

**JUNE 2021**

### FREDERICK IN FLIGHT

Are the balloons going up this year? We're planning on it! Celebrate 2021 at our 10th annual hot air balloon festival on June 25, 26, and 27 with daybreak balloon lifts, a Glow Party, and fun for the whole family! Get up early (around 6 am) each morning to witness over 35 balloons lifting off in Centennial Park (630 Eighth St.). On Saturday at 7 am, there will be a FREE kids variety show in the park's amphitheater, and free tethered balloon rides courtesy of RE/MAX Momentum. Be sure to break out your bell-bottoms for the Glow Party and come back to the park from 5 pm to 9 pm to enjoy hot air balloons glowing, candle sticking, adult beverages (bring your ID), food trucks, and "Boogie Machine" - live music on the big stage. Be a sponsor! Do you want to ride in a hot air balloon at the event? Sponsor a balloon for \$400, including a hot air balloon ride for two, and dinner for two with the pilots on Friday, June 25. Don't have a business but still want to go up? It's the same price (but non-refundable). Contact [JHill@FrederickCO.gov](mailto:JHill@FrederickCO.gov) for info on how to sponsor and ride in a balloon. You can help with lift-offs! Sign up to volunteer at [FrederickCO.gov/FIF](http://FrederickCO.gov/FIF). Suppose there is inclement weather that prohibits safe flying. In that case, we will post an update on our website and social media as soon as we are notified by the Hot Air Balloon event producer and FAA. Hot air balloon weather conditions are contingent upon many factors. Cancellation of the morning events can come at any time before scheduled lift-offs at 6 am.

### COMMUNITY CAMERA PROGRAM

Be a crime fighter with our new Community Camera Program! The program aims to deter crime and promote public safety through voluntary collaboration between our Frederick Police Department and the community. The program allows residents and businesses to share their video surveillance system location with the FPD. Video cameras are increasingly being used in residential and commercial properties to prevent crime and memorialize events as they occur. As such, video evidence has become extremely helpful in solving crimes, identifying perpetrators, and serves as valuable evidence in court. Knowing camera locations speeds up investigations by allowing officers to prioritize where to begin looking for evidence. The best available video evidence is often not of the crime scene itself but rather the pathways and streets leading into and out of the crime scene. Help fight crime in your neighborhood, and register your camera location today at [FrederickCO.gov/CommunityCamera](http://FrederickCO.gov/CommunityCamera).

### MAYORS MESSAGE

Mayor Crites has tips on staying connected with your Town officials, an update on our Police Department policy manual, and insight on the water level at Milavec Lake in this month's Mayor's Message. "I hope to see you at Bella Rosa Golf Course on Tuesday, June 1 at 4 pm for Tee and Tea Time!" - Mayor Crites. Read more about what your Town is working on at [FrederickCO.gov/MayorMessage](http://FrederickCO.gov/MayorMessage).

## COLORADO & TIPPLE - IT'S HAPPENING

The design phase of the Colorado Boulevard and Tipple Parkway Intersection Improvement Project is underway. The Town of Frederick's Transportation Master Plan (TMP), adopted in February of this year, details the assessment of existing conditions and outlines a recommended transportation improvement project list. The location recognized as the highest need for the Town by the TMP was Colorado Boulevard and Tipple Parkway intersection, which calls for constructing the ultimate roadway design. Improvements will include installing additional auxiliary acceleration and deceleration turn lanes, striping, signage, and new traffic signals and signal timing to handle the five-lane configuration at the intersection for improved traffic operations. Also included is installing new ADA curb ramps, sidewalk connections, and pedestrian crossing controls for increased multimodal public safety on a primary route for students traveling to and from Frederick High School. Finally, improved drainage in the area with curb and gutter and other drainage infrastructure as required. Travel along with us on this roadway project at [FrederickCO.gov/COandTipple](https://FrederickCO.gov/COandTipple).

## BUILDING CODE UPDATE

Attention contractors! It's time to update our codes and code requirements. The Town of Frederick is looking to adopt the 2018 International Codes and the 2020 National Electric Code starting June 30, 2021. The Town of Frederick has been in the 2012 I-Codes and the 2017 NEC since 2015. Over the last nine years, there have been many improvements regarding newer building concepts such as approved materials and construction methods. Please email us with your questions [Building@FrederickCO.gov](mailto:Building@FrederickCO.gov) or call 720.382.5500.

**The Town of Frederick Drinking Water Quality Report for calendar year 2020 is now available at:**

- 6/9 - Miners Day Committee 4:30 PM
- 6/17 - Planning Commission 6 PM
- 6/22 - Board of Trustee Meeting 6:30 PM

## FINALE FRIDAYS & FARMERS MARKET

More produce! That's the number one comment we get about the farmer's market. Good news. The recent rain is making an impact on the growing season! We are happy to announce our Finale Friday & Farmers Market will feature Trujillo Family Farm and Jeff Palombo Farm this year, bringing you lots of local produce. Be sure to check out our new vendor, Rockin 4D Meats, a local Dairy providing high-quality Holstein - Angus beef products. Don't forget dessert! We can't wait to try home-baked treats from Sugar Jar Sweets and Choco Brazil. With the addition of home decor, tie-dye shirts, soap, jewelry, and more, we will have something for everyone. Markets this month are on June 11 & 25 in Crist Park (105 Fifth St.) at 4 pm. We'll kick it up a notch on Finale Friday (last Friday of the month), adding live music and themed kid's fun. Check out the vendor descriptions at [FrederickCO.gov/Finale](https://FrederickCO.gov/Finale).

## DRIVE-THRU NOW OPEN

Need to pay your utility bill but not able to get online? What if it's raining and you don't want to get out of your car? We now have a convenient drive-thru option at our Administrative Services building (311 Fifth St.), Monday through Friday, 8 am to 5 pm. Payment option info at [FrederickCO.gov/Utilities](https://FrederickCO.gov/Utilities).
