

NOVEMBER MAYOR'S MESSAGE - TOWN OF FREDERICK

Happy November, Frederickians!

Are you ready to help shape the Town's future? Get involved today by applying for a Town Board, Commission, or Committee position! The Town of Frederick Board of Trustees invites residents to participate in helping guide the community in planning, public art, historic preservation, and parks and open space. The Board of Trustees appoints positions, and the commission structure provides an excellent opportunity to gain community input in policy-making for the Town of Frederick. See the Town Boards, Commissions, and Committees list and apply online today at FrederickCO.gov/Commissions.

Introducing the One Stop Development Center! All development-related services are now in one area for convenience. A One Stop Development Center will increase efficiency and customer experiences in response to the community's growing needs. Located inside Frederick's Town Hall (401 Locust St.), the One Stop Development Center is open Monday through Friday, 8 am to 5 pm. Development services include building permits, inspections, contractor licensing, planning and zoning, GIS (mapping), and economic development. While these services remain available online, having a centralized physical presence is critical to ensure consistent service for walk-in traffic.

Art Map Carving Challenge! Many ask, "Where are the masterpiece carvings from the Chainsaws & Chuckwagons event?" We have placed the carvings from the 2022 event around Town and challenge you to find them using our Art In Public Places map! Use the map to go on a scavenger hunt to find the carvings. Take a selfie with the carving and submit your picture through the online form. You have the whole month of November to explore! Submit your selfies with the new carvings and win a "Frederick event ready" prize pack! Details at FrederickCO.gov/Chainsaws.

Public Budget hearings! The Board of Trustees will hold public hearings for the proposed fiscal year 2023 budget on Tuesday, November 8, and Tuesday, December 13, at 7 pm in the Board Chambers at Town Hall (401 Locust St.). The purpose of these meetings is to be transparent and receive community input. Residents are encouraged to attend and express their views! Frederick is a fiscally responsible town, and we are so proud of our finance team, FRED staff, and community for sharing this value at the forefront of all that we do. FrederickCO.gov/Budget.

Snow & Ice Control - Winter is coming, so now is a great time to get familiar with the Town's snow plow process - we have a tiered approach to snow control. What does this mean to residents? What are the tiers? What roads are never plowed? Get all your answers, prepare for winter and view the map to find out what tier your street is on at FrederickCO.gov/Snow.
