local and global economy. Thriving workforce.	2/28/2023 4:37 PM
313	My hope for Frederick is that it does not try to resist the inevitable commercial expansion as the nearby metro areas continue encroaching. For the record I don't believe that this has to come at the expense of Frederick losing its small-town charm / character	2/28/2023 4:25 PM
314	Cute downtown and vibrant community, with larger chains on outer edges to bring in additional tax revenue, while still holding onto the charm of Frederick.	2/28/2023 4:23 PM
315	I would like to see it stay a safe, close knit community that does not change significantly. I very much enjoy seeing the small businesses and history while on the main roads.	2/28/2023 4:15 PM
316	Constant road and housing construction nightmare	2/28/2023 4:13 PM
317	More retail. Grocery and general shopping options	2/28/2023 4:11 PM
318	It will get too big and blend with the rest of front range	2/28/2023 4:06 PM

319	Obtain the small town feel and close knit community while also providing spaces for more activities such as community pools, community events, etc.	2/28/2023 3:56 PM
320	To become the next Louisville	2/28/2023 3:52 PM
321	Merge Dacono, Firestone and Frederick	2/28/2023 3:43 PM
322	Growing town with new opportunities	2/28/2023 3:36 PM
323	I would like to see Frederick continue to grow.	2/28/2023 3:27 PM
324	Make it a artistic and vibrant community where young people feel at home and catered to.	2/28/2023 3:26 PM
325	Intelligent growth at a sustainable pace, and not trying to keep up with what is going on in the bigger cities politically	2/28/2023 3:20 PM
326	Positive!! I love this community. We've lived here for awhile now and the growth is amazing!! Looking forward to the choices like more restaurants and convenience shopping.	2/28/2023 3:12 PM
327	Steady growth, family oriented, culturally diverse, active encouraged	2/28/2023 8:48 AM
328	I see no conflict in supporting the small-town feel of Frederick's downtown while developing the retail, business, and services infrastructure to support those who live here and attract others who drive past us to shop and work.	2/28/2023 8:13 AM
329	To remain a great strong small community, and to not get lost in the rush of all that is wrong with Colorado currently. Keep Frederick clean, safe, and clean!	2/26/2023 8:43 PM
330	Small town feel near growing Firestone and low income Dacono. The more "high end" area. Similar to Scottsdale, AZ.	2/26/2023 8:23 PM
331	Lots of places for kids to play and adults to work	2/26/2023 8:15 PM
332	Maintain the hometown feel as the community grows	2/26/2023 8:10 PM
333	More parks Food places Housing Schools	2/26/2023 8:02 PM
334	* More housing / schools * Restaurants / places to shop * Affordable taxes / housing	2/26/2023 7:57 PM
335	I see too many people in a small space	2/26/2023 7:48 PM
336	Frederick is a growing town, which will continue to grow. It would have more big shopping options on the outskirts while retaining its small town feel in the downtown area.	2/26/2023 7:42 PM
337	- Family friendly - Community activities - Small business variety - Increase in recreational services and pool / summertime area	2/26/2023 5:11 PM
338	Small town feel	2/26/2023 5:04 PM
339	Expand job opportunities and affordable houses for young families	2/26/2023 4:58 PM
340	To improve acceptance in the community and to continue the programs in place for future generations.	2/26/2023 4:52 PM
341	To hopefully retain its small town feel!	2/26/2023 12:27 PM
342	That it contains a small, close-knit, affordable community, with modern infrastructure	2/26/2023 12:23 PM
343	Ensure schools maintain excellent teaching and development for kids	2/26/2023 12:13 PM
344	Stay focused on having locally and working away to preserve the small town feel	2/26/2023 12:09 PM
345	Keep Frederick the small quaint town that it is while allowing moderate growth	2/26/2023 12:01 PM
346	Remain small, safe, and community minded	2/26/2023 11:43 AM
347	Better separation between Frederick, Firestone, and Mead	2/26/2023 11:36 AM
348	More of the carving art	2/26/2023 11:30 AM
349	To continue down the great path the town has set	2/26/2023 11:25 AM
350	My overall vision is for Frederick to grow along with the population / demographic moving in by providing family parks, spaces, activities that are accessible to everyone	2/26/2023 11:18 AM

351	Local business growth, small town feel, and growing creative programs. Arts programs need to be started.	2/26/2023 11:12 AM
352	Retention of the family focus	2/26/2023 10:53 AM
353	Nice entrepreneurial town. Growing but not exploding	2/26/2023 10:48 AM
354	Keeping small town feel - more bike paths - improving local parks with pickleball / tennis court already in neighborhoods. Dog parks. Not too busy with traffic	2/26/2023 10:21 AM
355	A state of the art community with amazing parks and recreation and restaurants.	2/26/2023 10:05 AM
356	I hope it grows but maintains a small town feel	2/26/2023 9:58 AM
357	An expanding town that doesn't lose its charm	2/26/2023 9:44 AM
358	Start to form a smaller Thornton	2/26/2023 9:37 AM
359	Maintaining a small and safe community with continuing Downtown development	2/26/2023 9:31 AM
360	Typically when I am in Frederick I am Downtown. So hard to say	2/25/2023 10:51 PM
361	To continue to be the area that people can come to to get the smaller town feel. Don't want it to be an extension of Broomfield / Thornton	2/25/2023 10:40 PM
362	Keep the small town feel with elevated amenities for visitors and residents.	2/25/2023 10:30 PM
363	Small town feel with amenities to sustain self with retail	2/25/2023 10:18 PM
364	Small town feel	2/25/2023 10:10 PM
365	Continued moderate growth, with expanded job offerings	2/25/2023 9:54 PM
366	Small town feeling	2/25/2023 9:48 PM
367	Small town feel with amenities on the outskirts of the town . Cute Downtown with retail; Dining and specialty / novelty shops. Think: Estes Park's downtown	2/25/2023 9:41 PM
368	Maintaining the small town feel	2/25/2023 9:33 PM
369	More suburban area that keeps its small town feel	2/25/2023 9:37 AM
370	To maintain small and local. To open more small businesses and restaurants while expanding	2/25/2023 9:31 AM
371	Large city	2/25/2023 9:25 AM
372	Increase businesses Downtown	2/25/2023 9:20 AM
373	I haven't lived here long enough to answer	2/25/2023 9:00 AM
374	Love it	2/25/2023 8:54 AM
375	Crowded	2/25/2023 8:44 AM
376	A town with small town feel and lots of outdoor activity	2/25/2023 8:39 AM
377	Small community with additional dining and entertainment options	2/24/2023 5:27 PM
378	Grow safe with community in mind, *not money* Connect communities with sidewalks that are always maintained to allow residents to explore safely.	2/24/2023 4:09 PM
379	I hope Frederick can get more career opportunities	2/24/2023 4:01 PM
380	Access to more food and other attractions. More housing but still small town feel.	2/24/2023 3:26 PM
381	Maintain small town feel with unique small businesses. Maintain community resources. Maintain good schools. Need more middle school activities.	2/24/2023 3:17 PM
382	Inclusive	2/23/2023 10:24 PM
383	Better highway travel	2/23/2023 10:17 PM
384	A residential town with lots of places to eat and hang out	2/23/2023 10:07 PM
385	More housing with small town feel, less traffic	2/23/2023 10:01 PM

386	Small town feel	2/23/2023 9:49 PM
387	Small town feel. Family	2/23/2023 9:42 PM
388	A close knit community that is able to rely on each other for its needs. Many outlets for community gatherings, such as art programs, gardening, mindfulness groups, youth programs, etc.	2/23/2023 8:36 PM
389	Keep small town feel	2/23/2023 8:17 PM
390	No more auto shops	2/23/2023 8:11 PM
391	No more auto shops	2/23/2023 8:03 PM
392	Maintain its small town feel	2/23/2023 7:57 PM
393	Grow while maintaining the small town feeling	2/23/2023 7:51 PM
394	Great place to retire	2/23/2023 7:46 PM
395	Being a great place to raise a family with good schools, parks, churches, safety	2/23/2023 7:30 PM
396	More retail	2/23/2023 1:02 AM
397	More restaurants. Affordable housing. Entertainment options.	2/22/2023 6:44 PM
398	To be like Longmont	2/22/2023 9:03 AM
399	I hope it changes very little	2/20/2023 8:26 PM
400	Well run, medium size town, high income	2/19/2023 4:56 PM
401	I'll likely move away in next 5 years, after living and owning my home here for 15 years. It's no longer the small town 'sub-rural' place liked when moving here.	2/19/2023 10:38 AM
402	Growing consistently	2/17/2023 8:38 PM
403	More Downtown life. More greenery (trees, landscaping, thoughtful building practices). Quality over quantity. Trails. Housing incorporated into the Town's character (not copy and paste cheap subdivisions)	2/17/2023 8:20 PM
404	I would like Frederick to be like Parker, CO. Preserve the history and character, but provide amenities that increase the value.	2/17/2023 8:13 PM
405	A little expansion but focusing on in-town citizens, jobs (including teen jobs) and things for kids to do. NO more houses including duplexes, apartments, etc.	2/17/2023 7:58 PM
406	An amazing lifestyle in a town that grows with more shops, retail and walkable areas. A well-planned growth preserving the charm and uniqueness of Frederick.	2/17/2023 3:49 PM
407	A well planned community with abundance of open space, no high rise buildings, no fast food chains, choosing small business and uniqueness (seaside/ sea grove florida. Quality senior housing, and a focus on low crime.	2/17/2023 7:50 AM
408	A town that is a wonderful place to retire and have a family	2/16/2023 6:00 PM
409	A quintessential town with close community events, keeping our town full life from our history	2/16/2023 11:11 AM
410	Create a community that is inclusive and focused on the well-being of the residents and visitors.	2/16/2023 10:51 AM
411	I'd like to see infrastructure updates along with growth	2/16/2023 10:21 AM
412	To grow Frederick over the years at a reasonable pace. Create affordable housing for those who need it so they don't need to leave the community. Expand ouR downtown area to create a walkable and exciting neighborhood with shops and restaurants. make FRED a community people would like to visit.	2/16/2023 9:16 AM
413	It will become a thriving, economically active community with family values at its core.	2/15/2023 4:49 PM
414	Look at Erie and mirror it hopefully	2/15/2023 4:31 PM
415	More to do for families; More businesses.	2/15/2023 4:24 PM

416	Perfect balance of housing and parks (open space)	2/15/2023 4:20 PM
417	Stay a small town	2/15/2023 4:08 PM
418	A clean, nicely planned out town with multiple attractions for nearby residents.	2/15/2023 3:19 PM
419	More Commercial / shop and eat where you live	2/15/2023 3:07 PM
420	A place where I am proud to raise my family.	2/15/2023 2:52 PM
421	Smart growth, expanding transportation with new development and connecting areas of Town	2/15/2023 12:19 PM
422	A growing community that resembles Thornton and Westminster	2/15/2023 11:57 AM
423	I would love to see my kids be able stay in this area, but without jobs and affordable starter housing, this can't happen	2/15/2023 9:52 AM
424	robust retail/restaurant opportunities, more diverse housing stock	2/15/2023 9:44 AM
425	Growth out by I-25 is good for national chain stores but growth in the Old downtown area as keeping it small and local.	2/15/2023 9:09 AM
426	Keep it a small town	2/15/2023 8:59 AM
427	Not taxed out	2/15/2023 8:19 AM
428	A very large amount of residents trying to navigate only a couple of roads to get around.	2/15/2023 7:40 AM
429	A cohesive community with a good mix of retail and service businesses that still retains a historic feeling downtown that’s worth going to for food/drink	2/15/2023 6:58 AM
430	Residential suburb that also has excellent, well paying local jobs and an abundance of outdoor recreation.	2/15/2023 6:39 AM
431	Would like to see growth but I do not believe any new useful growth for the community will happen. Need to have town staff that is going to follow through with development plans and not just talk about what might be developing in Frederick.	2/14/2023 11:04 PM
432	Unknown	2/14/2023 10:49 PM
433	I hope it allows more commercial land (like Firestone)	2/14/2023 9:44 PM
434	Be more like Lafayette / Louisville	2/14/2023 9:32 PM
435	Average Denver suburb	2/14/2023 9:24 PM
436	Family friendly	2/14/2023 9:09 PM
437	A place that I am proud to call home!	2/14/2023 8:57 PM
438	Maintain as a safe community that can grow to meet the needs of those in it. Offer and welcome new thoughts, ideas, and plans to best serve the ever growing diverse population.	2/14/2023 8:51 PM
439	It needs to be like Lafayette or Louisville to succeed. Both those town have kept their small town charm while growing adorable downtowns that provide jobs and opportunities to locals.	2/14/2023 8:44 PM
440	Controlled expansion	2/14/2023 8:15 PM
441	A smaller version of Erie	2/14/2023 5:53 PM
442	It doesn't matter as the town does what is best for their employees not whats best for the town and community.	2/14/2023 5:26 PM
443	- Two-story multi-use downtown - Somewhere people can work and not just live	2/14/2023 5:23 PM
444	Keeping the small town feel	2/14/2023 4:59 PM
445	Develop a fun safe place to live	2/14/2023 12:08 PM
446	I would love to see this area retain its small town feel, but have a walkable downtown with quirky shops, fun restaurants, and places for kids to hang out.	2/14/2023 12:00 PM
447	Affordable and still small town feeling	2/14/2023 8:28 AM

448	That it retains its friendly small town feel	2/14/2023 7:28 AM
449	Always having that small town feel but adding more entertainment and convenience for the residents.	2/14/2023 12:54 AM
450	I want to retain the small-town feel more than anything.	2/13/2023 10:55 PM
451	Small town in downtown, but amenities in more populated areas. A "thing" that other towns and people know us by. A family friendly,safe community.	2/13/2023 10:31 PM
452	Rec center!!!	2/13/2023 10:29 PM
453	We need an outdoor pool. We could use entertainment place for kids. Would like some more family owned American food restaurants. Love the small town feel but a few closer to home options would be nice. A few smaller stores- not Walmart.	2/13/2023 10:18 PM
454	Would like to see more retail and growth. Kinda like a Longmont has grown over the years.	2/13/2023 9:28 PM
455	Try to keep the small town farm local feel	2/13/2023 9:11 PM
456	Achieving a balance between expanded offerings that match needs of the current growing generation while retaining a close community feel.	2/13/2023 8:54 PM
457	More development	2/13/2023 8:34 PM
458	A hangout for teens and kids. A new recent a target	2/13/2023 6:49 PM
459	A more complete town with more to do and a better sense of community.	2/13/2023 5:27 PM
460	Growth - restaurants, shopping, additional middle school and high school, transportation hub to Denver and Fort Collins	2/13/2023 5:27 PM
461	Make Frederick a great place to live, one that is livable in terms of sustainability and smart transportation options. Connect Frederick to regional mass transportation options. For heaven's sake, build a park and ride at the intersection of I-25 and 52!	2/13/2023 2:00 PM
462	I would love to see more retail stores in the area so folks don't have to drive as far to get everyday essentials.	2/13/2023 9:13 AM
463	Small town feel but access to common retail/businesses similar to Erie	2/12/2023 8:11 PM
464	.	2/12/2023 5:57 PM
465	Grow as a community that provides fun activities for families, adding more local shopping while still keeping the small town feel	2/12/2023 8:55 AM
466	More restaurants and bars	2/12/2023 1:49 AM
467	I would love to see some of the open space stay and open space and maintained better. I would love to extend the biking/walking paths.	2/11/2023 10:22 PM
468	Safe , affordable and local businesses with a bigger recreational center, more family friendly facilities and entertainment	2/11/2023 9:38 PM
469	Maintain small town feel while adding some stores to downtown Frederick	2/11/2023 8:48 PM
470	Larger downtown and more activities	2/11/2023 7:35 PM
471	Grow	2/11/2023 7:31 PM
472	Affordable old town Louisville feel. Where you can walk or bike to get to where you need to go. With small town charm and safety.	2/11/2023 3:42 PM
473	So Anne small town feel with a few more things in it	2/11/2023 2:14 PM
474	I would like Frederick to become a small healing community that has lots of opportunities for us to shop and outside us to shop, and for us to have nice restaurants as well as us having a nice outdoor area to enjoy, as well as a conservation area that we can all enjoy as well possibly even adding some of the camping spots near the conservation areas if possible I want somewhere to raise my family and for me to retiring as well as my parents to retirement and us to enjoy our time while we live in this lovely community	2/11/2023 2:04 PM
475	Increased infrastructure, cultural and family centered activities	2/11/2023 1:56 PM

476	More options for employment, entertainment, and maybe some fast food options in town.	2/11/2023 12:39 PM
477	Place to live, work, and recreation. We're a sleeper town because all the jobs are in Denver and Boulder. This takes shopping and entertainment out of our town. Let's make a sustainable community to live and work in.	2/11/2023 12:38 PM
478	over population, backed up roads	2/11/2023 12:37 PM
479	To be a place that people want to live not a place they have to live because the community they want to live in is too expensive. I wouldn't live here if I could afford longmont.	2/11/2023 11:37 AM
480	Continue to grow smart. If we don't, Frederick will be left behind and suffer.	2/11/2023 11:26 AM
481	A safe, inclusive community for families to live to commute to employment	2/11/2023 11:20 AM
482	Small town with opportunities	2/11/2023 11:10 AM
483	A thriving town with it's own character known for it's hospitality and community.	2/11/2023 11:09 AM
484	Affordable safe small town feel	2/11/2023 11:01 AM
485	C	2/11/2023 10:55 AM
486	Growth - a shopping center, more restaurant options	2/11/2023 10:47 AM
487	Being the only small town with 2 lane blacktop and animals on both sides. With beautiful walking trails and the best parks. Remove the wood chips from the parks, they hurt.	2/11/2023 10:44 AM
488	I don't want to see too much growth. I want to continue to live in a town that feels small & safe.	2/11/2023 10:40 AM
489	Thriving downtown	2/11/2023 10:25 AM
490	Retaining the small town feel while selectively expanding commercial opportunities to grow the tax base without becoming part of the big city	2/11/2023 9:34 AM
491	Stay small	2/11/2023 9:33 AM
492	To leave after my kids graduate and retire on the beach. So while I am here have it be safe, kids get quality education and opportunities for recreation	2/11/2023 8:05 AM
493	Small town	2/10/2023 8:32 PM
494	Small town feel but with plenty of amenities for locals.	2/10/2023 8:26 PM
495	Small town feel, like Boulder	2/10/2023 8:20 PM
496	Small town feel with shot similar to what you would see in towns like Boulder or Golden	2/10/2023 8:15 PM
497	N/A - I'm a tourist	2/10/2023 7:56 PM
498	Growth while maintaining the small town feel	2/10/2023 7:45 PM
499	.	2/10/2023 3:04 PM
500	I see the evolution of this town being inclusive to small business and exclusive to large corporation like McDonald's, Walgreens, and especially Walmart	2/10/2023 9:17 AM
501	To try and keep it as great as it has been for the last 20 years.	2/10/2023 8:47 AM
502	To continue to grow as a community, but still keep the "small" town	2/10/2023 8:42 AM
503	The reason we moved to Frederick was because it's a clean, safe, beautiful town with kind people and high-quality homes and open space. We hope to keep it this way for the most part. We would like a greater selection of restaurants, small businesses, etc. but not at the cost of what we value. We hope Frederick grows but in a way that keeps all that we love about it.	2/10/2023 8:15 AM
504	1. Smart small town feel, that embraced its heritage without closing off opportunities. 2. An enriched community with single family homes that promote regional experiences. 3. Ensuring community safety and doesn't end up like Aurora.	2/10/2023 8:02 AM
505	Magically maintaining small town feel while becoming more diverse.	2/10/2023 7:47 AM

506	* Continue smart growth * Key amenities * Road infrastructure * Too much high-density housing: think about zoning and housing options * New girls varsity head coach for basketball, please	2/10/2023 7:40 AM
507	Unsure...hopefully sustained, organic growth.	2/10/2023 7:25 AM
508	Downtown feel with limited growth. Box stores, maintain small businesses.	2/10/2023 7:19 AM
509	Safe environment to raise kids with great schools.	2/10/2023 7:14 AM
510	To keep the feel of the town I love and making sure we keep housing costs down	2/10/2023 6:58 AM
511	To become the next Louisville / Lafayette	2/10/2023 6:52 AM
512	Keeping a small town feel while growing the community.	2/10/2023 6:46 AM
513	Continued family-oriented community and building commerce opportunities, and more family housing. Increased services such as Internet, parks, libraries, etc. But with same commitment to community and volunteer opportunities.	2/10/2023 6:40 AM
514	Avoid crowding to balance a wealth of people and maintain a small town(ish) feel. Less "affordable" housing. If people want to live here, it should match and/or supercede because of small town one-of-a-kind feel	2/10/2023 6:28 AM
515	Retaining a small town feel, but having more amenities to limit travel to surrounding areas to use	2/10/2023 6:16 AM
516	Growing like Longmont did.	2/10/2023 6:11 AM
517	I honestly don't plan on staying 20 years as it is...	2/10/2023 5:45 AM
518	Affordable housing for families, another grocery store, and NO FAST FOOD AND NO WALMART!!	2/10/2023 5:39 AM
519	This town can grow a lot in the next 20 years. More meeting points, grocery stores, and open space can bring to Frederick such a large increase in population and cultural difference.	2/9/2023 9:28 PM
520	Better schools. Places to shop without getting on major roads. Clean neighborhoods.	2/9/2023 8:15 PM
521	Not sure for 20 years out	2/9/2023 7:18 PM
522	Same as it is now - small town, big community feel. Fun, year round events. Places to raise families and put down roots.	2/9/2023 7:12 PM
523	Growth in all aspects but retaining the small town feel.	2/9/2023 7:05 PM
524	To maintain its small town vibe and continue to be family focused!	2/8/2023 11:10 AM
525	Reach our students with exceptional teaching and caring support	2/8/2023 2:21 AM
526	Larger retail and commercial tax base.	2/7/2023 6:44 PM
527	Measured development. Don’t build more homes until you can support them with infrastructure.	2/7/2023 5:42 PM
528	Keep small town feel with smart slow growth of housing and businesses	2/7/2023 4:17 PM
529	A more diverse business environment that welcomes some national brands while supporting mom and pop.	2/6/2023 9:41 PM
530	I would love to see more gradual growth in the form of retail, but I would also love to maintain the small town feel as much as possible	2/6/2023 5:56 PM
531	Being able to get everything I need for my family and household in town. Having places my children can afford to live on their own	2/6/2023 5:43 PM
532	A growing family community	2/6/2023 5:35 PM
533	Small town w/ recreational activities	2/6/2023 5:29 PM
534	People choose to live here because of the small town feel. Absolutely no big box or superstores.	2/6/2023 11:02 AM
535	Add more amenities while keeping a small town feel	2/6/2023 10:30 AM

536	Balance between growth space and affordability	2/6/2023 10:24 AM
537	Maintaining downtown (Mountain Cowboy, Gabes, etc.) but adding in new ones to attract more people. I feel like people come to Frederick for downtown. Really focusing on downtown could be a great way to build community and connection with one another.	2/6/2023 9:52 AM
538	I would like a place where I can live fully - not just sleep. We drive into Longmont and Boulder for pretty much everything: dining, groceries, services, work, dog parks, hiking. Being able to have more of these things here in Frederick would be wonderful!!	2/5/2023 2:40 PM
539	Having growth but maintaining small town	2/4/2023 9:08 PM
540	Small town feel that has improvements for retail and more	2/4/2023 8:57 PM
541	Controlled, affordable growth	2/4/2023 8:52 PM
542	Low crime; Safe neighborhoods; Well planned growth and more options Downtown for dining / entertainment / shopping	2/4/2023 8:47 PM
543	We need a community pool! We need more recreational options for our kids which would create jobs for our youth and more recreational options for our kids!	2/4/2023 8:38 PM
544	Stable growth for both homes and businesses.	2/4/2023 8:31 PM
545	Commercial growth and multi-family housing	2/4/2023 8:26 PM
546	To stay a suburban town where people still commute out to Boulder / Denver / FoCo for work, but has entertainment / retail options, more like Longmont or Windsor.	2/4/2023 6:31 PM
547	I see more young families like my son's coming to live here as Boulder Valley becomes more and more expensive. I like the feel of the place as opposed to places near Boulder (Lafayette, Superior, Louisville, Boulder).	2/4/2023 6:22 PM
548	It keeps a small town feel but adds some small stores.	2/4/2023 6:11 PM
549	Adding Target / Walmart and King Soopers, along with a Lowe's / Home Depot	2/4/2023 6:06 PM
550	Small town feeling community with necessary services and amenities.	2/4/2023 5:53 PM
551	Smart growth; Police	2/4/2023 5:47 PM
552	To keep a small town feel with independently owned shops and restaurants	2/4/2023 5:41 PM
553	Don't want it to get too busy	2/4/2023 5:31 PM
554	A slow to moderate growing, very walkable community with public transit connections and a place for travelers between Denver and Fort Collins to stop, eat and shop.	2/4/2023 4:39 PM
555	Thriving local businesses	2/4/2023 4:26 PM
556	Lots of retail, dinning and recreation. A community that is active. Bike paths for ease of travel. Large commercial development with retail and dinning people can walk or ride bikes to safely. We also need outdoor pools with slides, rivers. This will draw people to town.	2/4/2023 3:56 PM
557	Water; Affordable housing; Community events; Walking paths	2/4/2023 3:43 PM
558	Limited development and growth	2/4/2023 3:36 PM
559	I think Frederick has a lot of potential and will become a very nice town over the next 20 years.	2/4/2023 3:30 PM
560	Options for senior housing, move up / next level homes, growth but still having the small town feel of Downtown Frederick and maintaining current traditions - Miners Day, Homecoming Parades, etc.	2/4/2023 3:21 PM
561	A politically balanced, family friendly community with the perfect access to everything up and down the Front Range	2/4/2023 3:08 PM
562	A lot more businesses and housing, but I hope there's more open space and hiking / walking trails	2/4/2023 3:00 PM
563	great restaurants and outdoor activities (tennis courts outdoor pool with lifeguard and snack bar, more jobs locally for teens and seniors	2/4/2023 2:46 PM

564	* Water, * Affordable housing, * Walking paths, * Community events	2/4/2023 11:57 AM
565	The largest small business community. Population growth for families	2/4/2023 11:51 AM
566	Keep small town feel with more local shopping and nightlife options.	2/4/2023 11:43 AM
567	Slow, sustained growth, limiting high density residential, and adding more locally owned businesses (NO BIG BOX)	2/4/2023 11:38 AM
568	Continue the small town feel. No big retailers (Walmart, Costco, etc.)	2/4/2023 11:31 AM
569	For me, the ideal Frederick figures out a way to grow and have many lifestyle options while still keeping the small town vibe and local community	2/4/2023 11:24 AM
570	A beautiful, fun place to raise and family and live.	2/4/2023 11:11 AM
571	A place to come eat and shop	2/4/2023 11:08 AM
572	More opportunities for business, jobs, and night life	2/4/2023 11:05 AM
573	Growth with the ability to keep the small town feel	2/4/2023 10:43 AM
574	Growth with the ability keep the small town feel. More daycares, schools, jobs.	2/4/2023 10:38 AM
575	Safe family environment with shopping, trails, and good food	2/4/2023 10:17 AM
576	Small town with great food and great parks, good shopping and nice homes in a safe community	2/4/2023 10:12 AM
577	Family friendly town with outdoor spaces and good food to eat and nice places to live	2/4/2023 10:05 AM
578	Right now is just houses and more houses. I hope to see more commercial activity.	2/3/2023 10:35 PM
579	A revitalized downtown with varied shopping options so I don't feel the need to leave town for everything	2/3/2023 10:33 PM
580	A family friendly place with great businesses, shopping opportunities and paths/parks to run and bike	2/3/2023 9:58 PM
581	Small town feel with more locally owned businesses and red	2/3/2023 7:26 PM
582	Growth! More businesses and housing. A vibrant downtown that leads to a thriving economy.	2/3/2023 4:23 PM
583	Interconnected self-contained community with ample paths connecting thru town	2/3/2023 12:57 PM
584	Not to become the next highlands ranch or even Erie	2/3/2023 11:35 AM
585	I would like to see Frederick remain small and to keep its charm. Frederick is really a unique town and we love living here. Lets not turn it into a Thornton or how big Erie got within the past 10 years. Lets stay Frederick!	2/2/2023 6:22 PM
586	An accessible and affordable community	2/2/2023 5:58 PM
587	Would like to see it keep the small town feel, but things must change. My vision is to keep the feel, while growing out and not up.	2/2/2023 4:01 PM
588	Growth	2/2/2023 1:32 PM
589	A safe, fun downtown with specialty shopping & restaurants. Live music events. Festivals in park spaces. A place to promote healthy living and community involvement. Good schools and churches that support individuals and families.	2/1/2023 12:02 PM
590	A cute Northern Colorado town with great downtown small businesses. A place that hasn't been overrun by big box stores.	2/1/2023 8:59 AM
591	small town feel.	2/1/2023 7:39 AM
592	People moved here for the small town feel and to get away from crime. We need to focus on that and quit building cheap housing that will fall apart in a few yesrs	2/1/2023 7:31 AM
593	Maintain a safe, family oriented place to live, work and play.	1/31/2023 4:54 PM
594	Keep small town feel while utilizing surrounding lands to grow and provide housing and commercial tax base.	1/31/2023 4:43 PM

595	Frederick has been a great place to live for me for 20+ years. The town needs to find a solid identity and grow in a smart way to keep up with neighboring communities so it is a desirable place to live, work and play!	1/31/2023 3:26 PM
596	I'd love for it to stay small and not overcrowded. I'd like to see more of a creative community. Some type of adult education opportunities would be very welcome.	1/31/2023 12:46 PM
597	A deeply-rooted, healthy, and diverse community.	1/31/2023 12:42 PM
598	I'm not sure I have one.	1/31/2023 12:22 PM
599	Expanding community to live and work in	1/31/2023 11:27 AM
600	To become the standard for which all of Colorado stives to be. To be the envy of the region.	1/31/2023 6:53 AM
601	Being the number 1 place in Colorado to raise a family	1/30/2023 10:22 PM
602	I don't really know because the growth so far has already ruined the small town feel and beauty of this place as well as the open space and views that we came here for.	1/30/2023 1:09 PM
603	Continue to be the place where good people choose to maintain, sustain and evolve our shared community - family / business / faith	1/30/2023 9:49 AM
604	more retail	1/30/2023 6:20 AM
605	Developing retail and small business/local restaurants	1/29/2023 9:31 PM
606	.	1/29/2023 8:56 PM
607	Small growth	1/29/2023 7:46 PM
608	A town that kept its historical past but has learned to adapt to the evolving culture	1/29/2023 7:27 PM
609	A good suburban neighborhood for Boulder, Denver, Longmont	1/29/2023 7:14 PM
610	Family town and great schools. Also plenty of activities for the kids.	1/29/2023 5:16 PM
611	Maintain the small town feel with pride in our history but have grown to accommodate families with more schools, public pool, outdoor activities, and spaces.	1/29/2023 4:10 PM
612	A community with lots of nature trails, great schools and a historic downtown and lots of trees and parks	1/29/2023 3:56 PM
613	Unsure	1/29/2023 1:43 PM
614	Control growth and enhance what is already in place.	1/29/2023 11:59 AM
615	To stay as is, maybe add another grocery store	1/29/2023 10:17 AM
616	A town that has everything, from a high quality of life to shopping/dining options, etc. Make Frederick a destination, not just a town between Denver and FOCO.	1/29/2023 8:48 AM
617	Safe clean reasonable area to live along the front range with quality over quantity in mind.	1/29/2023 8:47 AM
618	More restaurants and schools and a target	1/29/2023 8:33 AM
619	Small Town feel	1/29/2023 7:37 AM
620	Property values up and competitively high wages	1/29/2023 12:42 AM
621	I hope to move to a more rural location in the next year or so. My vision sees Frederick turning into an even bigger overpopulated mess, and I don't want to be part of it.	1/29/2023 12:03 AM
622	Not sure	1/28/2023 10:04 PM
623	Growth! Need retail and restaurants	1/28/2023 9:59 PM
624	Develop and maintain outdoor recreation for residents, preserve downtown and small town events while focusing on making life better for current residents over growth for new residents	1/28/2023 8:16 PM
625	Safe family community that is affordable	1/28/2023 7:44 PM
626	We need a downtown that makes us want to walk around and spend time in.	1/28/2023 7:43 PM

627	That anyone would be able to come here and still see small town Frederick and not a Longmont or a Denver	1/28/2023 7:25 PM
628	Small town feel, with stores close to I-25	1/28/2023 6:39 PM
629	Control growth and retan small town feel	1/28/2023 3:50 PM
630	Maintain small town feel, low population density	1/28/2023 2:57 PM
631	Would love to see the growth but not so quick so this way the other things along with growth can also have time to catch up. I.E stores schools	1/28/2023 2:04 PM
632	Maintain small town feel, decrease massive growth and have schools meet needs of current growth	1/28/2023 1:51 PM
633	To remain a small town feel despite the fact that we are so close to the big city	1/28/2023 1:49 PM
634	I would personally love to follow in Erie's path - a growing community of people with great schools, low crime, and a vibrant downtown. Its roads are wide and easy to travel on and the people who live there truly love their town. That's what I want for us.	1/28/2023 1:15 PM
635	Not sure- love the small town feel but would love more amenities closer to the freeway.	1/28/2023 1:03 PM
636	Improved retail options, improved dining options, improved recreation spaces	1/28/2023 12:29 PM
637	More housing, lively downtown, more entertainment (pools, bowling, movie theaters), expanded and improved roads, town center (similar to the Orchards)	1/28/2023 11:48 AM
638	Remain a small town feel, easy to visit and have date nights	1/28/2023 11:46 AM
639	More places to shop/dine. Keep crime low. Keep the small town feel even though our community is growing. It still feels smallish and we have been here 17 years.	1/28/2023 11:27 AM
640	Maintain community	1/28/2023 11:17 AM
641	Not over building. Traffic/ road control and upkeep	1/28/2023 9:53 AM
642	Steady sustainable growth without losing the small town community feel.	1/27/2023 10:58 PM
643	To stay small. I don't want to be another Longmont.	1/27/2023 10:21 PM
644	Supportive of all ages; not having to drive to Longmont to shop and eat.	1/27/2023 10:18 PM
645	Being a growing family community that family friendly house holds want to move here and stay and keep this community safe.	1/27/2023 9:21 PM
646	I would love for Frdeerick to turn into the next Louisville. Still a small town feel but lots to do and a lot of variety where we don't need to leave town to do anything.	1/27/2023 8:07 PM
647	The town that bucked the trend to become a metropolis and retained its integrity and stayed true to its "small town" feel and agriculture roots.	1/27/2023 5:09 PM
648	Larger. More chain style places to eat	1/27/2023 4:06 PM
649	More entertainment	1/27/2023 4:05 PM
650	outdoor community pool, infrastructure to handle traffic issues	1/27/2023 3:46 PM
651	A fun downtown, music in the park, more restaurants,	1/27/2023 2:50 PM
652	A small-town feel with lots of opportunities for shopping and dining closer, without having to drive into Longmont. Keep our tax dollars here!	1/27/2023 1:39 PM
653	Maintain its small town feel, but continue to grow	1/27/2023 1:24 PM
654	More urbanization and modernization, less small-town. We need progress.	1/27/2023 1:02 PM
655	Frederick will grow into a city, but still maintain its small town feel. Yes, we'll have more houses…but also more businesses, schools, restaurants, maybe even some box stores. Even though we will become a city, there will still be walking paths, lots of outdoor spaces, and small town events and community.	1/27/2023 12:21 PM
656	Honestly, more growth. I think it's a great community and a place where I am excited and feel	1/27/2023 11:51 AM

	safe to be able to raise my kids.	
657	To bring new immensities while keeping the small town feel.	1/27/2023 11:32 AM
658	A big town with a small town feel where you can get anything and everything	1/27/2023 11:32 AM
659	I would like it to maintain the nice look of Frederick downtown. Don't let it go under. I would like there to be some shopping off or 52 but keep the heart of Frederick around downtown.	1/27/2023 10:36 AM
660	A small town that is great for families with small town festivals but big town options.	1/27/2023 10:00 AM
661	I've been here for 12 years , hasn't changed much in that time! So don't see that there will be much more change! Too much Emphasis on old Frederick. It needs to be cleaned up too much trashy places it needs to be a big cleanup in all of that area. Don't feel safe going in many areas !	1/27/2023 9:09 AM
662	Controlled growth	1/27/2023 8:07 AM
663	To keep the population controlled- yet grow in ways that improve its quality for its current resident. Make the downtown more of a downtown- like Berthoud or old town Erie.	1/27/2023 8:03 AM
664	Maintain small town feel	1/27/2023 5:18 AM
665	We should work to best serve the community we have	1/26/2023 11:19 PM
666	Not change too much. Don't grow too big! Most of us moved here to escape the city. We don't want that lifestyle here.	1/26/2023 10:56 PM
667	To reach this community with gospel of Jesus Christ	1/26/2023 10:04 PM
668	Idk	1/26/2023 9:43 PM
669	be more clean, upscale, friendly LOOKING town. people are lovely, but no one wants to come as there is NOTHING to do except eat at the same 3 - 4 places that are SMALL & not very nice looking. get more downtown parking, clean up housing that is falling apart around ALL of downtown. Get some entertainment, shops, stores, restaurants, beauty salon, etc around. Diversify the shops & make them look more presentable & inviting rather than a 'dive' on its way out so you think 'is it safe to eat here' is it safe to walk at night, etc	1/26/2023 9:43 PM
670	Growth is in the future but the town needs to fix the roads now before they keep over spendong and redoing the work they just did.	1/26/2023 9:35 PM
671	Grow similarly to Erie and become a safe and more welcoming community that can grow with changes and be stuck as a run down town along i25	1/26/2023 9:19 PM
672	More restaurants and community feel.	1/26/2023 8:06 PM
673	Losing the feeling of small town community and care and be more focused on grabbing money	1/26/2023 6:56 PM
674	Small town feel but lots to do, like golden maybe?	1/26/2023 5:09 PM
675	N/A	1/26/2023 5:05 PM
676	Bring in unique business/ retail. Cater to families and continue with town traditions.	1/26/2023 4:34 PM
677	I hope that things stay the same, if things continue to grow I do not care because we will leave	1/26/2023 3:54 PM
678	Development of HW52 frontage from I25 to Ridgeway Blvd. Commercial and mixed residential.	1/26/2023 3:05 PM
679	A better library, a community pool, a new rec center, kids sports fields and leagues, better restaurants - somewhere desirable to live.	1/26/2023 2:50 PM
680	??	1/26/2023 2:47 PM
681	Retain small town feel	1/26/2023 2:19 PM
682	I would like to see a grocery store in Frederick (Firestone gets most of my sales tax $$) and a sustainable growth plan for the future as I believe most folks in Fred will be commuting to Boulder/Denver metro for work	1/26/2023 2:10 PM
683	To grow but keep a safe small town feel	1/26/2023 1:27 PM
684	Well planned growth	1/26/2023 9:58 AM

685	People moving, if Frederick doesn't fill their needs.	1/26/2023 9:22 AM
686	Would like to see Frederick stay a smaller town with updates to support the community we currently have	1/26/2023 7:26 AM
687	Growth of revitalization of our downtown. Grow our infrastructure, expand services, create a destination for the surrounding areas.	1/26/2023 5:24 AM
688	Longmont's little sister	1/25/2023 10:07 PM
689	Develop into a mid size city with a vibrant downtown, that is well connected locally and regionally, and has a variety of housing	1/25/2023 8:35 PM
690	Get a few more businesses and restaurants, keeping it a nice fun town to live in.	1/25/2023 5:09 PM
691	Being able find amenities, activities and employment in my community	1/25/2023 2:05 PM
692	N/A	1/25/2023 12:54 PM
693	To realize it will become part of the Denver metro and should take steps now to ensure we maintain our identity.	1/25/2023 11:27 AM
694	A diverse community that celebrates and retains its small town history. While also realizing it has to grow all of its services to match the massive population boom the last ten years have brought. A downtown that has apartments over shops, a vibrant cultural scene, and actual affordable housing not these outrageous half million dollar homes new families can’t afford. A Frederick that’s welcoming and accepting of all. From newly graduated college students to the elderly couple who has been here for 60+ years. This is the Frederick that is possible and is already starting to form, but it needs the help of the town to actually continue and not die out. We can’t let this town end up like others in Colorado, out of reach of younger generations and consisting of one economic class.	1/25/2023 10:50 AM
695	Vibrant and exciting town with business and retail opportunities for its residents and visitors.	1/25/2023 7:42 AM
696	Continue small town feel. Community activities/center programs and open space with walking trails.	1/24/2023 8:14 PM
697	Having some sort of public transportation. Still keeping it small but easier access to everything.	1/24/2023 7:39 PM
698	A town where you are able to shop, dine and explore without having to go to a different town. I want to support Frederick, but it’s hard when there isn’t enough options!	1/24/2023 7:18 PM
699	Retain small town feel.	1/24/2023 6:54 PM

Q16 What is your overall Vision for Downtown Frederick for the next 20 years?

