

AUGUST MAYOR'S MESSAGE - TOWN OF FREDERICK

Happy August to our FREDerick residents, businesses, and guests! What a summer! I think I saw most of you at Frederick in Flight in June, which made me so happy to share the balloon party with you.

We are gearing up for a busy fall as well. Here are just a few things you should plan to notice or attend:

National Night Out is August 2nd – showcasing our community-centered police department and their engaging relationship with our town. This night (as you know) is always so much fun! Thank you to all who volunteer for this event, I appreciate your support of our PD!

Our Community Tour & Talks will continue through the summer...well, there are actually only 2 left (August and September). We love that we can sustain our small-town feel with this inviting and friendly opportunity to gather and connect. This active listening program is vital to staying connected. We learn a lot from you during this event. Keep telling us what you love about living in Frederick and even what you don't.

Please remember to practice your best Back to School safety – Keep your eyes on the road and be aware of students returning to school. Frederick High School will be experiencing some construction traffic in August and maybe in September during the Tipple and CO BLVD intersection improvements. The delay was inevitable, but once all necessary materials arrive, our crew will beautify that corner and make it safe for all. I do know how frustrating road construction is but please practice your patience and understanding.

Miners Day is September 17th. This is hands down my favorite FREDerick event because we all come together as a community to celebrate our heritage. This all-day event has many opportunities to get involved – volunteer, sponsor, be in the parade, race, dance, gather and create memories! So see, it deserves to be my favorite.

“Your Voices At Work” – Please stay tuned to updates on capital improvement projects. Team FRED is hard at work completing our 2022 to-do list, and big projects are in progress. We appreciate the community's patience as we continue our efforts for sustainable and reliable infrastructure.

Party on, Frederick. Your end of summer looks bright!

Mayor Tracie Crites
