SNOW & ICE CONTROL PLAN

We all know winter weather can be sudden and unexpected in Colorado. In addition, weather forecasts help us prepare for winter storms that may bring light dustings or phantom accumulations. The Town of Frederick Public Works Department maintains approximately 104 miles of public streets (220 lane miles) and over 18 miles of trails and sidewalks across Town. As the Town grows, more roads are added, increasing the overall street maintenance workload carried by Public Works. To keep up with growth and keep streets safe and ready for emergency personnel during and after storms producing snow and ice, the Town has adopted a tiered approach to snow control. This plan will prioritize and identify primary routes (Tier 1) and secondary routes (Tier 2) as designated roads to be plowed due to snow accumulation and icy conditions. All other residential streets (Tier 3) will only be plowed after snowstorms that produce over eight inches of snow within one 24-hour period. Learn more about the tiers and view the Snow & Ice Control Map on our website.

VIA MOBILITY SERVICES

In October, the Town partnered with Via to provide paratransit service to Frederick residents. The Town funded service is a free transportation option for Frederick seniors (age 60 or better) and people with special abilities. In addition, Via provides services in the community for individuals who are unable to drive due to age, health, disability, or income. Via's mission is to promote independence and self-sufficiency for people with limited mobility by providing caring, customer-focused transportation options. This service is available Monday through Friday from 8 am through 3 pm and can take you almost anywhere you'd like to go, including medical appointments, therapy, grocery stores, social events, senior centers, adult day programs, employment, and more.

Service is available within the Town of Frederick and between Frederick and Firestone, Dacono, or Boulder County. This first step is to register for the service and then make an appointment.