Answered: 678 Skipped: 211

#	RESPONSES	DATE
1	More homes	3/20/2023 8:56 AM
2	- Maintain the historical feel - Love the main drag - Zoning and codes shall not be compromised	3/20/2023 8:32 AM
3	Bring in more restaurants. Sit down and casual fast food.	3/20/2023 8:24 AM
4	Local shops and restaurants	3/20/2023 8:20 AM
5	More dining options and nightlife growth. Accessibility via pedestrians, bikes (not vehicle) Focus on local businesses.	3/20/2023 8:15 AM
6	To maintain same historical small town feel; however, expanded for future generations. Also, provide for entrepreneurship.	3/20/2023 8:10 AM
7	Make developers spend their own money on their own projects without caning up fiefs of a disjointed government.	3/20/2023 8:05 AM

21	- More shops and restaurants - Entertainment	3/18/2023 11:07 PM
22	Keep it historic. Small town feel	3/18/2023 11:01 PM
23	More restaurants	3/18/2023 10:55 PM
24	Diverse businesses attracting patrons throughout the week with job opportunities	3/18/2023 10:48 PM

25	Lots of small business. Would love a small town walking area.	3/18/2023 10:34 PM
26	Small town feel, lots to do day and night	3/18/2023 8:53 PM
27	Keeping the small town feel where people feel safe and can enjoy outdoors.	3/18/2023 8:45 PM
28	More bars and restaurants that are family run	3/18/2023 8:33 PM
29	Downtown will expand and have a similar vibe to Erie or Lafayette	3/18/2023 8:20 PM
30	More local businesses, no chains. Walkability or bicycling	3/18/2023 8:03 PM
31	Building on the existing history and character of the city	3/18/2023 7:57 PM
32	More locally owned businesses	3/17/2023 10:36 PM
33	More walker friendly downtown, connecting several businesses.	3/17/2023 10:30 PM
34	It will need to be rebuilt	3/17/2023 10:21 PM
35	A meeting place with more restaurants and small shops creating a gathering place	3/17/2023 10:09 PM
36	Needs a facelift and *parking*	3/17/2023 10:01 PM
37	Keep the small town charm.	3/17/2023 9:55 PM
38	Having some additional shopping and restaurants	3/17/2023 9:43 PM
39	A place where people can shop and get a good meal	3/17/2023 9:38 PM
40	None. What else could you possibly fit into downtown Frederick	3/17/2023 9:17 PM
41	Small town living	3/17/2023 5:55 PM
42	Do something to rejuvenate it. Too many business owners that don't take pride in sprucing up their part of downtown. And, get better restaurants!	3/17/2023 1:37 PM
43	Family friendly	3/17/2023 8:15 AM
44	To maintain the history and entrepreneurial structure that strengthens our community similar to today.	3/16/2023 10:39 PM
45	To have a small town that is safe.	3/16/2023 8:41 PM
46	I don’t care. This doesn’t matter to me	3/16/2023 8:33 PM
47	More restaurants	3/16/2023 6:56 PM
48	More food options	3/16/2023 3:58 PM
49	More parking and more space for people to enjoy the outdoors.	3/16/2023 3:56 PM
50	Walking around town to eat, shop and socialize	3/16/2023 2:06 PM
51	More options for food, shopping etc	3/16/2023 1:09 PM
52	Added restaurants and shops	3/16/2023 12:51 PM
53	Failure	3/16/2023 12:48 PM
54	Failure	3/16/2023 12:48 PM
55	The imposition of millennial hedonism can easily be made compatible with the reinscription of difference. Lorem ipsum is the bomb yo! The socialization of the eclectic is connected to the illusion of narrative sequence. The sublimation of exchange value should suggest the logic of a radical alterity. The socialization of the eclectic is connected to the illusion of narrative sequence.	3/16/2023 12:25 PM
56	Road improvements and kept up downtown. Home sweet home	3/16/2023 10:40 AM
57	Maintain heritage accessibility to business and services	3/16/2023 10:34 AM
58	Small but clean and friendly	3/16/2023 10:28 AM
59	Something similar to downtown Lafayette or Louisville but with a Frederick spin	3/16/2023 10:24 AM

60	A place that provides restaurants, live music, night life, and community events.	3/16/2023 10:06 AM
61	Restaurants and breweries but keeping the downtown historic feel	3/16/2023 9:58 AM
62	Small community with more restaurants	3/16/2023 9:49 AM
63	Keep the history of the "old town". Please don't let growth to overtake this	3/16/2023 9:39 AM
64	Keep local owned stores	3/16/2023 9:26 AM
65	Downtown area like Louisville, but maintain affordability and free parking	3/16/2023 8:41 AM
66	Small but welcoming town	3/16/2023 8:35 AM
67	Fun spot to enjoy evenings out with the family	3/16/2023 8:19 AM
68	Needs some improvement.	3/16/2023 8:09 AM
69	Make and continue to grow Frederick into an attractive location with excellent schools, responsible governance and offer activities fo children, adults and senior citizens.	3/16/2023 7:57 AM
70	Having it become an entertainment hub with a large variety of things to do (plays, bowling, movies, community events, dining, shopping, crafts, parks/outdoor gathering spaces, etc.)	3/15/2023 9:55 PM
71	More shops and restaurants. Specifically more healthy eating options, a community garden, and a book store.	3/15/2023 9:42 PM
72	Keep it small and charming; contain growth to outer areas of town.	3/15/2023 7:50 PM
73	To keep the small town feel of downtown but also to see more businesses	3/15/2023 7:35 PM
74	Desired destination	3/15/2023 1:31 PM
75	Keeping that historic/small town feel	3/15/2023 9:20 AM
76	More community celebrations and festivals and more small businesses.	3/14/2023 9:03 PM
77	Quality, diverse businesses	3/14/2023 3:34 PM
78	I like downtown Frederick just the way it is. But it could always use a new restaurant and bar with outdoor seating	3/14/2023 8:11 AM
79	Local small businesses	3/13/2023 6:55 PM
80	I see "Downtown Frederick" as one small part of one street in older Frederick. We need more / better / newer.	3/13/2023 2:51 PM
81	Start over and development of downtown become a priority	3/13/2023 10:04 AM
82	Keeping the small town feel	3/12/2023 9:18 PM
83	A growing community with a small town feel. More restaurants and rec centers for kids. Maintain small town Frederick and find creative business opportunities.	3/12/2023 9:13 PM
84	Continue the small town feel with growth in business and more parking	3/12/2023 9:05 PM
85	A place where people can hangout after 9PM	3/12/2023 9:00 PM
86	A place to come with friends and family with lots of choices to choose from	3/12/2023 8:52 PM
87	Variety of stores and shops that interest all shoppers.	3/12/2023 8:49 PM
88	Keep it the same feel. Small town.	3/12/2023 8:42 PM
89	More restaurants	3/12/2023 8:25 PM
90	Keep the historic, small town feel, while offering more housing, dining, and entertainment options	3/12/2023 8:16 PM
91	Explore options for restaurants for families and community focused environment	3/12/2023 8:10 PM
92	A local place for dining and entertainment that is run by local businesses instead of chain stores / restaurants. A place for community events and parks / walking paths	3/12/2023 8:04 PM

93	To be a locally, community driven shopping and food destination that continues to promote the community feel the events provide	3/12/2023 7:56 PM
94	Thriving center of town, maybe like Historic Downtown Littleton or Old Town Arvada.	3/12/2023 7:36 PM
95	A walkable, safe space with restaurants, gift shops, professional offices, et (i.e see downtown Fort Collins as an example for what to do)	3/12/2023 7:17 PM
96	I don't know	3/12/2023 2:33 PM
97	A small town	3/12/2023 2:19 PM
98	Over ran with outside corporations	3/12/2023 8:36 AM
99	Focus on small town feel, preserving nature whenever possible, building family community	3/12/2023 7:27 AM
100	Recruit small businesses for food and drink, food truck festivals and a backup date for the balloon festival. It's to early in the year and it's always windy	3/12/2023 6:56 AM
101	More community based businesses	3/11/2023 9:40 PM
102	More modern retail, food hall, co working space. A destination downtown for surrounding cities	3/11/2023 9:24 PM
103	To reface older buildings to serve the community with original characteristics	3/11/2023 6:32 PM
104	Retain original small town feel, examples old town Arvada, Old town Littleton. Let’s keep the historical feel & charm	3/11/2023 4:10 PM
105	A local Hotspot with lots of different businesses and community entertainment, art walk, breweries, open space for families	3/11/2023 1:25 PM
106	Mom and pop shops and places to eat. More parking	3/11/2023 7:59 AM
107	A great place to walk around and go to shops and restaurants	3/11/2023 5:46 AM
108	Better parking, more restaurants and retail stores	3/11/2023 12:49 AM
109	More investment in preserving integrity of the historic buildings, attracting small businesses as occupants of downtown.	3/10/2023 9:58 PM
110	Stay small	3/10/2023 9:41 PM
111	Continue to provide a mix of options as it does today.	3/10/2023 8:58 PM
112	Re develop Clark plaza. Looks terrible.	3/10/2023 7:42 PM
113	Growth. It needs to be more walkable and there needs to be more retail and a bar and entertainment. Just needs more	3/10/2023 6:30 PM
114	I'd like something to go into the osed down Italian restaurant	3/10/2023 5:56 PM
115	A walkable area with shops, restaurants, professional businesses (like realtors, doctors, laywers, veterinarians, beauty/barber shops)-- kind of like downtown Fort Collins; parking garages nearby	3/10/2023 5:44 PM
116	Doesn't have to be the old town Fort Collins feel with large parking structures. Keeping the charm and improving access through means other than a car.	3/10/2023 3:09 PM
117	Support small town local businesses	3/10/2023 2:00 PM
118	More shopping, restaurants, open later. More concerts / festivals.	3/10/2023 1:12 PM
119	* Lots of small businesses to make a more thriving downtown * Its own library would be awesome! * Safe places for families to gather	3/10/2023 1:05 PM
120	- More restaurants, better parking - Bigger or more rec centers - Outdoor pool / water park	3/10/2023 12:58 PM
121	More of a social place. More restaurants and shops	3/10/2023 12:23 PM
122	Super cool hipster kind of modern day vibe with amazing eateries little local shops, festivals and lights	3/10/2023 12:13 PM
123	Keep it small. It's part of the charm	3/10/2023 12:12 PM

124	Trendy little Downtown area, lots of lights. Cute businesses.	3/10/2023 11:56 AM
125	A safe and vibrant place to eat out and be entertained.	3/10/2023 11:39 AM
126	More restaurants, continued community holiday events (4th of July, Christmas, etc.)	3/10/2023 11:34 AM
127	Better parking and better pick-up / drop-off for schools	3/10/2023 10:26 AM
128	More shops and restaurants	3/10/2023 10:21 AM
129	It would be nice if there were more retail shops in Downtown Frederick. The restaurant options have increased, which is nice.	3/10/2023 10:16 AM
130	Like a smaller version of Longmont. Lots of shops. Local businesses. Pedestrian friendly.	3/10/2023 9:41 AM
131	More little shopping stores.	3/10/2023 9:35 AM
132	Leave it as is	3/10/2023 9:23 AM
133	Keep it exactly as is.	3/10/2023 9:18 AM
134	A safe place with plenty of shops, restaurants, activities for all ages to enjoy	3/10/2023 9:09 AM
135	Growing in a way for more entertainment. More diverse businesses.	3/10/2023 9:06 AM
136	Revitalize, preserve and improve pedestrian infrastructure.	3/10/2023 9:00 AM
137	More small business and more parking	3/10/2023 8:56 AM
138	A robust downtown that offers something people want to go there for. Keep the old town feel and history of the buildings	3/10/2023 8:54 AM
139	Love Old Town Frederick	3/10/2023 8:46 AM
140	None. Any focus on “downtown” does not interest me.	3/10/2023 8:24 AM
141	To evolve towards a more dense town with multiple options of transportation through the town.	3/10/2023 8:09 AM
142	Maintain small town feel but have shopping and family activity opportunities	3/10/2023 8:06 AM
143	Same	3/10/2023 7:51 AM
144	To offer more shopping and dining options	3/10/2023 7:39 AM
145	More parking. A place to spend weekends or evenings at a restaurant or the park.	3/10/2023 6:40 AM
146	Continue to add diverse retail and restaurant options within walking distance. Keep it a safe happy family friendly place for events!	3/10/2023 6:34 AM
147	More mom and pop shops and restaurants, vibrant great place to walk, great place for family to spend time together, not crowded, more parking is needed. Still a small town	3/10/2023 6:14 AM
148	More small businesses and eateries	3/9/2023 11:35 PM
149	To be very historic and old timey	3/9/2023 11:14 PM
150	More entertainment. More bars. More restaurants	3/9/2023 11:01 PM
151	Small and local. Restaurants with outdoor and rooftop seating. Coffee shops, breweries, art galleries, live music, and string lights that line the street. I do not see a dominoes or a mortuary.	3/9/2023 10:59 PM
152	Be a community and social space that adds more parking for fun and family at more local shops and restaurants.	3/9/2023 10:43 PM
153	Downtown Louisville 2.0	3/9/2023 10:33 PM
154	More restaurants and shops	3/9/2023 10:31 PM
155	More restaurants, shops, retail	3/9/2023 10:16 PM
156	I would love to see a variety of businesses and different business owners. Having more options for weekend nights would be great.	3/9/2023 10:14 PM
157	Continuing expansion of small restaurants and shops. Hosting farmers markets and art walks,	3/9/2023 10:11 PM

	festivals etc	
158	More places like breweries with patios, bookstore, children's play place, restaurants, etc.	3/9/2023 10:07 PM
159	More events, bring in new restaurants	3/9/2023 9:57 PM
160	I would like it to be more like Louisville with many restaurants, breweries, shops, and clean up residential shacks on 5th in favor of commercial opportunities. Like a true Main Street.	3/9/2023 9:57 PM
161	Updated and fun	3/9/2023 9:50 PM
162	Continue to add locally owned shops and restaurants	3/9/2023 9:43 PM
163	Like I said in the previous question, a variety of restaurants with outdoor seating, fire pits, and live music. Block parties where you shut the street down and have vendors and live music. Edison lights strong above 5th street. Boutiques, book stores, gift shops, compound pharmacy, shops, bagel shops, wine and cheese bar, preservation of historic character - don't build new structures with modern or industrial architecture. Places to make or paint pottery, bars with trivia, comedy, or live music outside in the summer. Small fountains or water features in the middle of outdoor seating areas. Street lights. Flowers and planters Outdoor seating. Wakability. Play area for children.	3/9/2023 9:41 PM
164	Variety and growth. Food and businesses that actually sustain and are worthwhile	3/9/2023 9:38 PM
165	Make it a destination for night life and restaurants with shows.	3/9/2023 9:25 PM
166	Restaurants!	3/9/2023 8:55 PM
167	Increase variety of restaurants, make it pedestrian/biking friendly, add more playgrounds/kid friendly spaces. Transform dumpy, old buildings to make more curb appeal. Live music would be amazing!	3/9/2023 8:42 PM
168	Not sure	3/9/2023 8:42 PM
169	Keep small town feel. No big box stores	3/9/2023 8:27 PM
170	Many dining, drinking, and small businesses with frequent community events. A place that attracts more than local residents.	3/9/2023 8:19 PM
171	Shopping and dining hub	3/9/2023 8:18 PM
172	To thrive.	3/9/2023 8:17 PM
173	New upscale nightlife for a younger generation.	3/9/2023 8:11 PM
174	Very developed with shops, housing, bars and restaurants where people come from other communities to enjoy	3/9/2023 8:07 PM
175	To maintain the small town feel.	3/9/2023 8:03 PM
176	O	3/9/2023 8:01 PM
177	There's nothing there	3/9/2023 7:39 PM
178	More parking	3/9/2023 7:35 PM
179	More options of everything.	3/9/2023 7:23 PM
180	Needs some love, more businesses and parking to accommodate them.	3/9/2023 6:58 PM
181	More practical shops and restaurants	3/9/2023 6:41 PM
182	That the vacant building will have restaurants and businesses that residents will support.	3/9/2023 6:23 PM
183	To still be able to enjoy the downtown Frederick events. I.e- chainsaw and chuck wagons, miners day..	3/9/2023 6:21 PM
184	Lanes doubled on major roads and more trails/recreational activities	3/9/2023 2:28 PM
185	Same	3/9/2023 11:55 AM
186	More restaurants, shops and retail in general. Like downtown Louisville.	3/9/2023 9:02 AM
187	Would like to see more expansion of unique business but can keep small town feel look at Erie	3/9/2023 8:26 AM

	and also Louiseville.	
188	Better parking and it doesn’t impede on the property owners that are adjacent to downtown.	3/9/2023 5:35 AM
189	SMOOTH roads and a business friendly environment.	3/8/2023 2:04 PM
190	Quality business with good access (parking).	3/8/2023 1:53 PM
191	That is would become more aesthetically appealing, with more retail stores, yet keeping the small town feel.	3/8/2023 1:03 PM
192	I'd like for it to stay about the same. I'm not interested in boutique shops, dining, salons, coffee shops, outsiders, farmers markets, i'll go to Erie...	3/8/2023 12:58 PM
193	Louisville	3/8/2023 12:40 PM
194	Lots of local businesses and historical preservation.	3/8/2023 12:34 PM
195	?	3/8/2023 12:29 PM
196	Expanding to multiple strips of downtown with plenty of shops and restaurants.	3/8/2023 12:22 PM
197	Don’t waste my property taxes on it.	3/8/2023 10:40 AM
198	More shops	3/8/2023 8:26 AM
199	A few more local shops and businesses while still maintains its unique charm.	3/8/2023 8:26 AM
200	Adult and family entertainment and small shops	3/8/2023 8:23 AM
201	To become like hover street in Longmont	3/8/2023 8:23 AM
202	Keeping the small town feel and the local shops.	3/8/2023 8:21 AM
203	Still small town Frederick	3/8/2023 8:18 AM
204	Still a small town feel but better housing options.	3/8/2023 8:17 AM
205	Continue to have local owned restaurants	3/8/2023 8:15 AM
206	I think just more places to hang out and more food places like Panera	3/8/2023 8:15 AM
207	Little shops and family owned business	3/8/2023 8:15 AM
208	More shops as well as more sit down restaurants.	3/8/2023 8:13 AM
209	A place to spend a Saturday shopping!	3/8/2023 8:13 AM
210	Could expand, food wise and things todo but we don’t need retail	3/8/2023 8:11 AM
211	More businesses	3/8/2023 8:11 AM
212	I see it expanding restaurants and shopping.	3/8/2023 8:11 AM
213	More stores and restaurants	3/8/2023 8:09 AM
214	More things to do, like shops or bakeries, or fun places like mini golf.	3/8/2023 8:09 AM
215	larger community	3/8/2023 8:08 AM
216	larger businesses	3/8/2023 8:08 AM
217	A place to go and a well known community along the front range cooridor	3/8/2023 8:08 AM
218	Hopefully inviting more small business growth and a continued space for those to grow in the area.	3/8/2023 7:18 AM
219	Fill any vacancies with business	3/7/2023 3:27 PM
220	Expand a bit with more restaurants, breweries, shopping and areas to host events/entertainment	3/7/2023 11:10 AM
221	Retain small businesses but also still maintain its small town feel.	3/6/2023 8:02 PM
222	Make it more interesting to walk	3/6/2023 6:56 PM

223	Rebuild, in 100 years it will look historic.	3/6/2023 6:18 PM
224	Growth !	3/6/2023 3:54 PM
225	I see Frederick developing into a major city within the front range community.	3/6/2023 3:00 PM
226	Retain the small town feel	3/6/2023 10:19 AM
227	Maintain the small town feel as well as preserve the history it comes with.	3/6/2023 10:09 AM
228	See previous answer	3/6/2023 10:06 AM
229	N/a	3/6/2023 9:43 AM
230	Family friendly safe community	3/6/2023 9:36 AM
231	Keep as is. Love the historic feel	3/6/2023 9:05 AM
232	It be nice to develop a master plan throughout the community. Similar to Highlands Ranch.	3/6/2023 9:02 AM
233	N/a	3/6/2023 8:33 AM
234	roughly the same size, but more shopping options in updated and more modern buildings	3/6/2023 4:01 AM
235	Improved parking, shops and restaurants that have been rehabbed on the inside - and beautified on the outside (like Erie's Main Street)	3/5/2023 6:43 PM
236	Vibrant business district with more development, redevelopment and restoration	3/5/2023 1:26 PM
237	I not sure. Having just moved into the area I feel there is a Split View of Frederick from small town to growing community…I guess seeing how the town embraces itself growing as a town or becoming a suburb like many other communities have become.	3/5/2023 9:36 AM
238	not sure	3/5/2023 7:26 AM
239	I know others might not want it expanded but I always wished it had just a few more buildings. It is very quaint and more recently hip-looking. Does it attract enough shopping though? Perhaps asking the downtown businesses if they think more business is needed might shed some light? I know space is an issue though, and maintaining a "small town" feel is important. Hard to know what to do to keep both happy.	3/4/2023 12:31 PM
240	A place where you can visit for shopping or dining and actually find a parking space. This is a major problem now, perhaps the town could consider a low rise parking structure somewhere in downtown?	3/4/2023 12:30 PM
241	More shopping and dining options	3/4/2023 10:18 AM
242	Better restaurants. Still cute small feel. With even sidewalks and bike lanes	3/3/2023 8:56 PM
243	Work on some major renovations, the buildings are getting old.	3/3/2023 10:07 AM
244	None	3/3/2023 7:09 AM
245	The current state of Lafayette's downtown would be a good mark to try to achieve.	3/3/2023 7:03 AM
246	Needs to grow. It has a lot of potential and there are a few gems there. Additional businesses would draw more traffic and increase revenue.	3/2/2023 9:40 PM
247	Local ownership in downtown area. Bakery, coffee shops, gift stores, cafes. Walkable with more parking.	3/2/2023 8:41 PM
248	Not sure	3/2/2023 6:53 PM
249	Like a downtown Longmont if yuh look at Main Street with its mix of shops and now new urban living and work (mixed use) walk to entertainment options, lots of trails and parks. Options for seniors, kids, families and singles	3/2/2023 4:42 PM
250	? I don't think my vision is possible because of lack of urgency and other pressing issues	3/2/2023 4:29 PM
251	make it the retail hub for the Firestone/Frederick area. need restaurants and bars (nice ones!)	3/2/2023 3:31 PM
252	More cultural events, better bike paths, more parking, more shopping.	3/2/2023 12:52 PM
253	Downtown is good	3/2/2023 12:51 PM

254	Add more businesses	3/2/2023 12:42 PM
255	To keep improving it for the public to enjoy it more. Parking , newer buildings for shops and living.	3/2/2023 11:38 AM
256	Be a fun spot to come hang out and grab drinks. Bring friends to when visiting from out of town as well as having kid friendly spots. Right now, you can visit and explore downtown in under 30 mins. Need different types of restaurant options that stay open to the evening.	3/2/2023 11:24 AM
257	To keep improving it for the public to enjoy it more. Parking , newer buildings for shops and living.	3/2/2023 11:18 AM
258	N/a	3/2/2023 10:38 AM
259	xx	3/2/2023 10:24 AM
260	It’s too small of an area to keep track with the town growing up. It will die.	3/2/2023 9:25 AM
261	Locally owned businesses to thrive	3/2/2023 5:24 AM
262	Hope it STAYS like a nice little OLD TOWN place & historic area!	3/1/2023 11:00 PM
263	A few local run and possibly a chain restaurant but not to let it get out of hand! Need parking options now that the lot on 5th (across from Peel Pizza) is off limits. I can understand not using it during day or church hours but in the evenings and weekends--need more parking options.	3/1/2023 9:17 PM
264	Expansion of business and activities comparable to downtown Louisville or Lafayette	3/1/2023 8:01 PM
265	A hip, lively place where both young and old alike will enjoy, with an exciting nightlife. More entertainment and places to eat/drink.	3/1/2023 7:26 PM
266	Keep it relatively the same to maintain small town feel.	3/1/2023 6:48 PM
267	I'd love to see more dinning/shopping options that are walkable, and some additional parking.	3/1/2023 4:57 PM
268	Would love to see it become like downtown Fort Collins- lots of local shops and businesses, some good restaurants that are opened late; just currently feels so dead and dreary when I go by it and everything closes early	3/1/2023 3:59 PM
269	Add more	3/1/2023 2:08 PM
270	Keep it the same. Love downtown. Maybe add an Italian restaurant.	3/1/2023 1:46 PM
271	Retain its character and walkability with masonry buildings	3/1/2023 10:12 AM
272	More restaurants, shops and better parks.	3/1/2023 9:52 AM
273	Retain small town feel with more small locally owned restaurants and businesses	3/1/2023 9:15 AM
274	More retail	3/1/2023 9:05 AM
275	Keeping the small town feel	3/1/2023 8:57 AM
276	Keep it small and cute please	3/1/2023 8:50 AM
277	Downtown Frederick could be an excellent location for many businesses in the future. It would be nice if more restaurants and retail were available, but commercial office use is usually a good thing for the local economy.	3/1/2023 7:03 AM
278	Keep it as is.	3/1/2023 6:54 AM
279	More restaurants and shops for weekend use so people do not NEED to go out of town.	3/1/2023 6:18 AM
280	I want this to be a desirable place to live and work	2/28/2023 10:42 PM
281	no empty buildings. more family dining and businesses that appeal to all people	2/28/2023 9:41 PM
282	Places to eat open past 8pm!!	2/28/2023 9:12 PM
283	Maintain the cleanliness and attractiveness.	2/28/2023 8:57 PM
284	Maintain a small town feel	2/28/2023 8:50 PM

285	Growing small businesses and restaurants	2/28/2023 8:35 PM
286	Same as above in #15	2/28/2023 8:32 PM
287	Clean it up, some homes are not cared for which make downtown an eye sore	2/28/2023 8:23 PM
288	I envision a cozy downtown “mountain town” kind of feel. Like Breckenridge or Estes. Tons of local vendors and restaurants. String Lights up and down Main Street in the winter, floral arrangements in the spring/summer.	2/28/2023 8:23 PM
289	Maintain the small town feel	2/28/2023 7:46 PM
290	stay small	2/28/2023 6:37 PM
291	Growth but nor exponentially	2/28/2023 6:20 PM
292	Same as above	2/28/2023 6:03 PM
293	More restaurants and small businesses. Promote and enlarge the farmers markets and make them more frequent. Movies in the park were fun also. Would like to keep this small town feel.	2/28/2023 5:40 PM
294	More businesses and perhaps restaurants.	2/28/2023 5:38 PM
295	It’s packed with cute shops and restaurants that are locally owned	2/28/2023 5:36 PM
296	The downtown could grow some and increase the businesses and restaurant choices.	2/28/2023 5:23 PM
297	I love the small businesses currently there. I would love to see Pete's and some other older establishments become viable businesses. We need to make it affordable for individuals to open businesses so they can thrive.	2/28/2023 5:16 PM
298	I would love to see a revived downtown with local restaurants, bars, etc	2/28/2023 4:42 PM
299	Local businesses and services. Parking and venue that can continue to accommodate events with growth of population. Walkable. Safe.	2/28/2023 4:37 PM
300	A vibrant place for businesses and restaurants to thrive	2/28/2023 4:25 PM
301	Converting more of the empty buildings into small retail or restaurants. If new buildings are built, they have a similar look and feel to the historical charm of Frederick.	2/28/2023 4:23 PM
302	I would like to see more businesses, but keep that same small town feel. Possibly the addition of more buildings/ or extensions.	2/28/2023 4:15 PM
303	Nothing, it needs to stay as is	2/28/2023 4:13 PM
304	More/varied restaurant options, retail, coffee shops, art, creative options, more events	2/28/2023 4:11 PM
305	It will lose its old feel, become modern and too busy	2/28/2023 4:06 PM
306	Obtain the small town feel and close knit community while also providing spaces for more activities such as community pools, community events, etc.	2/28/2023 3:56 PM
307	Carefully considered growth	2/28/2023 3:52 PM
308	A pedestrian shopping district a kin the Pearl street in Boulder	2/28/2023 3:43 PM
309	Growing town with opportunities	2/28/2023 3:36 PM
310	I would like to see additional businesses in Frederick. If you think parking is the main issue, you're fooling yourself.	2/28/2023 3:27 PM
311	Be sustainable, aesthetically pleasing, and add wifi to common areas and better cellular service so smart devices work outside the home. Give people more reasons to leave their homes and explore.	2/28/2023 3:26 PM
312	“”	2/28/2023 3:20 PM
313	That’s interesting? Maybe an open market somewhere new; where there is more space to expand? That way you have parking and multiple businesses for goods and services. I’d say the area South of Frederick High school maybe? Colorado Blvd & Hwy 52 maybe? There’s also the open area Hwy 52 and I-25 off of the frontage road.	2/28/2023 3:12 PM

314	Locally owned, entrepreneurs, eclectic	2/28/2023 8:48 AM
315	I would love to have it be a family-friendly destination for entertainment and culture. It should be an option for the small-town feel while recognizing the need for other services that it cannot provide.	2/28/2023 8:13 AM
316	It really isn't currently a place people want to go to. Many Downtown places you can walk with places to eat and stores	2/27/2023 5:18 AM
317	Small amount of growth with local businesses. Great how it is.	2/26/2023 8:43 PM
318	Like Downtown Ft Collins but less hippies	2/26/2023 8:23 PM
319	Lots of shops and places to work	2/26/2023 8:15 PM
320	Small independent shops	2/26/2023 8:10 PM
321	Food Places to shop at Good schools	2/26/2023 8:02 PM
322	* Night life * Restaurants * Small shops * Coffee shops	2/26/2023 7:57 PM
323	Less city buildings, more food and shops	2/26/2023 7:48 PM
324	Downtown Frederick should keep its small town feel and keep history as its focus. More food options or small shopping stores would be beneficial.	2/26/2023 7:42 PM
325	Encourage renovation and use of the old buildings along 5th Street (Downtown). I prefer mixed use or retail, residential (ADUs) and restaurants	2/26/2023 5:19 PM
326	- Family friendly - Community activities - Small business variety - Increase in recreational services and pool / summertime area	2/26/2023 5:11 PM
327	Small town feel	2/26/2023 5:04 PM
328	More locations and businesses for persons from ages 21 to 30. Too many places are tailored toward older populations.	2/26/2023 4:58 PM
329	To continue local shops and service with growth	2/26/2023 4:52 PM
330	Keep the ma and pa shops!	2/26/2023 12:27 PM
331	That it contains a small, close-knit, affordable community, with modern infrastructure	2/26/2023 12:23 PM
332	Maintain the small town feel	2/26/2023 12:13 PM
333	Expand with privately owned small business only	2/26/2023 12:09 PM
334	More restaurants, shops, and space for families to gather! Expansion of the park to include a hub for concerts and an outdoor pool / splashpad. Pond, paddleboats, etc.	2/26/2023 12:01 PM
335	More businesses / restaurants	2/26/2023 11:48 AM
336	Stay small	2/26/2023 11:43 AM
337	More stable businesses that draw people to Downtown	2/26/2023 11:36 AM
338	More businesses like Mountain Cowboy	2/26/2023 11:30 AM
339	To continue down the great path the town has set	2/26/2023 11:25 AM
340	To continue expanding and providing unique experiences for people like restaurants and unique, smaller business shops	2/26/2023 11:18 AM
341	Local business growth, small town feel, and growing creative programs. Arts programs need to be started.	2/26/2023 11:12 AM
342	Measured growth with available small businesses	2/26/2023 10:53 AM
343	Lots of shops and restaurants	2/26/2023 10:48 AM
344	A place to come for a meal and a walk along a trendy street. Safe, fun, a place to park.	2/26/2023 10:27 AM
345	A variety of restaurants and small businesses that keep the small town feel. Community events. Farmers markets.	2/26/2023 10:21 AM

346	A hub for northern Colorado, organic growth like Erie's downtown	2/26/2023 10:05 AM
347	More of what's already here - places like Georgia Boys, Mountain Cowboy	2/26/2023 9:58 AM
348	Expand the night life but don't lose the small town feel	2/26/2023 9:44 AM
349	Grow quite a bit but keep the historical buildings	2/26/2023 9:37 AM
350	Multiple restaurants	2/26/2023 9:31 AM
351	I would love for it to maintain its small town charm, while possibly having a couple more local restaurants.	2/25/2023 10:51 PM
352	To keep it quaint. Bring in more boutiques not big stores.	2/25/2023 10:40 PM
353	To maintain the business community feel while providing more parking to increase participation.	2/25/2023 10:30 PM
354	Small town feel with amenities to sustain self with retail	2/25/2023 10:18 PM
355	Small town feel	2/25/2023 10:10 PM
356	Keeping its small town flare	2/25/2023 9:54 PM
357	Small town	2/25/2023 9:48 PM
358	Small town feel with amenities on the outskirts of the town . Cute Downtown with retail; Dining and specialty / novelty shops. Think: Estes Park's downtown	2/25/2023 9:41 PM
359	More local shops	2/25/2023 9:33 PM
360	A lot of locally owned businesses	2/25/2023 9:37 AM
361	To grow small shops and restaurants. Downtown housing options. Better parking. Wider streets	2/25/2023 9:31 AM
362	Large city	2/25/2023 9:25 AM
363	Keep the history going	2/25/2023 8:54 AM
364	Same. Pete's still closed	2/25/2023 8:44 AM
365	Variety of shops that are locally owned	2/25/2023 8:39 AM
366	I think Frederick is headed in the right direction.	2/25/2023 8:13 AM
367	Additional resources (dining, shopping) with parking to support growth	2/24/2023 5:27 PM
368	Grow safe with community in mind, not hoe much the town can make. It is about people not greed.	2/24/2023 4:09 PM
369	I'd like Frederick's downtown to look something like Main Street Longmont, with lots of unique shops and restaurants.	2/24/2023 4:01 PM
370	More local businesses with shops and food trucks	2/24/2023 3:26 PM
371	Small business owners	2/24/2023 3:17 PM
372	Home town feel	2/23/2023 10:24 PM
373	Night life, shopping, food	2/23/2023 10:07 PM
374	Having more night life, more shops and restaurants for teens, and growing population.	2/23/2023 10:01 PM
375	Small town feel; Parks and walking trails; Lakes and recreation	2/23/2023 9:49 PM
376	Home town business	2/23/2023 9:42 PM
377	A hub with a wide variety of food vendors / restaurants, locally owned retail, small businesses line the streets	2/23/2023 8:36 PM
378	Stay small and connected to the residents	2/23/2023 8:17 PM
379	Keep small town feel	2/23/2023 8:11 PM
380	Keep small town feel	2/23/2023 8:03 PM

381	Gain more restaurants and gathering areas	2/23/2023 7:57 PM
382	Growth	2/23/2023 7:51 PM
383	More developments and housing	2/23/2023 7:46 PM
384	Have more small mom and pop places. Things for children, teens, families to do	2/23/2023 7:30 PM
385	More retail	2/23/2023 1:02 AM
386	More restaurants/shops and less businesses	2/22/2023 6:44 PM
387	Multiple dining and shopping options with a farmers market and regular events.	2/22/2023 9:03 AM
388	I hope the buildings and businesses stay small, walkable, and independent	2/20/2023 8:26 PM
389	Lots of small businesses, the church has moved as well as town hall to allow for more business	2/19/2023 4:56 PM
390	I'd be very pleasantly surprised if dtown Fred ever makes anything of itself.	2/19/2023 10:38 AM
391	More local businesses	2/17/2023 8:38 PM
392	Outdoor eateries. Variety of food. Updating the parks or adding to parks (Crist Park, Sculpture Park, etc.). More greenery. Sidewalks updated. More character.	2/17/2023 8:20 PM
393	To be bigger and brighter like an Old Town Fort Collins	2/17/2023 8:13 PM
394	More parking but not making the town over-expanded.	2/17/2023 7:58 PM
395	More people walking, shopping, dining, entertaining, playing in the parcs and participating in community activities.	2/17/2023 3:49 PM
396	Unique small business that invites you to sit and stroll	2/17/2023 7:50 AM
397	Growth and nice shopping area	2/16/2023 6:00 PM
398	Downtown in the next 20 years should focus on revitalization and bringing in shops and businesses that complement one another but are not in direct competition	2/16/2023 10:51 AM
399	Needs help now. More dining choices, more mixed use development	2/16/2023 10:21 AM
400	Walkable downtown with small businesses and restaurants.	2/16/2023 9:16 AM
401	It will become the economic centre of the region, second only to Denver.	2/15/2023 4:49 PM
402	1. I'm a father of 3. I don't particularly care about Downtown. 2. If anything, mirror European small town downtowns	2/15/2023 4:31 PM
403	Small family owned businesses. Candy shops, clothing, etc.	2/15/2023 4:20 PM
404	Public service to avoid parking problems	2/15/2023 4:14 PM
405	Stay a small town and many kid activities	2/15/2023 4:08 PM
406	Clean and functional with a walking friendly area without vehicle traffic.	2/15/2023 3:19 PM
407	Proper management of growth	2/15/2023 3:07 PM
408	Redevelopment for a unified small town feel.	2/15/2023 2:52 PM
409	Redevelopment and more commercial options. The Town has a whole block that could be repurposed to attract more ppl downtown	2/15/2023 12:19 PM
410	Continue adding shops that add value to the town	2/15/2023 11:57 AM
411	Invest in small locally owned business	2/15/2023 9:52 AM
412	vibrant fun place to visit, activities and night life	2/15/2023 9:44 AM
413	More mom and pop shops and restaurants. Hopefully renovate old buildings and make it an entertainment location. Move out the utilitarian Town run facilities to accommodate this idea.	2/15/2023 9:09 AM
414	Incorporate more small local shops and restaurants	2/15/2023 8:59 AM

415	To stay here	2/15/2023 8:19 AM
416	stay small and adorable, love the old buildings	2/15/2023 8:01 AM
417	Would like to see additional businesses, lights going down the street and more inviting.	2/15/2023 7:40 AM
418	A vibrant stretch of retail, restaurants and bars.	2/15/2023 6:58 AM
419	Walkable area with lots of food, events, social gathering areas in all seasons.	2/15/2023 6:39 AM
420	Would like to see new shops/restaurants, but the current town staff has been all talk and no action on bring new business that would make Frederick a place where you can get everything and not have to drive to other cities.	2/14/2023 11:04 PM
421	Revitalization	2/14/2023 10:49 PM
422	It should grow in size	2/14/2023 9:44 PM
423	Grow to be more like Lafayette or Louisville	2/14/2023 9:32 PM
424	More restaurants and shops	2/14/2023 9:24 PM
425	Sales tax	2/14/2023 9:09 PM
426	A hub for the community, full of businesses.	2/14/2023 8:57 PM
427	It would be great to see continued growth and variety in the shops, businesses, and restaurants Downtown. It would be good to see that the streets, pedestrian paths, and parking are able to handle the growth and influx of people.	2/14/2023 8:51 PM
428	Area is too small for growth. Other areas are better suited.	2/14/2023 8:15 PM
429	A smaller Erie	2/14/2023 5:53 PM
430	Keep the small town feel. Clean up the roads.	2/14/2023 5:26 PM
431	Multi-use downtown	2/14/2023 5:23 PM
432	More activities	2/14/2023 4:59 PM
433	Fun place to spend time	2/14/2023 12:08 PM
434	More restaurants (not chain or fast food)	2/14/2023 8:28 AM
435	Beatification especially of the Downtown area.	2/14/2023 7:28 AM
436	Grow downtown with restaurants and remodel some of the older buildings.	2/14/2023 12:54 AM
437	More fun events - farmers market, have an art show (shut down the street!). Bring conviviality back to small town living. Have a concert series. Start new traditions. Keep old traditions.	2/13/2023 10:55 PM
438	Vibrant and artsy. Celebrate our mining history with visuals. Walkability. String lights. Boutique shops. Dining for all day. Food on Mondays. Events in downtown. A warm, welcoming place where time feels like it is standing still.	2/13/2023 10:31 PM
439	Clean it up! Make it family friendly again	2/13/2023 10:29 PM
440	Listed above.	2/13/2023 10:18 PM
441	Grow	2/13/2023 9:28 PM
442	Leave it alone	2/13/2023 9:11 PM
443	More dining and shopping options; becoming a hub for commerce.	2/13/2023 8:54 PM
444	More development	2/13/2023 8:34 PM
445	Having a target	2/13/2023 6:49 PM
446	I don't really care much for the downtown area as there is very little to do and few services to work with.	2/13/2023 5:27 PM
447	?	2/13/2023 5:27 PM
448	A. Bustling cute downtown area land developed for shopping with malls and maybe an outdoor	2/13/2023 3:37 PM

	pool for the kids to go to!	
449	Frederick can start by clearing snow and ice from the sidewalks of downtown Frederick during the winter. The sidewalks are always a mess when it snows. Make downtown Frederick attractive for restaurants and businesses to locate.	2/13/2023 2:00 PM
450	More small businesses would be great.	2/13/2023 9:13 AM
451	Small town feel like Erie, Louisville	2/12/2023 8:11 PM
452	To become a more developed area. With no strip mall keeping the “country” feel	2/12/2023 5:57 PM
453	More restaurants and local shops	2/12/2023 8:55 AM
454	Small town	2/12/2023 1:49 AM
455	I hope that it can still be a place of history. So many small towns are forgotten because of a huge wave of people wanting to make more money by bringing in to many big businesses.	2/11/2023 10:22 PM
456	Bigger more stores that promote local businesses and small town feel	2/11/2023 9:38 PM
457	More retail and sit down restaurants	2/11/2023 8:48 PM
458	More boutique shops and restaurants	2/11/2023 7:35 PM
459	Grow	2/11/2023 7:31 PM
460	Preservation and growth.	2/11/2023 3:42 PM
461	Same	2/11/2023 2:14 PM
462	I would like to see the downtown area grow with more local shops, restaurants and activities not only for the residence of Frederick, but also so we can have other people come into our town and help economy grow	2/11/2023 2:04 PM
463	Increased shops and restaurants. We have enough housing already.	2/11/2023 1:56 PM
464	Love to see more arts/creative opportunities	2/11/2023 1:48 PM
465	More street light. More cultural events.	2/11/2023 12:39 PM
466	Preserve historical feel and keep as many small businesses at possible	2/11/2023 12:38 PM
467	hopefully it stays the same	2/11/2023 12:37 PM
468	Have business and be a place where people want to shop and walk around	2/11/2023 11:37 AM
469	Pedestrian area. Entertainment and cultural areas.	2/11/2023 11:26 AM
470	Make a place that people want to be and come for unique opportunities	2/11/2023 11:20 AM
471	More retail and shopping, small business center	2/11/2023 11:10 AM
472	A walkable focal point for the community with a wide range of businesses and amenities providing Frederick residents and visitors a reason to spend time there connecting with each other.	2/11/2023 11:09 AM
473	I think downtown is land locked. Can’t really be more than it is	2/11/2023 11:01 AM
474	C	2/11/2023 10:55 AM
475	Preserve the small town feel with incorporating more shops/restaurants	2/11/2023 10:47 AM
476	Open land. Don't look like Erie please. We all look forward to the yearly town events. Frederick in Flight is your #1 event	2/11/2023 10:44 AM
477	It would be nice to have more local shopping. A road you can walk up & down and enjoy stops along the way	2/11/2023 10:40 AM
478	Growing downtown	2/11/2023 10:25 AM
479	Many of the buildings are vacant, it would be good to see the buildings restored and more small businesses. Ideally food and shopping.	2/11/2023 9:34 AM

