

## Mayor's Messag June 2021

Summer is a great time to get involved and stay connected with your Town officials. We have many opportunities to get to know one another!

Mayor Tee and Tea Time at Bella Rosa on Tuesday, June 2 at 4 pm (this NEW event will be available the first Tuesday of each month throughout the year). I will try to arrange and invite special guests from time to time and will advertise accordingly.

Community Tour & Talks- Please check the website for your neighborhood details.

Finale Friday and Farmers Market – We have produce, baked goods and the theme for June is “Super hero” so come as your favorite character.

Town events – pssst...I'll let you in on a little secret. We have booked more balloons than ever for this year's Frederick in Flight event!

Based on your feedback, here are some updates that may be of interest:

- The drive-thru at the Administrative Building (311 Fifth St) is open! You don't even need to get out of your car to pay your utility bill!
- The Frederick Police Department has begun the long process of rewriting and updating our policy manual with LEXIPOL. LEXIPOL is a contract company that will assure the department's policy manual stays within Federal and State law and maintains current best practices in law enforcement.
- Building Code Updates – We have reached out to local builders for feedback on updating our Building Codes to the IBC 2018 from 2012. We want to hear from you. Reach out to our Building Official, Chuck for details at [CSandifer@FrederickCO.gov](mailto:CSandifer@FrederickCO.gov).
- Based on community feedback, input from our resident committee who worked on the Transportation Master Plan, and talented Engineering team, the Board is wasting no time and have approved design work for the Colorado Boulevard and Tipple Parkway Intersection Improvement Project. Check on the on-going progress: [Frederick-CO.gov/COandTipple](http://Frederick-CO.gov/COandTipple)
- Milavec Lake Raw Water Delivery – We know everyone is asking...When are they going to fill the lake? Well... we are working on it. Construction is underway and the pipe has been installed from the lake to the box. The inlet pipe was plugged at the lake side and the new inlet wall was framed and poured on the outlet pipe. Filters will be set soon. Almost there!

Town of Frederick Mayor, Tracie Crites

**BUILT ON WHAT MATTERS**