480	Stay the same	2/11/2023 9:33 AM
481	Get rid of old buildings	2/11/2023 8:05 AM
482	Small town	2/10/2023 8:32 PM
483	Small town feel but with plenty of amenities for locals.	2/10/2023 8:26 PM
484	Small town feel with shot similar to what you would see in towns like Boulder or Golden	2/10/2023 8:15 PM
485	N/A - I'm a tourist	2/10/2023 7:56 PM
486	Small business hub	2/10/2023 7:45 PM
487	More retail and food options	2/10/2023 7:31 PM
488	More ethnic restaurants, connection of open space.	2/10/2023 3:04 PM
489	I would like to see a creative arts district. Based on community. I would also like to see support for the youth at the skatepark. It would be better to have something closer to town instead of excluding skateboarders to the outside of town.	2/10/2023 9:17 AM
490	To blow up! So much potential.	2/10/2023 8:47 AM
491	Good, steady growth of *local* businesses, farms	2/10/2023 8:42 AM
492	Slow and sustainable growth that supports small businesses. No box stores, limited pop-up housing. Safety and lots of places to enjoy the outdoors. We want it to grow but with intention and care.	2/10/2023 8:15 AM
493	Vibrant small town with purposeful shops, eateries, breweries, and five 'n dimes.	2/10/2023 8:02 AM
494	More local restaurants, biking parking. Better car parking, the true center of town.	2/10/2023 7:47 AM
495	* Keep tight building requirements (structural / visual control). Keep small town feel through natural growth initiatives * Get a King Soopers Marketplace at Highway 52 / I-25	2/10/2023 7:40 AM
496	More small businesses.	2/10/2023 7:25 AM
497	Growth of local businesses! Need local restaurants. Block parties - with entertainment. Close the street off.	2/10/2023 7:19 AM
498	Expansion of restaurants	2/10/2023 7:14 AM
499	Keep the history and small town feel	2/10/2023 6:58 AM
500	* Adding more bars / restaurants * Breweries * Adding more retail and grocery	2/10/2023 6:52 AM
501	Affordable housing. Growing community. Celebration of local history and a diverse community.	2/10/2023 6:46 AM
502	More shops, more signage, improved walkways, spaces, expand the area!	2/10/2023 6:40 AM
503	Avoid crowding to balance a wealth of people and maintain a small town(ish) feel. Less "affordable" housing. If people want to live here, it should match and/or supercede because of small town one-of-a-kind feel	2/10/2023 6:28 AM
504	Be a destination people want to visit	2/10/2023 6:16 AM
505	I don't see it growing, but I do see it getting gentrified.	2/10/2023 6:11 AM
506	More businesses (small)	2/10/2023 5:45 AM
507	Keep it the same look, expand with more indoor family restaurants.	2/10/2023 5:39 AM
508	Cute places to shop, services, places to eat.	2/9/2023 8:15 PM
509	Better parking options for local businesses.	2/9/2023 7:18 PM
510	American values re-instilled in the community with the 'Cheers' feel!	2/9/2023 7:12 PM
511	A place where you can go and have a good time with your family.	2/9/2023 7:05 PM
512	More mom and pop stores!	2/8/2023 11:10 AM
513	We provide highest quality of eye care, glasses & other eye wares with state of the art	2/8/2023 2:21 AM

	instruments for accurate prescription	
514	Retain small town feel.	2/7/2023 6:44 PM
515	Better roads, town owned wifi	2/7/2023 5:42 PM
516	A central entertainment area with bars restaurant and shops	2/7/2023 4:17 PM
517	Perhaps close a street or two for a walkable business district.	2/6/2023 9:41 PM
518	Maintain and protect	2/6/2023 5:43 PM
519	More dining options	2/6/2023 5:35 PM
520	Cleaner	2/6/2023 5:29 PM
521	Hub for dining and civic activities. Artisan vendors and galleries.	2/6/2023 11:02 AM
522	Continue to be a hub for community events	2/6/2023 10:30 AM
523	To remain family friendly with parking	2/6/2023 10:24 AM
524	More restaurants / small local businesses down 5th Street, Oak, and surrounding neighborhoods still mixed in with residential and old to new housing.	2/6/2023 9:58 AM
525	Bring more excitement downtown, more job opportunities, affordable housing for home buyers, put more money into community resources (i.e. rec center, library, etc.) and maintain the small town feel	2/6/2023 9:52 AM
526	I think the downtown area is off to a good start. The historic area is charming and I always enjoy going down there. However, there isn't much to draw us into downtown.	2/5/2023 2:40 PM
527	Staying a small town!	2/4/2023 9:08 PM
528	A place where you can get a small town feel but can enjoy a town where everything is within walking distance	2/4/2023 8:57 PM
529	Keep it as beautiful as it is now with more small mom and pop businesses. Need more bars and restaurants.	2/4/2023 8:38 PM
530	Growth with small town feel.	2/4/2023 8:31 PM
531	Move the Town of Frederick Town Hall and use this space for retail development.	2/4/2023 8:26 PM
532	Keeping the few blocks of Fifth St that same king of small town feel but expanding the rest down side streets or nearby.	2/4/2023 6:31 PM
533	I see more businesses coming here. This is the new place for fun in my opinion.	2/4/2023 6:22 PM
534	Continue to add housing / stores and keep the small town feel.	2/4/2023 6:11 PM
535	Update and add restaurants / breweries	2/4/2023 6:06 PM
536	A lively destination for the Carbon Valley	2/4/2023 5:53 PM
537	To increase the number of shops and restaurants	2/4/2023 5:41 PM
538	A district that still has locally owned businesses	2/4/2023 5:31 PM
539	Something like Bricktown in Oklahoma City	2/4/2023 4:39 PM
540	Same as above	2/4/2023 4:26 PM
541	Some place to go and have fun!	2/4/2023 4:23 PM
542	More restaurants. The town of Frederick occupies most of the building. The towns services needs to be consolidated to one building. We need attractions downtown	2/4/2023 3:56 PM
543	No bad businesses; No large companies	2/4/2023 3:43 PM
544	Do not offer incentives to attract businesses. Allow growth to happen slowly	2/4/2023 3:36 PM
545	Growth! More restaurants, entertainment	2/4/2023 3:21 PM
546	Restaurants, night life, culture	2/4/2023 3:08 PM

547	Building updates and more business	2/4/2023 2:46 PM
548	Neighborhood businesses, not large commercial stores	2/4/2023 11:57 AM

641	A hub for entertainment and hangout. Would love to see downtown closed and festivals on the street. More options like mountain cowboy. Shopping options. Would like to spend a day shopping eating and hanging out with friends. Would be nice to have a shopping and hangout destination for people from all over NOCO and those driving through I25.	1/27/2023 10:00 AM
642	It is what it is ! parking is bad! People don't want to go there !	1/27/2023 9:09 AM

643	Reduce traffic or eliminate it.	1/27/2023 8:07 AM
644	Downtown is where the focus should be- make it more a small town feel with a lively down town. A few more Mom ' Pop retail shops. Bars. A fun place to visit all day long! Ice cream shop, retail NOT name brands.	1/27/2023 8:03 AM
645	The town has moved on from trying to "revitalize" downtown. If they want a downtown feel, they should build it somewhere else. There is no "downtown" to revitalize. There are less than 10 businesses downtown, 6 of which are in the strip mall. No space to make "downtown" better. Downtowns in other communities extend several blocks, which is something Frederick just doesn't have.	1/27/2023 7:37 AM

662	Stay small town and limit growth	1/26/2023 2:19 PM
663	I would like to see it be more like Louisville, CO. There is a good mix of restaurants, park spaces and events that happen in the downtown. It's a destination all day. Coffee shops (locally owned); sit-down restaurants with different options - we have enough pizza. Higher end/nice family restaurants; shops, art galleries, etc. Something that will bring people together in town	1/26/2023 2:10 PM
664	More family owned businesses(food, retail)	1/26/2023 1:27 PM
665	The heart of our town that can be accessed by all.	1/26/2023 9:58 AM
666	I think it will continue to thrive. The businesses downtown are run by wonderful people, but they are not enough for the population of Frederick.	1/26/2023 9:22 AM
667	Update but keep the history, old buildings, ect. of old Town as well	1/26/2023 7:26 AM
668	Create a downtown destination. Attract a mix of small businesses and build on the ones we have. A pedestrian only district would be a great start!	1/26/2023 5:24 AM
669	More businesses, restaurants and nightlife	1/25/2023 10:07 PM
670	Getting more places to eat, and hang out with friends I In the evening and weekends.	1/25/2023 5:09 PM

Its sad. Firestone is no longer a pleasant place to visit. The apartments made it feel crowded and Kings is overcrowded. 52 is already too loud, Colo Blvd is becoming too busy and people are speeding as is. Bring in more people abd business, it will only get worse. Please dont do that to Frederick. It only invites crime. 163	If you build bike paths leading to it from surrounding communities, or make it such that people can easily access it via bike lanes with options for bike parking, that'll help draw in other non-car traffic. Can utilize two story buildings where office space for individual businesses can establish themselves (real estate, hair salon, nail salon, tax/accounting, etc) and then have retail space on street level (restaurants, home goods shop, liquor store, boutiques/clothing shops) Have a designated open space (like how we currently have with a gazebo) that can be meant for larger community events every few months that people can request/reserve to use	3/1/2023 3:59 PM

227	Concern that much focus seems to be placed on areas similar to the skate park.. the placement of the skatepark right next to homes and no consideration for the barrage of lights after dark impacts not only the close proximity of homes but also can be seen by subdivisions	2/17/2023 7:50 AM

278	We need more businesses and not just salons and tire shops. Also, the town doesn’t highlight the business very much. It seems like the only businesses that gets talked about is Georgia boys and mountain cowboy. I haven’t seen them congratulate any other businesses on their anniversary except the two of those. I was shocked to discover some small gems downtown that I didn’t know existed. But the parking is terrible downtown. I have changed where I’m going because there’s nowhere to park. Mountain cowboy needs to use their parking lot for parking and not more seating. I can tell it affects all the other businesses around.	2/11/2023 10:25 AM

282	Thank you for taking the time to gather resident's feedback. I understand that this is all a delicate balance, I personally would use a lot of CO towns as Case Studies to see what other towns have accomplished and also their pitfalls. Old Towns that kept their charm: Niwot, Erie, Arvada Towns that lost their charm (congestion, big box stores, fast food, financially unattainable): Lafayette, Louisville, Boulder, Fort Collins Malls/big box stores are going downhill with the internet, but people still want community spaces. -Community Garden -Dog	2/10/2023 3:04 PM

	Park -outdoor educational opportunities throughout parks -outdoor pop up movie theater -Intramural Field -outdoor ice skating rink for winter, that is a splash pool for summer -all trails are connected throughout town and open space areas -open space plan akin to Firestones Open Space and Trails Master Plan -Copenhagan parks are also a great Case Study: splash pools, eateries throughout park, educational opportunities -outdoor piano in Old Town Event ideas: First Fridays on Santa Fe Blvd in Baker, Denver (they block off Santa Fe Blvd for food trucks while people go to artists studios). Santa Monica, CA has a promenade where every Sunday the promenade is blocked off and there are farmers markets).

301	I don't live in Frederick and never have but I did grow up on the same street my mom grew up on in Old Town Firestone. We all went to Frederick High School. My mother is the oldest of 5. Most of my great uncles built a good portion of the old brick homes here in the tri-town area, including the Saint Theresa's Church that recently burned down. A LOT of my family still live here and have for many years. Keeping a small town feel and growing is important. I would love to move back to the tri-town area in the future grow my family and with the small town feel! My husband and I work in the area and visit often and love the area. He grew up in Arvada. Just wish the tri-town area would've thought about the history when given the opportunity of a new high school name. I will always be a Warrior! The tri-town area was based off mining towns. The Middle School follows that by being the Coal Ridge Dynamites. Frederick couldn't be the Frederick Miners? That's small town feel and keeping it for the future.	2/4/2023 9:08 PM
302	Need a second rec center. Need more dining options and retail options. We want to stay here long term to grow our family but we are bored here. Traffic on 7 /18/ and the west i25 is already bad due to people not wanting to use 119 because traffic is bad there. We have narrow 2 lane roads here and no sidewalks or speed limit enforcement. People walk and bike these roads and it's dangerous already. A school and all the traffic it would bring would be terrible	2/1/2023 7:31 AM
324	Strict adherence to long range plans outside of infrastructure is a deterrent to quality sustainable growth, the market should dictate the social needs of a community. A municipalities responsibility is to plan for the health, safety and welfare of its residents. It needs to plan for growth and maintenance of its infrastructure (water, wastewater, roads). Allowing for the consumer to decide what he/she desires in their community.	1/31/2023 4:43 PM

350	Would love you to keep trying to expand the rec center. I know it didn’t pass, but would love to see it happen in the future. I also don’t want chain businesses and stores here. I know they allow for growth, but so far, we haven’t sold out to that too much and it really is appealing that Frederick is so unique. I love living here for that reason. Growth is less important than making sure the town is safe and vibrant for those that do live here. So far, Frederick is doing a pretty great job! The massive new residential neighborhoods are really pushing the limits of what the current businesses can support. We need to swing back to now supporting new businesses to support the new residential developments.	1/28/2023 1:15 PM

It is NOT a pleasing place to visit, is not using the side streets to expand businesses, seems to be all in 1 area--a one block area--with ONLY street parking. business fronts do not look inviting to want to go into and there seem to be MANY abandon buildings, houses that were turned into business etc. let's get these fronts to look fun to go in...I notice one now---Mountain Cowboy---otherwise, rest are a dive & not inviting but go as there is NO other option downtown. and the streets/houses around downtown do not look safe to have a woman walking alone at night to meet others downtown. Lots of sketchy looking outsides of homes with junk, unkept lawns and houses. Let's get so pride people! Downtown looks the same! a few newer buildings but otherwise you let the other building deteriorate and look like shacks. no flowers anywhere nothing fun about downtown looks even the strip mall --- I mean come on, could have some cute shops there with great curb appeal but no, it looks like a mess and is it safe to eat at Bash's??? everything looks dull, depressing, uninviting, unclean, broken down (even the UPS drop box by police dept has been broken for the 3 yrs I have lived here) NOTHING seems to get fixed or brought up to speed. so why would any	1/26/2023 9:43 PM

#	PLEASE ADD YOUR THOUGHTS ON HOW YOU WOULD CHANGE THE DRAFT VISION STATEMENT, IF YOU HAVE ANY CHANGES:	DATE
1	I would keep the community garden and the KingSoopers for the most would be a good decision for the town and the jobs/revenue would be great for the town. On the other hand, many also think that shouldn’t be there because there is also Erie, Frederick and firestone all have Kingsoopers and Safeway.	9/27/2023 12:55 PM
2	More beer!!!!!!	9/27/2023 12:41 PM
3	I think less ands would make it feel less wordy.	9/27/2023 12:37 PM

4	I think that we should also put more emphasis on events	9/27/2023 12:34 PM
5	... plus we're flooded and aren't doing anything about it because we want to replace historic Fredrick with cardboard Town homes	9/14/2023 6:34 PM
6	The ending has too many "ands"	9/6/2023 9:58 PM
7	Vague. What are Frederick's "values"?	9/5/2023 10:00 PM
8	I don't love it, but don't hate it	9/5/2023 10:35 AM
9	I would shorten it some	9/4/2023 7:45 PM
10	this is odd and not accurate - and neighborhoods and districts with distinct character.	9/4/2023 4:49 PM
11	What are the values? Where is the "why"? Watch Simon Slack video	9/3/2023 8:40 PM
12	I love the community. Great people.	8/30/2023 11:20 PM
13	A little wordy.	8/30/2023 11:12 PM
14	We're here to celebrate the community that makes Frederick so special, while encouraging local businesses to thrive	8/27/2023 4:23 PM
15	I think it is a great way to bring the community together	8/27/2023 11:15 AM
16	Too long and wordy. Make it short and sweet.	8/14/2023 10:17 PM
17	Lost vision. The town has lost its way building too much residential	8/14/2023 7:17 PM
18	Remove the church, move the admin buildings to newer development. Keep downtown for local economy and commerce. Prevent major chains and fast food. Remove the strip mall with hair salon and insurance	8/14/2023 4:55 PM
19	I would re-write it as follows: Frederick celebrates its community values, relationships and connections while providing economic vitality, quality places to live, and neighborhoods and districts with distinct character.	8/14/2023 11:01 AM
20	Seems a bit wordy, but I like the message	8/14/2023 10:42 AM
21	It could be shorter and less detailed	8/13/2023 4:20 PM
22	Fewer words	8/12/2023 8:44 AM
23	Add safety to the vision.	8/11/2023 9:36 PM
24	Just another form to fill out.	8/3/2023 11:05 AM
25	Just another form to fill out.	8/3/2023 11:03 AM
26	Just another form to fill out.	8/3/2023 10:56 AM
27	Good statement, but wordy and loses audiences attention.	8/2/2023 1:49 PM
28	It is long though but covers everything.	8/2/2023 11:28 AM
29	I like it.	7/31/2023 9:59 AM
30	More restaurants	7/31/2023 9:48 AM
31	No woke anything.	7/31/2023 9:12 AM
32	Love the values - as long as they are family first.	7/28/2023 12:24 PM
33	very literal, not very visionary	7/27/2023 3:11 PM
34	Like it, but would shorten.	7/27/2023 11:45 AM
35	Doesn't say anything. Too generic. Put any town name in place of Frederick. Key word: Vision.	7/26/2023 11:52 AM
36	Kind of a mouthful and "economic vitality" and "distinct character" seem off or like they are euphemisms	7/25/2023 4:24 PM
37	Have we established that we will go with the district plan? And I think defining our distinct character (historic/small town/etc.) would give more direction	7/20/2023 9:49 PM

38	Connections to who? We should have public transportation. To connect to Thornton and Longmont	7/20/2023 8:09 PM
39	Add importance of history	7/20/2023 5:09 PM
40	Something to better paint the picture of what a great place it is and evoke positive/excited emotion. This may be over the top, but kind of what I was thinking: "Discover Frederick, Colorado: a town with distinct character, painted with the colors of camaraderie and unity; a safe community that celebrates cherished values, meaningful relationships, and heartfelt connections; a place where economic vitality thrives, giving residents and local businesses the wings to soar!"	7/20/2023 4:36 PM
41	Too long	7/20/2023 9:31 AM
42	Only implement changes that are within the current budget and require no changes to taxes, or better reduce taxes	7/20/2023 7:55 AM
43	Nothing tangable, just marketing buzz. Keep it simple and direct	7/19/2023 12:04 PM
44	Add something like: Quality living with lots of open space, trails, nature's wonderland...	7/12/2023 12:14 AM
45	I would add an EQUITY statement or vision	7/10/2023 3:09 PM
46	Don't know enough about it to answer	7/8/2023 9:00 PM
47	Great, but stop after the word "businesses"	7/7/2023 10:29 PM
48	I hate how "economic vitality" sounds	7/1/2023 3:53 PM
49	Economic vitality? Not sure how	7/1/2023 1:10 PM
50	I think it is spot on!	7/1/2023 12:49 PM
51	"Economic vitality" is whitewashed	7/1/2023 8:44 AM
52	Districts won't make sense to most people.	7/1/2023 6:48 AM
53	It's way, way too long	6/30/2023 7:18 PM
54	I like the idea of promoting neighborhoods and districts with a distinct character. The rest is somewhat vague.	6/24/2023 9:37 AM
55	Something regarding a SMALL community & old town preservation.	6/24/2023 2:23 AM
56	There is nothing in it about open space or recreation (parks/trails....)	6/22/2023 3:36 PM
57	The vision statement is just words. It's actions that count. What are the values? What relationships are you referring to? Economic vitality? Does that mean you want to attract businesses?	6/22/2023 10:17 AM
58	Add a comma after "relationships".	6/22/2023 8:36 AM
59	All linked together with a vast series of trails and open space.	6/21/2023 8:56 PM
60	Does the word "districts" need to be in there? I think that "neighborhoods" covers it. Or, put a qualifier on what you mean by districts. Is that political districts, metro districts, school districts?	6/21/2023 7:55 PM
61	…,... and neighborhoods with distinct character.	6/21/2023 7:11 PM
62	"Quality places to live" - Quality seems stiff. Come up with a better word	6/18/2023 8:51 AM
63	I don't think Frederick has any districts with distinct character. It seems very homogeneous.	6/17/2023 8:15 PM
64	It's a start...you are addressing the right issues.	6/17/2023 7:38 PM
65	I would modify it to read: Frederick celebrates its relationships and connections as a community while providing economic vitality for residents and local businesses, while promoting distinct character.	6/17/2023 7:07 PM
66	The small town feel / businesses - the variety of options of places to explore but still have room for growth	6/16/2023 3:11 PM

67	What are the values? Relationships and Connections are much the same thing. Same thing with neighborhoods and districts. What distinct character? Old town, new build, what are the distinct characters?	6/16/2023 2:52 PM
68	we really only care about downtown,, all outer areas of town even though in city limits and paying our taxes get no attention or services,,example..all power lines downtown will be underground,, but not ALL of Frederick is cared for in this way,, so we pay your taxes yet dont get treated EQUALLY	6/16/2023 1:17 PM
69	The second half reads a bit awkwardly.	6/16/2023 11:54 AM
70	Frederick is safe spaces and friendly faces, where you don't have to look too hard to find a helping hand. Frederick is vibrant downtowns and rich history and moves forward confidently and sustainably. Frederick is the sound of chainsaws and the quiet chorus of summer crickets, the cheers for kids, and the deep value of small business. Frederick is safe, welcoming, home.	6/16/2023 11:28 AM
71	"economic vitality" means something different to different people	6/16/2023 11:02 AM
72	distinct character and small town feel.	6/14/2023 2:20 PM
73	Love it!	6/12/2023 11:02 PM
74	I like it fine. It seems non-threatening.	6/12/2023 2:19 PM
75	I'm not sure what the values are.	6/12/2023 10:56 AM
76	Simplify!	6/12/2023 10:49 AM
77	Distinct character? Not so much, most of the homes built are stick built.	6/12/2023 10:31 AM
78	This feels future Frederick, not now Frederick; economic vitality?	6/12/2023 9:59 AM
79	Just doesn't seem accurate that the town provides economic vitality. No one can work here and we all have to commute.	6/12/2023 9:53 AM
80	Just make it 2 sentences. It's too crammed as is.	6/12/2023 9:16 AM
81	Seems too wordy/long.	6/12/2023 9:08 AM
82	Question - What is the purpose of this statement?	6/12/2023 8:17 AM
83	Vision statements are for businesses, not towns	6/11/2023 9:51 AM
84	"Values" is a little vague, perhaps specifying or not not listing it first would make the vision more coherent.	6/11/2023 9:41 AM
85	Stop paying for vision statements. Invest in infrastructure maintenance.	6/11/2023 8:54 AM
86	I disagree with places to live and local businesses.	6/9/2023 2:23 PM
87	Great.	6/9/2023 1:51 PM
88	Adding something about play areas for children of all ages could be included some how with neighborhoods.	6/9/2023 1:42 PM
89	On fence just because "mission statements" are administrative onanism.	6/9/2023 12:16 PM
90	Would love to be able to support more small businesses who also help the community.	6/9/2023 11:20 AM
91	Too much!	6/9/2023 11:07 AM
92	"... quality places to live AND play..."	6/9/2023 10:21 AM
93	"To create a unique and deeply connected community that fosters meaningful connection, support, and opportunity for residents and local businesses to thrive."	6/7/2023 2:40 PM
94	CO	6/7/2023 1:16 PM
95	Possibly make it a little less wordy and concise. I definitely don't hate it.	6/7/2023 9:30 AM
96	something about being built on what matters	6/5/2023 10:11 AM
97	The "values" part is confusing. What values are you referring to?	6/4/2023 8:39 PM

98	Frederick celebrates its values, and makes connections with its community, while….	6/4/2023 1:14 PM
99	N/A	6/4/2023 10:27 AM
100	The words “values” and “quality” are good, but what Frederick specifically values and deems quality must be inferred. Can those sections be rephrased to be more specific?	6/3/2023 9:32 PM
101	Not sure what "values" you are referring to, I dislike the removal of the words "inclusive" and "culturally vibrant" (from current vision statement), but I love the second half of this vision statement (from "while providing")..	6/3/2023 4:41 PM
102	Could be more compact.	5/31/2023 8:11 AM
103	future development should pay for increased demands on local government service like police and fire.	5/31/2023 7:48 AM
104	Not sure what values Frederick has aside from a small town feel.	5/31/2023 7:14 AM
105	Include safety and well-being of residents	5/30/2023 10:29 PM
106	Specify one of our intendifiable characteristics is that of a small, close knit town.	5/30/2023 9:28 PM
107	We celebrate our values? What are our values???	5/30/2023 8:30 PM
108	Public transportation-handicapped	5/30/2023 7:58 PM
109	i would welcome new residents, more about new ideas and business. Also mention something about diversity of our population.ing about diversity.	5/30/2023 2:40 PM
110	Add the word security	5/29/2023 10:17 AM
111	Horrible	5/28/2023 9:16 AM
112	wordy and poor grammar. Get rid of districts way too many "and" used	5/26/2023 8:24 AM
113	Frederick celebrated its values, relationships and connections as a community while providing economic vitality for _all_ residents	5/25/2023 10:19 AM
114	mentioning celebrating 3 things without clear definition of those is rather vague. What are Frederick's values? What relationships? Which connections?	5/24/2023 10:59 PM
115	Way too wordy	5/24/2023 10:14 PM
116	Add at the end: while preserving the unique historic nature of its origination (or beginnings.)	5/24/2023 6:18 PM
117	I would try to simplify slightly	5/21/2023 10:22 PM
118	Please emphasize safety. If we don’t value that, everything else falls out of balance.	5/21/2023 9:40 PM
119	I like the specificity regarding local businesses, but may add or modify to in muse larger corporations/businesses as well (i.e. King Soopers)	5/20/2023 7:26 PM
120	Leave it as is; perfect!!	5/19/2023 10:55 AM
121	Depends on the "values" meant by this statement. I've personally seen many small towns stagnate and wither because of their "values" that are counterproductive to inclusion, equality, and progress. All of this sounds perfectly fine otherwise, just not exciting.	5/18/2023 2:25 PM
122	Would love a diversity mention	5/17/2023 8:59 PM
123	Really need to add something about our history (indigenous peoples who lived here first, coal mining history, who's the town named after?, etc.).	5/17/2023 7:19 PM
124	We really need more activities for kids 12 and up. We need better shops and restaurants.	5/17/2023 12:29 PM
125	No mention of value of open space or nature	5/16/2023 4:10 PM
126	What are Frederick’s values stated as opening the sentence	5/16/2023 7:44 AM
127	Something with regard to infrastructure. Water/utilities, road improvements/repairs. That stuff is all part of true sustainability for the TOWN.	5/15/2023 11:01 PM
128	Not a fan of Districts with distinct character	5/15/2023 7:52 PM

129	Our neighborhoods are pretty cookie cutter, I wouldn't say they have distinct characteristics.	5/15/2023 7:05 PM
130	From the data it looks like being a small town and retaining that feel is an important part in the town's vision.	5/15/2023 4:19 PM
131	Take out and neighborhoods and districts with distinct character and put in " and a vibrant and safe communities throughout our city.	5/11/2023 8:50 PM
132	CO	5/11/2023 7:40 PM
133	Focus on sustainability and eco conscious growth	5/11/2023 1:18 PM
134	diversity needs to be addressed more explicitly	5/11/2023 10:42 AM
135	I	5/11/2023 9:45 AM
136	very vague, add detail, what places to live, what districts, what connections.	5/11/2023 6:48 AM
137	More focus on cultural events that would bring the community together	5/11/2023 12:53 AM
138	Does not fit what Frederick is any longer. Still abiding to what new residents want.	5/10/2023 8:53 PM
139	values is a really vauge statement about a town made up of individuals who all have different values….	5/8/2023 1:23 PM
140	CO	5/8/2023 7:49 AM
141	Revise definitions around motorized vehicles	5/6/2023 8:20 AM
142	very comprehensive but not succinct	5/5/2023 10:42 PM
143	Don't like the districts with character statement	5/5/2023 10:15 PM
144	Where is this vitality to local business? Our downtown is empty. Storefronts.	5/5/2023 5:55 PM
145	It's to long	5/5/2023 1:42 PM
146	There are only quality places to live if you can afford a 500k+ home or rent a place for 2000 or more a month. Until Frederick addresses the gross housing inequality they need to remove any mention to quality housing.	5/5/2023 12:16 PM
147	Not sure there is distinct character amount district's. It all pretty much just cookie cutter houses, ugly	5/5/2023 9:29 AM
148	Not defined enough. "Economic vitality", "quality places", and "distinct character" have different meaning to different people.	5/5/2023 8:22 AM
149	I would add something that allows us to shop without driving 20 minutes to get to anything besides a grocery store, auto parts r Ace hardware. We need more businesses in this town that are actually where people shop.	5/5/2023 5:40 AM
150	It's a bit of a mouthful...	5/4/2023 10:55 PM
151	It's an awful lot of words, which makes it hard to wrap my mind around. Can you make it sound less like something that a government bureaucracy wrote and more like something that people in the community would say!	5/4/2023 10:47 PM
152	Feels like it's too dense. Needs to be more concise.	5/4/2023 9:14 PM
153	Too long, remove or reword last half of statement. Also punctuation is needed.	5/4/2023 8:31 PM
154	If Frederick wants to say that it focuses on quality places to live then it needs to stop adding over crowded subdivisions.	5/4/2023 7:37 PM
155	We don't have distinct neighborhoods, so this is a bit of a bait and switch.	5/4/2023 7:26 PM
156	Remove "districts"	5/4/2023 6:33 PM
157	More activities as a town	5/4/2023 6:23 PM

Q2 Which characteristics of Frederick make it a special place? Which aspects of its identity are the most important to protect and enhance?

#	RESPONSES	DATE
1	The wood craving festival and the farmers market it gives it the small town feel.	9/27/2023 12:55 PM
2	I truly do feel like Frederick in a way has a tight knit community and a small town feel. It develops more and more every year, but it has still been able to maintain feeling like a small town because of the community, I think.	9/27/2023 12:53 PM
3	Frederick has a small town feel that makes the people feel connected and part of a community.	9/27/2023 12:42 PM
4	I like the feel of the town, and the fact that I have a community where I know a lot of people.	9/27/2023 12:41 PM
5	That we are a small town that is growing but still have small town vibes. I think we need to try and protect being a small town but most importantly just try and keep the community connected as we continue to grow.	9/27/2023 12:41 PM
6	I love maintaining the small town feel, but also prioritizing the possibility of growth and expansion.	9/27/2023 12:40 PM
7	The small feeling if everyone going to the sporting events and the kids being able to walk around after school.	9/27/2023 12:40 PM
8	Frederick has a very uniquely interconnected community, this is what should be protected and enhanced.	9/27/2023 12:40 PM
9	I love the community and the environment. It feels like everyone takes care of each other.	9/27/2023 12:38 PM
10	Fredericks history and culture. For example miners day and our town hall representing our mining history and how it was founded.	9/27/2023 12:38 PM
11	It’s important to keep the small town feel.	9/27/2023 12:38 PM
12	The small town/country town feel. And the festivals make it feel like the town is connected.	9/27/2023 12:37 PM
13	I like the small town feel of Frederick and how its community based.	9/27/2023 12:36 PM
14	I think the fact that the community is always kept in mind and building that community with events and development. I think that Frederick has a good foundation and great fundamentals.	9/27/2023 12:35 PM

20	I think small town makes it more fun	9/27/2023 12:33 PM
21	I like the rural community feel of it. The way that the community comes together to support eachother feels very homey.	9/27/2023 12:30 PM
22	The fact that my house has been flooded since 2 months after I bought it. It's a financial burden that is all consuming and if I don't die from the mold and disease I'm forced to be exposed to, I'll die from the stress of knowing my home and the rest of town are sinking into a gigantic pit. I find solice in the fact that the pit will most likely consume city hall as well	9/14/2023 6:34 PM
23	Quaint and historic, while also innovative and progressive	9/8/2023 6:13 PM

24	Frederick is special because of the safe small town feel with potential for quality growth via businesses downtown. Safety, walkability and small town feel are most important to protect	9/8/2023 5:52 PM

187	Small town feel!	8/2/2023 1:40 PM
188	I like a distinct and functional downtown area with events that focus on downtown. I really want Frederick to stay small.	8/2/2023 1:36 PM
189	The town events.	8/2/2023 1:26 PM
190	Old town. Small town feel. Open space.	8/2/2023 11:28 AM
191	Chainsaw carving	8/2/2023 11:20 AM
192	Small community - great community spirit.	8/2/2023 11:10 AM
193	Wood carvings around town.	8/2/2023 10:55 AM
194	The home feel, not a big city with access to everything.	8/2/2023 10:28 AM
195	Small town feel. No more houses.	8/2/2023 10:15 AM
196	Small town community. Unique. Sports town!!	8/2/2023 10:03 AM
197	Both rural and city life, small town is good.	8/2/2023 9:31 AM
198	Love the Small Town Community Feel. (I.E. Festivals/Community Activities) Need a wider Downtown street 2 Lanes each direction minimum with Bike Lanes. Also need more community Parking. Maybe small Parking garage. Expansion of Downtown to West side of Colorado Boulevard. Possibly Going parallel to Colorado Boulevard traveling South since Oil Wells directly in way going straight West.	8/2/2023 2:38 AM
199	Parks, Schools	7/31/2023 12:06 PM
200	The unique community events bring excitement and character to Frederick as well as connect people.	7/31/2023 12:03 PM
201	The community events.	7/31/2023 11:59 AM
202	It's progressive and wants growth. It's necessary to accept this so it can be beneficial.	7/31/2023 11:55 AM
203	Love the community events.	7/31/2023 11:45 AM

204	Characteristics that make Frederick special are the real nice people we have in the neighborhood. The most important to protect is the kind community we love.	7/31/2023 11:41 AM
205	Low traffic - low theft - because this is on the rise.	7/31/2023 11:22 AM
206	Small town feel with great events.	7/31/2023 11:17 AM
207	Focus on people and quality living for families. More walking paths and activities.	7/31/2023 11:13 AM

222	Small town feel	7/27/2023 1:01 PM
223	Family friendly, quality places to live.	7/27/2023 12:08 PM
224	Small town feel to downtown. No big box stores. Local owned businesses.	7/27/2023 11:45 AM
225	Community feeling. Events free and open to everyone.	7/27/2023 11:37 AM
226	Parks, Community outreach, art and local culture.	7/27/2023 11:22 AM
227	The views and trails.	7/27/2023 10:58 AM
228	The views and trails.	7/27/2023 9:27 AM
229	Safety and Opportunities. Frederick offers so much for residents. I don't feel like I have to worry about letting my daughter go outside.	7/27/2023 9:15 AM
230	Nice People.	7/26/2023 12:54 PM
231	Small town feel.	7/26/2023 11:56 AM
232	Small town community feel. Keep the small town feel.	7/26/2023 11:39 AM
233	Small town that feels safe. Great Community.	7/26/2023 11:29 AM
234	Small town	7/26/2023 11:21 AM
235	Preserve Downtown and its distinctive set of business about.	7/26/2023 11:17 AM
236	Small town feel. Open Spaces.	7/26/2023 10:48 AM
237	Politics, small town, the feeling of community.	7/26/2023 10:40 AM
238	Small town feel, community friendly.	7/26/2023 10:27 AM
239	Small town feel.	7/26/2023 10:12 AM

240	Community.	7/26/2023 9:56 AM
241	It's community.	7/26/2023 9:37 AM
242	Rec Center	7/26/2023 9:12 AM
243	Family friendly, a little bit country, awesome mountain views	7/25/2023 4:24 PM
244	I would say older building in downtown Frederick.	7/25/2023 4:14 PM
245	smaller town and less traffic. Slow down on housing we need to save water, roads are not made for large expansion of housing	7/25/2023 3:52 PM
246	I like the small community feel. I love all the summer events. Keep the small and local feeling whilst continuing to grow!	7/25/2023 3:33 PM
247	Small town vibes, low building heights, rich in history and culture.	7/25/2023 3:28 PM
248	Its community.	7/25/2023 3:20 PM
249	The people! We have great police department! All things that are here already.	7/25/2023 3:05 PM
250	Only 2 story buildings.	7/25/2023 2:55 PM
251	We need more local businesses and anchor tenants. Let's try to attract a Whole Foods or Trader Joe's	7/23/2023 7:32 PM
252	I love the events they do and the focus they have on community	7/22/2023 6:24 PM
253	Growth is important but it must be managed. Keep growing but make sure there are plenty of open spaces between development whether it’s business or residential. Along with people come increased traffic so managing things like 52 and colorado Blvd is important but one doesn’t want it to look like 120th Ave in Thornton!	7/22/2023 6:13 PM
254	Wood carvings, art, recreation	7/21/2023 7:39 PM
255	Cozy small town feel, up & coming, rich history	7/21/2023 11:03 AM
256	The small town feel and community events and connection make Frederick great! Although growth is important and inevitable, carefully planning the build out to widen the footprint instead of overwhelm downtown could be a way to do both - keep the small town feel and provide convenient services for a growing area.	7/21/2023 10:29 AM
257	Small town community events. Frederick in Flight, Chainsaws and Chuckwagons, etc. These events draw ppl from all around and bring the community together as well	7/21/2023 7:15 AM
258	Small town feel!!! Quaint and charming. This goes hand in hand with the closeness of the community, lack of violence and small business growth.	7/20/2023 9:49 PM
259	It is a safe community with many parks and restaurants. You don’t provide economic vitality. How many people who live here work here??	7/20/2023 8:09 PM
260	I Like the small town feel	7/20/2023 7:59 PM
261	Small town feel Quiet	7/20/2023 5:13 PM
262	Historical aspects, cultural feel, small town feel	7/20/2023 5:09 PM
263	- Safe - Not overly congested (yet), so you see the picturesque landscape and mountains - community, town events -ENHANCE open space, trails and parks!!	7/20/2023 4:36 PM
264	Small town feel, community events and connectedness set Frederick apart.	7/20/2023 1:11 PM
265	The downtown small town feel. We moved to this beautiful town because of the local establishments. As the town grows, don’t let it loose that feel.	7/20/2023 12:56 PM
266	Small town	7/20/2023 12:04 PM
267	Small, friendly town feel. It’s history and awesome small town events that we have need to protect.	7/20/2023 9:59 AM
268	Small and friendly community	7/20/2023 9:41 AM

269	Community and family, values Enhance food and entertainment options	7/20/2023 9:31 AM
270	Small town	7/20/2023 9:30 AM
271	Local support and used to be portions of unincorportated weld county that benefited from lower taxes. Now it is hard to find either of those.	7/20/2023 7:55 AM
272	Places to eat that are open past 7pm	7/19/2023 12:04 PM
273	Small town with plenty of open space with mom and pop stores and restaurants.	7/19/2023 10:36 AM
274	Add planning and development of equal proportion for parks, recreational open space and trails to the west side of Frederick!!! Specifically, Wyndham Hill!	7/12/2023 12:14 AM
275	The low population. The view of the mountains. The kindness of the residents.	7/11/2023 9:52 AM
276	The community	7/10/2023 6:13 PM
277	Small town feel	7/10/2023 3:09 PM
278	Outdoor space, special events	7/8/2023 9:58 PM
279	Small town community	7/8/2023 9:50 PM
280	Love outdoor spaces	7/8/2023 9:41 PM
281	Small town atmosphere and friendly. I like the small community in the midst of a lot of growth.	7/8/2023 9:32 PM
282	Small town atmosphere	7/8/2023 9:23 PM
283	Small town feel	7/8/2023 9:15 PM
284	I love the wide open spaces around the community. The quiet in the air. I love seeing eagles, hawks and an occasional fox.	7/8/2023 9:31 AM

293	The area is a safe place to live.	7/7/2023 6:07 PM
294	I enjoy driving through roads where the two sides have nothing but farmland, it's very peaceful. I hope we won't eliminate all of that.	7/2/2023 1:50 PM
295	Frederick is not very progressive, and it has been that way for awhile.	7/2/2023 1:21 PM
296	It is community minded. It is developing but maintaining a small town mentality	7/2/2023 8:51 AM
297	I don't know	7/2/2023 8:42 AM
298	Small town with easy access to a multitude of outdoor mountain activities. We need to make sure a million buildings aren't built.	7/2/2023 8:37 AM

331	Small town feel	6/28/2023 9:19 AM
332	The fact that Frederick is still identifiable as a unique small town is special. Its blue-collar roots make it unique as well, with small-scale, humble infrastructure and buildings.	6/27/2023 2:41 PM
333	Small town feel, sense of community	6/24/2023 2:08 PM
334	Frederick should strive to protect its small town feel.	6/24/2023 9:37 AM
335	QUIET, OLD TOWN ESSENCE. STAUNCH THE MAJOR THOUSAND HOMES DEVELOPMENTS.	6/24/2023 2:23 AM
336	Having a good local business culture. Need more though. Would be great to get more local restaurants with interesting food options.	6/23/2023 6:35 PM

337	It's history as a mining community, friendliness of most people, small size but still some amenities, festivals that enhance it's character such as the hot air balloons, chuckwagons and chainsaws, miner's day, etc.	6/22/2023 10:39 PM

343	It is important to protect and enhance to local art that makes Frederick unique. Our chuckwagons and chainsaws, including the carvings all over town, are unique to Frederick and something that needs to be preserved. I think anyone who feels that aspects like "small town culture" should be preserved are wrong. We need to embrace growth and change in all aspects, but retain what makes Frederick unique such as the art, the hot air balloon festival, etc.	6/22/2023 9:00 AM
344	Locally owned small businesses.	6/22/2023 8:36 AM
345	Small town and community oriented. Protect open space. Don’t become another Thornton/Northglenn/Westminster conglomerate where the towns have merged with no distinct identity	6/22/2023 6:52 AM
346	Small town feel with open spaces and community events	6/21/2023 11:36 PM
347	Small town feel and open space. More trails and preserve / expand open space.	6/21/2023 8:56 PM
348	I love the small town feel of Frederick. I love that this town has a heart. We look out for each other. I hope we keep small businesses and keep our the big box stores and food chains.	6/21/2023 8:43 PM
349	Small town vibes all day. Protect the family friendly community. Safe spaces for kids and families to grow and be together	6/21/2023 8:04 PM

492	I do love the small town feel and all the small businesses.	6/9/2023 10:27 AM
493	Low crime rate. Safe. Quiet. Small-town friendliness and all the town events.	6/9/2023 10:21 AM
494	Location - quiet, yet close to the big city.	6/9/2023 10:07 AM
495	The small town feel and the open space. It's sad to see so much building and housing going . Before long it will be just like all the other big crowded cities.	6/9/2023 9:29 AM
496	I moved here because this place is quiet and there is a lot of open space for recreation.	6/8/2023 10:04 AM
497	Family friendly, protecting the future	6/7/2023 5:51 PM
498	Small town feel	6/7/2023 3:21 PM
499	Cleanliness. Artsy (woodwork) love the individual businesses. I would love to see a lot of our open space to remain open. I don’t want Frederick to be another normal suburb. Enhance the downtown and rec centers would be great. It would be amazing to have an outdoor pool. I know it was turned down but a basic outdoor pool with a slide would be great for families with kids. We love the biking trails. Adding trees near the trails on Colorado Blvd would be beautiful. A crosswalk at Tipple and hawthorn would be really great. We have a bus stop there for the kids and there has been multiple times that people coming from east fly down that road. There’s a huge increase in traffic since the DR Horton homes went up on the North side of Tipple.	6/7/2023 2:41 PM
500	Frederick's small-town feel with great local businesses and initmate community events must be protected at all costs as the town grows.	6/7/2023 2:40 PM
501	It should keep the feel of a small friendly town even though it is growing.	6/7/2023 1:52 PM
502	Small town feel. Ample opportunity to join with the community.	6/7/2023 1:16 PM
503	The small town feel with community events and country vibes. The open space and trails are	6/7/2023 11:57 AM

510	Beautiful trails and open space and chainsaws and chuckwagons sculptures	6/5/2023 9:45 AM
511	The mix of heavy commercial, residential and small businesses. There is a good mix which allows the town to grow strong. The downtown is great and I believe it will slowly grow in a good way.	6/4/2023 8:39 PM
512	SAFE, Rural.	6/4/2023 7:18 PM
513	Purchase more open space. Connect all the trail systems in the community.	6/4/2023 7:15 PM
514	One characteristic of Frederick I like, is the community traditions that are in place; Miner's Day Parade, Frederick in Flight, the Fourth of July Parade, and the tree lighting ceremony in December. I think it's important to keep the historical nature and identity of downtown. Any new buildings should mimic the existing motif.	6/4/2023 1:14 PM
515	I like the community and small town feel	6/4/2023 12:18 PM

561	Small-town feel which means LESS traffic, LESS car and housing congestion, NO box stores, LIMITED number of car repair stores/shops, MORE eclectic small businesses including art galleries, specialty shops, etc.	5/17/2023 7:19 PM
562	I love the small town feel but wish there were more activities for kids 12 and up and family events for older kids.	5/17/2023 12:29 PM
563	Small town feel, safety, appreciation of each other and nature.	5/16/2023 4:10 PM

564	Small town feel with locally-owned shops and easy access to larger towns	5/16/2023 2:20 PM
565	It use to be the small town feel but that is slowly going away.	5/16/2023 2:14 PM
566	Small town feel with an up-and-coming vibe. Great things are coming to Frederick!!	5/16/2023 7:55 AM
567	Community driven, incorporation of public art and experiences	5/16/2023 7:44 AM
568	Community is what makes Frederick special. We need to preserve this small town atmosphere while we grow. Growth is inevitable, however, we do not need to become just another city on the I-25 corridor.	5/16/2023 7:44 AM
569	Small town with adequate police staffing.	5/16/2023 7:05 AM
570	Small-town. Slow. Local. Friendly.	5/16/2023 5:58 AM
571	SLOW GROWTH. We all mostly moved here to get away from clustered cities , traffic, restaurants & box stores!	5/15/2023 11:01 PM
572	Friendly	5/15/2023 8:31 PM
573	Small town feel	5/15/2023 8:15 PM
574	Safe, small town feel	5/15/2023 8:12 PM
575	Slower pace of life. Not a lot of new neighborhoods or box box stores. Walk ability to places. Safe. Small owned businesses and restaurants lonely found in Frederick, old town Frederick.	5/15/2023 7:55 PM
576	It’s desirable location; best views of the Front Range (Long’s, Indian Peaks, etc.); and east access to everywhere.	5/15/2023 7:52 PM
577	Small town feel with amenities.	5/15/2023 7:34 PM
578	The convenience to i25. It does have a small town feel and I really do feel safe here	5/15/2023 7:05 PM
579	The small town feel! Our breweries are awesome too. Also the balloon festival, chainsaws/chuckwagons, etc, are such wonderful ways to come together as a community and to bring in visitors to stimulate our economy as well.	5/15/2023 4:19 PM
580	Small town vibes. Need some more small town restaurants.	5/15/2023 3:22 PM

585	It’s a safe small town with lots of trails/ outdoor activities.	5/11/2023 9:10 PM
586	The location overlooking Rockies Safety Family oriented More parks and recreation facilities	5/11/2023 8:50 PM
587	Frederick is based on the care of the community and the residents; not to push for quick sales and growth and listens to what the community has to say.	5/11/2023 7:40 PM
588	small town business/boutiques/unique sit down eateries and to keep the small town feel & friendliness	5/11/2023 3:50 PM
589	The community togetherness, the special events and festivals unique to Frederick.	5/11/2023 1:18 PM
590	We like the small town feel. Love the square where all events seem to take place. The walkability of the area is good however sidewalks need to be updated.	5/11/2023 12:26 PM
591	I'll be honest, I don't love living in Frederick, it's not exactly "perfect" for me (not enough retail/restaurants) I would like to see more retail, restaurants, open space/green space, paved trails, well maintained sidewalks and walkability as a focus for the future.	5/11/2023 10:42 AM
592	The small town feel & feeling safe. It is nice not having to deal with all of the issues that city-life involves (i.e., crime, traffic, filth, etc.)	5/11/2023 9:45 AM
593	small town, near to larger towns	5/11/2023 8:48 AM
594	Safe and friendly	5/11/2023 6:48 AM

596	Small town feel	5/11/2023 12:53 AM
597	Enhance park space and offer more diverse offerings within town	5/10/2023 10:27 PM
598	Protect our unique small town living.	5/10/2023 9:56 PM
599	Small town feel. Locally owned amenities.	5/10/2023 9:15 PM
600	Small town feel, safety and security	5/10/2023 9:11 PM
601	Home town feel. Scenery/nature. All going away because people want all of these things in this small town. Some things are nice but building in very available space is just another Longmont and Broomfield	5/10/2023 8:53 PM
602	Small town. Affordable. The views	5/10/2023 8:14 PM
603	Mountain views	5/10/2023 2:18 PM
604	Small town feel	5/9/2023 12:46 PM
605	Small town. Love our little down town	5/8/2023 7:49 AM
606	It's 'small town' feel is so nice and our hope is that Frederick wiill find ways to maintain that feel despite future growth.	5/7/2023 8:49 PM

610	Knowing your neighbor, feeling connected to those around you, having the feeling of safety and security, being able to enjoy recreational activities close to home without overcrowding.	5/5/2023 10:15 PM
611	The small town feel I feel it’s very important to protect this. A thriving old downtown area helps with this.	5/5/2023 8:03 PM
612	Outdoor spaces	5/5/2023 7:32 PM
613	Historic downtown historic neighborhoods within walking distance to downtown but what is there to do downtown??? I go to peel once a week.. other than that where is there to go mountain cowboy gets filled up. Honestly, nowhere to take family that comes to visit. We often have to go to Firestone or other towns to enjoy some quality food, restaurant ambiance and trails. It would be nice if we could get a gift shop or a lunch place. Some healthy food options to take families and kids.	5/5/2023 5:55 PM
614	Small town feel	5/5/2023 4:57 PM
615	Fun small town feel, but close enough to the big city. All of the special events like santa driving around at Christmas, the christmas parade along with the other parades. Concerts, fireworks, carving, old settlers celebration, along with the many others. We LOVE the concerts!	5/5/2023 2:47 PM
616	The appreciation of art in the community and the towns effort to buy/show off this art. This makes Frederick an unique place.	5/5/2023 12:16 PM
617	Smaller town	5/5/2023 10:29 AM
618	It's small and there aren't a lot of people.	5/5/2023 9:29 AM
619	Small-town safety security open-space shopping dining	5/5/2023 9:20 AM
620	It's a town that has a small town vibe but is growing so it needs to protect that small town vibe that everyone likes but still be able to accommodate the fact that it's a growing town. Keeping the downtown area as small businesses only would be cool but add some more big box stores closer to the freeway	5/5/2023 8:31 AM
621	Quiet community	5/5/2023 7:45 AM
622	5th street	5/5/2023 6:35 AM

623	The small town events that bring in people from our of town. Enhance the family feel and closeness of residents.	5/5/2023 5:40 AM
624	The small town feel but also with a growth mindset. The small town charm with community events.	5/4/2023 10:55 PM
625	It feels connected to its history and still has a safe, small-town feel. That makes it feel like a community. Frederick can continue to embrace its unique identity instead of trying to be like surrounding towns.	5/4/2023 10:47 PM
626	Small town feel close to Denver	5/4/2023 10:02 PM
627	it was a quiet small country town, would like that again	5/4/2023 9:27 PM
628	Small town	5/4/2023 9:19 PM
629	Downtown is great!!! Needs to stretch further but of course that takes time. Would like to see it continue past the roundabout.	5/4/2023 9:14 PM
630	2 lane blacktop with animals and green pastures. The down town area and events and protect the parade route. It's great.	5/4/2023 8:49 PM
631	Community and connection	5/4/2023 8:43 PM
632	Quiet and easy going. The unique wood statues.	5/4/2023 8:31 PM
633	Small business	5/4/2023 7:57 PM
634	Small town feel with respect for the past and vision for the future.	5/4/2023 7:44 PM
635	It’s safe, small town. Continuing to build subdivisions and eat up every open space will ruin that. I’ve seen small towns ruined by overbuilding before.	5/4/2023 7:37 PM
636	The schools.	5/4/2023 7:26 PM
637	Small town	5/4/2023 7:09 PM
638	Small town feel	5/4/2023 7:04 PM
639	Frederick has a nice small town and safe feel. There are nice views and open spaces. The community activities (chuck wagons and chainsaws, Frederick in flight, etc) make Frederick a very unique and fun place. It is important to continue to grow without losing this smaller town feel, but making sure it is a fun place to come.	5/4/2023 7:00 PM
640	Having an actual downtown area, small town feel	5/4/2023 6:33 PM

15	Vouchers for ridesharing	7/7/2023 6:49 PM
16	I like the trolley, shuttle, or streetcar idea. It could run between Firestone and Frederick.	7/1/2023 12:59 PM
17	Maintain what already exists	6/30/2023 7:18 PM
18	Some sort of multi-use transit would be great, but do we really have the density?	6/27/2023 2:41 PM
19	Join RTD	6/26/2023 3:47 PM
20	REPAIR ALL THE MAJOR STREETS THAT HAVE TONS OF BANDAGE PATCHING! Roads are all a mess already!	6/24/2023 2:23 AM
21	None of the above. These are all concepts that require funding by Town of Frederick, that provide gimicky value, if any value at all, and will require additional public funding to remove when they fall into disrepair and become urban blight. Focus your effort on working with Firestone and Dacono to eliminate duplicated Town services. Perhaps it is time to reconsider merging the three communities into an integrated whole without duplicated Town services.	6/22/2023 11:49 PM
22	Join Denver's transportation system RTD so that disabled can get to Denver	6/21/2023 7:11 PM
23	Where's parking in the plan??	6/17/2023 7:38 PM
24	Don't violate the street grid. Things like the area around Flatiron Mall in Broomfield and Westminster Mall redevelopment drive me away. I won't deal with paid parking or parking meters like in Boulder.	6/13/2023 3:56 PM
25	Do not take away car lanes for bikes. That is what they did in Denver and it is terrible .	6/12/2023 1:34 PM
26	Do not narrow traffic and bike lanes.	6/12/2023 8:58 AM
27	Have a shuttle connected Frederick with the airport. Need to widen Highway 52	6/11/2023 9:05 AM
28	Stop spending money.	6/9/2023 11:07 AM
29	PLEASE do not widen local streets and highways. A connected community is built around PEOPLE not vehicles. More walking trails, sidewalks, bike paths, etc. Lyons is a GREAT example of this.	6/7/2023 2:40 PM
30	more shade and seating on existing trails. drinkable water stops	5/31/2023 7:48 AM
31	better connectivity between housing developments with downtown and parks	5/30/2023 10:29 PM
32	Widen local streets and highways but also add walking and biking paths when doing so	5/30/2023 9:25 PM
33	Connect us to the metro area and Longmont by bus	5/30/2023 8:30 PM
34	Provide public transit connections to Metro buses allowing commutes to Boulder, Denver, Longmont, Ft Collins	5/29/2023 10:17 AM
35	The town will probably never complete any of these ideas you all are all talk no action.	5/28/2023 9:16 AM

36	Frequent public transport connecting to DIA/Denver/Longmont	5/12/2023 8:30 PM
37	Okay but I like them all. I walk a lot, when my younger daughter gets older I would like the bus to work, and my kids would like the train	5/5/2023 6:35 AM
38	Work with RTD to bring the N-line to Frederick. (Long term goal I know, but would better integrate us with the greater Denver area) Please do not just widen streets, it's an outdated philosophy.	5/4/2023 9:14 PM

16	More bike and walking paths throughout the community.	7/8/2023 9:31 AM
17	Trees and shade providing structures to make walking more comfortable in heat.	7/4/2023 4:24 PM
18	Please no more public art! We have enough wood carvings around town.	7/1/2023 1:10 PM
19	Stop, just stop	6/30/2023 7:18 PM
20	Trees!	6/27/2023 2:41 PM
21	Not a priority when there’s so many STREETS that need proper repairs!	6/24/2023 2:23 AM
22	These ideas all require large expenditures of tax revenue. That money is entrusted to the Town. It does not "belong" to the Town. I do not personally believe any of these concepts add value to the Town. They create infrastructure that must continually be maintained at huge continuing maintenance expense without providing value. In several of the suggested alternatives, it requires the Town to engage in yet another business best left to the private sector. For instance, if the town wants bikes available for rent, then perhaps it should work with a bike-sharing company to provide bikes rental stands on public property at no cost to the Town of Frederick.	6/22/2023 11:49 PM
23	landscape features that emphasis native grasses and flowers or edible gardens/plants that don't need excess water	6/22/2023 10:39 PM
24	Less light pollution	6/21/2023 8:43 PM
25	Sidewalks along county roads like county road 7 to walk on	6/21/2023 7:11 PM

ANSWER CHOICES	RESPONSES	
Concept 1 – "Community Hubs" – Focusing retail and shopping in 3 larger, main hubs (Downtown; Hwy 52 / I-25; and Hwy 52, west of Aggregate Ave), involving several blocks of development with strong transportation connections between them (including trails, trolleys, shuttles, Gondolas, or similar ideas)	38.35%	316
Concept 2 – "Fabric of Districts" – Creating a network of smaller neighborhood hubs or districts (of one to two blocks in size), with their own character, with places to live, work, and conduct daily business.	27.18%	224
Concept 3 – "Focus on Corridors" - Focusing retail and shopping along major corridors such as Colorado Blvd, Highway 52, and I-25	22.69%	187
Concept 4 – "Suburban Status Quo" – Following the traditional patterns of development in the area	7.52%	62

16	Why is this something for Town of Frederick to decide? Isn't this up to whatever the existing landowner wants and whatever a potential buyer wants to buy the land for? What happened to the landowner's rights in this process? Shouldn't you ask the existing landowner before re-zoning their land to some other use? An alternative use that may force the landowner to sell due to undesired and undeserved changes in taxes? If the land is not owned by the Town of Frederick or the residents of the Town as a class, then why does the Town feel it has the right to impose these types of changes?	6/22/2023 11:49 PM

1	We need to step away from the “cookie cutter” housing. The underground walkway is a great idea. Also a movie theater. Get away from Mexican restaurants have some authentic restaurants (Ex: Italian, French, etc). Expand the Rec center or build another one. 3	N/A	9/27/2023 12:42 PM
4	I would love to see a target! And frozen yogurt!	9/27/2023 12:41 PM
5	A sports complex like the rough riders one in Louisville.	9/27/2023 12:40 PM
6	Add a Target	9/27/2023 12:38 PM
7	Look into Windsors planning and how they did there town in the last 20 years	9/27/2023 12:37 PM
8	Would love to see some small improvements downtown - perhaps some fun lighting that hangs over the street, and we can paint the street and have it say "Built on what matters" or "We are Fred" - I'm happy to facilitate and get a team of volunteers and create the design! A few small things that will not break the bank!	9/8/2023 6:13 PM
9	Need more plants and flowers to help the bees	9/5/2023 10:12 PM
10	For questions 10 and 12, please change the language from "require" to "strongly encourage". I do NOT want any requirements for public art. Also, I doubt whether narrower streets provide any added safety for people walking.	9/5/2023 10:29 AM
11	Would love to see more partnership with Frederick High School. Host a back to school kickoff with booths and school booths or a sports kickoff. Erie does this with the high school there.	9/5/2023 9:59 AM
12	On question 10, would like to rank the following "other" as my second highest choice: Limit cars parked on the streets (problem in Wyndham Hill) Too long of a survey	9/5/2023 9:52 AM
13	Keep the town pretty	9/4/2023 8:19 PM
14	More trees and flowers, more parks	9/4/2023 7:15 PM
15	Focus on rural, art, and farming, and being environmentally friendly	9/4/2023 4:27 PM
16	Condition of existing water lines in Old Town is an issue.	9/4/2023 4:22 PM
17	I thought all of the ideas on Question 10 were bad ideas..	9/4/2023 4:12 PM
18	We need to fix the traffic on Hwy 52. The streets are already too narrow.	9/3/2023 8:35 PM
19	I personally would love to see more opportunities for local businesses.	9/3/2023 8:26 PM
20	I would like opportunities for more local businesses and shopping centers.	9/3/2023 8:16 PM
21	Good job!	8/31/2023 8:16 PM
22	Good jobs	8/30/2023 11:20 PM
23	We also need new bathrooms in the parks.	8/27/2023 4:23 PM
24	I like	8/26/2023 9:15 PM

25	Keep it small. Think Erie without getting dragged down by developments	8/26/2023 8:46 PM
26	Improve the connection from Frederick (west of I-25) to the rest of Frederick. Refurbish the bridge to provide a safe way to walk and bike across 25	8/14/2023 11:31 PM
27	The old gym behind the church that burned down.....make it a community theater for performing arts Require developments to maximize the use of solar facing roofs	8/14/2023 10:17 PM
28	Don't narrow streets....bad idea, they tried it in Erie and it didn't work.	8/14/2023 9:19 PM
29	I don't like the options for Question 10 - homeowners should be able to choose. I thought the public art image shown for Question 7 looked too Denver-y No public art except for the wood carvings, love those! Don't replace our existing playgrounds, add to them.	8/14/2023 9:02 PM
30	Lay off the residential. More restaurants	8/14/2023 7:17 PM
31	jmmkahrs@gmail.com	8/14/2023 7:01 PM
32	We sometimes get red sludge in our water	8/14/2023 5:21 PM
33	More animal friendly options :)	8/14/2023 4:04 PM
34	Make more crosswalks and safer on Tipple	8/14/2023 3:48 PM
35	It's good that you are doing this survey to gain input from residents!	8/14/2023 3:26 PM
36	I feel so much part of the community, more than any other place I have lived	8/14/2023 3:02 PM
37	Please don't let Frederick go "cookie cutter"	8/14/2023 1:52 PM
38	We feel as if Frederick shouldn't be worried about commercial spaces. The vibe of the town isn't about those spaces and time/money should be spent more wisely around other more important things.	8/14/2023 11:34 AM
39	The color of our water is brown in the morning.	8/14/2023 10:48 AM
40	I am a retired veteran. Small town historic feel with western / mining theme	8/14/2023 7:51 AM
41	More restaurants to choose from. Use the existing abandoned buildings in the Downtown.	8/13/2023 10:08 PM
42	I would love to move to Frederick.	8/13/2023 4:51 PM
43	More food and drink!	8/13/2023 2:21 PM
44	More animal activities	8/13/2023 2:14 PM
45	More swimming pools	8/13/2023 8:51 AM
46	Improved care around Frederick Recreation Area (across from Safeway) - specifically the horseshoe pits and exercise area	8/13/2023 8:22 AM
47	I prefer the development practices of the last 10 to 20 years, but only smarter	8/13/2023 7:55 AM
48	I would like to see rooftop patios in Old Town Respect Old Town More xeriscape and more green spaces	8/12/2023 10:17 PM
49	Build affordable and workforce housing. Top priority - Build affordable and gap housing	8/12/2023 9:57 PM
50	Bike paths without car traffic	8/12/2023 9:52 PM
51	Water park or outdoor pool	8/12/2023 8:52 AM
52	Less houses, more things to do	8/12/2023 8:44 AM
53	Keep it simple	8/12/2023 8:34 AM
54	More public events	8/12/2023 8:15 AM
55	Keep up fun free community events! We love the 4th of July and chainsaws, bring on trees and flowers	8/11/2023 10:26 PM
56	I think parks should be focused on. Just update broken equipment. Extend bike / walking paths. Also, add pickleball courts. This alone will bring people in to enjoy. Follow the practices	8/11/2023 9:28 PM

	of development from the last 10 to 20 years in both residential and commercial development. I *sometimes* notice water quality issues.	
57	Lets get it done!	8/3/2023 11:20 AM
58	Encourage physical activity.	8/3/2023 10:54 AM
59	Lived here since 2002.	8/3/2023 10:23 AM
60	Need a continuous sidewalk along Main Street!	8/2/2023 2:27 PM
61	Hi!	8/2/2023 2:11 PM
62	Thank you for the survey!	8/2/2023 11:28 AM
63	Develop Commercial. Keep small town feel. Don't build a ton of houses like Erie!	8/2/2023 10:15 AM
64	Encourage physical activity and advertise community events more.	8/2/2023 10:03 AM
65	Expansion of Downtown to other side of Colorado Boulevard/Parking.	8/2/2023 2:38 AM
66	With new communities forming, safety is becoming a higher priority. The speed limit along 52 is way too high. I'm sure it was fine when it was all open land but now people have their front doors right off that busy road with cars and loud trucks zipping by. Can't wait to see how this plan develops!	7/31/2023 5:26 PM
67	Question 3 - Don't pull a Firestone move and don't raise taxes on current residents.	7/31/2023 9:59 AM
68	Downtown has great potential, let's make the buildings look cute and inviting.	7/31/2023 9:12 AM
69	I enjoy the small town feel with the ability to have bigger stores near by. Having a great historic downtown is attractive for tourism.	7/27/2023 1:27 PM
70	We need a grass and leaves disposal facility!	7/27/2023 11:45 AM
71	Frederick is where I call home since 2013.	7/27/2023 9:27 AM
72	Question 10 - Not really in favor of any - Allow for more development latitude and make this process affordable. Provide incentives not more restrictions.	7/26/2023 11:52 AM
73	No light rail!	7/26/2023 11:21 AM
74	Question 10 - The others below the top 3, I don't see affect neighborhoods that much. Although my answers do not rate public art as a priority, I appreciate Fredericks art council and all they do.	7/26/2023 10:48 AM
75	Please help Clark ranch with landscaping and playgrounds	7/26/2023 10:40 AM
76	Clean water. No more fracking!	7/26/2023 9:37 AM
77	Very excited to hear that these types of ideas are being considered and there is care and attention being paid to how we develop. And the nature path trail is a must-do. We all love to stroll with kids and doggies and to see others strolling	7/25/2023 4:24 PM
78	Please, Please give us more places to eat!!!!!	7/25/2023 3:52 PM
79	Consider a Chick-Fil-A, Taco bell, Sonic, Red Lobster, indoor roller skating (for family and children), Olive Garden.	7/25/2023 3:05 PM
80	This does not answer any of the questions I have about eating in Frederick.	7/25/2023 2:58 PM
81	Thanks! Excited to see this vision come together	7/23/2023 7:32 PM
82	It’s good you’re doing this. One must keep the small town feel at all times but also allow for growth. All things change but it’s managing it that is the key	7/22/2023 6:13 PM
83	Finish William Bailey between 52 and FHS. More lighting along 13th west of William Bailey	7/21/2023 7:39 PM
84	Personally I think the existing art and wood sculptures are perfect for our small town feel. But there’s a lot of mention for more or modern art. I say we leave that to Boulder county and keep Frederick a little more traditional and focused on people rather than art	7/21/2023 10:29 AM
85	Thank you for taking our input, that’s part of why I love living here!	7/20/2023 9:49 PM

86	Safer sidewalks before new ones, connect us to our neighbors, build downtown without residential we have plenty.	7/20/2023 8:09 PM
87	I refuse to pay a tax increase to pay for these things since out property has increased an astronomical amount. I can't afford to fork out any more money.	7/20/2023 7:59 PM
88	Thank you for putting this together and all your hard work!	7/20/2023 5:09 PM
89	Please look at other growing communities like Erie that have not thought about parking or expanded roads and know Frederick is growing quickly as well. Balance business and homes and supply the needed infrastructure for what is coming not what us here. Don’t listen to the grumpy people who want it small they will never adapt to what is coming and you might be sorry if you listen to them and not adapt	7/20/2023 9:47 AM
90	Only implement changes that are within the current budget and require no changes to taxes, or better reduce taxes	7/20/2023 7:55 AM
91	Wyndham Hill community is isolated. Since we are located on 2 major highways and a frontage road we do not have any safe walking or biking trails OUT of the community. There are no parks or trail planning or development for this section of Frederick. We pay a lot in taxes!! We want to be included in equal parks and trails improvement and development! Also, Hwy 52 & I25 on/off ramps into Frederick needs to be improved. It looks horrible and ugly. Additionally, the noise from both heavily traveled roads is extremely loud and dangerous with speeders. If your going to develop that area, put walls up to help cut down on the noise! Please!!	7/12/2023 12:14 AM
92	Increase water pressure. Build king soopers. More restaurants and bars.	7/11/2023 9:52 AM
93	Son lives in Frederick and loves it.	7/8/2023 9:58 PM
94	More shaded playgrounds!	7/7/2023 6:59 PM
95	Town in Colorado need to focus on staying Coloradan. Not becoming something like another state or city. A lot of the Colorado culture is being sacrificed or forgotten.	7/7/2023 6:49 PM
96	Frederick is beautiful.	7/7/2023 6:36 PM
97	Town staff is great	7/7/2023 6:24 PM
98	Please keep Frederick a safe place to raise a family in, retire, enjoy, etc.	7/7/2023 6:18 PM
99	I would very much like to see something of a gradual transition of density out of the downtown area, where the area surrounding the downtown would have less single family detached housing, and more townhomes and small apartment complexes/condo units.	7/4/2023 4:24 PM
100	There isn't much shade in Frederick	7/2/2023 1:50 PM
101	We love Frederick! Hope it doesn't lose its small town feel I have noticed that water pressure varies, but it is not an issue.	7/1/2023 10:41 PM
102	Water issues - there is a leak on Locust south of 5th Street that has been there for years. We don't notice water quality issues, as we have a water filtration system	7/1/2023 10:15 PM
103	We walk our dogs and ride our bikes all through Frederick. We would love a dog park.	7/1/2023 9:51 PM
104	Looking for more kids things. Splash pads, etc.	7/1/2023 9:40 PM
105	I'm good!	7/1/2023 4:04 PM
106	Put Frederick's history and personality into a town where people want to visit and see. There's not enough small business to walk around like there is in Lafayette.	7/1/2023 3:53 PM
107	We need more small shops i.e. Boutiques, florist, drug store / apothecary places to "wander in" and shop. Local quick stop deli / smoothie shop	7/1/2023 1:10 PM
108	We occasionally notice low water pressure We need to require neighborhoods to include public EV chargers We need to get away from the status quo pattern of development Please stop with the public art. Please stop trying to add public art everywhere! These require maintenance, budget, and planning (accommodating weather and future removal)	7/1/2023 12:59 PM
109	Not in favor of a food truck court...it detracts from existing restaurants, who chose this destination to be in. Seems unfair for outside food trucks to take that.	7/1/2023 12:49 PM

110	Help our schools! Terrible scores overall. High staff turnover. CVA - needs building upgrades. They don't have full walls.	7/1/2023 9:24 AM
111	:)	7/1/2023 8:32 AM
112	Sidewalks / bike paths!	6/29/2023 9:44 PM
113	I am open to the modernization of our town butbto a certain extent we moved up here from westminster and we love the small town feel.	6/28/2023 9:19 AM
114	Nice work! I look forward to more opportunities to participate!	6/27/2023 2:41 PM
115	Growth is necessary, but most of us are here to get AWAY from other congested areas! Be mindful that it IS a major attraction!!!	6/24/2023 2:23 AM
116	Tornado sirens in town would be very beneficial.	6/23/2023 2:44 PM
117	Most of the ideas presented in this survey have the implied assumption that "The Town" owns the taxes it collects, and further, has the moral authority to tell landowners how they may use THEIR land and to whom they may sell it. None of these are true. While the Town may have the legal right to condemn property that the Town feels may be put to better use, that does not imply that the Town should condemn the property. Perhaps the Town should focus on using the resources it has to be a better steward of the lands the Town actually controls. Things like plowing park sidewalks within subdivisions before ticketing subdivision residents. Or, controlling noxious invasive weeds in parks before ticketing residents for them. Or, NOT plowing sidewalks into public streets before ticketing residents in the same neighborhood for that. Perhaps the Town can investigate turning the golf course operations and the Milavec Lake Recreation Area over to the Carbon Valley Parks and Recreation District rather than continuing to lose money on them year-after-year. Perhaps the Town can focus on eliminating Town ordinance discrepancies with Firestone and Dacono so that one unified police force can serve all three municipalities. Stop focusing on get-rich-quick growth and start focusing on actually governing the Town. Growth will follow when folks see that the Town focuses on what matters. Stop trying to intercede in affairs best left to private business.	6/22/2023 11:49 PM
118	I don't agree with all of the suggestions for what requirements to put on developers to make a neighborhood unique. I don't think it should be the government dictating where garages go, whether or not a house should have a front porch, whether they should be required to put up public art, etc I think those are not decisions the town should be making for the developer. I also think one of the town's top priorities should be to encourage water conservation strategies, for home owners, businesses and for itself and the landscaping it maintains or is looking at adding. Doing this with incentives, and lots of public education, not punishments would be the approach that I would think would be most palatable for residents. Many of the ideas included in this survey seem to ones that should be provided by private businesses- such as providing bicycles, trolleys or other public transportation, setting up a place for food trucks to gather and people to eat, running a farmer's market, etc. Maybe private businesses need some incentive to consider opening a business here, but I think those things should not be run by a government entity with tax dollars.	6/22/2023 10:39 PM
119	I won’t understand why you need my gender and race in the survey.	6/22/2023 9:42 PM
120	Getting rid of the cookie cutter look would be much easier without HOAs that want everyone to look the same.	6/22/2023 9:34 PM
121	My husband and I collaborated on all answers. He is white and age 64	6/22/2023 3:36 PM
122	Keep up the hard work! :)	6/22/2023 3:07 PM
123	Public art is a waste of funds when we have so much natural beauty. This survey concerns me that the town is planning to grow to attract businesses and tourists. I chose this community because it is small and removed from the bustle of the city. Trolleys? Seriously? We're not that big. I don't want to deal with tourists. This is my home, my refuge from an that. If I wanted those things, I'd live in Denver or Loveland. Keep us small and affordable!	6/22/2023 10:17 AM
124	I really love the idea of this survey, I imagine there will be a broad range of what is wanted by the community. I, being a young home owner in Frederick, would encourage the town to focus on the vision of the younger generation. A two decade long vision plan is quite a long time. The town has the opportunity to grow exponentially during that time. In order for it to grow and attract more younger people we need to be open to change and focus on what the needs of new generations are, rather than keeping what the old generations favor.	6/22/2023 9:00 AM

125	Keep open spaces for wildlife and native grass/trees.	6/21/2023 11:36 PM
126	We need to embrace the growth and prepare for it. Our kids need an outdoor pool and an ice rink. The traffic is horrible we need to plan for and increase in population.	6/21/2023 7:05 PM
127	.	6/19/2023 4:58 PM
128	I enjoy seeing the town wanting to make improvements the community wants to see	6/18/2023 5:57 PM
129	Go Frederick!	6/18/2023 5:22 PM
130	Bike path expansion	6/18/2023 9:43 AM
131	This area needs senior housing	6/18/2023 7:35 AM
132	The taste of water in Frederick is not very good. Low water pressure happens only infrequently. Please don't add any more lights in parks and open spaces! There's plenty of light pollution as is! Please do not add any more street lighting to Frederick or, if you do, please make it turn off at a certain time. The street lights outside our house are so bright I need blackout curtains to sleep. Thank you.	6/17/2023 8:15 PM
133	As part of the land use code update, stop allowing HOAs to put requirements on having lawns instead of xeriscapes.	6/17/2023 7:44 PM
134	Need to make sure you have a focus on having enough parking in the Downtown	6/17/2023 7:38 PM
135	The growth is exciting but if you can keep the small town feel, it would be awesome!	6/17/2023 7:14 PM
136	Please add the water park near the library / police station	6/16/2023 8:13 PM
137	I would love to have bike lanes / paths connecting neighborhoods (i.e. RVR) to downtown	6/16/2023 7:31 PM
138	I love Frederick and am looking forward to seeing how the town continues to improve!	6/16/2023 4:56 PM
139	More walkability off Tipple between Silver Birch and Colorado Blvd	6/16/2023 3:17 PM
140	Thanks for putting this together!	6/16/2023 3:11 PM
141	stop throwing MY tax dollars away with your little down town retail tourist district,, lets see you do some work from city limit to city limit .....include all of your taxpayers	6/16/2023 1:17 PM
142	Stop trying to implement artsy bullshit and unusable junk to the town that'll just raise the taxes we pay. fuck off with that shit already.	6/16/2023 12:53 PM
143	Thanks for the opportunity to provide feedback!	6/16/2023 11:28 AM
144	Please, no more dining chains! Encourage and support locally-owned eateries.	6/16/2023 11:02 AM
145	ahowic555@gmail.com	6/16/2023 6:41 AM
146	I am not in favor of any of these ideas to reduce "cookie cutter" design	6/15/2023 10:01 PM
147	I don't want any restrictions on how developments look. Live and let live.	6/15/2023 9:45 PM
148	I grew up in a town that invested in a trolley - was a complete waste of money and not utilized at all! Priority: Should build up space on 52 by Wyndham Hill. Bring in more than King Soopers! A 3rd King Soopers within 10 miles was unnecessary. Get a Whole Foods, Sprouts, or Trader Joes!	6/15/2023 9:38 PM
149	As it is, Frederick is a desirable place to live and work. The questions in this survey indicate a direction toward too much government control and making Frederick just like other big cities. I have lived and worked in the same home in unincorporated Jefferson County for 22 years. The thought process of your planners does nothing to make Frederick attractive to me in the future. This survey indicates a direction that is absolutely hostile to a small business like ours.	6/13/2023 3:56 PM
150	I appreciate all of the work put into our town. I like the small localized feel of our town and its vast natural plain.	6/12/2023 2:19 PM
151	No light rail . It will cause problems like it did in old town Arvada.	6/12/2023 1:34 PM
152	I am all for good planning maintaining the history of the town with current technology.	6/12/2023 12:07 PM
153	Love sculptures and entrance. Historic town	6/12/2023 11:56 AM

154	Please do not waste money on sidewalk widening. What's the time frame? Bike path connecting to Sandstone Ranch? Downtown Revitalization? Move residential units in downtown - Run down and poor appearance.	6/12/2023 11:43 AM
155	Question 3 - Tap Fees. More cowbell.	6/12/2023 11:31 AM
156	I liked not having the essay questions. Better than the last survey.	6/12/2023 11:24 AM
157	Thank you!	6/12/2023 11:05 AM
158	All the bike paths! Especially those to connect west Frederick to downtown.	6/12/2023 10:52 AM
159	Bike lanes from Wyndam Hill to Downtown Frederick.	6/12/2023 10:49 AM
160	I would value emphasis on the inclusion of diversity.	6/12/2023 10:31 AM
161	We need more biking/walking trails, more areas for plants and wildlife to thrive, and more local places to eat.	6/12/2023 10:14 AM
162	Would love to put together a move strategic timeline of initiatives. For example, there would be no need for bike rentals/ bike parking without first building / creating more bike paths. Question 16 - More lighting - if it's not lamp posts, and actually string lights on main street. Assuming this is the short term solution for prettying up main street.	6/12/2023 10:01 AM
163	This is exciting for our little town and I appreciate the opportunity for input for our growth (whether we want it or not) and what we can become. Frederick really is a gem of a town and I'd love to see growth that supports the small community feel with incentives to bring more amenities for a fun and thriving "we have what you need" vibe	6/12/2023 9:59 AM
164	We need to have more businesses that people can work at in this town , and places people can shop and dine. We are losing so much money everyday as people have to drive somewhere else to shop, dine, and work.	6/12/2023 9:53 AM
165	Please don't waste all the towns money on art.	6/12/2023 9:45 AM
166	Would love more kid options with shade and water for summer. Also - bathrooms at parks. Little kids don't give much notice so real hard when no public restroom.	6/12/2023 9:16 AM
167	We are on the Left Hand Water Dist.	6/12/2023 9:08 AM
168	Do not put center median islands on two lane roads. This makes it difficult to do maintenance on the roads.	6/12/2023 8:58 AM
169	Patio Homes, Assisted and independent living.	6/12/2023 8:17 AM
170	Please build an 18 basket professional disk golf course	6/11/2023 10:36 AM
171	Please keep us friendly! Honor farmers and sustainable living! We have issues with taste and water pressure all the time! We had someone come check, they said it is "FINE" - We cannot fully water or run laundry and shower at the same time NO to Fred Fountains, YES to Farm Focus NO to ideas to reduce "cookie cutter" Look at what Erie has done with their downtown...lots of fun places together in the same place! Please keep us small! NO to constructing parking lot with shuttles, to provide parking for downtown Agricultural and farming should be a big focus!	6/11/2023 10:03 AM
172	NO to narrow street width requirements... NO to requiring developments to include public art..	6/11/2023 9:51 AM
173	I like where your heads at!	6/11/2023 9:41 AM
174	Keep the small town feel, but don't make it hard for small businesses or property owners in the permit process.	6/11/2023 9:05 AM
175	No to requirements for narrow street widths No to requiring developments to integrate public art	6/11/2023 8:54 AM
176	We moved here for the small town vibe, don't lose that. We have bad water pressure. We have low water pressure all the time. Avoid cookie cutter, which is already happening. Copy Downtown Erie.	6/10/2023 9:19 PM
177	Keep this a small town. Building more brings more problems.	6/10/2023 9:09 PM
178	Focus on farm and community. No parking garages! No new housing community.	6/10/2023 9:00 PM

179	Potentially speed bumps in residential through streets to reduce speeding.	6/9/2023 3:05 PM
180	I'd love to see it grow!	6/9/2023 2:53 PM
181	Increase police patrol at night to reduce property crimes.	6/9/2023 2:37 PM
182	Where else can I vote? Send via mail, events like this and other community events.	6/9/2023 2:23 PM
183	Thanks for doing this work!	6/9/2023 1:58 PM
184	Great survey! More communities should do this. Love your art on the way into town.	6/9/2023 1:42 PM
185	This survey is very well done! Great way to get people to fill out at the restaurant.	6/9/2023 12:20 PM
186	Like the small town feel. Farmey, feel. Less industrial.	6/9/2023 11:47 AM
187	We need more restaurants.	6/9/2023 11:30 AM
188	Be practical on who is paying for this.	6/9/2023 11:24 AM
189	As a business owner, I would love to expand to create a "maker space" where people can come create, learn, and explore their creativity!	6/9/2023 11:20 AM
190	Frank's Place has to go. It's an unused eyesore right in the middle of downtown.	6/9/2023 11:13 AM
191	Please don't let people move here :) #makefreddysmallagain! -respectfully xoxo	6/9/2023 10:45 AM
192	Keep it small.	6/9/2023 10:37 AM
193	Love you keep seeking feedback.	6/9/2023 10:27 AM
194	We need to slow the building of multi-family units. We do not have the infrastructure for their jobs, utilities, and vehicles. We need "buffers" between industrial and residential, by parks or multi-use areas. No on-street parking on roads with double yellows.	6/9/2023 10:21 AM
195	Expand 52 - two lanes each way. Add a dog park. Add a splash pad.	6/9/2023 10:07 AM
196	We moved to Frederick to get away from the congestion and now everything is being built up around us. The crime is up, traffic is up and pretty soon it will be just like all the big cities around us and the small town oppen feel will be gone	6/9/2023 9:29 AM
197	Keep Frederick, calm, quiet, and family friendly.	6/8/2023 10:04 AM
198	Please put in a crosswalk at Tipple and Hawthorn or a stop sign. This intersection is dangerous for our kids walking to the bus stop and the traffic is really congested from school drop offs. People fly around the bus stop when the lights are on. Myself and children have been so close to being hit by cars. More parking for the rec center would be amazing. On the weekends people park on hawthorn and it gets really congested.	6/7/2023 2:41 PM
199	Lyons does such a great job of making nature the attraction. With amenities and infrastructure around the river, swimming holes, bike paths, and trails. Nature really connects the community.	6/7/2023 2:40 PM
200	Sidewalks in downtown area need to be smoothed out - difficult to manage when you are have trouble with balance issues.	6/7/2023 1:16 PM
201	Along with cute and individualistic, Frederick needs to have larger stores like Walmart. Having that at our fingertips would allow residents to spend their dollars here in Frederick and not have to drive 25 minutes to a local Walmart. Just ensure it esthetically matches the town.	6/7/2023 9:46 AM
202	Add in some pickle ball courts Add some crosswalks that blink lights when you press the button to cross.	6/4/2023 9:04 PM
203	Provide more family owned food businesses for reasonably priced food and variety of selections	6/4/2023 7:15 PM
204	We need more businesses and stores!	6/4/2023 9:25 AM
205	I appreciate the focus on water conservation and preservation of natural resources, as well as cultivation of Frederick's unique heritage and culture. I think the town museum is seriously underrated! I also appreciate holding new developers more accountable for their active participation in town planning; I think we hold a lot of power given the desirability of our location	6/3/2023 4:41 PM

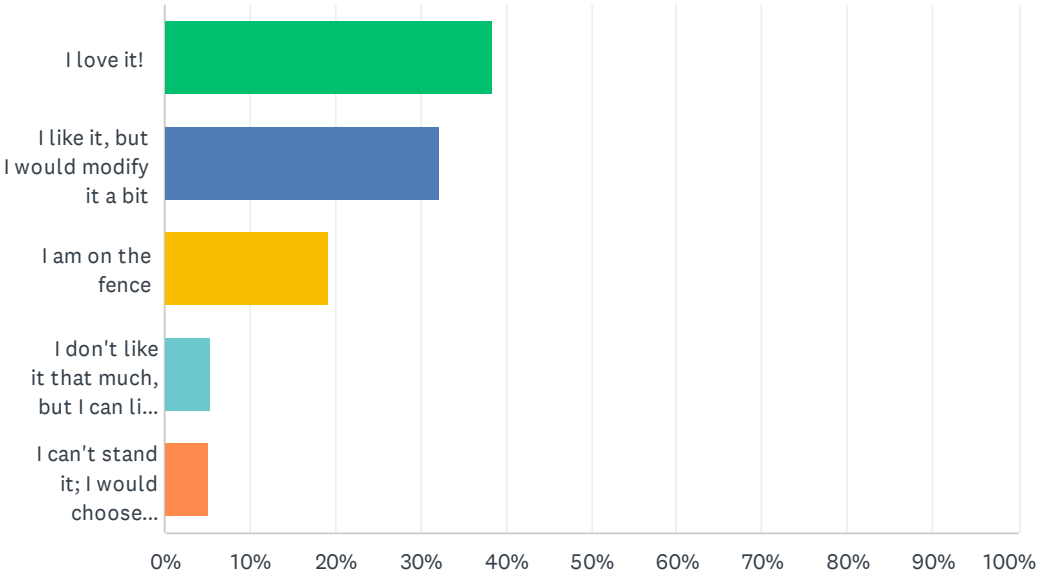
	and hope to see us leverage that power to increase affordability and inclusivity. Thanks for asking for our input.	
206	I would like to see a community swimming pool	6/1/2023 11:11 PM
207	no more multi family homes! no more mobile homes! no more apartments!	6/1/2023 12:14 PM
208	Decrease truch traffic on road through the city, install speed bumps on all roads & streets.	5/31/2023 10:06 PM
209	These are nice ideas, but until there are enough stores, shops, and restaurants to attract people a lot of it seems excessive. Focusing on developing attractive and entertaining spaces like downtown Louisville and Lafayette have should be a priority.	5/31/2023 9:38 PM
210	Encourage proper usage of Petes Kitchen	5/31/2023 12:09 PM
211	Improve on what we have and expand restaurant options, Maintain roads and proper planning for growth.	5/30/2023 10:29 PM
212	Pickleball courts, please!	5/30/2023 9:28 PM
213	RTD to Denver & Longmont	5/30/2023 8:30 PM
214	Planning and keeping a community updated for the future is important. Make your town a place that people want to visit to stop for a meal, walk the streets or finding a home is the goal. Keep it current while also accenting its history.	5/30/2023 2:40 PM
215	The town management is all talk and no action. Please prove me wrong and complete something on this list, I bet you will not.	5/28/2023 9:16 AM
216	Please allow more stores and restaurants to open in Frederick I don't understand why the town is so against this.	5/26/2023 8:24 AM
217	In selecting my answers I realized that I seem to be biased towards Main Street Longmont	5/24/2023 4:58 PM
218	I'd love to see Frederick, CO embrace inclusiveness and diversity by welcoming the LGBTQIA+ community, different cultural and religious backgrounds. It's vitally important to include them and make them feel welcome and safe when the area is expanding so quickly. Also, having outlets for 16 and under would be great too.	5/19/2023 4:50 PM
219	Relocating the Town of Frederick office buildings, police station to a new location for future growth. There's plenty of open space to do this too!!	5/19/2023 10:55 AM
220	Frederick MUST focus on inclusion of all races, sexes, and the LGBTQIA+ community. It is obvious that these people exist and bring big tax dollars to the town. Also, adding inclusive spaces for youth activity (not expensive privatized companies) to keep them busy, healthy, active, and keep them out of trouble. Children should be able to have interests, and ways to commute to the interests without breaking the bank of their parents.	5/18/2023 2:25 PM
221	Until we can figure out how to maintain our streets with the amount of people we currently have I DO NOT believe we should continue to grow. We get more and more people yet our Fire Department and Police Department always need more money. Figure out how we grow without continuously asking for more money from the tax payers. So basically make sure at current levels we can deal with the increase in crime and fire services. If we can't then we really can't afford to grow any more.	5/16/2023 2:14 PM
222	I love this town, now let's make it even better!!	5/16/2023 7:55 AM
223	We need to be competitive with the surrounding towns (Erie, Louisville, Longmont, Windsor.) Frederick should be an attractive option to small and large business' alike. While maintaining our small community which we cherish. Better biking and walking paths connecting us to Erie and Longmont are, quite frankly, long overdue. I hesitate to ride into town due to the lack of safe bike parking.	5/16/2023 7:44 AM
224	I would like to be cautious of adopting the culture of other cities/towns. Frederick's history is important to those of us that have lived here 20+ years. People moved away from other bigger cities to get away from the chaos and crime. Adopting those same principles puts us in the same place. I would also like to see more enforcement of maintenance. Artsy flower gardens and "pretty" walkways are only good the first year or two if they aren't maintained well. Folks don't buy homes to do maintenance anymore, they are lazy and enforcement is lax. Devaluing the properties around them is our pitfall.	5/16/2023 7:05 AM

225	Truly appreciate the opportunity to share my thoughts. Many of us just don't have time or wherewithal to monitor public meetings, etc. Appreciate your efforts to gather the information!	5/15/2023 11:01 PM
226	Add a cross walk at tipple/hawthorn	5/15/2023 8:15 PM
227	Big box stores should stay closer to I-25. It's still accessible to residents but doesn't cause traffic flow issues. The king Soopers planned off Colorado and 52 should highly be reconsidered. The traffic issues are not going to be worth it and all the while a king Soopers is just 4 miles north. Not a good use of space.	5/15/2023 7:55 PM
228	Appreciate the outreach and engagement with the community!	5/15/2023 7:09 PM
229	Outdoor pool! And second Rec center	5/15/2023 7:05 PM
230	I do like all the ideas for growth and upgrading the downtown area, seems like we're modeling after towns like Littleton, Loveland and Longmont which is great because those downtowns are beautiful and fun!	5/15/2023 4:19 PM
231	Interactive parks for the kids to grow as people. Erie has a really nice park w/bike park and little trailsheads on every street	5/15/2023 3:22 PM
232	Where is the dog park plan?	5/15/2023 3:06 PM
233	Increase parks department for better maintenance and expansion of all green spaces	5/12/2023 8:30 PM
234	I love the town planners are asking for so much input from the community. I'd love for the town to focus on sustainability, perhaps the use of solar powered lighting, and ability to encourage use of non-vehicle modes of transportation around town. Also outdoor venue for live music during the summer and family friendly pedestrian areas.	5/11/2023 1:18 PM
235	Leave everything the way it is. Hire workers that are not lazy and rude!!	5/11/2023 7:49 AM
236	Whatever happens please do not get rid of the "Warrior" please keep on display, lights taken care of. Don't get rid of the spirit the way the woke school district did	5/10/2023 8:53 PM
237	Love to see more trees and flowers. Also more sports. As our community grows we will need more than just the one ball field. Bigger recreational facilities	5/8/2023 7:49 AM
238	I appreciate the opportunity to provide my imput to what Frederick will become in the future.	5/7/2023 8:49 PM
239	Expand plug-in areas for all the new electronic mobility units. Add safe secure storage for these units.	5/6/2023 8:20 AM
240	keep frederick small and liveable- and stop building!	5/5/2023 10:42 PM
241	Disc golf	5/5/2023 7:32 PM
242	Please consider pickleball courts. Pickle ball is the fastest growing sport in America and is played by people ages 10 to 80.	5/5/2023 4:57 PM
243	With Frederick being a growing community it is important to give those of us who will be here for another 20-30 years a larger voice in this process. The people who have been here long term will continue to fight most things that try to transition Frederick into a modern community. The fabric of Colorado is not what it was decades ago, Frederick can not rely on views from that era to guide our future.	5/5/2023 12:16 PM
244	Cross walks on tipple and hawthorn for the kids going to school	5/5/2023 6:35 AM
245	Shopping! We need large stores here that carry things like clothing, household items, etc. Tired of driving at least 20 minutes to get anything but groceries!!	5/5/2023 5:40 AM
246	Frederick should independently invest in high quality mental health services. Make the town a leader in low cost, town subsidized mental health services. Services that support residents and make it a healthy place to live.	5/4/2023 10:02 PM
247	I love the direction you have taken so far and trust that you will develop that vision for the future.	5/4/2023 9:14 PM
248	Thank you for keeping up with the times and making it easy for me to be heard. The wording is even in English where I understand the question. Can you wrote the ballot issues too?? Haha jk.	5/4/2023 8:49 PM

249	We need to improve the infrastructure on hwy 52 from hwy 85 and I 25. Traffic is horrible and only gotten worse in the last 5 years.	5/4/2023 8:43 PM
250	Please focus on expansion of roads by adding turning and merge lanes	5/4/2023 8:31 PM
251	Keep Frederick small! We didn't move here to be entertained. We moved here because it's a quiet, safe, small town. This survey makes me fear that that all will be lost.	5/4/2023 7:37 PM
252	Widen the highway 52	5/4/2023 6:23 PM
253	Thank you team FRED!	5/4/2023 3:36 PM

Q1 What are your thoughts about the Draft Future Land Use Plan? (Please select one option)

Answered: 856 Skipped: 60



ANSWER CHOICES	RESPONSES	
I love it!	38.32%	328
I like it, but I would modify it a bit	32.24%	276
I am on the fence	19.16%	164
I don't like it that much, but I can live with it	5.26%	45
I can't stand it; I would choose something totally different	5.02%	43
TOTAL		856

#	PLEASE ADD YOUR THOUGHTS ON HOW YOU WOULD CHANGE THE DRAFT LAND USE PLAN, IF YOU HAVE ANY CHANGES:	DATE
1	The land use plan is a great concept if it is followed through. Would love more things for kids or families.	5/30/2024 9:50 AM
2	Maybe add a diner.	5/26/2024 10:55 AM
3	I like the idea of affordable adaptable neighborhood options like senior living or apartments, but believe they should be limited to 3 stories total so we don't look like Longmont (and preserve our semi-rural setting)	5/26/2024 10:49 AM
4	I think having another rec center would be very beneficial for the growth Frederick is experiencing	5/26/2024 10:42 AM
5	I live where there isn't much non-car infrastructure for going places so I love the efforts to reduce the need to drive.	5/26/2024 9:59 AM
6	I don't live in Frederick, so I don't know enough about this area to answer the land use question	5/26/2024 9:44 AM

7	Not a fan of high density housing. Need mix of open space, residential, all interconnected with walking and child bike access everywhere, safely, without having the bike and ped access next to main roads (where you would get diesel fumes)	5/26/2024 8:24 AM
8	I would love another rec center!	5/25/2024 8:37 PM
9	I would love another rec center	5/25/2024 8:26 PM
10	I would prefer to see natural trees, wildlife, and the nature Colorado used to be known for, rather than thousands of cookie cutter houses and industrial looking landscaping. Traffic is already awful, our roads can't handle a huge influx of people.	5/25/2024 7:09 PM
11	I'm concerned about increased traffic on the limited thru-ways already. If you add that much more housing and business traffic how will you handle traffic?	5/25/2024 6:21 PM
12	More multi-family and affordable housing	5/24/2024 7:31 AM
13	Leave more open space	5/24/2024 7:25 AM
14	STOP Building!	5/23/2024 10:04 AM
15	More retail	5/23/2024 9:41 AM
16	More parks / better parks for our kids	5/23/2024 9:30 AM
17	I would add more open green areas	5/4/2024 7:10 PM
18	I would like to add more bike paths	5/4/2024 7:04 PM
19	On the fence...I saw no plans here for road expansion	5/4/2024 6:54 PM
20	I can't stand it, I want more open space	5/4/2024 6:49 PM
21	I would add more parks and public use spaces	5/4/2024 6:32 PM
22	Maintain an emphasis on open community space	5/4/2024 6:26 PM
23	Proposed development would (potentially) block our mountain view from our backyard (Wyndham Hill). Would also like to see more open space mixed in.	4/20/2024 12:28 PM
24	Too many new homes	4/20/2024 12:19 PM
25	I love open fields, there are too many houses in this plan.	4/20/2024 12:13 PM
26	Less residential	4/20/2024 11:28 AM
27	Less residential	4/20/2024 11:23 AM
28	Love the circle loop path (we're in Wyndham Hill and need a pedestrian path to the town center). Would love better parks and play structures.	4/20/2024 11:19 AM
29	More trails and safe routes to school	4/20/2024 10:56 AM
30	Less new housing. Definitely no apartments or condos	4/20/2024 8:57 AM
31	Would like more shopping / grocery options	4/19/2024 9:37 PM
32	The land use looks okay. Hard to know for sure without definitions. In general, I'm in favor of lots of mixed use residential / commercial / retail and pedestrian-friendly design standards	4/18/2024 10:35 PM
33	Too many housing developments. Some is fine, but losing too much of the agricultural	4/18/2024 9:57 PM
34	I love the idea of expanding downtown making room for King Soopers and traffic, all while keeping much of the open space	4/18/2024 9:46 PM
35	I would rather see single family housing instead of multi-family, apartments, condos and such. This would be an overload on the traffic which would add to the high traffic currently in the area.	4/16/2024 7:43 PM
36	Would like to see single family as opposed to multi-family / apartment buildings. I think the increase in traffic / population would be hard on roads and amenities.	4/16/2024 7:34 PM
37	Lots of new residential....I'm worried about infrastructure	4/16/2024 6:09 PM

38	I really like the plan but I definitely think that we should try to keep that “small town” feel because feel as though this is what attracts people in the first place.	4/16/2024 12:36 PM
39	I think that it looks good. Just hopefully it is able to maintain a small town feel that this town is formed around.	4/16/2024 12:36 PM
40	I really like the plan only thing I would add is to try and make the downtown Frederick area including the high school to be more walking accessible.	4/16/2024 12:34 PM
41	I would like to see a plan to add another high school, and more education buildings in general, just to support the population that is going to be moving into theses new residential areas.	4/16/2024 12:34 PM
42	Adding more town homes and condos as homes are becoming more expensive.	4/16/2024 12:33 PM
43	Don't think we need another big King Soopers so close to Safeway and the other King Soopers. Would love more local restaurants.	4/15/2024 9:10 AM
44	I like the farmland around town	4/14/2024 8:39 AM
45	Not thrilled with the new King Soopers	4/13/2024 10:21 PM
46	A great start for future development	4/12/2024 10:43 PM
47	Too many houses, we need apartment	4/12/2024 10:36 PM
48	I don't like the idea of more apartments or townhomes. Would prefer more parks, trails, and recreation areas.	4/12/2024 10:13 PM
49	Ideally, I do not want any more mixed use or multi-family. We moved here around 6 months ago and the draw was being further away from this type of growth.	4/12/2024 10:04 PM
50	I wouldn't put residential next to Agilent	4/11/2024 10:06 AM
51	Where is the heavy industrial. Office buildings and coffee shops are on their way out. The only companies still needing real estate are those who deal in goods and machinery. These guys need Taco Trucks and fuel stations for their Red Bull purchases.	4/11/2024 9:56 AM
52	I would like a roundabout at Bella Rose and Birch.	4/11/2024 9:44 AM
53	Bike trails, industrial space	4/11/2024 8:43 AM
54	Too much clutter. Keep more open space.	4/9/2024 11:08 PM
55	Ideally, would like more farmland. It seems a bit cluttered.	4/9/2024 11:02 PM
56	Make a tunnel instead of a bridge	4/9/2024 10:56 PM
57	I like the plan	4/9/2024 9:50 AM
58	I love our quiet town	4/9/2024 8:52 AM
59	Love the forward thinking of the Town's leadership!	4/9/2024 8:46 AM
60	Highway 52 needs to be 4 lanes! There is too much traffic on it, as-is.	4/8/2024 10:40 PM
61	Room is needed to adjust to future changes	4/8/2024 10:05 PM
62	Include road improvements - we have a large volume of traffic	4/8/2024 9:04 AM
63	More open space	4/7/2024 10:45 PM
64	I just don't want to see so many houses and apartments going in. There isn't a good balance already and by stuffing housing in here we will become overcrowded like Erie.	4/3/2024 1:24 PM
65	Looks good so far	4/3/2024 1:19 PM
66	It sounds and looks great!	4/3/2024 1:17 PM
67	A little bit less adaptable neighborhoods. More greenspace, and a larger community center area	4/3/2024 12:59 PM
68	We need more restaurants next to King Soopers, instead of housing	4/3/2024 8:39 AM
69	I realize we need more housing but it's hard to get excited about it.	4/3/2024 8:36 AM

70	Frederick needs a walk-friendly downtown	4/3/2024 8:30 AM
71	I like it as long as we have coordination with neighboring towns	4/3/2024 8:14 AM
72	More car parking	4/3/2024 8:10 AM
73	More natural habitats and open space	3/31/2024 5:43 PM
74	Need more space for youth / family Parks, dedicated areas	3/31/2024 5:23 PM
75	Less residential along 52 and more businesses	3/31/2024 5:14 PM
76	Instead of adaptable neighborhood I would recommend continued ag use west of I-25	3/31/2024 10:45 AM
77	I'm curious how it will be possible with it all on the old coal mine. What protections of collapsing ground will there be? Also the amount of traffic on the road	3/31/2024 9:08 AM
78	Add outdoor pool / water park	3/31/2024 8:47 AM
79	We're getting a second King Soopers? Can we have a Target / Walmart instead?	3/31/2024 8:24 AM
80	A lot of the open space east of 25 is lost / Frederick Rec Area and the yellow Sees fox / geese migration / wildlife - Maybe a few more green zones? - With this much single family homes planned and grocery, traffic flow worries me	3/30/2024 9:04 PM
81	Add directions (N, S, E, W) so you can read the map better. Too much housing (yellow)	3/30/2024 8:54 PM
82	I would keep the area northeast of Hwy 52 and Colorado, and south of Centennial Park, as open space. Just not enough of that.	3/30/2024 8:13 PM
83	Looks great but will miss all the grassy areas.	3/30/2024 7:25 PM
84	I would include a more interactive and interesting splash pad and ensure that the playground is fairly extensive to keep families engaged year round.	3/30/2024 6:07 PM
85	Need safe walkways all around Hwy 52. Need to connect Dacono and Frederick into the overall Tri Cities	3/30/2024 5:31 PM
86	Seems pretty good!	3/30/2024 5:02 PM
87	Putting adaptable housing right off Highway 52 doesn't seem like a great idea. It's a high traffic area and the highway needs expansion, as it is currently.	3/29/2024 10:48 PM
88	Just east of Boulder Creek is the former CBQ railroad right-of-way; anticipate that RTD / CDOT may be interested in acquiring fixed guideway rights of way and nodal development	3/29/2024 10:24 PM
89	- Pedestrian bridge needed across I-25, just north of Hwy 52, along the loop trail - Concerned about the number of stories allowed in the "regional hub"	3/29/2024 9:58 PM
90	I like it. Just worried about it getting too crowded.	3/29/2024 8:21 PM
91	Afraid it's going to Start getting packed. Not a big fan of apartments	3/29/2024 6:34 PM
92	Rethink what a Regional Hub should be. I do t support it as written. There’s too many multi-family plans in the middle of town. It will ruin the esthetic of Frederick and make traffic a lot worse. Especially when integrating it into shopping areas.	3/29/2024 4:29 PM
93	Too many places for houses and not enough bussiness.	3/29/2024 3:43 PM
94	For the parks, as a family with young kids, we'd love to see "nature based" playgrounds with stream-like water feature.	3/28/2024 8:27 PM
95	More retail. More restaurants.	3/28/2024 8:21 PM
96	More businesses along 52	3/28/2024 8:15 PM
97	Expand Highway 52	3/28/2024 7:08 PM
98	It would be interesting to see if the trail could be connected to surrounding towns, i.e. Erie	3/28/2024 4:39 PM
99	For Adaptable Neighborhood Overlay and Mixed Use areas in the section east of I-25 between Godding Hollow Parkway and Bella Rosa Parkway, please do not allow any structures over 2 stories to ensure that the mountain views for the existing homes are not obstructed.	3/28/2024 3:18 PM

100	Mixed Use plans on north Aggregate (near new school development) destroys the residential/community status in this area in addition to not having roadways that can handle the massive increase of traffic. The infrastructure to manage traffic on Hwy 52 between I-25 and County Line Rd is totally inadequate while an additional housing development south of Hwy 52 will make this even worse! Hwy 52 needs to be addressed before bringing more traffic onto it for school traffic routing to CoR7/Aggregate then do something to handle the traffic on Aggregate @ Godding Hollow for the school (high school?).	3/27/2024 7:27 AM
101	Add more businesses that are retail stores or restaurants NOT INDUSTRIAL	3/26/2024 7:58 PM
102	You are ruining the rural in the our community. Don't be greedy , some people that moved here like simplicity over tons on amenities.	3/26/2024 5:40 PM
103	It would be nice to have more open space on the east side of I25	3/26/2024 5:32 PM
104	I do not like the plan to modify Centennial Park. It’s such a great spot to enjoy a walk it would be pity to have a road going through the middle of it.	3/26/2024 5:12 PM
105	The intersection at Colorado and 52 is already terrible. Road expansion would be needed first.	3/26/2024 11:32 AM
106	The plan is good in many ways. But, it seems very heavy in terms of development. I believe it is important to maintain undeveloped space. With an increase in development there also needs to be development of road infrastructure.	3/26/2024 8:29 AM
107	Absolutely no adaptation for homes by silver birch and Bella Rosa. That intersection should remain open space, but change to a round about. The adaptation of the houses could be a retail strip mall with three story apartments really goes against everyone saying to keep the small town feel. This will also bring in extra people who put roads cannot sustain. Let focus on the roads not the houses in this area. Hate the idea of havin any apartments or flex “adapted” housing by our residential single family homes.	3/25/2024 8:10 PM
108	Concerned about residential in the flood areas	3/25/2024 6:54 PM
109	Invest in more open / green space	3/25/2024 6:49 PM
110	Public pool	3/25/2024 10:54 AM
111	I think 13th St should go all the way through east to Maple St, to keep Centennial Park intact (don't extend Locust Street through)	3/25/2024 10:40 AM
112	More greenspace and trails	3/25/2024 8:48 AM
113	Very convenient for groceries (living near Downtown Frederick)	3/25/2024 8:27 AM
114	More community gardens! More dog parks and open spaces.	3/24/2024 4:37 PM
115	There should be a way to make sure the housing is affordable and the shops are locally owned.	3/24/2024 4:29 PM
116	Add more business along Hwy 52	3/24/2024 4:21 PM
117	More auto parking. Not everyone can walk or bike to enjoy downtown.	3/24/2024 10:05 AM
118	Ensure infrastructure is in place prior to development. Be proactive. If roads need to be widened, complete this first.	3/24/2024 9:57 AM
119	I think the land should be used for a cemetery. There's not enough space to keep the dead.	3/24/2024 9:07 AM
120	Expand Colorado Blvd	3/24/2024 8:54 AM
121	Well thought out...have new roads without bumps	3/24/2024 8:42 AM
122	I do not see a new Police department in the plans	3/24/2024 1:12 AM
123	Neighborhood village on silver birch is basically at my front door. No thanks. We moved here to be rural, not be flooded with people like we were in the city.	3/22/2024 6:49 AM
124	Wide open space is why I moved here and it disappears like you want to be Fort Collins. It sucks. I used to here coyotes and prairie dogs, but you poison them all and built in the field. Now I here cars alarms, music, parties, mini bikes back and forth all day long.	3/22/2024 2:08 AM
125	I see the plan has Frederick split by I-25. I think increasing visibility for our town is important.	3/21/2024 7:35 AM

	So, as the plan continues, having signage for passing traffic on I-25 to tell them where we are is advantageous. (I never knew where Frederick was prior to working here... despite driving past it for years.)	
126	I just wish the town would stay a small town with a small town feel but I know growth is inevitable	3/20/2024 11:13 AM
127	I feel there is a lot of high density housing and that will out pace our resources and challenge our congestion issues.	3/20/2024 9:06 AM
128	I like it...don't see a need for modifying	3/14/2024 10:10 PM
129	Very concerned about annexing Del Camino (southwest corner of I-25 and 119). Large trailer park with several shady motels.	3/14/2024 9:52 PM
130	The Town of Frederick should NOT consider anything north of WCR 20.5	3/14/2024 9:43 PM
131	Keep community amenities, no private amenities	3/14/2024 8:59 PM
132	I just always would like to see more green spaces.	3/14/2024 8:19 PM
133	The protection of open space along Boulder Creek should be strengthened. Annexing land and allowing 10 acre building lots will negatively impact wildlife habitat and will change the characteristics of the land. It would be more appropriate to allow that kind of development farther from Boulder Creek. The entire Boulder Creek corridor is unique and if it is preserved, it will be a valuable asset for th etown of Frederick for generations to come. If it is developed, it will be gone for good.	3/14/2024 10:00 AM
134	It depends on what is built in these adaptable areas and how that will affect the existing neighborhood. Building apartments in a residential area is not acceptable.	3/13/2024 10:36 AM
135	Less neighborhoods and more open space or parks.	3/8/2024 7:29 PM
136	The types of businesses placed in the hubs will have a huge bearing on the success. The trail connecting East and West of I25 is one of the best aspects of the plan.	3/8/2024 1:15 PM
137	The Farm Park near Bella Rosa and Silver Birch is the city's park with the best mountain views. Why eliminate this view by building houses/residential areas to the west of it to block the beauty of Colorado that is such a draw to the park in the first place? Maybe consider purchasing, as a city, the land west of The Farm Park for more community recreational space (or preserve as agricultural land) while simultaneously preserving the mountain views instead of making it residential and building up where the mountains will no longer be seen. There's no use crowding an area that many people come to and enjoy by filling it in with homes. Make it a space the community can use as a whole- even bring part of your plan for the area near the reservoir here instead- tennis/basketball courts or something? Extending the use of one of Frederick's great parks to be used for more recreation while preserving the natural views would make this area a great destination for our city and would bring our community together more!	3/8/2024 10:25 AM
138	I would like to see the integration of current wildlife into the plan (i.e. coyotes, eagles and prairie dogs)	3/6/2024 12:24 PM
139	Ensure downtown has businesses with reasonable taxes to ensure a vibrant and busy downtown with options of things to do for residents. No Chains	3/5/2024 6:36 PM
140	The idea of a welcoming road into town on I-25 is great! I love the Gateway plan!	3/5/2024 10:51 AM
141	I would love to see some open space directly around the public/semi-public lands used for schools. It gives an openness to the students who are there all day and would cut down on shenanigans on school properties as the neighborhoods are built up (it will feel open and visible, so behavior will be better from those who go back to use the properties after school hours).	3/4/2024 10:18 AM
142	I really like the idea of the mixed use hubs creating business/fun options throughout, however the additional adaptable neighborhoods add A LOT of population. I see the new high school site on the map, but what is the plan for supporting the elementary and middle schools? Road expansions?	3/4/2024 9:57 AM
143	Love that you are looking to create an inviting entry to Frederick off I-25.	3/2/2024 1:37 PM
144	More dedicated/maintained trail systems. And it would be nice if 5th street was also thought of	3/2/2024 8:36 AM

	as a community hub & small business given incentive to open there	
145	Frederick was built to be a small city. Now that Colorado is growing, doesn't mean Frederick needs to grow. It's going to get too crowded.	3/1/2024 10:47 AM
146	I would like more open space, dog parks, and parks. Looks like housing will be cramped together. I want to keep the small town feel.	2/29/2024 9:36 AM
147	HWY 52 corridor seems like it could be a great corridor for more Business Flex with connections to HWY 287/boulder county area to the west and HWY 85 to the east. Consider areas of more industrial zoning with outdoor storage allowed. This type of zoning is difficult to find with easy access to the I-25 corridor and would be attractive to many businesses.	2/29/2024 8:53 AM
148	Be sure to keep as many parks, trees, green space. My favorite part of Frederick is the old parks and history.	2/29/2024 6:59 AM
149	Mix more parks / trails into the residential and mixed use areas	2/29/2024 6:33 AM
150	I'd take away some of the adaptable neighborhoods and keep it single family residential. So it doesn't fill or feel overcrowded like Longmont :)	2/29/2024 6:28 AM
151	Adding more multifamily would be good. There are adaptable neighborhoods but specifically saying it will be rather than 'could be'	2/28/2024 10:28 PM
152	Too much housing, eating up all of the open space, even though I realize some of it is in unincorporated Erie.	2/28/2024 10:08 PM
153	More open space.	2/28/2024 9:29 PM
154	Would like more nature / less new construction	2/28/2024 8:37 PM
155	Really like the idea of adding a trail and the downtown extension	2/28/2024 8:24 PM
156	I love the rural community we live in. If I could limit the growth, I would. Improve main roads prior to adding all these homes. Traffic already sucks. Stoplights don't help, people just run them.	2/28/2024 8:11 PM
157	A lot of this land is undeveloped and could have safe oil and gas development on it.	2/28/2024 7:58 PM
158	What will Firestone do? Does Weld County do anything? I am afraid Boulder County is pushing workforce housing east into Weld and Weld doesn't care if the growth sticks to I-25 corridor.	2/28/2024 6:14 PM
159	Having a rural community is the best. If I could stop the growth, I would.	2/28/2024 5:50 PM
160	I wish there could be a grocery store on the west side of I-25.	2/28/2024 5:38 PM
161	Seems like there is a lot of flexibility all over the place. As things solidify, it would be good to note that.	2/28/2024 3:30 PM
162	Please add walking paths through the open space NW of No Name Creek development.	2/28/2024 1:15 PM
163	Don't lose the value of Open Space and Natural nature areas. Build up becomes just another large city. Frederick- needs to keep it's small town feel. Offering amenities to its citizens without having to grow and become another Thornton, Westminster or Denver.	2/28/2024 12:05 PM
164	The plan for housing on the east side of Ridgeway between Angel View Estates and Savannah is HORRIBLY designed and NO ONE in Savannah is on board with it	2/28/2024 12:04 PM
165	I would add more bike trails for navigating the area without a car.	2/28/2024 11:39 AM
166	Really like the trail system portion and community hub locations.	2/28/2024 11:14 AM
167	Too much growth :(Too many homes and new developments.	2/28/2024 10:59 AM
168	There's too many houses! Stop putting in new neighborhoods. It's getting crowded and there are too many people here!	2/28/2024 10:49 AM
169	I'm not sure I completely understand the Draft Land Use Plan. The one thing I believe is a bad idea is to have a camping ground. However, I am all for agriculture/open space preservation for the health of the community. In my opinion, one thing that will set Frederick apart from other cities/towns/communities would be having more open space for people to breathe and be surrounded by nature for our health and well being. When it comes to building and expanding	2/28/2024 10:29 AM

	commercially, less is more! While I like the idea of being able to walk to a neighborhood coffee shop/grocery store, etc., it depends on what kind of stores are put in place. I'm all for quaint mom & pop shops that carry healthy selections. I'm against more Circle K's, King Soopers, etc. which only lower the esthetics and have zero character.	
170	As a cycling enthusiast, it would be great if there was some slightly more direct way to get to Longmont from Frederick by bicycle. On the map such as it is, I think the connectivity is there (go all the way to the west side of Frederick by trail, then go to the far north (northwest) part of the map via trail, and I'm guessing that connects with the St. Vrain Greenway trail being proposed that connects St. Vrain St. Park with Sandstone Ranch. And that could work, as long as you can go underneath 119 on the Frederick trail heading north. I suppose my preference on a mod would be, could the northbound trail in Frederick (NW corner of the map) connect with the St. Vrain Greenway SOUTH of 119, rather than what I think it looks like, which is that it perhaps intersects 119? Thanks for hearing me out, and for all the great work all of you are doing! I live in Rinn Valley Ranch.	2/28/2024 9:59 AM
171	I don't understand the map - so much says mixed use, multi-family or adaptable neighborhood (whatever that means). Seems open ended for a lot of development that will take advantage to put in mass housing options, like apartment complexes. Poor language, & that makes me not want it in my community.	2/27/2024 11:06 PM
172	I am not in agreement with the low income apartment complex trying to be put in Frederick!! This is going to lower our town value! if it is needed then go build it by brand new homes and see how it goes or go put it in an HOA area. other than the low income apartment I am in agreement for improvements. that apartment complex is NOT an improvement!!!	2/27/2024 10:04 AM
173	We need more stores and restaurants.	2/26/2024 10:45 AM
174	Seems well laid out and provides a bunch of opportunity for the residents. I like that there's a lot of unknown.	2/25/2024 8:49 PM
175	Every F.U.P. needs general commercial zoning, no?	2/25/2024 8:18 PM
176	More recreation areas.	2/25/2024 8:07 PM
177	Eliminate single family residential zoning	2/25/2024 7:31 PM
178	A little more green in the middle to make it more breathable	2/25/2024 7:18 PM
179	More agriculture / open space. Although I love Frederick's growth, it would be nice to protect enough of Colorado's open space.	2/25/2024 6:51 PM
180	- What does adaptable neighborhood entail? - More connecting trails across neighborhoods - Adding other areas for shops	2/25/2024 6:38 PM
181	More trails!	2/24/2024 7:59 PM
182	Adaptable Neighborhood by the Wyndham hill neighborhood: I would prefer that east half of that to be park land that would connect into the park/open space by old 52. Still keep the adaptable neighborhood along wcr-5, but stay with park land along 52, between billings Ave, and wcr-5. This would also help with the aesthetics of the central loop trail. Central Loop and Trails: Nice Loop. Love the idea. I like seeing the trail system running n-s splitting the central loop in half. What about having one that would run e-w to split it again? This would be beneficial to bike commuters that need a quicker connection. Just start at the mendoza open space, by the school and across i-25. Traffic Problems: There is a neighborhood going in just south of wyndham hill across 52. We already have tons of wrecks and traffic along the 52 & aggregate area. Currently traffic around 4-5pm is backed up at least 4 miles to the tree nursery and nearly all the way to 287. This neighborhood is going to make it much worse. the roads need to be widened and lots of thought given to traffic flow. Wyndham hill west area has no legitimate way in or out of the neighborhood when we have the accidents near aggregate. Aggregate and 52 is their ONLY way in/out. Will definitely need cross-walks in this area. it will become unsafe. Regional hub @ 52 and I25: although there is the central loop, still recommend adding sidewalk access on 52 spanning from colorado blvd to wcr-5 for more direct access. Stage 1 recommended is from aggregate to the regional hub by crossing I-25.	2/19/2024 12:33 PM
183	Don’t put apartments on Bella Rosa and silver birch. If you need to put something put townhomes. Put apartments up on highway 52 where there is already too much traffic	2/17/2024 7:22 PM
184	Too many multifamily units being put near established neighborhoods - Bella Rosa and silver	2/17/2024 7:11 PM

	birch!!! This is a neighborhood area we don't need in or want apartments there. Build townhomes there if needed but *not* apartments Spending too much money on a small park that is being used extensively and not on others that need maintenance d and improvements that serve a larger group of people	
185	Keep the multi family units in bigger land tracks not already surrounded by single family homes. Bella Rosa and Silver Birch is already a bad intersection. Units there will create issues not solve them	2/17/2024 7:10 PM
186	Promote higher densities than what is proposed in key corridors like I25, Hwy52 and parts of Colorado Blvd.	2/16/2024 10:01 AM
187	Clear physical constrains are not accounted for in this map. Making the map misleading.	2/16/2024 8:36 AM
188	Neighborhood Village on CR5? The area is large lot estate residential and agriculture with significant drainage issues identified in Town OSP. Why is drainage not considered or referred to in the planning effort?	2/15/2024 4:44 PM
189	It seems that most of the plan is to add townhomes, and rowhomes. I would like to see Frederick as mostly single-family homes. I would like it to keep the small town feel.	2/15/2024 3:53 PM
190	Hello, The area in the far west of the Town of Frederick, between CR16 1/2 and CR20.5 and west of that (beyond the Town of Frederick Boundary) should remain agricultural/open/space but without any options for development, not 1 house per 10 acres. This is a special and long time established agricultural area with enough development already. It is rural, dark at night, and beautiful, adding annexed properties will destroy it's character. This area is marked on a map with an agreement that was created between Boulder County and Frederick (FBCPA Frederick Boulder Creek Planning Area) in 2008. Even if it wasn't fully ratified it shows Boulder County has interest in it and should be notified before any decisions are made regarding this area. I would like it to be renegotiated with Boulder County and ratified as a permanent conservation area, a 'no development area'.	2/15/2024 12:57 PM
191	How much of the mixed use area includes restaurants?	2/15/2024 8:44 AM
192	My current neighborhood shows as adaptable, but it is currently 100% single family homes. How would that change if there's no room to add housing. Are you going to tear down existing homes?	2/14/2024 11:03 AM
193	The Frederick Recreation area around Milavek Lake - Please leave this as a nature and wildlife area. People go there because it is peaceful and serene. If you build a sports complex or allow tent camping you will ruin the natural habitat, push out the wildlife and create noise pollution.	2/14/2024 8:52 AM
194	More restaurants	2/13/2024 5:58 PM
195	Adding a commercial storefront on the west side of William Bailey is not optimal as it is directly adjacent to homes and backyards. That would be a great area for greenspace. This will also greatly increase traffic, noise, and pollution in a residential area. The King Soopers on the east side of William Bailey is exciting, but the west side, by the neighborhood, should remain residential. With the grocery store going in, the speed limit on 52 needs to be reduced. 55mph is too fast as it is now and will be worse as traffic increases once the store is open. Side note, the speed limit on 13th seems a little high as well, 35mph past front doors and sidewalks is excessive. What happened to 25mph through neighborhood streets?	2/13/2024 12:03 PM
196	Completely against multifamily apartments on the corner of 52 and silverbirch, I was under the impression that Richmond duplexes were going to extend into this space. Also, I was under the impression that estate residential was extending up through to Frederick High School between silver birch and Colorado.	2/12/2024 3:41 PM
197	A lot of building/growth (for that) but it would be nice to see more opportunities for parks and athletic field type amenities.	2/12/2024 1:25 PM
198	More parks, trails, and open space. Specifically improve the trail network so the major parts of the town are accessible via biking and/or walking. This is something the lacks greatly in Frederick compared to other major towns and neighborhoods (i.e., Superior, Erie).	2/12/2024 1:01 PM
199	There is way too much housing development in this area. We don't have the infrastructure to support more homes. Land is being taken to build more grocery stores and businesses that aren't needed. Residents moved out here to enjoy the rural feel of the area.	2/12/2024 6:29 AM

200	I understand it's important that Frederick is not left behind, however so many people move to this area because they enjoy being away from all of the things being proposed. I'm tired of seeing industrial businesses along I-25. People who drive by think all that is in Frederick are semi truck and RVs lots, manufacturing facilities and self-storage. I don't want the growth, but it's going to happen so I would rather have something zoned asking I-25 that is beneficial to residents rather than more ugly car dealerships and metal building warehouses. So can't we have actual businesses like a Target or Walmart, clothing stores, Matshalls/TJMaxx, places where we can shop for almost anything. Our would be great to have things to do like a pottery studio or paint sip place or ax throwing. Build a nice green space in the center and put fire pits and adirondack chairs and being in an ice cream shop so people can enjoy outdoor movies or sunset concerts. You'll still employ people, but those things will also benefit residents. I feel like the people who are spearheading this aren't residents and they just want to force growth. As soon as everything is built, they'll move on and residents will be left with the projects they die just to pad their resume. The same thing happened in Westminster. Even though Westminster is a larger city, it had a small town feel until the city manager, who was from out of state and had no concern for what residents wanted or the history of Westy, came in and pushed so hard to turn it into the new downtown, evacuate though that's not what residents wanted. Don't be Westminster. There my enough room for tons of apartments. Firestone is going nuts with them and they're ugly and ruining the small-town ambience/appeal. This area is not woke but it seems you're trying to push this woke 15-minute city agenda on us. While it is nice to have amenities within walking distance, I know very well it will be used against us in the future when they start forcing people to stay within their little quadrants.	2/11/2024 11:21 PM
201	The area is going to become too dense - too many townhomes, duplexes, row homes, multiple family homes, etc. We moved here b/c of the country feel and it feels like it's going to be a suburb of Denver.	2/11/2024 7:05 PM
202	More open space where all the housing is planned	2/11/2024 8:22 AM
203	Not a fan of the adaptable neighborhood and multi family, especially along Bella Rosa.	2/11/2024 7:49 AM
204	We don’t need more housing developments	2/11/2024 7:27 AM
205	This would directly affect my home. Building a business basically on my street. Absolutely hate it. I moved to a peaceful and quiet neighborhood and this plan with shatter that.	2/10/2024 9:51 PM
206	I am concerned about the commercial space ruining the uniqueness of Frederick. All of this growth is going to cause heavy traffic.	2/8/2024 8:08 PM
207	More walking, less driving	2/8/2024 10:26 AM
208	Too much housing properties.	2/8/2024 7:35 AM
209	Live the trails. More open space	2/7/2024 9:42 PM
210	More parks please!	2/7/2024 7:14 PM
211	Make sure vertical limits are not too high	2/7/2024 12:08 PM
212	I looked at the map, and it doesn't seem bad, but I also don't know what to look for to say I LOVE IT!	2/7/2024 11:41 AM
213	It looks to me like there is a lot of space devoted to apartments, duplexes, townhomes, etc., which I believe will densely populate those areas and cause us to lose the qualities of a small town.	2/7/2024 10:36 AM
214	I’d like to see our bike paths finished. As well, I’d like to have them connect us to Longmont and Erie.	2/6/2024 10:18 PM
215	More open space. Once the views are taken by businesses and homes, you can’t get them back.	2/6/2024 8:52 PM
216	Change in according to the position	2/6/2024 6:14 PM
217	The northeast corner of Hwy. 52 and Colorado Blvd. should remain open space, with no mixed use. There will be plenty of that in the new King Soopers Marketplace across the street. Also, if more industrial/commercial businesses are built across the street from neighborhoods, there needs to be a bigger buffer of space in between. My backyard backs up to Majestic in the Countryside neighborhood, and all the businesses built right across the street are huge	2/6/2024 5:33 PM

	negatives. If I ever moved it would be because of the industrial noise and traffic going on from 4:00 a.m. - midnight at times.	
218	Map too small. As a long time resident on 7th can't tell if I still have a home. Mixed use is too broad a term	2/6/2024 5:26 PM
219	I'm disappointed that Wyndham Will still has no plans for a Frederick maintained park.	2/6/2024 5:22 PM
220	I am concerned about traffic on Colorado Blvd and whether or not there will be a variety of different things to offer the community.	2/6/2024 5:17 PM
221	Definitely, need more restaurants in Frederick. Also,would like to have an on ramp and off ramp onto I-25 and off I-25 from Bella Rosa. The four way stop before going under I-25 from Bella Rosa needs to updated as, it is dangerous. Need either a light there or a traffic circle.	2/6/2024 5:09 PM
222	Too much open space is being built on. There won't be any left.	2/6/2024 4:42 PM
223	I'm feel we need some more business that will produce steady income like Target or something similar.	2/6/2024 3:55 PM
224	More reservoir space would be preferred.	2/6/2024 8:03 AM
225	We're headed in a positive direction and thank you!! The major roadways [Hwy 52, Colorado Blvd] need to get moving quick in order to handle the increased traffic volume.	2/6/2024 6:58 AM
226	Too much multi family	2/6/2024 4:37 AM
227	I'm not sure what I would change. I like what I see so far, but am not sure if I am understanding all of the ramifications of these choices, so don't want to say I love it.	2/5/2024 10:51 PM
228	New school site to remain on the east side of I-25	2/5/2024 10:06 PM
229	We need an overpass or underpass at godding hollow or tipple.	2/5/2024 9:51 PM
230	too many colors, its confusing	2/5/2024 8:51 PM
231	Seems like it is well thought out, looks good from a layman's point of view. Hate to grow to big. Listened to a pod cast today talking about towns in the U.S. that limit their growth on purpose.	2/5/2024 8:17 PM
232	Needs more parks and greenery!!	2/5/2024 7:18 PM
233	i will get up on my horse and say that ridgeway should join frontier as the number one issue.	2/5/2024 6:55 PM
234	There is no set aside green space east of Hawthorne where it is planned for new housing construction. Tons of green space to the west of the city. While there are no homes there, cannot some of that space be set aside for a park? After living in Lakewood while it went through its massive growth, that was the one thing that preserved - open space between subdivisions. Too much congestion in the end makes the area much less comfortable to live in.	2/5/2024 5:12 PM
235	I'm a little unsure looking at the map what the plan is - perhaps I am looking in the wrong place?	2/5/2024 4:25 PM
236	I would like to see some provision for food and drink establishments along the edges of the Frederick Recreation Area so that users could take advantage of the activities in the area and break for lunch or snacks without having to hop in a car and leave the rec area. Perhaps some accommodation for food trucks or small kiosks selling snacks and soft drinks.	2/5/2024 3:40 PM
237	I don't understand it. It doesn't look like much is changing	2/5/2024 2:55 PM
238	Definitely need more restaurants and food options.	2/5/2024 2:46 PM
239	Frederick does not need low income apartments as we are NOT a low income community!!!! Downtown we could use another restaurant but other than that build the low income housing elsewhere like a brand new housing development.	2/5/2024 2:40 PM
240	I like seeing the adaptable neighborhood overlay option, and would expand that to cover all existing single-family neighborhoods. It would then likely need some modifications or specifications around what the overlay allows in certain situations, but generally this could allow existing SF neighborhoods the option to become multi-family/multi-generational over time. I'll keep saying this one - less about the land use and so many different versions of essentially the same things (the hubs are all really similar), and more about the design. To	2/5/2024 1:19 PM

	maintain and build walkable, sustainable communities, we need to promote human-scaled designs. I trust the planners know what I'm describing. If we have to stick with land use zones, then I think there should be fewer mixed-use res/com categories (the hubs) and add at least one business category. There is a big difference between a light industrial business use adjacent a residential-only neighborhood and a business office park. The single category 'business flex' doesn't seem to address this. Final point - why isn't downtown Frederick identified as a community hub or neighborhood village?	
241	There isn’t as much agricultural/preservation/open space on the east side of 25 as on the west	2/5/2024 1:07 PM
242	Not a fan of bringing large businesses to the area. They destroy small towns.	2/5/2024 11:57 AM
243	Thinking we might need more multi-family housing if house prices are to continue the way they're going.	2/5/2024 11:55 AM
244	N/A	2/5/2024 11:40 AM
245	I wouldn't have the area south of Centennial Park between Colorado Blvd. and Frederick Way be a mixed use area if it allows heavy commercial entities. It abuts a single family area and would make that area not as desirable to live in. Would you like to have a strip mall behind your house?	2/5/2024 10:22 AM
246	Near the existing skate park / Milakec rez area it is planned for park/open space. This would be a perfect spot for a multi purpose playing/sport field.	2/4/2024 5:53 PM
247	Please add another recreational center with an outdoor pool and bigger gym.	2/3/2024 11:28 AM
248	Not sure I understand the different categories in the legend.	2/3/2024 11:05 AM
249	Wider sidewalks	2/3/2024 10:46 AM
250	Develop all open spaces marginally to help bring notice and safer use to these spaces.	2/3/2024 10:27 AM
251	Less crowding please	2/3/2024 10:05 AM
252	Would love to see more businesses	2/1/2024 4:57 PM
253	Would love to see more restaurants, businesses, gyms	2/1/2024 4:48 PM
254	Add a water park	2/1/2024 4:42 PM
255	I hope to see more restaurants and shopping in the mixed use. We don' need any more gas stations or liquor stores. We need a safe way to ride bikes or walk from the residential area west of I-25 to any mixed use areas and parks east of I25.	2/1/2024 9:34 AM
256	This plan does not consider what already exists in terms of infrastructure or existing agreements. It's frustrating to see taxpayer dollars spent to create a pretty picture that is not able to be achieved.	2/1/2024 8:45 AM
257	I really don’t think we should allow more huge housing developments at least until something is done to improve roads/traffic flow 52 & town streets in a major way!	1/31/2024 7:16 PM
258	How can the town add new development when doesn’t take care of the roads? Bella Rosa is horrible from Colorado all the way to Aggregate. Frustrating	1/31/2024 6:07 PM
259	I think that hub at 52 and Colorado is too large and blocks the view of the mountains from the park and downtown. It will really overtake the small town feeling.	1/31/2024 5:31 PM
260	Have open space for a warehouse store like costco or Sams club	1/31/2024 3:30 PM
261	I don't understand what Adaptable Neighborhood Overlay means. What is an Adaptable Neighborhood and what is the overlay relationship? To me this is very confusing. It also would be nice if we had a comparison to current use vs. future. You should also combine the definitions with the map so that it can be referred to without having to look at 2 documents.	1/31/2024 3:30 PM
262	Stop making Frederick in to a big city. It was so nice the way it was.	1/31/2024 3:21 PM
263	I would like to see another park on South-west side of High School.	1/31/2024 2:37 PM
264	We moved to a small town to watch apartments and land developers swallow up the open areas to create unnecessary housing. All of this building is designed around the agenda of "15 minute cities." This is total garbage!	1/31/2024 12:52 PM

265	More parks, expansion of the biking/pedestrian paths into more neighborhoods, more community hubs, and neighborhood villages.	1/31/2024 12:03 PM
266	There should be more attention to the CURRENT town structures, parks/open spaces, buildings, and school crosswalks or points of crossing for kids currently in harms way instead of trying to build up the town for new residents and low income housing if what we currently have is not complete and safe. I understand the need for development, but if you do not solidify the structure for which you plan to build on it will crumble, someone may get hurt and the blame will be pointed in your direction. Do not dismiss the small things that make BIG impacts on your townsfolk, the voters, the taxpayers.	1/31/2024 10:54 AM
267	We moved to this area due to our love for how open the area is from building. It is changing and a lot of the open space is west	1/31/2024 10:33 AM
268	More schools needed for the amount of single family & multi family homes you are suggesting in the area & better infra stucture in place BEFORE you add all these homes! Not much open space & parks for the amount of people you are trying to squeeze into the area! What happened to beautiful CO! We are NOT the city people! We are a losing the 'small town' community feeling	1/31/2024 10:17 AM
269	More open space	1/27/2024 7:16 AM
270	I love the bike trail access to other communities trails, the more we can connect the less we have to drive. I'd also suggest wider or easier access to the downtown shops and businesses. Including well placed lit areas for bike lock up. (Especially with the rise of e-bikes, they're expensive and hard to leave out of eyesight).	1/26/2024 10:50 PM
271	I dislike how much open space will be developed. We moved here for the small town feel and it feels like Frederick is growing too quickly.	1/26/2024 9:38 PM
272	I would love more open space. There are very few parks within Frederick, and it's important to me that we retain our roots in nature.	1/26/2024 8:30 PM
273	Less business, more open space	1/26/2024 8:25 PM
274	Keep big developments to the West of Silver Birch. The closer to Colorado Boulevard you let big box stores build, the quicker the small town feel goes away. Same with housing. More houses diminish the quality of being a small community.	1/26/2024 7:45 PM
275	You all are sucking the nice rural vibe right out of the town.	1/26/2024 6:55 PM
276	More trails are needed in more places.	1/26/2024 6:29 PM

Q2 One of the foundations of the Draft Future Land Use Plan is the idea of creating neighborhoods and organizing land uses so that residents can have their daily needs (coffee shop, small store, locally based retailer, etc.) within walking or biking distance, to reduce the need to drive around town. What is your opinion of this idea as a foundation for the plan? (Please select one option)

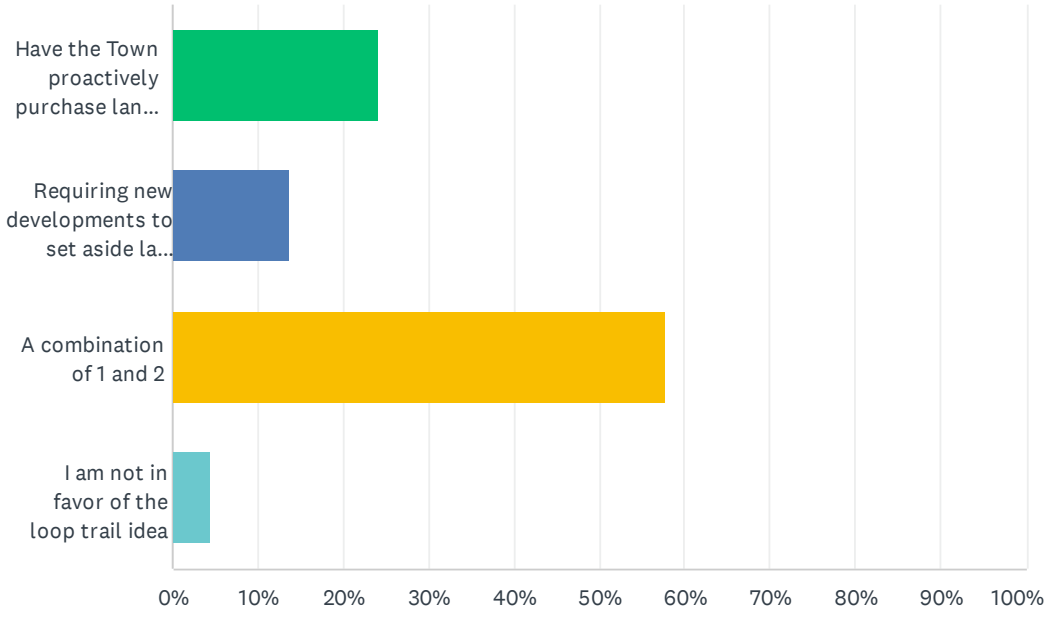
Q5 The second community survey indicated strong support for the creation of a “Loop Trail” (a centralized, walking and biking trail corridor around Frederick, with various amenities along the loop). If you like this idea, how would you like it to be implemented? (Please select one option)

Answered: 883 Skipped: 33



ANSWER CHOICES	RESPONSES	
Have the Town proactively purchase land for the trail corridor and construct the trail and amenities (resulting in a faster construction of the trail)	24.01%	212
Requiring new developments to set aside land for the trail and construct improvements as they come forward with development proposals (resulting in a longer term construction of the trail)	13.70%	121
A combination of 1 and 2	57.76%	510
I am not in favor of the loop trail idea	4.53%	40

1	There are surely other ways, too.	4/18/2024 10:36 PM
2	Open a Small Business Development Center.	4/16/2024 12:34 PM
3	The Downtown is currently small, cramped, and unappealing.	4/12/2024 10:44 PM
4	Other communities around us are starting neighborhoods with small businesses below and condos above and grow areas for first-time home buyers to start their investments and also support those small businesses and restaurants that are within walking distance. And while doing this, give it that old town small town charm. Was a design that was out there years back of growing downtown to the west of the roundabout, and building new/old town to the west as well.	4/1/2024 7:45 PM
5	Allow for limited regulations, to encourage growth	3/31/2024 10:45 AM

6	Close off Main Street for street fairs and markets on occasion	3/31/2024 8:24 AM
7	Some central but also spread out for access / parking	3/30/2024 9:05 PM
8	Anticipate web-based businesses (fiber infrastructure)	3/29/2024 10:25 PM
9	Fewer regulations for new and small businesses. More parking and easier access to down town.	3/28/2024 3:21 PM
10	I don't understand "how" developing internship/apprenticeship programs provides for small and locally owned businesses to develop--not enough information. Have the same questions as to how ToF can subsize commercial spaces.	3/27/2024 7:31 AM
11	Not ok with the proposed “sidewalk homes and businesses “ by single family homes. We will be at every meeting to be against this on Bella rosa and silver birch areas.	3/25/2024 8:13 PM
12	No to a small business incubator, maybe to internships and apprenticeships	3/25/2024 6:55 PM
13	Buy residences downtown and convert them to business space	3/14/2024 10:05 PM
14	I would like to learn more about the Town subsidizing spaces for small or locally owned businesses	3/14/2024 7:53 PM
15	Retail	3/13/2024 6:07 PM
16	Would need to understand action 1 and 2 better, to decide which might be better.	3/8/2024 1:18 PM
17	Further, what is the town doing about managing old buildings that are vacant or in desperate need of repair? Liens, owner call-outs, foreclosures? These are a black eye on the face of our town to visitors and residents.	3/4/2024 3:04 PM
18	I'd love to see incentives for companies (like new fast food or sit down restaurants) to open locations in Frederick and in downtown. I like locally owned places but I also like chain places. I'd love to see something besides McDonalds or Burger King come here.	2/29/2024 6:09 PM
19	Mentorship / apprenticeships is a lost art. I would love to become our blacksmith :)	2/29/2024 7:00 AM

22	While I like the idea of the Town being friendly to small and locally owned businesses, I am concerned about higher taxes being on a fixed income so anything that causes me to pay more is a no. Anything that helps small businesses by way of the Town being friendly, supportive, helpful to small businesses that doesn't cost money is a yes.	2/28/2024 10:34 AM
23	I don't think the town should provide a welfare subsidy to business. There are many apprenticeship programs in the Denver area including electrical etc. The town does not need to spend money on this.	2/26/2024 12:54 PM
24	No more gas stations!	2/24/2024 6:59 PM

34	I don't think the government should be using tax money to subsidize businesses. Maybe an incentive loan program with better rates that you can get from most lenders but still enough that the town gains a small profit to make loans to more businesses.	2/5/2024 10:56 PM
35	Give start up incentives for small businesses to grow main street and bring more commerce to the town.	2/5/2024 7:21 PM
36	provide advance conditional use permits for specific building sites that would allow small developers to design small commercial buildings without the expense of a full blown development plan. The town could maintain an inventory of available sites for say a restaurant or small retail space.	2/5/2024 3:58 PM
37	small or locally owned businesses should not only be supported downtown. All over town. Especially if we say we want neighborhood hubs, then the town has to find a way to support smaller-scale businesses. Especially grocery. Grocery is only going bigger, generally. And what do we mean by 'small'? Can it be small-er, like comparing a Sprouts to a King Soopers Marketplace? Sprouts isn't local, but it is smaller. Or Natural Grocers (both smaller and local).	2/5/2024 1:22 PM
38	Mix	2/4/2024 5:57 PM
39	The question does not provide for an answer that is either "not in favor." Generally, I don't think public agencies should put their thumb on the scale this way.	2/1/2024 9:22 AM
40	I lived in Warrenton, VA, where they had an small business incubator/space and support that was sponsored by the local community college, local university, town and private sector. It was a great model!	1/31/2024 5:33 PM
41	provide funding and/or subsidize for payment of town fees/county fees/state fees and assistance with "accounting" type services so taxes get paid when they need to and we don't lose a business that the town loves	1/31/2024 10:09 AM
42	I love the idea of an incubator. Both my partner and I have separate start up companies, his in tech and mine in real estate. We haven’t had access to resources due to the distance and would love a place to develop our businesses with like minded people in the community.	1/26/2024 10:52 PM
43	None of the above.	1/26/2024 9:22 PM
44	As a small business owner I want nothing to do with the town or government. We’re too taxed and regulated as it is.	1/26/2024 8:29 PM

16	It’s not clear by what you mean by attainable housing for entry level employee housing and first responders. Is this for local first responders? Or is this a nice way of saying “low income housing”? I don’t support putting in any multi level apartments near downtown Frederick. It will ruin the esthetic. 19	Given there is no public transit for the area there are questions as to how entry-level/essential personnel can live in Frederick IF they aren't employed by ToF or local businesses. DO NOT AGREE with Gov Polis plans to force towns to build high density housing! All decisions should be made by the towns, not the state. ToF needs to keep in mind and honor the homeowners that have chosen to live in single family neighborhoods and NOT cram high density housing in the middle of those areas, don't build high density/etc and take away the open spaces! We need to breathe, we need to be able to get away from the traffic/hectic pace we experience in the larger towns.	3/27/2024 7:37 AM

45	The downtown is basically 2 blocks. People should be able to walk or bike that. Increase bike parking would be a better use of resources. Shuttles and bike sharing seem like a wasted expense	3/5/2024 6:41 PM
46	As a parent of teens on the west side of I-25, I have realized that without a car, we can't get to downtown Frederick or to any food...we live in a food desert! I know we have a lot of neighbors who have at least one adult or teen member of their family who feel stranded in our neighborhood. I would love to see a shuttle someday that does a full loop of Frederick, so people in Wyndham Hills or other neighborhoods have a way to get to work in Frederick, get to groceries and restaurants in Frederick, and get to the town offices when needed. I'd also love to see policies that encourage commercial developers to make bike-in paths for locals to get to their stores and businesses without having to cross through heavy traffic lights and parking lots.	3/4/2024 10:29 AM
47	These shuttles would be awesome, especially for our teen/tween population to travel for recreation/jobs and even school (would love to see stops at both FHS and CRMS for this purpose). Safety would need to be a priority, so cameras onboard would be a must.	3/4/2024 10:04 AM
48	Please start with making sure all the sidewalks actually connect.	3/1/2024 11:31 AM
49	Not really in favor of any of these ideas. I'd love to see a bigger push with CDOT to review and review and keep reviewing until they take seriously the need to widen 52.	2/29/2024 6:11 PM
50	I'm in favor of RTD expansion! Love the entertainment shuttle...do it! The rent-a-bike stations look tacky / unprofessional. Personally not a fan of the bikes or scooters. Would rather rent from a local bike shop.	2/29/2024 7:02 AM
51	Local transit on demand...maybe. Seems like it would be popular for a minute and then discontinued. Bikes get left around, are beat up, and look trashy. An entertainment shuttle could be done by a small business.	2/28/2024 8:17 PM
52	Bikes are always left where they don't belong.	2/28/2024 5:53 PM
53	Build a transportation hub for mass transit on I-25 and highway 52 similar to the one currently being built on 119.	2/28/2024 2:36 PM
54	None of the above is necessary.	2/28/2024 10:36 AM
55	I don't know what "transit-on-demand" is...sorry...	2/28/2024 10:02 AM
56	Prove that the Town can properly maintain a trail system. Try riding a bike for more than one day without flat tires around here. Nice idea, poorly maintained trails is a big problem for Frederick. I can see us putting in millions of dollars of trails, only to see them poorly maintained & not used. I would not support more trails at this time.	2/27/2024 11:12 PM
57	People can buy their own damn bike.	2/26/2024 12:58 PM
58	NO bike share. Get a park and ride and a bus to Denver and Boulder.	2/25/2024 6:44 PM

59	Park and ride. RTD bus to Denver and Boulder	2/25/2024 6:33 PM
60	I support walking / biking in our town	2/24/2024 6:04 PM
61	No to all of these. We aren't Boulder!	2/24/2024 5:55 PM
62	Bold safer roads and sidewalks	2/19/2024 5:09 AM
63	None - all of these will cost money when we have needs for other things - paved paths are enough	2/17/2024 7:17 PM
64	Frederick is no ready for this. Consider revisiting in 5-10 years.	2/16/2024 8:47 AM
65	Town population density and available amenities do not support this item.	2/15/2024 4:48 PM
66	These are cool ideas but step one absolutely must be developing an ADA compliant sidewalk network and bike lanes	2/15/2024 4:00 PM
67	Continue developing protected and off street facilities to promote biking	2/14/2024 6:41 PM
68	Indifferent	2/13/2024 6:48 PM
69	Please do not get bike sharing or scooter sharing, they make for unsafe sidewalks	2/12/2024 3:20 PM
70	Local bus routes and bus routes that extend to popular shopping areas, as well as the city. Busses that have a route the other major cities like Loveland, Fort Collins, Denver, Boulder, Lafayette, etc. that stop in the downtown area. We already have access to Lyft and Uber apps. I don't see the value with partnering with another vendor.	2/12/2024 6:34 AM
71	Bike sharing is a colossal disaster. Look at any other community. They end up getting trashed and they're not used. Your question says people want more walking and biking and yet the majority of your questions reference buses and shuttles. Bikes are cheap, let people buy their own. The government doesn't need to do that. If private businesses want to operate shuttles then that's fine but I think everyone who moves here realizes they need to commute. I do love the idea of the senior bus that Firestone started in partnership with another organization. I can't remember Frederick is involved in that too.	2/11/2024 11:29 PM
72	Ensure we can cross colorado and get to downtown frederick safely - there are no lighted trails from moore farms down bella rosa to get to colorado then there isn't a safe way to cross the street at bella rosa.	2/11/2024 7:09 PM
73	Bike lanes	2/11/2024 8:58 AM
74	None of the above	2/11/2024 7:52 AM
75	People should walk / bike as they see fit. Shouldn't require much government involvement.	2/8/2024 9:40 AM
76	We need all the trails to be built first, then I think this question is appropriate.	2/8/2024 7:51 AM
77	I believe adding easily accessible transit will result in easier access for the homeless community, which is a slippery slope. I have a heart for the homeless, but also like the safety of our community right now.	2/7/2024 10:41 AM
78	Public transportation draws homeless and criminal activity	2/6/2024 8:54 PM
79	Implement transportation so Seniors could get around easier	2/6/2024 5:29 PM
80	Eventually, we could implement an on-demand system [private sector] but it seems we're still small; population wise.	2/6/2024 7:07 AM
81	I'm not sure what most of these proposals have to do with encouraging the use of bikes and walking, except the first one. I think any bike sharing or transportation system should be fully funded by the private sector not the government.	2/5/2024 11:00 PM
82	maybe an on demand would work- but what happens if 2 people in different neighborhoods are going to 2 totally different locations at the same time?	2/5/2024 9:33 PM
83	Bike sharing seems costly to run and not that effective.	2/5/2024 8:22 PM
84	What are you offering to the senior citizens who cannot ride bikes? Getting to a store by foot and carrying bag home is a no go for me.	2/5/2024 5:16 PM

85	I think a shuttle going towards Boulder would be worthwile as well. I don't dislike the idea of entertainment shuttles, but I think that should come AFTER we close the transportation gap between Denver and/or Boulder	2/5/2024 4:29 PM
86	The suggested initiatives seem to "miss the point" of encouraging more walking/biking around Frederick. We should understand that the sprawling nature of the township precludes easily implementing public transit, and that the lack of reliable regional transit limits connections into and out of the community. Instead, the focus here should be on simple, transparent infrastructure improvements that empower local community members to bring their own transportation. Community parking lots with preferred (or even free) rates; protected bike lanes as well as regional trails; walking corridors with businesses, lighting, and ample room; ensuring that there are reasonable options for locking and parking bikes at major commercial corridors. All of these things would provide fixed, tangible quality-of-living improvements for those engaging in biking/walking. It's hard to imagine the township having sufficient density and demand to justify the enumerated options on the survey, which would likely lead to a situation where these options are subsidized by funds that could be better spent elsewhere, but only producing a product which has minimal capacity or ease-of-use for the community. Shuttles and other on-demand transit options should come later, and only if there is sufficient demand to justify them.	2/5/2024 4:28 PM
87	Every dollar invested in robust public transportation will be a dollar well spent as there is nothing now and it's next to impossible to get an Uber at a reasonable price either.	2/5/2024 2:53 PM
88	Should be based on Frederick's needs. If the town needs transportation implemented then it should be discussed in town meetings and made public of what people are saying. I do not see that it's needed from my standpoint.	2/5/2024 2:47 PM
89	All transit options really require either/and a lot of investment/greater density to actually work. And the first/last mile is always the toughest to get past. That's where walkable design comes in, so that it's easy and pleasant to get from home to transit stop to final destination after the departure. Whatever is implemented, it should be done really well from the start so people love it and want to use it. Otherwise it's a waste of money.	2/5/2024 1:27 PM
90	None of these.	2/3/2024 11:20 AM
91	The entertainment or brewery bus is a good idea. It could go down to the north light rail stop in Thornton and pick people up from there.	2/3/2024 11:17 AM
92	More scooters!	2/3/2024 10:47 AM
93	Uber, Lyft, rental bikes, and scooters	2/3/2024 10:16 AM
94	No 15 minute city!	2/1/2024 4:59 PM
95	No comment	2/1/2024 4:50 PM
96	An on-demand bus/van for seniors and disabled folks would be great to get to appointments and groceries, etc.. This could be a joint venture supported by town, private sector and volunteers.	1/31/2024 5:36 PM
97	Just build more trails and use new development fees to pay for them.	1/31/2024 1:44 PM
98	1.) Bike lanes, wider paths, bike racks, shade, water along the loop, more routes connecting to the loop, downtown, hubs 2.) Fix the sidewalks from Carbon Valley Rec Center --> Downtown.	1/31/2024 12:14 PM
99	I do not agree with adding bike lanes, especially since the state of Colorado law implemented that bicyclists are considered to obey the same laws of motor vehicles on the roads they choose to occupy; ie: turn signals, stop signs/lights, etc.	1/31/2024 10:59 AM
100	All of these are a waste of tax payer funding.	1/26/2024 9:24 PM
101	I don't believe this is a good use of public funds. More trails are needed, but not motorized transportation.	1/26/2024 8:33 PM
102	More walking trails	1/26/2024 8:27 PM
103	A RTD stop linking to Downtown Denver and then on to Longmont would be an incredible asset for connecting local people to businesses and leisure activities without having to rely on car transportation.	1/26/2024 8:09 PM

104	Not sure that these actions are related to increasing walking and biking. Increasing walking and biking has to do with things like moving sidewalks and bike lanes off the street and keeping a green buffer between the sidewalk and street. The sidewalk on Silver Birch north and east of Legacy elementary is a good example.	1/26/2024 6:32 PM

Q9 I am interested in having Downtown Frederick expand to the south and west, as shown in the Downtown Framework diagram. (Please select one option)

#	PLEASE ADD ANY OTHER THOUGHTS YOU HAVE ABOUT THE EVOLUTION OF DOWNTOWN FREDERICK:	DATE
1	There are already vacant buildings in Downtown, like Pete's Place, that could be revitalized or demolished.	5/26/2024 10:51 AM
2	Widening Hwy 52 needs to be a priority before expanding the community.	5/26/2024 9:47 AM
3	Hwy 52 needs to be expanded (widened). You can't escape the heavy truck traffic.	5/26/2024 8:28 AM
4	Stop trying to make Frederick into Denver. We are in Weld County. Embrace agriculture, wide open spaces, and native vegetation and trees.	5/25/2024 7:15 PM

5	We need SMALL towns	5/23/2024 10:06 AM
6	In the downtown we need less homes and more businesses and recreation areas.	4/20/2024 12:21 PM
7	Encourage new small businesses.	4/20/2024 8:59 AM
8	More places to shop, eat, coffee, hang out. Parks, places for kids	4/18/2024 10:06 PM
9	I'm not in favor but because King Soopers is already happening, I think expanding south and west will help traffic in that area	4/18/2024 9:48 PM
10	We do not need more parking	4/16/2024 5:12 PM
11	I definitely would like more things to go and do	4/16/2024 12:43 PM
12	I would love to see a bike lane added to the downtown roads and throughout Frederick. I'm a little nervous about having an area for parking and a lot of traffic from downtown by our school.	4/16/2024 12:39 PM
13	Need to improve current Downtown first - so many unused buildings right now it seems.	4/15/2024 9:12 AM
14	This would be taking away everything we like about this town	4/14/2024 8:41 AM
15	Expanding downtown would take away the small town feeling	4/14/2024 8:36 AM
16	Not wanting to lose the small town feel that we had	4/13/2024 10:23 PM
17	What is proposed would add a very contemporary and desirable extension to the existing Downtown area.	4/12/2024 10:45 PM
18	Some "enhancements" to existing downtown area would be okay, but I would prefer as little new development as possible.	4/12/2024 10:06 PM
19	We can't move the traffic we have. Why tax our services additionally if it is not bringing the tax revenue? Widen the damn roads	4/11/2024 10:01 AM
20	I love keeping the "Olde Towne" feel in Frederick	4/11/2024 8:19 AM
21	We need sushi!	4/3/2024 1:13 PM
22	South and east with homes west. Our roads cannot handle this.	3/31/2024 10:47 AM
23	Again, I would be worried with old mines and traffic.	3/31/2024 9:10 AM
24	Planned parking lots with chargers intermittently Walk / bikeable is key Promote new businesses somehow to increase awareness	3/31/2024 8:28 AM
25	We tend to avoid larger festivals during peak times because you get boxed into one area	3/30/2024 9:10 PM
26	Eliminate traffic, yet create more businesses??	3/30/2024 8:56 PM
27	I truly believe the gentrification / expansion of the downtown area is the lifeblood of Frederick's future. We must keep a small town feel with multiple options for life, leisure, and entertainment.	3/30/2024 8:17 PM
28	Would love retail shops / more food	3/30/2024 7:17 PM
29	We need businesses in the space that is already Downtown	3/30/2024 5:43 PM
30	As long as Highway 52 expands and we keep things walkable. As of right now we don't have enough entertainment in the area with Mountain Cowboy gone.	3/29/2024 10:52 PM
31	No additional signalized intersections on Hwy 52 please	3/29/2024 10:27 PM
32	What's the problem with keeping the open space but put in bike trails? Quit trying to shove houses and retail on any open space. I moved here for the open space, lack of people and traffic. Don't ruin Frederick.	3/29/2024 4:40 PM
33	Downtown needs to be focused on first before trying expand it. There is little to do that that draws residents there. Many business do not stay and there are empty buildings. Some type of entertainment establishment down there would be great.	3/28/2024 9:46 PM
34	It makes sense to develop (businesses, restaurants, shopping, etc.) south & west of ToF rather than trying to have these services crammed into residential/housing areas.	3/27/2024 7:50 AM

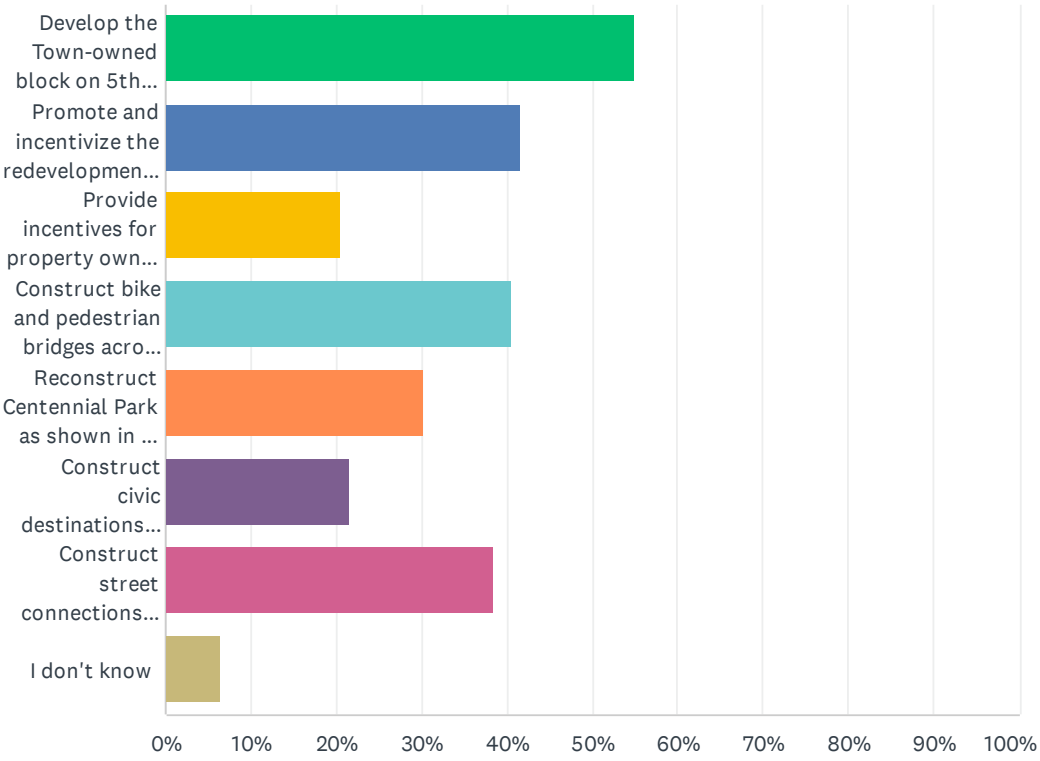
35	I do not think commercial needs to come down Locust. That should stay residential. We have plenty of opportunity for commercial on 5th street alone and we can't even keep businesses in there.	3/26/2024 5:17 PM
36	Expansion and development are important but at a time when land is being conserved and developed at a significant rate it is important to maintain the rural character of a community like this.	3/26/2024 8:32 AM
37	I'd prefer the section delineated for King Soopers to be developed as a hub for more local businesses, but I am ok with it.	3/23/2024 10:38 PM
38	You have building downtown still sitting vacant, but you want to expand.	3/22/2024 2:29 AM
39	Keep lighting limited	3/15/2024 2:40 PM
40	In favor IF some of the land is used for Town of Frederick buildings and a new police station	3/14/2024 10:07 PM
41	I know it will fill in Downtown, just think it can be utilized to create housing.	3/14/2024 9:18 PM
42	Love this!	3/14/2024 9:12 PM
43	Mixed feelings with expansions of this kind. I really like the open space south of Centennial Park.	3/14/2024 8:22 PM
44	Would love to see the Town do a monthly feature on local small businesses or a bi-weekly feature on social media. The Downtown Fort Collins IG does this so well.	3/14/2024 7:48 PM
45	King Soopers not necessary we already have one within easy reach. Find a different store/s for that area that are not another pizza joint or fast food. How about a higher end sit down restaurant. Like Pinocchios etc.	3/14/2024 4:44 PM
46	There must be infrastructure to support this. Developers need to pay for this	3/13/2024 11:03 AM
47	Do not like the idea of mixed use coming down Locust. Should keep this strictly residential.	3/7/2024 9:42 AM
48	I want to keep the downtown small. There are already too many empty buildings downtown.	2/29/2024 9:42 AM
49	We are a small town, with inevitable growth. Change must happen! Grow with change or be left to dust.	2/29/2024 7:06 AM
50	Summer concerts!:)	2/29/2024 6:45 AM
51	If the downtown expansion involves restaurants, bars, coffee, etc. then we also need a tunnel or bridge across Colorado Blvd.	2/28/2024 10:36 PM
52	The town has grown, so a more expanded downtown area could be beneficial to small businesses, local employment opportunities, etc.	2/28/2024 8:18 PM
53	We need more than small, local, expensive businesses. We need more large retailers closer than 20 minutes away.	2/28/2024 12:58 PM
54	Only if Colorado Blvd & SR52 are widened prior to development.	2/28/2024 11:03 AM
55	I like the size of Downtown Frederick the way it is.	2/28/2024 10:44 AM
56	I think adding businesses and retail around Downtown would be nice.	2/25/2024 8:52 PM
57	Definitely extend Main St! Love that idea!	2/25/2024 6:27 PM
58	Having a high traffic roundabout separating east and west sides of Colorado Blvd isn't ideal for walking	2/25/2024 6:11 PM
59	More restaurants, coffee shops, breweries	2/24/2024 7:26 PM
60	Strongly disagree. Don't ruin the small town feel!	2/24/2024 5:56 PM
61	Going east from the existing downtown would also make sense.	2/16/2024 8:59 AM
62	The map below does not meet the Towns Transportation Master Plan with efficient collector connections. Are the Town's existing plans being considered and implemented during this process? Very poor plan not to directly connect William Bailey Ave to HW52, this road has the potential to connect HW52 to Godding Hollow Pkwy to provide traffic relief for Colorado Blvd,	2/15/2024 5:10 PM

	Silver Birch Blvd and HS traffic onto a sub-arterial roadway which is very lacking in Frederick. Poor planning pushing additional traffic to arterials.	
63	Expansion of the downtown area would be great. Is it possible to expand East instead of southwest? In the current diagram, the expansion travels along William Bailey right up to the neighborhood. Doing so will greatly increase vehicle traffic through the neighborhood and surrounding streets which is not ideal for residents in that neighborhood as they walk with kids, ride bikes, etc. especially if the speed limit does not come down. Having a large parking area right next to homes is also a large eye sore for those residents. A large parking area will also increase the amount of litter and trash on the lot and streets...right next to homes. A little more consideration for the people living in the neighborhood that all these new marketplaces and expansions are being built on top of would go a long way in garnering support and excitement for the project.	2/13/2024 12:27 PM
64	Be mindful of the existing and future neighborhoods to preserve and protect their quality and neighborhood feel / privacy.	2/12/2024 3:55 PM
65	Expansion isn't needed.	2/12/2024 6:37 AM
66	This entire time I thought the King Soopers Marketplace was going on the west side of I-25 closer to the highway. I didn't realize it was in town basically. I'm not opposed to expanding the cute character of the existing downtown but I don't like the idea of tons of residential and apartments and more commercial. Frederick's special events are awesome and this community loves being outside and playing sports. I think including as much open space and grass is very important. I don't know why Frederick is pushing so hard to develop every single piece of land. I've lived in Colorado my entire life and in this area for the majority of it and I don't like all of this development. I sound like an old person, I'm actually not, but I really think the thing that's great about Frederick is the small town feel and you're trying to take all of that away. If you truly are built on what matters maybe stop pushing all of this so hard and focus on what people really enjoy which is what you do now with special events and outdoor activities and bringing people together. Not building tons of houses and making it a crowded large town that no one wants.	2/11/2024 11:39 PM
67	Wherever it expands we need SAFE lighted trails to get there so we can get there safely via foot or bike from the North via silver birch or colorado.	2/11/2024 7:15 PM
68	The roads need to be addressed to allot for plans of making the community bigger. The current infrastructure can barely support the traffic now, not to mention overall lack of maintenance of the roads.	2/10/2024 5:32 PM
69	Integrating small open spaces intermixed with the new development would be a great addition to transition the space from open to developed.	2/8/2024 9:51 AM
70	In my opinion the focus should start with expanding the Main Street downtown - bringing in more restaurants/bars/breweries to the city buildings and moving some of the city buildings to another hub.	2/8/2024 7:56 AM
71	Change the plan correctly	2/6/2024 6:16 PM
72	That area should remain open space and trails	2/6/2024 5:47 PM
73	If my home is safe I would like a stronger downtown	2/6/2024 5:37 PM
74	Too much open space is disappearing	2/6/2024 4:50 PM
75	Put a better grocery store than Kings. Maybe a Target?	2/6/2024 8:15 AM
76	There's an opportunity to grow this direction; yes!! We still think the City-of-Frederick should develop a brand new office building for administration and town hall meetings. This could also tie in the police department? Eventually, you're going to need more space [parking, etc.].	2/6/2024 7:20 AM
77	Too much multi family units	2/6/2024 4:48 AM
78	As long as the current land owners there are agreeable to selling their lands for that use, not forced/coerced or zoned out. Downtown should only expand if there are businesses interested in building and setting up shop there, not the town building it.	2/5/2024 11:12 PM
79	I would love to see a pedestrian bridge go from hwy 52 and hawthorn, by 7 11, to go over to Dacono. So many kids cross that intersection and it is scary as it is a hwy. It would put a lot of parents at ease to know they can cross there without the risk of being killed.	2/5/2024 9:07 PM

80	expand streets before construction	2/5/2024 8:56 PM
81	Do not allow anymore HOAs to ruin people's lives and you will have a better outcome. We are forced to live in an HOA that controls our lives and it doesn't improve the town or our lives. The money people put into HOAs can be used to support public schools, parks, etc.	2/5/2024 7:24 PM
82	Connecting roadways and trails to the major "destinations" within Frederick will be paramount to access to all of the businesses in Frederick - for consumers AND employees.	2/5/2024 4:36 PM
83	This would not impact my immediate neighborhood so while I agree, I would value the input of the residents most impacted more highly than my own.	2/5/2024 4:10 PM
84	as per the map below there is open space to expand that direction.	2/5/2024 2:53 PM
85	I'm curious what exactly is meant by 'Downtown' here. Is it the scale and design of the current downtown that would be expanded? Is it the land use? The business types? This is maybe being addressed in the separate Downtown Plan. What I imagine, and am in support of here, is an expansion of all of the above aspects.	2/5/2024 1:38 PM
86	No more residential Downtown	2/1/2024 4:39 PM
87	No more residential housing. It's too crowded, causing prices to go up in our small town, and ugly. King Soopers is also an awful idea, Safeway is not 10 minutes away and there is another King Soopers another 5 minutes from there. We don't need to crowd this town and put small businesses out of business. Make those areas open spaces and areas for small businesses.	2/1/2024 12:23 PM
88	This also needs to include the residential area west of I25 to have access to the east side of I25 Frederick parks, trails, and shopping.	2/1/2024 9:39 AM
89	I'd like to see modest growth in those areas, but let's not abandon old-town. What is being done to revitalize that area? Erie has done a good job on improving downtown.	1/31/2024 5:48 PM
90	More to the west	1/31/2024 2:47 PM
91	Stop developing! Do they want towns and business along I25 in this entire state?	1/31/2024 12:57 PM
92	The town has already increased over the last 5 years, more so than anticipated. Downtown is getting cramped and expansion development should be considered.	1/31/2024 11:02 AM
93	We need to help businesses stay down there, by bringing people down there.	1/31/2024 10:57 AM
94	you have nothing to draw residents or other people into the Frederick downtown area. There are only old falling down vacant buildings & not that many entertainment & basically zero shopping of goods in the current downtown area. If you are NOT going to fix the current downtown area, then this new area would give residents SOMETHING to go to, right now, we might as well be like Firestone & have a downtown area. There is zero shopping here or entertainment	1/31/2024 10:32 AM
95	Downtown Frederick is nothing. Its small, unsightly, and there are no real use cases to make it similar to Ft. Collins. Make a new downtown if you want something new and consider the existing one what it is, "old town." The existing downtown lacks parking, buildings, and has houses mixed between commercial areas. It will never attract a considerable amount of people due to existing infrastructure and the way it was built. Move on to something new if you want a Orchard feel.	1/31/2024 10:31 AM
96	We need way more shops and small businesses in downtown.	1/26/2024 8:48 PM
97	Stop developing everything. Open space is better.	1/26/2024 8:30 PM
98	This concept is taking away all of the open space everyone is saying they want. When we ride bikes and walk along the paths we want to see nature, not buildings and store fronts. King Soopers being added is bad enough.	1/26/2024 8:04 PM
99	I love our little town. I don't mind change and growth, but let's take care and build what we have instead of just expanding everywhere.	1/26/2024 7:49 PM

Q10 Of the following potential “big moves” for Downtown Frederick, which two would you prioritize over others? (Please check all that apply)

Answered: 863 Skipped: 53



ANSWER CHOICES	RESPONSES	
Develop the Town-owned block on 5th Street into additional restaurants, shops, offices, and places to live	54.92%	474
Promote and incentivize the redevelopment or revitalization of existing properties in the historic core of Downtown	41.60%	359
Provide incentives for property owners in the historic core of Downtown to convert properties from residential to other uses (retail, offices, etc.)	20.39%	176
Construct bike and pedestrian bridges across Colorado Blvd, to link the historic core to new Downtown areas, west of Colorado Blvd	40.56%	350
Reconstruct Centennial Park as shown in the framework, to create an enhanced community destination	30.36%	262
Construct civic destinations on the west side of Colorado Blvd to jump start Downtown development to the west	21.55%	186
Construct street connections from the new King Soopers Marketplace to the rest of Downtown	38.35%	331
I don't know	6.49%	56

#	PLEASE ADD YOUR THOUGHTS ON HOW YOU WOULD CHANGE THE DOWNTOWN FRAMEWORK, IF YOU HAVE ANY CHANGES	DATE
1	Keeping open spaces open! We don't have to develop every square inch!	5/23/2024 10:06 AM

2	We need our roads and our water improved first.	5/4/2024 6:51 PM
3	Make sure the street connections are pedestrian friendly and accessible.	4/18/2024 10:42 PM
4	No more dentist offices, no more auto parts, no more pizza, no more Mexican food, no more liquor stores. We have enough of those.	4/18/2024 10:06 PM
5	More shops and restaurants would be great for the current residents in the area. We do not need an increase in the number of residents.	4/16/2024 7:45 PM
6	Add a Quiktrip	4/16/2024 7:23 PM
7	Keep bikes off the roads	4/13/2024 10:11 PM
8	Need more amenities, restaurants, and the easy means of travel by bicycle and walking.	4/12/2024 10:45 PM
9	Why not widen the roads? Getting people in and out and around Frederick will bring business...not dreams of being Lafayette..	4/11/2024 10:01 AM
10	More family entertainment is good	4/9/2024 8:48 AM
11	Add additional parking for Downtown	4/3/2024 8:16 AM
12	Not a fan of the road through the park.	3/31/2024 5:45 PM
13	Add a water park	3/30/2024 8:56 PM
14	I like the expansion of Centennial Park but not the connection of Locust through Centennial Park	3/30/2024 8:17 PM
15	I would love our economic development team to promote more mom and pop restaurants over chains for the selected option.	3/29/2024 10:52 PM
16	More retail and restaurants	3/28/2024 8:23 PM
17	Remember this was a little mining town. The homes in and around downtown were part of that town. NO ONE WHO OWNS A RESIDENCE IN DOWNTOWN SHOULD BE INCOURAGED TO TURN THERE HOME INTO A BUSINESS. SHAME ON YOU!	3/26/2024 5:56 PM
18	Do not like the plan to reconstruct Centennial Park. I feel like the new road could go around the park rather then destroy what is there.	3/26/2024 5:17 PM
19	Again it is important to not overdevelop a community like this.	3/26/2024 8:32 AM
20	I like the street connections on the west side of King Soopers up into downtown but want Centennial Park to remain the same	3/25/2024 10:42 AM
21	Don't kick people out of their homes. Leave it the way it is.	3/22/2024 6:56 AM
22	I hate that huge king cooper's. The traffic will be a night mare AGAIN, and it's never addressed. 52 still backs up, and plans to widen it never happened. And, we have a king cooper's.	3/22/2024 2:29 AM
23	Reconstruct Centennial Park but don't put the street through the park. Don't extend Locust through. Keep Locust ending at the park. Also, I don't want to see residential on the Town-owned block.	3/14/2024 9:39 PM
24	I love all the festivals this town does!	3/14/2024 9:02 PM
25	1800 houses projected for the Silverstone development is way too many. There is not sufficient infrastructure or jobs to support this. It will turn Frederick into an overpopulated small community that will not have the resources or infrastructure to accommodate this. Crime, traffic congestion and pollution will drastically increase. Why do you want to destroy our small town?.	3/13/2024 11:03 AM
26	It's hard to imagine participating more downtown, when we can't get there except by car. I do see you are adding parking, but a shuttle from the other side of the freeway would make an enhanced downtown more attractive.	3/4/2024 10:36 AM
27	None of the above	3/1/2024 10:55 AM
28	We need an amphitheater or some small venue. Go Greek, build it properly, and you don't need	2/29/2024 7:06 AM

	microphones or amps. Make it all natural. We need items that build community.	
29	Instead of a bike and pedestrian bridge do a tunnel like at the corner of Colorado and Godding Hollow	2/28/2024 8:58 PM
30	I love the idea of adaptive reuse!	2/28/2024 8:40 PM
31	Developing downtown Frederick seems to to have gone nowhere in the past several years, and I have little hope that plans will go anywhere in the future.	2/28/2024 2:43 PM
32	DO NOT BRING LOW INCOME PROPERTIES TO SMALL TOWN FREDERICK!!!!	2/27/2024 10:10 AM
33	It would be nice to have better streets for King Soopers opening since Hwy 52 can get crazy	2/25/2024 6:54 PM
34	Revitalize the existing Main Street! More shops / restaurants!	2/25/2024 6:27 PM
35	We live blocks from Downtown and would love more restaurants, coffee shops, breweries. Would love for our walking and entertainment area to grow!	2/24/2024 6:06 PM
36	100%, start working on the central loop trail! Downtown can't handle all the cars in the area.	2/19/2024 12:50 PM
37	The future of the former crematorium needs to be addressed soon!	2/15/2024 6:29 PM
38	Continue installing and planning for roundabouts to provide access, connectivity, and traffic calming. Also, make sure there is enough activity (density and intensity) for a vibrant downtown- think bigger than Frederick is today.	2/14/2024 6:46 PM
39	Something needs to be done with the papa franks building	2/11/2024 7:30 AM
40	We also need bike connections from King Soopers to the rest of Downtown	2/8/2024 9:51 AM
41	The free market should dictate.	2/8/2024 9:41 AM
42	Do NOT connect New King Sooper it will cause more congestion into our small town and poor road.	2/8/2024 7:54 AM
43	Change it with different appropriate style	2/6/2024 6:16 PM
44	Need a safe easy way to Get from olde town to Kings	2/6/2024 5:37 PM
45	If the city can acquire existing properties; yes, you could redevelop-the-core? I'd suggest the opportunity of the open space to build something new [town hall]. It would be so much simpler.	2/6/2024 7:20 AM
46	More small businesses (retail and food). People who visit "historic" downtown areas want to be able to shop and eat, not browse real estate offices and churches.	2/5/2024 4:36 PM
47	It's really important that the new King Soopers Marketplace be walkable, especially as it seems likely that the Safeway will close after some time, and residents who have been able to walk there would be left with an option that is further away. Be careful about bridges or underpasses. People often avoid these. Can we do at-road crossings with clear pedestrian signals, etc?	2/5/2024 1:38 PM
48	There really aren’t many restaurants/retail downtown, especially with mountain cowboy closing, and therefore little draw to go there currently	2/5/2024 1:19 PM
49	As long as it is not turned into a 15 minute city!	2/1/2024 5:00 PM
50	0	1/31/2024 3:24 PM
51	We need more businesses that will pay their taxes and stay open, this town is in desperate need of a brewpub/gathering place. Give Clark Plaza some love, it is very run down. Fifth Street Square is more of what I would like to see. Figure out what is going on with Pete's Place/Papa Franks - it is currently just wasted space.	1/31/2024 12:24 PM
52	all the above would add something to actually DO downtown & the Centennial Park area is basically an open field of nothing & no one goes there except when you host an event there. Make is more useful all the time & a destination we would go to year round with something to do there. Same with Downtown area & make for easier access to the new King Sooper shopping area---again NO INFRASTRUCTURE IS IN PLACE before the buildings go up & accidents start happening on Colorado Blvd & on 52. It will be a nightmare for us to go anywhere & to even get to the new shopping area without the roads system to ease traffic on these two extremely busy ONE LANE each way, roads.	1/31/2024 10:32 AM

53	None. The picture on the right will never be downtown because the buildings aren't there. You'd have to knock off 4 square blocks and build all new to have a downtown feel.	1/31/2024 10:31 AM
54	One of the hardest parts about downtown is the limited potential with the current buildings - many of which are homes. There needs to be an extended area of businesses within walking distance from one-another (similar to downtown Erie or Lafayette). Right now, businesses are one-stop shops (you drive to downtown, eat at one restaurant, and then leave). There are no shops to wander or other business types to frequent, so the incentive to encourage foot traffic is not enjoyable. We've lived in Frederick for close to 10 years and never once have just 'wandered' downtown. There are too many homes breaking up the businesses for it to be an enjoyable wandering destination. If that's the goal, then a new downtown must be designed or the current buildings repurposed to provide more to do there.	1/26/2024 8:48 PM
55	Additional shops, restaurants and offices are good but no more houses. We don’t need to turn into Erie.	1/26/2024 8:34 PM
56	Don't change Centennial Park. It's great as it is,.I use it all the time.	1/26/2024 8:30 PM
57	There are plenty of empty buildings that can be converted for small business use.	1/26/2024 8:04 PM

1	We need an outdoor pool and a community center in Frederick	5/26/2024 9:47 AM
2	Local food shopping, pharmacy, restaurants. A pool.	5/26/2024 8:28 AM
3	Outdoor water center	5/25/2024 6:40 PM
4	Places for kids	5/23/2024 9:58 AM
5	Farmers market - Keep the town LOCAL! Support farmers!	5/4/2024 6:51 PM
6	Rec center	4/20/2024 11:30 AM

7	A flex space food hall / market / hub	4/18/2024 10:42 PM

10	Water park / outdoor pool	4/14/2024 8:26 AM
11	Parks, dog parks, bakery	4/12/2024 10:15 PM
12	None, the Town has too much to maintain adequately already	4/11/2024 10:01 AM
13	Water park, like Broomfield Bay	4/3/2024 1:02 PM
14	New police department	4/3/2024 8:41 AM
15	Theatre	4/3/2024 8:32 AM
16	Theater	4/3/2024 8:28 AM
17	Police Department building	3/31/2024 10:22 AM
18	Outdoor pool	3/31/2024 8:49 AM
19	Retain history of Frederick	3/30/2024 8:56 PM
20	Bowling, drive in movie theater, bookstore, flea market,	3/29/2024 3:49 PM
21	Ice rink	3/28/2024 9:46 PM
22	More parks	3/28/2024 7:15 PM
23	ToF public services hub for the police department, city services, etc. in one building for better use of their space as well as to make it more efficient for residents to have one destination for all town services. Then redevelop the existing Town Hall, police dept into downtown businesses/restaurants/etc.	3/27/2024 7:50 AM
24	Aswiming pool. A lake and park around it	3/26/2024 7:01 PM
25	Government has too much power	3/25/2024 10:51 AM
26	New Police Department	3/25/2024 4:14 AM
27	None of the above. Of course you want a new building.	3/22/2024 2:29 AM
28	Increase visibility for the town... Off I-25. They don't know we are here.	3/21/2024 7:41 AM
29	Police Department/Civic Center	3/19/2024 9:47 AM
30	New police department	3/14/2024 10:16 PM
31	New police station	3/14/2024 10:07 PM
32	New police department please	3/14/2024 9:54 PM
33	New Police Department	3/14/2024 9:18 PM
34	An outdoor performance space would be fun, like an open bandshell that could be used for cheaper performances than a performing arts center, which takes a ton of employees to keep up.	3/4/2024 10:36 AM
35	Live music venue, outdoors	2/29/2024 6:40 AM
36	More trees.	2/28/2024 9:33 PM
37	More kids stuff. A water park. Provide a business incentive for building indoor play centers.	2/28/2024 8:52 PM
38	None of the above.	2/28/2024 2:43 PM
39	None of the above	2/28/2024 12:12 PM
40	None of the above	2/26/2024 1:03 PM
41	Expand the rec center	2/24/2024 7:01 PM

42	Ice rinks, bike and skate parks, rock climbing parks, splash pads & parks for little children	2/19/2024 12:50 PM
43	Police Department	2/18/2024 10:00 AM
44	Public spaces and entertainment (although this might not be considered civic)	2/14/2024 6:46 PM
45	None of those ideas	2/13/2024 11:19 PM
46	More restaurants and small businesses	2/13/2024 6:53 PM
47	Restaurants and breweries	2/13/2024 6:05 PM
48	Park amenities and better athletic fields	2/12/2024 1:40 PM
49	I don't want any of these things. I've never been into town hall in my life. I would rarely use a Performing Arts center. You guys have brought in farmers markets and they can take place anywhere. The rec district just opened a community center. Why does no one listen to the public. For the last 20 years all the people who live here have begged for as an outdoor pool and no one will give it to them. The wreck District can't listen to voters either. They think they need to build a giant rec center but all the people want is just a nice outdoor pool where people can go in the summer and spend time with their kids. It doesn't need to be fancy. It shouldn't be because then people can't afford it. I	2/11/2024 11:39 PM
50	Safe access to the downtown area that is lighted. Also shaded so that we rely less on cars and more on other ways of transportation.	2/11/2024 7:15 PM
51	It's fine the way it is	2/11/2024 7:58 AM
52	An INDOOR playground for the days that are too hot and for snow days!	2/10/2024 10:03 PM
53	The community center should include food trucks, dances, and cultural experiences	2/8/2024 9:51 AM
54	The Senior Center needs to be fixed first. The new area isn't accommodating. It was poorly set up and does not fit their needs!	2/8/2024 7:54 AM
55	Community Gardens	2/7/2024 11:45 AM
56	It's clear that Frederick Town offices need expansion	2/6/2024 5:42 PM
57	Library with coffee shop (as mountain cowboy is closed down) and partnerships with local colleges and universities to provide a learning hub for students young and mature.	2/6/2024 5:21 PM
58	24 hrs access at the Rec center	2/5/2024 7:31 PM
59	Small businesses/, coffee shops,slightly more upscale food/drink - Georgia Boys, Peppers, Gabes, etc...they are good but not really good or great. We need a destination for community members to want to come to downtown and stay downtown and spend their money.	2/5/2024 4:36 PM
60	Entertainment area for live music, beer fests, and more dining establishments.	2/5/2024 3:01 PM
61	Farmers market only if the town or whoever is running it can really partner with actual farmers to get a good variety of foodstuffs (as opposed to mostly arts and crafts). As part of more parks space, can the town also do community gardens or even partner with non-profits to build gardens that would supply a booth at the market? Would love to see some stunning xeric gardens in Centennial Park and at the Recreation Area.	2/5/2024 1:38 PM
62	Town/community garden	2/5/2024 11:59 AM
63	More mom and pop restaurants and stores, etc.	2/3/2024 11:12 AM
64	More restaurants	2/3/2024 11:07 AM
65	more restaurants	2/1/2024 8:48 PM
66	Why would we build a new town hall when staff isn't going to the office?	2/1/2024 10:06 AM
67	Small owned shops businesses from those local	1/31/2024 10:38 AM
68	shopping, restaurants, entertainment areas---something anything as there is zero now	1/31/2024 10:32 AM
69	Movies and wine in the park.	1/31/2024 10:21 AM
70	restaurants	1/31/2024 10:13 AM

71	A waste of taxpayer funding	1/26/2024 9:26 PM
72	There needs to be mixed uses available for whatever is created. We're too small of a town for single-use buildings most people won't use.	1/26/2024 8:48 PM
73	None of the above.	1/26/2024 8:30 PM
74	Outdoor pool. Much like what broomfield has. Bay aquatic	1/26/2024 8:28 PM
75	Restaurants and breweries	1/26/2024 6:55 PM
76	A new rec center.	1/26/2024 6:34 PM

#	PLEASE ADD YOUR THOUGHTS AND COMMENTS ON THE CONCEPTUAL PLAN FOR CRIST PARK:	DATE
1	More green grass for games, events, gatherings, etc.	5/26/2024 10:30 AM
2	The park has to be viewed as a luxury and not as "the feature". Having traffic through the area is critical where the park is viewed as an addition is key	5/26/2024 10:21 AM
3	This design seems overcomplicated. There aren't enough play structures for kids in the design. Need more trees. KISS - Keep it simple....	5/26/2024 9:47 AM
4	The park is too small and this design is trying to do too much. Either pivot to one thing, or expand to adequately serve all.	5/26/2024 8:28 AM

5	Need to use less water	5/25/2024 7:49 PM
6	You've paved over everything and put artificial covering everywhere. Let the kids touch grass.	5/25/2024 7:15 PM
7	Needs more space, benches, walking paths. The plan has too much concrete and structures.	5/24/2024 9:04 AM
8	Make sure shade is available	5/24/2024 7:27 AM
9	Better playground designs	5/23/2024 12:15 PM
10	Too much concrete!	5/23/2024 10:06 AM
11	Leave Crist Park alone!	5/4/2024 6:51 PM
12	I would also like elements for older kids, age 8-12.	5/4/2024 6:34 PM
13	Personally would like 2 pickleball courts, but given the available space in the park, I am unable to see how that would be possible.	4/24/2024 10:31 AM
14	Splash pad	4/20/2024 12:30 PM
15	A splash pad, if it is not already in the plan	4/20/2024 11:25 AM
16	One pickleball court in Crist Park is short-sighted. Two minimum, if you're putting one in at all.	4/20/2024 10:28 AM
17	ADA accessible landscape and adaptive equipment.	4/20/2024 8:59 AM
18	Wow! Great activation and use of the space.	4/18/2024 10:42 PM
19	Lots of grass	4/18/2024 10:06 PM
20	Splash pad	4/17/2024 6:19 PM
21	Splash pad / more playground	4/17/2024 6:14 PM
22	Need more focus on a nice / bigger playground. 2 pickleball courts (or more)	4/16/2024 7:27 PM
23	Need more grass, less rigidity	4/16/2024 5:12 PM
24	I like the idea of having somewhere to hold town events.	4/16/2024 12:39 PM
25	2 pickleball courts	4/15/2024 10:35 AM
26	No bikes or skateboards in the park, for safety	4/13/2024 10:11 PM
27	More equipment for kids	4/12/2024 10:40 PM
28	Love the emphasis on spending time outside without building new homes or businesses, etc. Enhancing the area would be great.	4/12/2024 10:06 PM
29	Awesome, more places for public works to spend my money instead of on potholes and road maintenance...	4/11/2024 10:01 AM
30	An amphitheater would be great	4/8/2024 9:25 AM
31	Add a splash pad	4/3/2024 1:29 PM
32	More trees and maybe a water fountain	4/3/2024 1:20 PM
33	Add a small fountain / splash pad	4/3/2024 1:02 PM
34	Water-based area for children	4/3/2024 8:32 AM
35	Add a water feature for children	4/3/2024 8:28 AM
36	More parking	4/3/2024 8:12 AM
37	Xeriscape is great, but kids need nature too.	3/31/2024 5:25 PM
38	More kids play structures	3/31/2024 5:10 PM
39	Natural and drought hardy grasses and flora	3/31/2024 9:10 AM
40	Add swings	3/31/2024 8:49 AM
41	More water	3/31/2024 8:39 AM

42	Looks like a playground. I prefer grassy parks with trees, as an adult	3/31/2024 8:28 AM
43	Need more shade More teen / tween space. Don't lose the playground	3/30/2024 9:10 PM
44	"Church in the park"...will it be able to continue?	3/30/2024 8:56 PM
45	More grass	3/30/2024 7:27 PM
46	Really like the vibrant colors presented. Very open design, as well.	3/30/2024 7:17 PM
47	I would make the splash pad and playground more robust and interactive.	3/30/2024 6:12 PM
48	Keep the gazebo	3/29/2024 11:06 PM
49	We don't have kids yet but love it! Can't wait to bring our future family to play.	3/29/2024 10:52 PM
50	No pickleball! Too noisy for adjacent residences.	3/29/2024 10:40 PM
51	The playground shown in lackluster	3/28/2024 8:29 PM
52	Water play areas for kids	3/28/2024 4:43 PM
53	Would depend on "when" this plan is desired and how to pay for it. I think focusing on other community development is a priority over Crist Park.	3/27/2024 7:50 AM
54	Leave basketball courts for placement in other parks or at the schools	3/25/2024 6:57 PM
55	Add swing sets	3/25/2024 10:55 AM
56	Keep as much grass / plants / trees as possible	3/25/2024 8:51 AM
57	I don't have strong feelings about the park layout.	3/23/2024 10:38 PM
58	All I see in those pictures is concrete and spending money to move carvings and gazebo around.	3/22/2024 2:29 AM
59	I would add more than one pickle pork court, as it is the fastest growing sport in America, and the only other existing court in the Tri town is always full	3/21/2024 7:20 PM
60	Expanded parking would be key to the success of a restructure of that park.	3/21/2024 7:57 AM
61	I like it. Don't need to modify it.	3/14/2024 10:11 PM
62	I like it...but I don't want to modify it.	3/14/2024 8:16 PM
63	Love this concept! Love to see the mixed use and play areas as well as the food truck space with accommodating tables and shade!	3/14/2024 7:48 PM
64	Remove 1/3 of the table area and expand the event lawn (people can always do picnic blankets instead). Have two pickle ball courts.	3/8/2024 7:51 PM
65	Consider less lawn, more xeriscaping, water conservation. Perhaps more than 1 pickleball court.	3/8/2024 1:40 PM
66	Please do this and put in pickleball. Have a tennis or pickleball court at centennial park as well please.	3/5/2024 6:47 PM
67	I would make the bandshell big enough to accommodate the groups that come to perform there...make sure it is big enough to get a high school choir or band in there, or a group that can do a small Shakespeare in the park type thing.	3/4/2024 10:36 AM
68	Benches! Add park benches literally everywhere. Pretty benches with character. Seating options invite people to come and stay/visit/play on a daily basis. You can even create a program where residents can sponsor a bench in the name of someone they loved, with a plaque on the bench. Also, an additional set of restrooms on the west side, OR make them more centralized. They are not in a good place for family use or the elderly. Too far!	3/4/2024 10:14 AM
69	I find funds better used for bike trails and additional amenities rather than upgrading current ones	3/1/2024 10:15 AM
70	Bigger park	2/29/2024 7:23 PM
71	My only concern is the "big art" unless it is a large chainsaw carving. Artwork can be	2/29/2024 6:17 PM

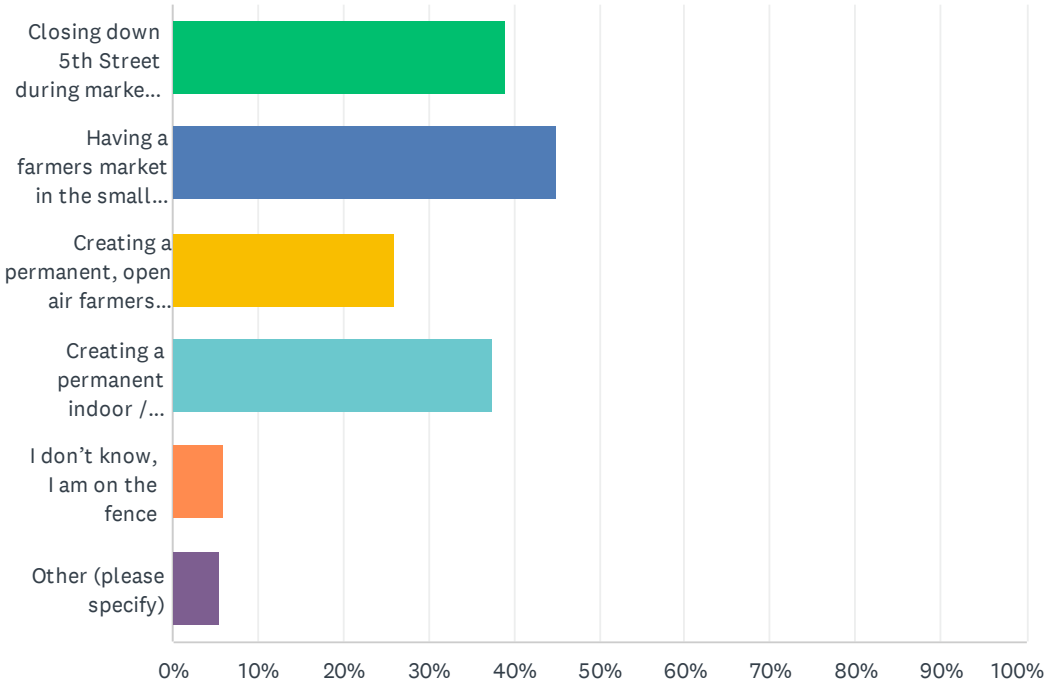
	polarizing.	
72	The event lawn is asking to be dug down for an amphitheater. Spoken word, bands, you name it.	2/29/2024 7:06 AM
73	Too much concrete doesn't feel welcoming. Too city / urban-like	2/29/2024 6:36 AM
74	We need shade over playgrounds, for kids.	2/28/2024 6:33 PM
75	No pickleball courts. The noise will be unbearable. I think the plan will be very expensive to build and very people will use it.	2/28/2024 2:43 PM
76	Not enough parking	2/28/2024 11:03 AM
77	There's no need to develop the park, let's not waste money on that	2/28/2024 10:58 AM
78	It looks cool but I'm concerned about money. However, if it were to become a concert venue per se that would bring in money for the Town then I could lean toward it.	2/28/2024 10:44 AM
79	Concerned about how it would be paid for and if any impact to Frederick residents.	2/28/2024 10:15 AM
80	The plans look like they upgrade the park, making it a fun place to be	2/25/2024 8:52 PM
81	Splash pad would be nice and/or a water feature.	2/25/2024 6:46 PM
82	Potential to add more playground features.	2/25/2024 6:21 PM
83	Why are you still keeping the museum that nobody visits?	2/25/2024 6:11 PM
84	Add a water playground for the summer	2/24/2024 7:52 PM
85	The site plan is too busy and cluttered. Simplify!	2/24/2024 6:49 PM
86	More splash pads	2/24/2024 4:38 PM
87	There are not enough areas for family and kids to play outside with jungle gyms etc.	2/21/2024 2:29 AM
88	It’s fine as it is - Frederick needs more trees everywhere - that’s where the money should be spent	2/17/2024 7:31 PM
89	Implementation of one way traffic and better traffic calming features.	2/15/2024 5:10 PM
90	So much concrete up front with no trees :(	2/15/2024 8:55 AM
91	From the concept it looks like there will be trees planted, thats awesome!	2/13/2024 12:27 PM
92	Pool	2/12/2024 2:17 PM
93	I don't like the giant wall that's on the southwest corner of the park and unless I read it wrong, it looks like the plan is to expand that. I don't like that because you can't see the park from the road and when you're coming in and it's very closed off. The appeal of a park is a nice open space. It also blocks the beautiful mountain views that are there. I definitely wouldn't add on to it. It's awful at it is.	2/11/2024 11:39 PM
94	there are other places in frederick that need to be developed - we don't all live near downtown.	2/11/2024 7:15 PM
95	There absolutely needs to be shade. The playgrounds get to hot and burn my kids skin. No point in redoing a park if it can't be used during the hot months. Or provide a hose to be able to hose down the hot structure if you don't plan on offering shade. NO RUBBER playground floors-linked to causing blood cancer in children.	2/10/2024 10:03 PM
96	More than one pickle ball court. The 3 in firestone are ALWAYS fully	2/10/2024 4:12 PM
97	Incorporate an ice skating rink that meanders on the park. Case study would be the downtown skating rink in Parker, CO (this might be a temporary facility)	2/8/2024 9:51 AM
98	It needs more grass for picnics and play areas, no benches, less plants and less structures. Looks poorly planned over priced when it can be simple amd just as pleasingly to the residents. Too much landscape (plants, wasted space). The food prep area is too small. Walk paths are too small and congested with plants. Horrible design. Basketball area is a waste of money without lighting.	2/8/2024 7:54 AM
99	Expand the kid's play area more, perhaps consider moving band shell closer to kids play area	2/7/2024 7:49 PM

	so parents can also enjoy the music while watching their kids.	
100	I would be great to have areas in the grass for volleyball and/or build a sand volleyball court within the park.	2/7/2024 11:45 AM
101	I'm unclear what purpose multiple bike repair stations serve.	2/7/2024 10:54 AM
102	Consider the noise that the pickleball courts will generate during normal use. Band shell in the SW corner - why not place that closer to the actual event lawn?	2/6/2024 5:42 PM
103	Please make resident parking for the those who live on fourth street. Events make it challenging to park. I have young children and as much as I love having people come and spend money in the town, I need to be able to safely park close to home in case of emergencies.	2/6/2024 5:21 PM
104	Too bad it wasn't bigger!!	2/6/2024 7:20 AM
105	Where is there good seating to listen and see performances at the band shell?	2/5/2024 11:12 PM
106	More shade, less hardscape. Possibly softer pathways like gravel or compressed dirt something that isn't concrete	2/5/2024 10:11 PM
107	worried about parking thru out downtown	2/5/2024 10:00 PM
108	Trees for shade and aesthetic	2/5/2024 9:07 PM
109	Why are we getting rid of the grass? Leave greenery, lean more into the miners/old colorado vibe. That's what the town was founded on.	2/5/2024 7:24 PM
110	Love! This is exactly what I was talking about. Even a great place for food trucks to park and have a much better community feel. Crist park is often empy and it's such a great spot in the downtown area. having more people hanging out there will bring more business to downtown.	2/5/2024 4:36 PM
111	There are other locations for basketball and pickle ball. I think this is prime space and would rather focus on space for larger gatherings.	2/5/2024 4:10 PM
112	Bigger splash pad because that is where everyone will go- more parking, more shade options	2/5/2024 3:04 PM
113	There's more sculptures and art forms than just chainsaw carvings. A couple are nice, but that shouldn't be the only works of art displayed in public.	2/5/2024 3:01 PM
114	Don't hide the gazebo in the back, put it closer to the lawn?	2/5/2024 1:19 PM
115	Add fairy (string) lights in the alley or other places	2/3/2024 10:49 AM
116	More grass / something for a court of some sort	2/3/2024 10:32 AM
117	Natural grass is good!	2/1/2024 5:00 PM
118	Not necessary	2/1/2024 4:52 PM
119	The park for kids in Crist Park is one of the highlights of that area for me. Removing it would be a large loss, in my opinion. I like some of the other changes like the "nature play", splash pad, and pickleball/basketball courts but I wouldn't remove the kids park just for parking.	2/1/2024 3:58 PM
120	I do not like that the playground area for kids is being removed. That place is really busy during the summer months and kids enjoy it.	2/1/2024 12:11 PM
121	Why is there such an emphasis on destroying the existing facilities/infrastructure in every example? Simply moving the restrooms creates an extreme expense - why not build a new facility and enhance it by providing a covered space attached to it?	2/1/2024 10:06 AM
122	It seems like the bandshell would be better placed by the event lawn to provide for expansion for larger, more popular events/performances. As it appears now, the spaces are separated by trees. Maybe flip it around with the bandshell at center left (near the orange food truck in the below rendition) and entrance to the area with tables and what looks like a courtyard opening to the event lawn. This would open the space up more rather than making it look like separate smaller spaces as shown below.	1/31/2024 5:48 PM
123	I am concerned about a pickleball area so close to residential which is on 4th st. I know that it is a noisy sport and people who live there will not like it. More parking is needed.	1/31/2024 3:36 PM

124	YES Nature play park. Make sure there are tons of fun features to climb on and plenty of shade.	1/31/2024 12:24 PM
125	Needs better flow to 5th	1/31/2024 10:57 AM
126	I don't like the extended amount of concrete on the southwest side. A different medium that doesn't read 'parking lot' would be preferable. Need to prioritize shade.	1/26/2024 8:48 PM
127	It's a park, and is used as such. Stop trying to make it complicated and just leave it.	1/26/2024 8:30 PM
128	We need an outdoor pool. Something for people to do and enjoy all summer	1/26/2024 8:28 PM
129	Incorporating some more of the local wood carvings into the park would give it a Frederick feel!	1/26/2024 8:18 PM
130	I can’t tell if the gazebo is still there but I think it should remain where it is.	1/26/2024 8:04 PM
131	I would miss the big gazebo.	1/26/2024 7:49 PM
132	Much too busy and programmed for my liking. I enjoy more simple spaces. Quiet spaces.	1/25/2024 8:01 AM

Q13 Results from previous surveys strongly supported the creation of a new farmers market in Downtown Frederick. Which of the following concepts would you favor for a new farmers market? (Please check all that apply)

Answered: 868 Skipped: 48



ANSWER CHOICES	RESPONSES	
Closing down 5th Street during market events and having the farmers market on 5th Street	38.94%	338
Having a farmers market in the small plaza area of Crist Park (as shown in the conceptual design for Crist Park)	44.93%	390
Creating a permanent, open air farmers market somewhere Downtown (with a shed or pavilion)	25.92%	225
Creating a permanent indoor / outdoor farmers market facility (with garage doors that could close during the winter). The indoor space could be used for additional community events and activities	37.56%	326
I don't know, I am on the fence	5.88%	51
Other (please specify)	5.65%	49

#	OTHER (PLEASE SPECIFY)	DATE
1	Having the farmers market in Crist Park won't work as the town expands in size. Need to have a permanent facility to accommodate growth.	5/26/2024 9:47 AM
2	Have the permanent farmers market facility be available for rental use, boy scouts, girl scouts, sports events, birthday parties	5/24/2024 9:04 AM
3	I love these ideas!	4/20/2024 8:54 AM

4	Where does the money come from to build all of this?	4/16/2024 7:45 PM
5	Keep the splash pad please!	4/16/2024 4:52 PM
6	Skip it. As an owner of a business that participates in farmers markets, you will NEVER draw a big enough crowd to support vendors.	4/11/2024 10:01 AM
7	If you put the farmers market on 5th Street, please keep the street open, outside of when it is used for the market. I would prefer that the market stay away from 5th Street so it doesn't get crowded and so that you can enjoy 5th Street after you shop the Farmers Market.	4/11/2024 8:19 AM
8	Bring some energy back to downtown	4/8/2024 9:07 AM
9	Could add things like live music / beer garden	4/3/2024 8:41 AM
10	An open air farmers market could be used for ice skating during the winter.	3/31/2024 5:45 PM
11	I would be happy with all of these options!	3/29/2024 10:52 PM
12	I don’t trust farmers market to actually be from a farm	3/29/2024 3:49 PM
13	Keep the market small until it grows	3/28/2024 7:10 PM
14	Farmers market is seasonal so using existing space (Crist Park) makes sense. Would be in favor of closing down 5th Street for temporary festivals, it's a great idea to create/provide community relationships.	3/27/2024 7:50 AM
15	No parking in downtown area. Recreat a new place for lots of things to be held . Include a flee market with the farmers market .	3/26/2024 7:01 PM
16	I would put the farmers market on Main, between 4th and 5th	3/25/2024 9:35 PM
17	A permanent indoor / outdoor farmers market would be great for the future	3/25/2024 8:39 AM
18	Eventually, yes, it would be great to have a permanent indoor/outdoor farmers market facility	3/25/2024 8:30 AM
19	Closing down 5th for market events will get people into other businesses as well!	3/24/2024 10:08 AM
20	Creating something permanent that is solely for the market seems almost lavish, out of the starting gate, so something multi use seems to make more financial sense.	3/8/2024 1:40 PM
21	I'm interested in the permanent indoor / outdoor market facility. Not sure what we have currently (sorry).	2/29/2024 7:06 AM
22	Not necessary to spend any money on this. Close off the street on Saturday mornings.	2/28/2024 2:43 PM
23	Have a farmer's market at Crist park, let's not do it in the middle of the road	2/28/2024 10:58 AM
24	The permanent indoor/outdoor farmers market facility sounds cool. Again, if it were to become a money maker for the Town and doesn't affect me financially I'm all for it.	2/28/2024 10:44 AM
25	I'm more likely to attend the market if there is lots of parking available!	2/24/2024 8:01 PM
26	So many options, I would be open to ideas	2/24/2024 6:06 PM
27	We are on a farm, but we would shop at a farmers market.	2/16/2024 6:52 PM
28	Having both indoor and outdoor space may allow for the farmers market to extend their season.	2/12/2024 6:37 AM
29	i like having a indoor area - it could be used for other things in the winter to raise money similar to the building at the boulder fairgrounds.	2/11/2024 7:15 PM
30	Any of the above	2/8/2024 10:28 AM
31	Create a "stage or pavilion" with the farmers market, to provide a space to double as a stage for bands	2/8/2024 10:15 AM
32	If we close down 5th St, it should have electronic ballisters. If you build a permanent facility, leave room for restaurants.	2/8/2024 9:51 AM
33	Whatever makes sense from a cost perspective and provides enough space	2/8/2024 9:41 AM

34	Farmers markets aren't permanent and should share spaces. Have it in the same area as crafts fairs, events, group areas.	2/8/2024 7:54 AM
35	Make sure residents of Olde Town can get in and out if 5th street and s closed	2/6/2024 5:37 PM
36	Same concerns as above!	2/6/2024 5:21 PM
37	This could be more welcoming to-the-seasons change.	2/6/2024 7:20 AM
38	Close down 3rd St. This will allow traffic to continue and gain more attention from traffic on Colorado Blvd.	2/5/2024 7:31 PM
39	large pavilion in Christ park instead of Basket Ball and Pickleball courts.	2/5/2024 4:10 PM
40	I love the idea of a permanent indoor / outdoor space for the market if demand allows. But I would hate to see it blighted or unused	2/3/2024 10:49 AM
41	I like the idea of a winter use farmers market but love the idea of it being on 5th street	2/1/2024 12:11 PM
42	How could we improve on what has been done without spending a bunch of money on improvements that can't really be used for something else?	2/1/2024 10:06 AM
43	Initially, the options of having the market on 5th street or in Crist Park are the quickest and cheapest options to get things rolling. Later, other options could be explored.	1/31/2024 5:48 PM
44	None	1/31/2024 3:24 PM
45	Just get us a farmer's market, I do not care how you do it!	1/31/2024 10:13 AM
46	I like the idea of having it on 5th street. We just have to consider the impact to those businesses both positive and negative	1/26/2024 10:56 PM
47	I don't love the idea of closing down 5th because it is a needed route for commuting, unless there were additional roads to service Colorado Blvd. to the eastern neighborhoods. If we did this, it would need to be on a weekend day.	1/26/2024 8:48 PM
48	We don't need a farmers market.	1/26/2024 8:30 PM
49	I like the indoor/outdoor concept (the indoor can be used for the holiday craft market too) but I also like the shutting down of 5th street because food trucks could be incorporated into the farmers market.	1/26/2024 8:04 PM

Q14 Please rank the following, potential “Big Actions” from the Frederick Comprehensive Plan (rank from 1 to 9, with 1 having the highest priority). This feedback will help the Town Board and Town staff prioritize resources over the next several years.

#	RESPONSES	DATE
1	Preserving the community should be the top priority	5/26/2024 10:58 AM
2	STOP Building! NO more housing! Keep tri-towns small!	5/23/2024 10:06 AM
3	I like the idea of creating affordable space for local and small businesses in Frederick.	5/4/2024 7:13 PM
4	I'm NOT for any of these	5/4/2024 6:51 PM
5	How will the plan reduce crime and and increase safety for local residents and visitors? Already, crime has increased here.	4/20/2024 12:17 PM
6	Development of Downtown is my priority. The Tri-Town has a large population to support with the downtown	4/20/2024 10:12 AM
7	I really just want more shops / grocery and community based events and free options	4/19/2024 9:41 PM
8	- No point developing more Downtown when existing is not maximized yet. - If ag / open space land not at least identified now, we will lose it to development.	4/18/2024 10:45 PM
9	I chose "local shuttles..." and "reimagine parks and open spaces". The rest of these ideas include too much regulation and take away from the small town enjoyment.	4/16/2024 10:11 PM
10	I want to see more shops, restaurants, and parks / recreation areas. Less housing and less traffic. More for the current residents to do.	4/16/2024 7:46 PM
11	I don't want to see "BIG ACTIONS". What's wrong with Frederick as it is now?	4/14/2024 8:14 AM
12	More amenities like restaurants, shopping and even a new recreation center would be a wonderful addition.	4/12/2024 10:46 PM
13	Of the actions listed, I am only in favor of the item for reimagining local parks and open spaces, etc. No new houses. No shuttles	4/12/2024 10:33 PM
14	Besides creating affordable space for small and local businesses, and strategies to create more affordable housing, none of these. No additional taxpayer money should be spent on these foolish dreams that will only harm us by being fiscally irresponsible.	4/11/2024 10:02 AM
15	Please please spray the goathead weeds, they make the bike paths almost *unusable*	4/11/2024 9:47 AM
16	Love the proposals for Frederick!	4/9/2024 8:50 AM
17	Public transportation needs to be available.	4/8/2024 10:45 PM
18	Eliminate goatheads and splurge	4/8/2024 10:10 PM
19	Brew bus !!! :)	4/8/2024 1:57 PM
20	It has been said before, but one of the most important things that needs to be addressed is roads. We can talk about walking and bike trails all we want, but majority of the people who live here all commute in all directions, and the need for roads that are ready for the growth we have already seen and what is coming is priority. As in some cases we are too late for this and will be doing recovery to fix some of the existing problems. Colorado will have to go four lanes, it's just a fact and the crossroads to it all need to be adjusted to reflect that as well. Then we go to the next roads after that.	4/1/2024 8:02 PM

26	More shopping / food would bring in more people!	3/30/2024 7:19 PM
27	I put a "1" for the following: - Circle loop trail - Development of Downtown hub to south and west - Preservation of ag and open space lands - Creating local shuttles - Affordable space for local or small businesses	3/30/2024 5:00 PM
28	People move to Frederick to be “out of the city” and have a higher quality of life. Adding more retail and housing only adds more people, traffic, and crime. We don’t want to be the next Broomfield, Thornton or Erie. Keep Frederick unique.	3/29/2024 4:45 PM
29	- Expand Highway 52 - Bring back Mountain Cowboy :)	3/28/2024 7:11 PM
30	Don't over develop or create a tight pocket of housing & businesses that we become smothered in buildings, concrete, traffic, etc.!	3/27/2024 7:53 AM
31	A pool a large water park like Dacono has it’s always so busy you can’t take your kids there. We need a big one.	3/26/2024 7:04 PM

33	I gave all of the big actions a "1" except the circle loop trail idea and expanding Downtown, for which I gave a 9	3/25/2024 9:32 PM
34	We don’t need apartments! Or flex housing!!!	3/25/2024 8:28 PM
35	I chose preservation of agricultural space, and construction of the downtown hub, as my only choices.	3/25/2024 6:51 PM
36	None of any of this. The government has too much power!	3/25/2024 10:51 AM
37	I put all of the options as 6 or higher	3/24/2024 5:58 PM

40	Affordable, reliable housing will increase the growth and revenue of the town of Frederick.	3/24/2024 9:11 AM
41	More places for people to find work	3/23/2024 10:29 PM
42	Literally they are all 1's.	3/22/2024 2:30 AM
43	I am a strong advocate of limited lighting pollution.	3/15/2024 2:43 PM
44	No low-income housing please	3/14/2024 9:54 PM
45	We are losing tax dollars to Longmont Erie and Thornton because w÷ do not have retail or decent sit-down restaurants	3/13/2024 6:14 PM
46	Developers need to pay for most of these plans. Highway 52 is like a cow trail and Colorado Blvd will soon be a parking lot if all the houses proposed are built. Stop some of the Silverstone development. You are not managing growth.	3/13/2024 11:12 AM
47	Bike loop first so everyone is connected!	3/8/2024 7:54 PM
48	Putting the plans you have for the area around Milavec Lake into action soon are a big priority and would be a great central hub and place of recreation for our town!	3/8/2024 10:34 AM
49	Please make downtown affordable for businesses to thrive. Currently there are empty buildings and residential units that look run down and make the downtown up inviting to residents and potential new business owners. Add bike trails to connect the town and start doing anything sooner than later to show something is actually being done. Why do businesses shut down here and remain vacant? DO NOT ALLOW MORE DENTIST AND MOBILE PHOME STORES AT NEW SOOPERS. Please approve usable businesses. There are too many dentist and phone companies already in this area. WE DONT NEED MORE!	3/5/2024 6:54 PM

50	The Gateway would be an amazing way to welcome visitors to Frederick!	3/5/2024 11:07 AM
51	Would love to see the prioritization of these small businesses everywhere over inviting any more large chain restaurants or businesses. They aren't quality employers, and undercut the ability for locally owned businesses to thrive.	3/4/2024 10:18 AM
52	Widen 52 to two lanes. It is way too busy to support the increased traffic all of these plans would bring in	2/29/2024 7:25 PM
53	Biking and walking trails are not important to me. I like driving so I feel like trying to cut down on driving around town is unimportant. I don't want to see small business pockets in neighborhoods fail and wind up becoming derelict or abandoned/squatted.	2/29/2024 6:20 PM
54	Invest in open spaces for local wildlife. Plant more trees	2/29/2024 9:46 AM
55	Remembering where we came from, paves a path to who we will become.	2/29/2024 7:08 AM

57	I don't know. Does not matter to me.	2/28/2024 10:00 PM
58	Plant more trees!	2/28/2024 9:34 PM
59	* I just want to be sure that the road development keeps up with all of the other development so that all of the traffic is accommodated and housing does not outpace the roads.	2/28/2024 9:00 PM
60	Attend to mass transit possibilities which link Frederick to Denver, Boulder, Longmont, etc, We don't need to build and operate shuttle services—we need to hood into the existing RTD superstructure to provide more viable transportation options for citizens.	2/28/2024 2:53 PM
61	I don't think we need to spend money on any of this	2/28/2024 11:00 AM
62	Not sure if you set the default order above based on what most people might want, but I love it just the way it is!	2/28/2024 10:20 AM
63	None of the ideas above in general are good for our community in my opinion. Please don't waste my money on this stuff. Please just try to take care of what we already have first, i.e. that sludge pond called Lake Milavec, disgusting. Now along the trails without covering them in debris & goat heads. Plant a few trees to give some shade. It's simple, don't spend any money to add to what you cannot already take care of.	2/27/2024 11:31 PM
64	NO LOW INCOME APARTMENT COMPLEX IS NEEDED FOR SMALL TOWN FREDERICK!! WHY LOWER OUR TOWN'S VALUE. IF YOU FEEL ITS NEEDED GO PUT IT NEAR BRAND NEW HOMES. If I could remove # 9 I would. it is not needed.	2/27/2024 10:16 AM
65	Whatever you do, please preserve the beautiful mountain views that make this place special for residents. People purchase homes with views with the intentions of keeping them.	2/25/2024 6:48 PM
66	I would like to learn more to have a more accurate opinion on this.	2/24/2024 6:07 PM
67	We need to preserve the area that we live in and putting a bunch of high density housing on Bella Rosa should only be townhomes NOT apartments - the area already can't handle traffic and we are very concerned about crime increasing	2/17/2024 7:38 PM
68	Would like to see trees planted along paths in open space.	2/15/2024 5:08 PM
69	Any new construction should have some sort of fund, fee, or tax to pay for more police and firefighters	2/15/2024 5:02 PM
70	I don't know	2/15/2024 4:56 PM
71	DO NOT DEVELOP THE MILAVEK LAKE AREA--- KEEP AS OPEN SPACE AROUND THAT AREA.	2/14/2024 9:07 AM
72	I know that it is not up there. I would like to see some plans for the traffic that all of these and the communities that will be built will impact the current community. I am all for this plan and develop our beautiful community, but traffic around town no matter where you go is horrendous. If we can plan ahead for all of that, i love this plan.	2/13/2024 6:58 PM
73	Better parks and amenities that make parks special - athletic fields - trails - play structures - open grass areas...	2/13/2024 9:30 AM

74	For me, the biggest action is to stop the mega developers from scooping up more acreage and developing the beautiful land around our city.	2/12/2024 6:39 AM
75	I'm not really a fan of most of those but I put them in order.	2/11/2024 11:42 PM
76	We need more shade along the trails we have it's too brutal using those trails in the summer. Additionally we need shade in any new parks that are built. We need to remember that many of us live north of downtown and we need some safe access via lit trails to the frederick (and firestone) amenities.	2/11/2024 7:19 PM
77	I'm not really a proponent of any of these ideas. I despise the idea of "reimagining parks" to emphasize natural landscapes. Either create proper parks with grass, or let farmers use the land. Shuttles will be a collosal waste of my money. Don't do that. Also, the central loop trail should be a gravel trail please. Like what Firestone had done along frontier street and to the north of the golf course.	2/11/2024 8:08 AM
78	I want to know how we are going to expand our local schools to keep up with the population growth.	2/8/2024 8:18 PM
79	Make Frederick family friendly (to include children) and affordable.	2/8/2024 10:25 AM
80	The roads need to be a priority. Currently we have poor planning and implementation of those plans. The other 2 surveys the residents spoke and it seems the town didn't listen to the residents. The roads that had the most votes, requested an additional light such as Hwy52/Ridgeway with high sun glare and extremely high traffic hasn't been addressed. The town "tried to fix the drainage" and didn't put it back correctly and now there is sinking asphalt causing the school bus and other vehicles damage due to huge road damage. The drainage didn't work and the landscape wasn't put back after the town tore it apart. The town needs to fix current issues first!	2/8/2024 8:01 AM
81	I understand the town needs good business to survive. My concern is over development and overgrowth that will destabilize the safety and draw of a small town.	2/6/2024 9:01 PM
82	Nothing else	2/6/2024 6:17 PM
83	I am not on board with most of these.	2/6/2024 4:54 PM
84	The party bus is a great idea. I idea of affordable housing causes concerns. I worked in a city that brought in a lot of section 8 housing and it created a lot crime. I'm for affordable housing if it's managed right and not for just money for city. Frederick is a beautiful and safe community and we need ti keep it that way. Just to bring in things for money is wrong but we have to grow in order to keep our community moving. There is a balance.	2/6/2024 4:05 PM
85	Let's get moving!! We're falling behind and the population increase is ahead and growing quick.	2/6/2024 7:23 AM
86	i can't decide which to do first!	2/5/2024 10:01 PM
87	Use the reimagination of parks and natural lands to incorporate The Sledding Hill.	2/5/2024 7:34 PM
88	We "FRED" DO NOT need anymore housing ! Traffic has already changed the last couple of years and NOT for the better. Then thinking about adding low income housing is BEYOND ridiculous! You think its ok to lower our middle class working peoples property value try doing it where there are much more expensive homes and let me know how that works? OH BUT WAIT, studies have been done and the greedy builders don"t think it will up crime, traffic and lower property value. If that was the case then a low income apartment complex can be built where there are million dollar homes. Frederick is a small town and that is why I moved there. to get away from big low income city.	2/5/2024 4:22 PM
89	We need a Walmart or target near 25/52. No more similar stores please. Plenty of grocery stores, gas stations, Mexican food, and dentists here.	2/5/2024 4:19 PM
90	Many of these seem really dependent on a larger population. Pursuing affordability strategies is best started, like, 10 years ago, so that's really important.	2/5/2024 1:41 PM
91	No 15 minute cities! No smart cities!	2/1/2024 5:01 PM
92	We do not have currently, or even with the future land use plan, the density to support the concepts of neighborhood commercial or local shuttles. That is not the type of community we have.	2/1/2024 10:10 AM

93	Additional development needs to be managed very carefully until infrastructure can support the growth.	1/31/2024 7:34 PM
94	Measure twice, cut once. Be sure you do not overlook the small things. The people currently loving here matter just as much as coming residents, please do not forget that the security and cleanliness of our town also comes from the LACK of overpopulation to affordable housing.	1/31/2024 11:06 AM
95	Parks and trails are biggest improvements that i would like	1/31/2024 10:45 AM
96	Widen highway 52 would be nice, as well.	1/31/2024 10:40 AM
97	We need more places to eat in down town Frederick.	1/31/2024 10:22 AM
98	I am a big advocate of the enhancement of the bike paths. I'd also make the small ask that these be paved as they have been and not graveled. (Bc the goat head thorns are insane on the gravel trails and you can't actually ride on them.) I always suggest to look at Lincoln Nebraska and how they have taken a lot of the utility egress space under power lines, alongside wastewater/ runoff ditches and old railroad tracks and created bike paths that connect all across the city. It's mostly off street trails because of this. It's an extensive system and has beautiful trees providing a shaded cool environment despite any heat above the treetops. It's great to have bike trails for day to day commute but what's awesome is when we can make it beautiful, shady and a place people want to come ride. It drives mini tourism from other surrounding cities and drives business traffic we wouldn't usually have. The other thing with Lincoln is that every neighborhood has a mini trail between the houses and behind them (completely off street) that leads to the main bike paths. It's extremely accessible and has a real sense of community as you often ride by people in their back yards and everyone gives a little wave. Highly recommend better, bigger, beautiful..er, bike trails. :)	1/26/2024 11:07 PM
99	The town desperately needs more infrastructure before developing. Highway 52 needs 2 lanes in each direction, turn lanes, center median, and traffic control to the west. Cars already are lined up forever on Highway 52 westbound and Colorado Blvd is extremely congested near the high school in the mornings. Too many apartments or workforce housing too quickly will further contribute to congestion and more accidents. Preserve the small town feel. Please don't develop every square inch. Keep open spaces prevalent.	1/26/2024 9:52 PM
100	They all suck	1/26/2024 9:28 PM
101	There needs to be designated open space on the east side as well!	1/26/2024 8:50 PM
102	Anything that involves additional development is going to drive people away. We moved here for the small town feel, not to become a suburb of Denver or Boulder, which is exactly what this plan sounds like. And if you want Frederick to be affordable, pay your employees and affordable wage, stop acting like those of us who live here are ok with our housing prices falling or "regulations" regarding how we have our houses just so that you can attract a different crowd of people here.	1/26/2024 8:33 PM
103	Our community needs entertainment and activities to keep residents in the community to spend out money.	1/26/2024 8:29 PM

1	Thank you!	5/26/2024 10:53 AM
2	Nice ideas. Brewery incentives!	5/26/2024 10:33 AM
3	We need a lot of bike paths	5/26/2024 9:42 AM
4	Make sure new builds have considered roof orientation for solar. More off-road connectivity. Mix greenspace with residential	5/26/2024 8:30 AM
5	Happy municipal employees make for a happy community!	5/26/2024 8:15 AM
6	The town should look at safe pathways for kids to schools (Carbon Valley Academy in particular)	5/25/2024 8:58 PM
7	Colorado is supposed to be about clean, wide open, green, natural spaces. Quit paving over everything in the name of 'progress', convenience, and community. I would rather see trees than pad the pockets of developers and City Council members	5/25/2024 7:17 PM
8	We need more bike trails	5/25/2024 6:28 PM
9	Add a Walmart near us soon	5/25/2024 6:16 PM
10	Would like a Walmart near us	5/24/2024 7:21 AM
11	Love the idea of 'complete neighborhoods'. I think Prospect in Longmont was designed like this. I don't know how successful they are.	5/24/2024 7:13 AM
12	I understand the want to grow, but small towns are getting more rare, and are a beautiful thing! There is a lot to say about leaders who can keep small towns going. People move here for the small town feel. Please don't ruin why we came here.	5/23/2024 10:11 AM
13	Where is the plan for road expansions?	5/4/2024 6:57 PM
14	More growth IS NOT needed	5/4/2024 6:52 PM
15	We need a new rec center in Firestone / Frederick!	4/20/2024 11:32 AM
16	Great work!	4/20/2024 10:29 AM
17	Updates to the Lake Milivac	4/20/2024 10:21 AM
18	Entertainment is something I am glad is being considered, please keep this in mind for the younger people like me that want things to do.	4/20/2024 8:47 AM
19	We need more / better sit down restaurants. We need sit down coffee shops. Business marketing assistance. Current businesses have terrible curb appeal and marketing.	4/18/2024 10:23 PM
20	Curbside appeal is needed. We need more sit-down, fast casual food, smoothie / coffee, shopping places for moms to do things with their kids all year	4/18/2024 10:09 PM
21	I like the emphasis on trails, to help my kids get around.	4/17/2024 6:57 PM
22	Very well thought out plan!	4/17/2024 6:51 PM
23	NO mass transit More parking Better roads Something for teens to do!	4/17/2024 6:16 PM
24	Farmers market	4/16/2024 10:11 PM
25	More expansion, less neighborhoods	4/16/2024 9:29 PM
26	As previously stated, we need to develop the area for current residents. We do not need to	4/16/2024 7:48 PM

	increase the population and traffic to an already very busy area. The current system does not handle the current traffic volume. Mass transit systems are decades behind.

29	I think this is a wonderful project! We already love visiting Frederick, and this proposal seems like it will make this town and community even better! :)	4/16/2024 5:53 PM
30	No more taxes!	4/16/2024 5:35 PM
31	Good ideas!	4/16/2024 5:28 PM
32	new splash pad	4/16/2024 4:53 PM
33	I am a big fan of expanding the downtown area. I'm a little hesitant about the trail loop. I am a big fan of expanding transportation and I don't personally use trails that much	4/16/2024 12:48 PM
34	Good survey	4/15/2024 10:59 AM
35	Do something about the taxes. Lower them.	4/14/2024 8:19 AM
36	Reduce the regulations	4/13/2024 10:12 PM
37	Less tire shops	4/12/2024 10:41 PM
38	There are too many car shops in Frederick!	4/12/2024 10:38 PM
39	The best part about Frederick is the quiet environment. It would be great to see more shops but not at the expense of traffic and more people. More parks, ponds, and lakes, please.	4/12/2024 10:17 PM
40	Thank you!	4/12/2024 10:12 PM
41	Most important to me is to keep the open space open. Not too many towns left in Colorado have that!	4/12/2024 10:08 PM
42	I love having Frederick have a nice "Olde Towne" place to go that is safe, clean and keep it family friendly, not industrial	4/11/2024 8:21 AM
43	Another grocery store other than Kings Soopers or Safeway	4/9/2024 11:12 PM
44	Trader Joe's!	4/9/2024 11:05 PM
45	I like most of the content in the plans, but leave Frederick's character alone	4/9/2024 11:22 AM
46	Thank you!	4/9/2024 9:53 AM
47	Highway 52 needs to be addressed, especially with the new housing development coming in at 52 and Aggregate.	4/8/2024 10:46 PM
48	Really like Frederick's governmental organization.	4/8/2024 9:59 PM
49	Improve the current roads!	4/8/2024 9:09 AM
50	Good luck!	4/7/2024 10:48 PM
51	I love that there is this much effort being put into this. I just don't want this area to become overpopulated, making events and the commuting terrible.	4/3/2024 1:30 PM
52	Convenience for residents is a great idea.	4/3/2024 1:22 PM
53	We travel to Brighton to eat at Sunrise Sushi all the time. Please consider talking to them	4/3/2024 1:15 PM
54	Thank you for asking for opinions of locals :)	4/3/2024 1:04 PM
55	Stop trying to put in affordable housing - this will increase crime. Our police department is old and outdated and needs room to growth. We need more restaurants, bars, and shops.	4/3/2024 8:43 AM
56	I love the idea of spending time and hanging out in a "local" town	4/3/2024 8:34 AM
57	There have been some exciting things that we have seen in Frederick, and those who have been in charge have been doing better than those prior. As we can see in some communities that were not designed for the traffic and or safety needs as they were just tossed out there	4/1/2024 8:10 PM

	like spaghetti on a wall. So smart development is key for long term. But the focus on affordable housing also brings in homes that make Frederick just an entry level home buyer community. So the balance has to be there, and the push for affordable housing starts to make every neighborhood smaller homes and or smaller foot prints. And I said it before, affordable housing is only affordable once. Because that home buyer is allowed to sell that home later at market values, and you can not control that. So if the town is chasing the affordable dream, then you start areas that has apartments, condos and town homes. But as we know, all three of those are adjustable to the needs and demand. And those who claim you can build affordable, I can show examples in downtown Denver that were built for that and once the trend to live downtown happened those homes and condos are going for top dollar now. And those who bought them on the low got a great investment, but that was one time. So thinking the chase for affordable has to be looked at that way, as it sounds great, but reality happens.	
58	Need a new rec center	3/31/2024 7:24 PM
59	Transportation is costly but necessary for Frederick and surrounding areas. Firestone / Dacono should be working together on this!	3/31/2024 5:28 PM
60	Keep it small and personal and don't let corporations ruin it.	3/31/2024 5:19 PM
61	Currently parks and open space are *poorly* managed. Encourage private ownership but limit development	3/31/2024 10:50 AM
62	Let's make Downtown beautiful	3/31/2024 10:43 AM
63	More restaurants and shopping should be a priority. Attainable housing should not be high on the list. The police department needs a new building. They have outgrown this space already.	3/31/2024 10:24 AM
64	I would just want to ensure that any improvements for areas above the existing mines will not cause future work down the road if it is not properly taken care of now. Also any artifacts found should / could go to the Frederick museum if applied for as a repository for the state.	3/31/2024 9:13 AM
65	Regarding question 2 (having daily needs within walking or biking distance)...Daybreak, Utah had this plan. It became trendy and outpriced middle to lower income but is a very large mix use community. Great ideas. Simple sidewalks and bike safety and crowded 4 way stops changed to roundabouts to help with growth	3/30/2024 9:15 PM
66	If it's not broke don't try to fix it	3/30/2024 8:59 PM
67	Love the small town feel of Frederick. I agree that we need more businesses but don't want to overdo it. Love the idea of having more trails and outdoor areas.	3/30/2024 7:29 PM
68	Really love the new look of the parks presented!	3/30/2024 7:20 PM
69	Outside activities are a plus.	3/30/2024 6:32 PM
70	As a citizen of Carbon Valley, thank you for asking. Love your ideas.	3/30/2024 5:51 PM
71	Need more bike racks now!	3/30/2024 5:05 PM
72	We'd love to see more small businesses flourishing in Downtown Frederick	3/29/2024 10:54 PM
73	I'm neutral on the ideas behind question 2. See Belle Creek in Commerce City / Thornton	3/29/2024 10:30 PM
74	Listen to the people that have been here longer than 5 years. Newer people moved here for affordability but now complain about lack of stores on every corner. Residents that have been here longer moved here because there isn’t a store on every corner and the small community feel.	3/29/2024 4:48 PM
75	More businesses are needed for lunch spots / dinner. Mall outlets	3/28/2024 8:20 PM
76	Make Hwy 52 wider More fast food options	3/28/2024 7:41 PM
77	Expand Highway 52. Bring back Mountain Cowboy	3/28/2024 7:12 PM
78	Don't fall victim to trying to become Boulder, Thornton, etc.... keep the small, local control, "at ease" community. Growth is not always the best decision.	3/27/2024 7:55 AM
79	We are forgotten here on the north side of Bella Rosa. Would like to see our park develop ed more. A large pool or water park for kids to play in like decono has .	3/26/2024 7:07 PM
80	Staying a quaint small town is a choice which many would prefer, growing into Thronton would	3/26/2024 6:05 PM

	be a nightmare. Choose wisely or get voted out.	
81	For question 2 (the idea of creating neighborhoods and organizing land uses so that residents can have their daily needs within walking or biking distance)....I agree, so long as the focus isn't to make vehicular traffic more cumbersome.	3/26/2024 8:34 AM
82	Absolutely disagree with the “flex” housing and development of multi family units and homes. Totally defeats the small town concept and why we moved her. We would immediately sell if Bella Rosa and silver birch area became a flex housing with store fronts and apartments…. Our property value would be in the tanks! We don’t have the police force or presence to deal with an influx of renters. This is WHY we don’t live in Longmont. Please don’t take this small town and turn it into a Longmont or larger.	3/25/2024 8:31 PM
83	Love the concepts for the town!	3/25/2024 10:32 AM
84	Don't let big corporations ruin this town	3/24/2024 4:35 PM
85	Keep it affordable.	3/24/2024 4:26 PM
86	Looking forward to spending more time here.	3/24/2024 10:10 AM
87	I really would like the roads and schools to expand quickly!	3/24/2024 8:46 AM
88	Just love the idea of expanding the downtown area for small businesses.	3/23/2024 10:23 PM
89	As an Erie resident, I would urge Frederick to keep its small town charm.	3/23/2024 10:11 PM
90	Well thought out plans with the right priorities for Frederick. Love the bike lanes, park plans, and brewery bus options.	3/23/2024 10:06 PM
91	No plow in this town is such bs. Hire more drivers for all the neighbors you built.	3/22/2024 2:32 AM
92	The plans to keep local families' spending local will benefit the city and local community for years to come. With current limited restaurants and entertainment, my family, and most Frederick families I know, leave the town to find things to do and places to shop/eat. If there were more options for sit-down meals, it would not only keep locals local, but bring in others from surrounding towns and communities.	3/21/2024 8:05 AM
93	Looking good!	3/14/2024 10:13 PM
94	New police station, and improving road infrastructure	3/14/2024 10:08 PM
95	I'm NOT for low income housing or public transportation.	3/14/2024 9:48 PM
96	No or minimal apartment buildings	3/14/2024 9:41 PM
97	Making sure the historic downtown doesn't get lost is super important to the town's identity and charm. The more we can help, the better.	3/14/2024 7:57 PM
98	Thank you so much for the opportunity to be part of this conservation. We LOVE the idea of the new plan for Crist Park!	3/14/2024 7:50 PM
99	I live at 547 County Road 18, Longmont 80504. Although this is a Longmont mailing address, we are apparently within the Frederick planning area. Allowing any additional development in this area will present serious problems with County Road 18. The section of County Road 18 to the west of Boulder Creek is a dead end, private, dirt road. We receive no maintenance from Weld County and already struggle to keep the road serviceable. The road currently serves 6 properties. Any additional development of these properties will make a difficult road situation even worse. Also, as mentioned above, the Boulder Creek corridor should be preserved with minimal development in order to serve as a buffer on the west side of town, and also to preserve wildlife habitat.	3/14/2024 10:27 AM
100	The Silverstone project is not managed growth. 1800 houses? This will bring a lot of problems and erase Frederick's small town feel. If this proceeds I will not vote for anyone in the current town government	3/13/2024 11:16 AM
101	I'm excited to see the community expand its parks/outdoor recreation areas and hope the plans for the area by Milavec Lake will happen soon and that you'll consider expanding The Farm Park to offer more of these outdoor/rec amenities as well! Let's preserve our mountain views and get our community out recreating together!	3/8/2024 10:36 AM

102	Use the empty fields at senior center for pickleball and tennis courts with lights. Add on to the back of rec center where land / horseshoes are well utilized	3/5/2024 6:56 PM
103	Growing the town and the areas around it are very exciting!	3/5/2024 11:12 AM
104	Several small towns have found ways to maintain their character and improve their offerings to the community. Some examples include: Manitou Springs, Evergreen, Crested Butte	3/4/2024 3:19 PM
105	I would love to chat with someone about how I can advocate for local-friendly development of our multi-use space here on the southwest corner of Wyndham Hills. As residents, we are willing to solicit and help persuade businesses to develop in our area to alleviate the local needs for food, etc. I would also love it if the town would facilitate some conversations with C-Dot about the changes they are also making, so residents will be aware of the changes coming with the revamp of highway 52.	3/4/2024 10:42 AM
106	I like the new KS marketplace, but please no more big box stores. We do NOT need a Target here. Let Firestone deal with that mess. Keep supporting small locally owned businesses to help them thrive, and we will truly be a destination town.	3/4/2024 10:20 AM
107	Creation of new trails means nothing if we aren't maintaining and improving upon old ones. This means more pet waste stations, better weed maintenance (seriously the prickly weeds are OUT OF CONTROL).	3/2/2024 8:44 AM
108	I want to keep Frederick small. Longmont or Loveland aren't that far for certain amenities and entertainment. We already have so many empty retail spaces around Frederick and Firestone that it feels like a waste to build more.	2/29/2024 9:48 AM
109	I want to learn more and become involved. Graham Rogers. gbrflyingdutchmen@gmail.com For the circle loop trail, we need workout spots along the trail. Have the town proactively purchase lands for the trail corridor first, but all developers should be required to save X amount of land for safe trails. As a father of 2, I would like more parks, trails for kids to bike / walk to school would be beneficial.	2/29/2024 7:11 AM
110	I love that you are doing this survey and getting input from those of us who live in the area.	2/29/2024 6:41 AM
111	Frederick is beautiful and I am excited to see more things coming in.	2/28/2024 9:46 PM
112	Would love more dog parks!	2/28/2024 9:00 PM
113	I love the idea of building cafes, little shops, and having them in walking distance for people.	2/28/2024 6:36 PM
114	Advocate for Weld County to preserve open space like Boulder County does.	2/28/2024 6:23 PM
115	I would love more connected pathways for running / biking!	2/28/2024 5:48 PM
116	There is much flexibility in the plans. Good work!	2/28/2024 3:44 PM
117	Build the proposed rec center in Firestone next to the library. This is what our area needs, not a cheesy development of downtown Frederick.	2/28/2024 2:55 PM
118	I love the proposed trails!	2/28/2024 11:18 AM
119	We reside in Silverstone. Any plans to widen or do something with the roads when King Soopers opens?	2/28/2024 11:04 AM
120	Please stop building houses! And we don't need to develop anything. Let's save money, and preserve Frederick as a quiet, small town. If you try to make it much bigger, I will move out, and move my business	2/28/2024 11:03 AM
121	You all have put a lot of time, effort, and thought into community development, and I can't tell you how much I and I'm sure many other residents appreciate it. Thank you!	2/28/2024 10:24 AM
122	We need to attract a variety of restaurants (no more Mexican restaurants or pizza) and businesses (no more dentist offices) in our town. We need more turn lanes off of busy roads such as Colorado Blvd and 52 to accommodate more people driving through our town and helping with the flow of traffic.	2/28/2024 10:21 AM
123	This survey is too long. Poorly written.	2/27/2024 11:33 PM
124	as said before, small town Frederick is NOT a low income area!!! We DO NOT NEED a low income community. If one feels it's needed then go build it near brand new homes and see how	2/27/2024 10:18 AM

	that goes!!!!	
125	no apartment complexes for the housing	2/27/2024 9:44 AM
126	No light rail. It destroyed old Arvada. Homeless people came in from Denver and set up tents.	2/26/2024 1:09 PM
127	I love the idea of updating the park as well as the walking path and shuttle system. Looking to potentially move to Frederick and like the idea that the land is zoned, not leaving a lot of unknowns.	2/25/2024 8:55 PM
128	Frederick is a great little town and I am excited to see what is next!	2/25/2024 8:22 PM
129	In the design of Crist Park, please make sure that there is a fence along the north side of the nature play area to provide safety (as a buffer against 4th Street to the north)	2/24/2024 8:06 PM
130	More restaurants, breweries, coffee	2/24/2024 7:28 PM
131	We absolutely love living in Frederick, and having more coffee / brewery for recreation is a great idea.	2/24/2024 6:08 PM
132	Don't ruin the small town feel!	2/24/2024 5:58 PM
133	I know this is not a Frederick issue, but adding lighting on sidewalks and walkways down Johnson St. We need an outdoor pool!	2/24/2024 4:41 PM
134	NO MORE GARAGE APARTMENTS!!!!!!!!	2/21/2024 2:32 AM
135	Please contact Boulder County about the FBCA agreement and let's keep this special area free of ANY future develpment. Thanks.	2/15/2024 1:02 PM
136	Don't turn it into a Denver, Boulder or Erie elitist's club, but also be careful of making it a destination for low income/homeless by incentivizing for low income housing and business rentals.	2/15/2024 9:01 AM
137	Keep Frederick beautiful above all else!	2/14/2024 11:54 PM
138	Please encourage/incentivize community-wide xeriscaping.	2/14/2024 12:24 PM
139	Please preserve the natural habitat around Milavek Lake!!!	2/14/2024 9:08 AM
140	I love the plan. Just hope we plan ahead for the traffic. Other than that, I am excited for the future. Thank you all.	2/13/2024 6:59 PM
141	thank you for providing the surveys and asking for resident feedback!	2/13/2024 12:38 PM
142	I only hope all of this work leads to something and not just more hopes and dreams without any funding. thank you for taking the time to do this and ask the questions.	2/13/2024 9:31 AM
143	Healthier places to eat to include drive thru/fast food and sit down (Panera, Deli Zone, Noodles & Co, etc). Mexican restaurants are saturated in our community. Big stores like a Trader Joe's, Sprouts, or World Market. Love the idea to have a farmers market.	2/12/2024 4:03 PM
144	Outdoor pool Tennis courts	2/11/2024 11:42 PM
145	Please don't make frederick a dense city - we moved here b/c it was open and quiet - adding dense housing will cause more traffic and noise. Please consider enforcing noise limitations. please consider light pollution so we don't lose being able to see the stars.	2/11/2024 7:21 PM
146	The vision seems to be geared towards making money from Investors rather than obtaining the uniqueness that Frederick has. There needs to be an expansion on hwy 52 with the population growth we are about to see. A lot of us from Frederick want to keep Frederick small. We prefer not be huge and turn into Thornton. With all the population growth, we lack the space to keep traffic decongested. Our schools already see up to 30 kids to one class room. Why is there no mention on expanding schools. We need more cross walks for kids. East Tipple pkwy has seen a huge increase in traffic since DR Horton has built the new residential houses. It is not safe for our kids to cross the street.	2/8/2024 8:32 PM
147	More walking, more trees	2/8/2024 10:29 AM
148	If the farmers market is located on 5th Street, please have it toward the east end of 5th St. It would be good to avoid closing the western portion of 5th St, as this would lead to a lot of	2/8/2024 10:08 AM

	traffic and headaches going into the adjoining neighborhoods. I live in the Downtown area and we have that problem during the holiday lighting event.	
149	>- The regional hub story allocation seems a few stories too high compared to the scale of Frederick. >- Keeping businesses small, local, boutique. Absolutely no chains and franchises.	2/8/2024 9:54 AM
150	We need a new Mayor and a better planning department that actually looks after the residents.	2/8/2024 8:02 AM
151	Thank you! I think starting with some smaller revitalization projects downtown Main Street is a great place to start. For example, painting the entire Main Street (colorful, We Are Fred, or Welcome to Frederick) and lining the street with overhead string lights.	2/8/2024 8:01 AM
152	Please also consider building another recreation center with outdoor pool! It would generate so much revenue, and save Tri-Town residents from traveling to other cities for outdoor pools and water parks.	2/7/2024 7:53 PM
153	The ideas and concepts are great. We are a commuter community and need more stimulation so that people can become proactive and not just overnight sleepers.	2/7/2024 6:14 AM
154	Yes good idea	2/6/2024 6:18 PM
155	I would love to share ideas on resident parking as well as improving crist park for everyone to use. Please have more live music in the bandstand!! I live opposite and in the summer, live music would be wonderful!	2/6/2024 5:25 PM
156	Fix up downtown before anything. No need for things on the west side of Colorado. No mention of fixing the streets or the infrastructure we already have	2/6/2024 4:07 PM
157	Thank you for the survey and taking the community’s opinion with the future growth of the city.	2/6/2024 4:07 PM
158	We think we're headed in the right direction but it's taking longer to get where we're going than anticipated. The opportunity is here for the city to grow!!	2/6/2024 7:26 AM
159	Keep Frederick unique! We have Kingsoopers coming soon and we’re turning into a commercial neighborhood. Widening of hwy 52 should be most important for the growth that is happening and that is coming. Kingsoopers is going to bring the intersection of 52 and Colorado to a jam. I will personally avoid that area for that reason.	2/5/2024 9:15 PM
160	work on making streets bigger with enough lanes for the growing community	2/5/2024 8:58 PM
161	Thank you for all of your hard work!	2/5/2024 8:35 PM
162	I would love to see The Sledding Hill gain some traction since it would be low cost and allow for some winter time attention to our amazing town.	2/5/2024 7:36 PM
163	It is wonderful that you are planning for the future. However, that future includes those in senior years and shortly to be in their senior years. YOU TOO will be in those years one day. Please don't forget us.	2/5/2024 5:23 PM
164	Please put more benches on the town trails, especially where trails intersect. Also more Shade.	2/5/2024 4:14 PM
165	Trails and preserving land. Small town feel we don’t want it to go away.	2/5/2024 3:18 PM
166	More arts and entertainment and definitely more dining options.	2/5/2024 3:05 PM
167	Really just more open space/ on the east, seems to be focused on the west. Overall plans to expand downtown are great. Focus on natural shrubs and trees is great for shade/aesthetic	2/5/2024 1:32 PM
168	King soopers never should have got approved.	2/5/2024 12:03 PM
169	It seems well thought out and would like to see it implemented in the near future.	2/5/2024 10:32 AM
170	In developing the loop trail, don't pursue any crazy easements. Be sure to check the future land use map to make sure you are picking up existing industrial areas. The idea of having a farmers market downtown should be an easy one..	2/3/2024 11:19 AM
171	I like most of the direction the Town is moving and its "business friendly" atmosphere.	2/3/2024 11:09 AM
172	Thanks for all of your hark work!	2/3/2024 10:51 AM
173	Hwy 52 needs to be widened. We need the Park-n-Ride on the North West corner of Hwy 52	2/3/2024 10:26 AM

	and I-25 to be an RTD Park-n-Ride.	
174	Lots of good ideas here	2/3/2024 10:08 AM
175	Need more restaurants, bars, retail if it's walkable / bikeable that would be awesome. Not a lot of choices in Frederick / Firestone	2/3/2024 9:54 AM
176	Keep taxes and expenses low.	2/1/2024 8:52 PM
177	No 15 minute cities! Stop putting up cameras all over! We notice your surveillance!	2/1/2024 5:03 PM
178	Add a water park!	2/1/2024 4:46 PM
179	I was on the infrastructure task force and never got invited back to additional meetings. Did I do something that was not appreciated?	2/1/2024 12:16 PM
180	Don't forget the Frederick residents west of I-25.	2/1/2024 9:28 AM
181	We moved to Frederick because we like the small-town feel. While I love the idea of improving our town, please work to preserve the small-town feel that makes Frederick such a wonderful place to call home.	1/31/2024 8:26 PM
182	REALLY need to focus on existing road repairs & improvements plus 52 congestion before adding more housing & people!	1/31/2024 7:36 PM
183	Ali and her team are the absolute best!!!!!	1/31/2024 1:58 PM
184	Add a Trader Joe's, Whole Foods, or Sprouts.	1/31/2024 12:09 PM
185	Stop pushing for a downtown where one doesn't exist! Move on from downtown and build what you envision instead of throwing money at something that will never produce the desired outcome.	1/31/2024 10:32 AM
186	I'm pretty unhappy with the way Frederick is being run honestly.	1/26/2024 8:34 PM
187	We need restaurants, entertainment, target and lowes. Things that keep me spending my money in my community	1/26/2024 8:31 PM
188	I love that Frederick cares about our feedback and offers us these surveys. Community values should come first. Reading Survey 2 results retaining our small town feel was heavily voiced. Cramming in more cookie cutter housing and chain stores and restaurants diminishes that vibe. We can’t cater to the people who moved here from bigger towns/cities to get away from the crowds, traffic and crime but then whine about not having a big box store on every corner for convenience.	1/26/2024 8:13 PM

Future Land Use Plan

Town of Frederick Comprehensive Plan Update

Date Exported: 8/21/2024

PCR-2024-04

A Resolution of the Planning Commission

Recommending Approval of Frederick Forward- a Comprehensive Plan and Adopting the Future Land Use Map as the 3-mile Plan

---

Be it resolved by the Planning Commission of the Town of Frederick, Colorado:

Section 1. The Frederick Planning Commission finds that:

1.1 The Town of Frederick has undertaken creating a Comprehensive Plan.

1.2 Said plan was completed with significant input from the community.

1.3 Said plan was considered during a public meeting on September 5th, 2024.

1.4 Proper notice was given according to C.R.S. § 31.23.206.

1.5 Said plan complies with C.R.S. § 31.23.206.

1.6 C.R.S. § 31-12-105(1)(e) authorizes municipalities to create a "three-mile plan" for the area up to three miles offset from their municipal boundaries, within which they may annex property.

1.7 C.R.S. § 31-12-105(1)(e)(I) provides in pertinent part: "Prior to completion of any annexation within the three-mile area, the municipality shall have in place a plan for that area that generally describes the proposed location, character, and extent of streets, subways, bridges, waterways, waterfronts, parkways, playgrounds, squares, parks, aviation fields, other public ways, grounds, open spaces, public utilities, and terminals for water, light, sanitation, transportation, and power to be provided by the municipality and the proposed land uses for the area. Such plan shall be updated at least once annually."

1.8 C.R.S. § 31-23-206 requires the Planning Commission to create a master plan for the physical development of the Town, which may include areas outside of the Town.

1.9 The Planning Commission is authorized to approve and amend, from time to time, both the three-mile plan and the master plan.

1.10 In order to preserve the community's continuous boundary, the Future Land Use Plan provides a suitable basis for the three-mile plan.

Section 2.

2.1 The Planning Commission recommendation is based on competent, substantial evidence in the written record and the testimony provided at the public meeting.

Section 3. Based on the above, the Town of Frederick Planning Commission recommends that the Board of Trustees ratify the adoption of the Comprehensive Plan and designate the Future Land Use Plan as the 3-mile Plan.

This resolution was approved this 5th day of September, 2024 by a vote of ___ to ___.
